IT IS AGREED that what is known as the TOGO RESTAURANT located at 130 South Monterey Street, in Gilroy, Santa Clara County, California, has been heretofore conducted by first and second parties; that the first party is Japanese of alien birth, and that second party is a United States Citizen, and that both are subject to evacuation sometime in the near future, the date of which is unknown to the parties hereto; that the third party is willing to take over and operate said business pursuant to the terms hereinafter set forth, and to which terms all the parties hereto now agree.

It is agreed that the third party shall enter into the possession of said business known as the "Togo Restaurant" at said address, immediately upon the first and second parties being evacuated, and shall operate and conduct the same in the manner hereinafter set forth, and for which purpose he shall have the right to change the name of the restaurant.

It is agreed that the third party shall conduct said restaurant for no other purpose than a cafe or restaurant business, and shall not rent, sublease, or assign the same to anyone else without the written consent of the second party.

It is agreed that when the first and second parties are permitted to return to the area where said restaurant is situated, under Government regulations, the third party shall vacate the premises within sixty (60) days after such return; and the first and second parties shall be privileged to enter into the possession of the restaurant and its equipment hereinafter set forth.

It is agreed that none of the equipment shall be sold, but shall remain on the premises; that all equipment contemplated by this Agreement shall be replaced if damaged or broken, if replacement can be had. The third party shall pay all expenses of operating the business after he shall take possession; all other expenses and charges of every kind, shall be paid by the first and second parties to the date possession is had.

It is understood that there is no cash consideration passing between the parties, but that the third party shall use all the equipment and conduct the restaurant without charge to him.

It is understood that the building in which the restaurant is situated is held under an oral lease from one Mrs. Winkler; and that third party will not secure any adverse interests in the building to that formerly held by first and second parties, and as contemplated by this Agreement.

This Agreement shall remain in force and effect for the duration of the war and/or until first and second parties shall be permitted to return.

The third party shall be privileged to add additional equipment and personal property, and make alterations in and about the business in a sum not to exceed Five Hundred ($500.00) Dollars. In the event he does so, first and second parties agree to reimburse him for such expenditures upon again repossessing themselves of the property. However, such sum of Five Hundred ($500.00) Dollars may be repaid in reasonable installments of at least fifty ($50.00) Dollars per month.

There is attached hereto and made a part hereof, an Inventory of all the personal property and equipment belonging to first and second parties; all of the parties have examined the same, and agree that the same represents a correct statement of the property

Mr. Ross W. Knight,
Field Representative,
Evacuee Property Department,
Federal Reserve Bank of San Francisco,
501 Third Street,
Santa Rosa, California.

Dear Sir:

Reference is made to your letter of April 8, 1942, addressed to the attention of Mr. Diamond, relative to Takashi Koga, Route 3, Box 392, Petaluma, California, who has called at your office for help and information in connection with his affairs.

We do not appear to have received a TFBE-1 affidavit from Takashi Koga, and while we have received one application on form TFE-1 (Revised), we do not have sufficient information to determine whether or not he is a generally licensed national.

If you find that Mr. Koga is a citizen of Japan and has not resided in the United States continuously on and since June 17, 1940, he would not be considered a generally licensed national under the terms of General License No. 68A and, therefore, he could not effect a transfer of his funds or property except under the terms of Treasury Department licenses. If Mr. Koga is a generally licensed national under the terms of General License No. 68A, then his bank account need not be blocked and the title papers held by the Federal Land Bank may be released without any specific license from the Treasury Department.

We will give prompt attention to any application which you feel is necessary in connection with the settling of the affairs of Mr. Koga prior to evacuation.

Yours very truly,

R. E. Everson

Attention: Mr. Diamond

Dear Sir:

Takashi Koga of Route 3, Box 392, Petaluma, California, visited this office for help and information in settling his affairs prior to evacuation.

Mr. Koga owned at that time a poultry farm and a flock of chickens and with the help of this office had power of attorney given to a reliable person, had the poultry sold, and the property leased.

It has now developed that Mr. Koga visited Japan as late as 1941, returning December 1 of last year. I am now having Mr. Koga visit this office for the purpose of determining if such is true. It has also developed that this property owned by Mr. Koga was mortgaged to Federal Land Bank, that the mortgage has been paid but the Federal Land Bank refuse to release the papers without permission of the Federal Reserve Bank.

I would appreciate any suggestions as to the proper method of handling this case. I might also add that Mr. Frey of the Exchange Bank, who holds power of attorney for Mr. Koga, is somewhat concerned as to the status of Mr. Koga's bank account, both commercial and savings, and whether Mr. Koga should be operating under license or not.

Very truly yours,

June 20, 1942

Mr. L. J. Allen,
Field Representative, Evacuee Property Department
of the Federal Reserve Bank of San Francisco,
2140 Inyo Street,
Fresno, California.

Dear Sir:

Reference is made to your letter dated June 17, requesting instructions relative to the proper procedure to be followed in connection with leasing a citrus grove which is owned by two Japanese, presently in Japan.

From the information contained in your letter, it is understood that this property has been under the control of an individual named Ray Konda, but that he does not hold a power of attorney in connection therewith. Inasmuch as this is property of "blocked nationals", within the meaning of Executive Order No. 8389, as amended, any transaction with regard thereto should be effected only under specific license, for which application should be made on Form TFE-1.

Ordinarily an application to lease this property should be filed by the owners thereof or some person acting as attorney-in-fact therefor. However, where this is not possible, we suggest that either Mr. Samuel Hollis or his client file an application with us for a license to lease the property. This application should contain complete information relative to the property in question, the owners thereof, the circumstances under which it has been operated since the owners have been out of the United States, together with data as to the terms of the lease and the individual executing such lease, etc. The application should be filed with us in triplicate, and upon its receipt we shall give it our immediate attention.

Yours very truly,

Assistant Cashier.

Gentlemen,

In Fresno County the following described property is located.

W. 55 acres of the NW¼ Sec. 29, Twp. 13 Rg. 23.

Growing on this land is a Citrus Grove.

The owners of this property are residents of Japan and have been for many years.

One half interest belongs to N. Tanaka a man about 60 years of age and no doubt but that he obtained his ownership before the Alien Land act was in effect.

One half interest belongs to a man by the name of Mitsugi Mito who was a minor in 1928. at which time he went to Japan.

This is as much information as I have at present on the ownership.

The person who has had charge of this property the entire time the owners have lived in Japan is named. Kay Kondo and he does not have a power of attorney or any other form of authority.

Mr. Samuel Hollis an attorney here, has a client who wishes to lease this property. What are the necessary proceedings?

Yours truly.

Dear Sirs:

Reference is made to your letter of June 6, 1942, making inquiry about the property of T. Tanaka.

Our local files disclose nothing concerning the whereabouts of this man or anything which would indicate a disposition of his property. Further, we do not appear to have any information that would indicate he is a blocked national.

However, a copy of your letter, together with this reply, are going forward to our Portland Branch with the thought that they may be able to supply further information.

If the subject is an internee, his affairs would probably come under the jurisdiction of the Alien Property Custodian, whose address is 315 Montgomery Street, San Francisco. If an evacuee, we recognize certain responsibility in connection with his property. Information is furnished that evacuees have lost none of their civil rights nor responsibilities by virtue of evacuation.

Very truly yours,

Attention: Evacuee Property Department

Gentlemen:

This morning I spent on the Monterey Peninsula and looked at the property in Pacific Grove of Hatsume Kosakai who reported on Nos. 10 and 25. This piece of property is not very desirable as it adjoins a laundry which is very noisy. Also, the building is very old and looks pretty much run down. However, it does appear that this girl will be able to get someone to take care of her property and that the rent will be sufficient to carry it. When the deal is complete, I will report.

Also interviewed the three large banks and attorneys W. G. Hudson and John H. Thomsen of Monterey. The purpose was to find out whether their Japanese customers with real property had made proper arrangements for its care.

Also inquired from the Deputy United States Collector of Customs, W. W. Wyatt, L. T. Critchlow, who runs a marine engine shop on the wharf, and "Monk" Lero of the Monterey Fish Market on the wharf about "orphan" boats in the bay. It appears that the banks and attorneys think that most of the real property in question is in good hands, although there are some cases where the obligation is private or to a building and loan association that are going to be troublesome.

It is a little difficult to get accurate information about the boats in the bay and also some in the local boatyard, but in a very few days, I should have the information.

The United States Employment Service in Monterey, which I visited, informs me that they issued 75 or more travel permits during the rush period without questioning any of the Japanese about their properties, so there are bound to be some cases crop up. These people also informed me that two Monterey Japanese families, leaving in separate cars, at separate times, were turned back at Reno by the service station people who refused to serve them, and arrived back in Monterey Sunday night.

Yours truly,

James F. van Loben Sels

Miss Hatsume Kosakai,
159 Thirteenth Street,
Pacific Grove, California.

Dear Madam:

Reference is made to your letter dated March 14, 1942 respecting your property holdings at Pacific Grove and inquiring as to plans regarding establishment of an office of the Evacuee Property Department of this bank at Monterey or Salinas.

Within the next few days a representative of this office will be established in the office of the U. S. Employment Service at 7 Natividad Street in Salinas, at which office will also be located a representative of the Federal Security Agency and a representative of the Farm Security Administration.

It is suggested that you communicate with that office in the near future as it will be prepared to assist you in making arrangements for the equitable disposition of your property. Meanwhile we believe you should bear in mind the desirability in so far as possible of making your own arrangements either for its sale or for some representative in whom you have confidence who can undertake to represent you as your agent should you desire to retain ownership of the properties in the event of evacuation.

A copy of your letter together with a copy of our reply is going forward to our representative at Salinas in order that he may be informed of your inquiry.

Yours very truly,

CC: Salinas Representative

Dear Sir:

Reference is made to your requests that we contact Mr. Leo Kotzbeck looking towards a collection of his account.

Pursuant to your latest conversation with our representative, Mr. Weinstock, on Thursday, July 23rd, we contacted Mr. Kotzbeck the following day. He advises us that he has as yet been unable to pay this account, although he acknowledges the indebtedness in the amount of $41.50. It was stated by him that the full amount would be forwarded the early part of the week beginning July 27th or, in the event such was not possible, he would write you a letter setting forth specifically a date or dates on which he would settle this matter.

We presume that this will satisfactorily dispose of the problem, and for your information, a copy of this letter is being sent to Mr. Kotzbeck for his records.

Dear Sir:

Our Seattle Branch has sent us a copy of your letter dated August 27, 1942, inquiring as to the availability of Japanese-owned fishing boats for purchase.

We have no information regarding any such vessels, but believe from inquiries which have previously come to our attention that such vessels were transferred by the owners prior to the time of evacuation of the Japanese from the Pacific Coast.

We regret that we are unable to provide you with any assistance in the matter, but under the circumstances it would appear some other approach should be followed in fulfilling your need for a hospital boat.

Please inform by return mail under what condition, etc. such a boat could be purchased.

For the peculiar conditions up here, where I intend the boat as a hospital boat, I should prefer one under 65 ft., with no more than 6 ft. draft and Diesel power. Speed is not as important as seaworthiness and roominess.

Refers to S-5055 of 7/31 and copies of four letters mailed in.

Husband employed as electric welder in Hawaii.
Mrs.Koven attempting to carry on with private storage agreements. Her task complicated by many requests from Japanese evacuees for various items to be taken from their storage groups in her warehouse and shipped to them at the Center. These partial shipments were not considered as a possibility at time original storage agreements were prepared.

However, Mrs. Koven is trying to accomodate them by making these shipments in compliance with rules of express company that such shipments must be prepaid, and by checking lists of desired items with list of permissible items furnished express office by manager of Center. She must require Japanese to forward enough money in advance to cover costs of making shipment and prepayment, and to make settlement with them as promptly as possible after shipment.

Action taken:*

Called at subject's farm house this morning in effort to assist all parties concerned. Believe Mrs. Koven will now be able to take care of future requests from Japanese in accordance with an operating plan.

See copy of our letter to subject July 23.
Was interviewed on that date at Center by Fred Nakamura, M. Yamamoto, T. Abe, S. Hombo, and other Japanese, who stated that they were members of a group of thirty or more who had each paid subject $40.00 and contracted with him as follows: Subject was to erect a suitable warehouse on his property for storage of personal effects of this group, which storage was to continue without further charge"for duration", or was to be delivered on order to freight shipping platforms for any contributing member of group desiring such shipment. Subject has apparently carried out construction and storage and has given individual receipts as agreed. After commitment to Center many members of group sent subject different sums of money and orders for various supplies to be brought to them. They subsequently complained to writer that these requests were treated carelessly and money not accounted for. At this point above letter was written. Last interview with three of members shows handling of supplies and accounting for money evidently clearing satisfactorily. We believe subject is honest. He is at some point either working for or with US forces. Wife is in charge of property and her brother telephoned here that he is assisting in bringing all above transactions up to date.

Dear Mrs. Koven:

Referring to the trouble which you have reported in regard to the refusal of the express company to accept certain shipments of Japanese personal effects to the Japanese in the local Assembly Center, we believe that all misunderstandings are now cleared up so that you may now ship such permissible items into the Center as required.

Mr. A. S. Nicholson, Center Manager, has written the express company with advices as to what kind of items are permissible. We offer the suggestion that you call upon Mr. McMahon at the express company's office and he will doubtless assist you toward a clear understanding of the matter so that you may be spared further inconvenience in your desire to be of assistance to the Japanese.

All such shipments must be prepaid. We suggest that you account for such services as outlined in our letter of August 11.

Dear Mrs. Koven:

Your letter of August 8 regarding the shipment of Japanese property which has been left with you under private storage agreements, has evidently become a problem because of the rule of the express company prohibiting out-of-town calls, and also that all such shipments be prepaid.

The only practical suggestion occurring to us in such situations is that the Japanese desiring the shipment be requested to send you enough money to cover the approximate cost of the shipment, this to be followed by an immediate written statement from you, supported by the express company's receipt, and by your own service charges (if that is part of your agreement) and including your remittance to the Japanese if your statement shows that he overpaid you.

The writer is usually at the Center from 9:45 A.M. until noon, and is at this office during the afternoon. Before writing to Mr. Nakamura and others at the Center with regard to this problem, we would wish to have your suggestions in the matter.

Very sincerely yours,

Dear Mr. Koven:

Referring further to our letter of July 23 and to the matter of your assisting several Japanese evacuees in the private storage of their personal effects, we have received a request from T. Dear Sirs,

Excuse us for not making an immediate reply. So far we liquidate about three fourth of our stock but we are unable to dispose the Japanese liquor, for which we have quite a lot. We arrange to lease our store to an American but he hasn't sign the papers yet.

So far we made a fairly good progress. Of course we wanted to dispose of everything but it's quite impossible to do it in a short time.

Thank you very much in inquiring us about it. We will let you know what progress we make in a short time.

Miss Christina Kubota
4-67-C
Stockton Assembly Center
Stockton, California

Dear Miss Kubota:

We return herewith the statement of the Stockton City Tax Collector which shows a tax levy of $3.16 on a valuation of $180. assessed against your personal property which is stored in the warehouse of Pacific Storage Company, Stockton, and which statement you gave to the writer for the purpose of placing an inquiry as to tax liability of Japanese evacuees.

The writer made such an inquiry in your behalf, but could find no source of authority having local jurisdiction in this question of taxes, which could grant freedom from tax liability for the above mentioned reason. We are reminded that full property rights of Japanese are maintained and protected under the law, and with these rights there exists a few parallel responsibilities, one of which is the matter of taxes, for which all of us are liable.

With reference to your request for sample forms giving power of attorney, we enclose such a form herewith which is quite thorough in its coverage. A form granting more limited power may be what you require for your purpose.

Very sincerely yours,

Dear Mr. Kubota:

The matter which you explained to me under date of July 6 should be laid before the Farm Security Administration, 30 Van Ness Ave., San Francisco. We suggest that you very carefully explain all of the facts to the Administration.

Our reason for making this suggestion is the fact that this office is not equipped or authorized to act on farm matters. Such matters are under the jurisdiction of the Farm Security Administration. This is true not only of the seed and spinach transaction with Stockton Food Products Inc., but also applies to the tractor contract with Holt Brothers.

We hope to hear that you have acted as per this suggestion, and that you have succeeded in arranging all problems to your satisfaction.

Very sincerely yours

Re: Claim of Kyutaro Okayama v. H. W. Owens

Dear Sir:

We have received your letter dated November 3, 1942 setting forth Mr. Okayama's claim against Mr. Harry W. Owens of Hayward, California.

As we believe Mr. Weinstock, our former Tanforan Assembly Center representative, advised you, we have never been able to locate Mr. Owens and therefore have been unable to discuss the settlement of Mr. Okayama's claim.

We observe that a copy of your November third letter was sent to the attention of the Evacuee Property Division of the War Relocation Authority and we have communicated with that agency, informing them that our efforts to locate Mr. Owens were unsuccessful.

Inasmuch as the War Relocation Authority has jurisdiction over the problems of evacuees resident in War Relocation areas we believe that agency will give the subject matter of your communication its consideration.

Very truly yours,

MEMORANDUM TO: WAR RELOCATION AUTHORITY
EVACUEE PROPERTY DIVISION

SUBJECT: Property Problem of Kyutaro Okayama
Central Utah War Relocation Project
Topaz, Utah

We believe you have received a copy of a communication dated November 3, 1942 addressed to us by Motoki Kudo, who was a member of the Personal Aid Bureau at Tanforan Assembly Center, written from the Central Utah War Relocation Project on behalf of Mr. Okayama.

The communication relates to a claim Mr. Okayama has against one Harry W. Owens of Hayward, California, in the amount of $993.00. Mr. Okayama was in touch with our former representative at the Tanforan Assembly Center with reference to this matter and we endeavored to communicate with Mr. Owens in order to discuss the problem. We were unsuccessful in locating Mr. Owens, however, and from information which came to us indirectly it appears that the property operated by Mr. Owens may have been foreclosed by the mortgagee.

The information contained in Mr. Kudo's communication conforms to that previously provided by Mr. Okayama and our files do not throw any additional light on the subject.

We are enclosing a copy of our today's reply to Mr. Kudo, informing him that your office will no doubt give the matter due consideration.

Principal property involved and scope of problem:

Small and delapidated liquor store.

This Japanese woman's husband was killed by a Philippino about three weeks ago, leaving her and a sixteen-year-old daughter charged with the responsibility of selling liquor in the lower part of town. There was a social problem involved in this case also, and Miss Thayer, Public Assistance Representative of the W.C.C.A., and myself interviewed the police of Sacramento and then viewed the store.

Action taken:*

Upon Miss Thayer's recommendation, we suggested to this Japanese that she immediately close her store and dispose of the cheap wine through the Franinetti Wine Company at 4217 Stockton Blvd., Sacramento. The beer, of which there was a small quantity left on the shelves, she was to dispose of as quickly as possible. We suggessted to Henry Takeda, 1205 4th Street, Sacramento, to liquidate this business for this woman. We consider this case closed as far as the Federal Reserve is concerned.

Dear Miss Kunii:

With reference to your request and urgent need for a box of tools stored with Mr. Jack I. Koven, Route 4, Box 1793, Stockton, which box was stored in the name of S. Okuhara, and was marked "Box #12".

The writer called upon Mrs. Koven, intending to pick up this box for you if it could be carried in our light car. However, we were informed by Mrs. Koven that she had been unable to locate the box among a very considerable number of other articles stored in the warehouse. Mrs. Koven has been handicapped in the handling of all this storage due to the absence of her husband, but, at the same time she advises us that Mr. Koven may arrive home tomorrow and she is waiting for him to locate and deliver this box to the center.

Copy of this letter is being mailed to Mr. Koven and we shall hope to hear that your request has been granted and the box located.

Dear Mr. Weeks:

Thank you very much for the nice letter of June 6. I am very happy to convince myself that I have a friend whom I can depend on, and you are bound to hear from me with some problem.

The time I saw you I meant to receive aid from you in regards to a collection which I was having a difficult time, but a remittance in full was received few days ago according to a letter from Mr. T. W. Thomas who is taking care all of our accounts receivables.

The weather is getting slightly warmer, but I am enjoying this new life of ours; although, at times I find it inconvenient. My moments are pretty well occupied; and so it does not give me a moments time to worry over anything. The only worry I do during the day is to get to the mess hall on time so I won't miss my meal.

In the meantime, I wish that I can hear from you again if you have time.

With my kindest personal regards,

Sincerely yours,

Y. AGARI /s/

Person Interviewed: Son, Toshiyuki, and son's uncle, Dr. K. Onizuka, both at Stockton Assembly Center.

Address:

Telephone Number:

Principal property involved and scope of problem:

Subject of former reports: 5/12, 5/28, 6/ 30
Assistance extended covered securing of legal ownership transfer from Japanese Ass'n of Oakland, to subject, who is interned president of Association, and from him to son, Toshiyuki, now at Stockton Assembly Center, who went to Center before details of transfer could be completed. Property concerned is 1933 Chevrolet coach on private storage at National Garage, Stockton. Object of transfer was to secure our aid in selling this very old, very badly worn car to best advantage. Transfers were accomplished by securing Corporation Power of Attorney in the interned father's case and Individual Power of Attorney from the son, Toskiyuki.

Dr. Onizuka has acted for nephew in giving instructions that the car be sold at best available price.

Action taken:*
The car finally sold to used car dealer, L. F. Johnson, of 729 East Weber Avenue, Stockton, and all registration certificates delivered to him. Amount of sale, $50.00, Mr. Johnson's check being made payable to Toshiyuki Kurachi.
Attached hereto are Dr. Onizuka's letter of July 10 and our reply of this date.

Dear Dr. Onizuka:

Dear Dr. Onizuka:

Referring to your very kind favor of July 10 in which you request us to sell at any price the Chevrolet 1933 coach, Engine No. 3651820, California License No. 75K191, now on storage at National Garage under storage tag No. 3827, and which car is registered to and is the property of your nephew, Toshiyuki Kurachi, also of Stockton Assembly Center.

Following is a list of dealers approached by us and the amount of bid in each case:

C. A. Hodgins,(Studebaker)	No bid.
E. R. Dabbert,(used cars)	No bid.
Acme Auto Wrecking Company,	$20.00
L. F. Johnson,(used cars)	$50.00

Other dealers would not bid due to the age of the car and also due to their uncertainty in the matter of obtaining new tires or re-treads for the car.

Accordingly, thinking it best to make prompt acceptance of the L. F. Johnson bid, we have secured and are enclosing herewith his check in the amount of $50.00 made payable to Toshiyuki Kurachi, and we have delivered to Mr. Johnson both the 1942 California certificate of ownership, correctly endorsed by Mr. Kurachi, and the registration card for 1942. We have also delivered to Mr. Johnson claim check No. 3827 of the National Garage, Stockton, where the car covered by this transaction was placed in private storage by Mr. Kurachi.

If this matter has been closed to your satisfaction we would deem it a favor if you would so advise us.

Very sincerely yours,

MEMORANDUM

April 2, 1942

TO: Mr. L. J. Allen, Field Representative,
Federal Reserve Bank of San Francisco,
Fresno, California.
FROM: R. W. Borden

Relative to the case of Heiji Kurokawa, Route 1, Box 82, Caruthers, California, I have made numerous calls and finally succeeded in reaching Michael Dempniak at his phone in San Francisco. He admitted that he had an unsettled obligation with the above Japanese but emphasized that the whole settlement was in the hands of the Labor Commission, as indicated in your memorandum.

I took some little trouble to explain who we represented and the occasion for my call. As a result, he has agreed to go to Fresno tomorrow, Friday the 3rd, and promised to contact both the Labor Commission and yourself. He further agreed to come in here next Tuesday and report the results of his visit. Naturally, I am sure that once you are able to talk to him personally you may be able to straighten this matter out. However, if there is anything further that you wish me to do in anticipation of his visit next week, I would appreciate a line after you have talked to him.

Dear Sir:

Reference is made to your letter of August 28, 1942 in which you make inquiry regarding a certain Frances Kurnashi of Portland, Oregon, with relation to certain property ownership in Weiser, Idaho.

It was the function of this bank to aid in the settlement of property problems of evacuees, but in no case did we accept custodianship of real property such as is referred to in your inquiry.

Inasmuch as our records indicate that a substantial proportion, possibly all, of the evacuees from the city of Portland, Oregon, have now been removed to War Relocation Projects, we are forwarding a copy of your letter to the War Relocation Authority, Hotel Whitcomb, San Francisco, California. We are also forwarding a copy to our Portland, Oregon, branch so that they may be advised in this matter in the event you should contact them at a later date.

It may be some little time before the War Relocation Authority can advise you about this evacuee inasmuch as those transferred from Portland, Oregon, Assembly Center were sent to Tule Lake War Relocation Project, Tule Lake, California; Heart Mountain War Relocation Project, Vocation, Wyoming; and Minidoka War Relocation Project, Eden, Idaho.

In the event that all of the evacuees at the Portland Assembly Center have not yet been transferred to War Relocation Projects, an inquiry to our Portland branch might enable them to ascertain whether the party in whom you are interested in contacting is still at that Center.

Very truly yours,

Enclosed find copy of a letter dated August 28, 1942 received from the Jack Whiting Agency, relative to the ownership of certain real property by a purported Japanese, Frances Kurmashi, Portland, Oregon, located in Weiser, Idaho, together with a copy of our reply thereto, inasmuch as these property problems are now under your jurisdiction.

There is, of course, the remote possibility that the evacuee referred to in this inquiry may still be in the Portland, Oregon, Assembly Center.

Gentlemen:

It is my understanding that you are Custodians for the Japanese property holders in this section of the country. If so, do you have a record of a FRANCES KURNASHI of Portland, Oregon, who owns a building (formerly a restaurant) that was closed by the Federal Food Inspectors.

This building will interest one of my clients, who is remodeling a building next door at a cash price of $1500.00.

Will you please ascertain as to whether or not this bid is attractive, or if not, what figure it can be purchased for.

Dear Sir:

We regret to advise you that we have been unable to locate Mr. T. Kuroi at either the Santa Anita or Pomona Assembly Centers.

May we suggest that at sometime in the near future you address an inquiry as to the whereabouts of this man to the War Relocation Authority, which maintains headquarters at the Hotel Whitcomb, San Francisco. We are not certain such inquiry would bear fruit, but it seems quite possible that this man will eventually turn up at one of the relocation areas which will fall within its jurisdiction.

Gentlemen:

This Department has experienced considerable difficulty in attempting to locate Mr. T. Kuroi. Mr. Kuroi operated the Southern California Japanese Daily from December 1, 1939, until July of that year.

It is necessary that a judgment be taken against Mr. Kuroi. He appeared at our summary judgment hearing in Los Angeles on November 25, 1941, and nothing further was heard from him. In your capacity as custodian of the alien Japanese it may be possible that you could advise us of the present location of Mr. Kuroi.

Any information you give us will be used exclusively in the administration of the California Unemployment Insurance Act. Thank you for your cooperation.

MEMORANDUM

April 2, 1942

TO: Mr. L. J. Allen, Field Representative,
Federal Reserve Bank of San Francisco,
Fresno, California.
FROM: R. W. Borden

Relative to the case of Heiji Kurokawa, Route 1, Box 82, Caruthers, California, I have made numerous calls and finally succeeded in reaching Michael Dempniak at his phone in San Francisco. He admitted that he had an unsettled obligation with the above Japanese but emphasized that the whole settlement was in the hands of the Labor Commission, as indicated in your memorandum.

I took some little trouble to explain who we represented and the occasion for my call. As a result, he has agreed to go to Fresno tomorrow, Friday the 3rd, and promised to contact both the Labor Commission and yourself. He further agreed to come in here next Tuesday and report the results of his visit. Naturally, I am sure that once you are able to talk to him personally you may be able to straighten this matter out. However, if there is anything further that you wish me to do in anticipation of his visit next week, I would appreciate a line after you have talked to him.

Mr. Mortimer B. Veale,
Attorney at Law,
Walnut Creek, California.

Dear Sir:

Thank you for the information contained in your letter of November 23, 1942 regarding Frank T. Yamada.

With reference to the location of S. Kurotori, if he lived near Concord it is possible that he was evacuated in the Byron Civil Control Station operation and transferred to Turlock Assembly Center. The residents of that Center were in turn sent to Gila River War Relocation Project, Rivers, Arizona.

We suggest that your client address Mr. Kurotori there and if unsuccessful in reaching the evacuee at that address, that he submit the name to the Wartime Civil Control Administration, providing Mr. Kurotori's last address, and request current information as to his location. The Wartime Civil Control Administration is understood to have a record of the locations of all evacuee who passed through its hands.

Yours very truly,

June 16, 1942

Mr. Claude Healy
139 West Washington St.
Stockton, California

Dear Sir:

On June 15 you presented tag #2907 at this office covering a quantity of clothing left by you on May 4 with a Japanese cleaning establishment at 14 East Lafayette Street, conducted by K. Kusuma.

On the day of your call we wrote to Mr. Kusuma at the Stockton Assembly Center, and today we have his reply, dated June 13, stating that he has written you direct, and that at the time you left the clothing there, there was a notice posted on the front window of the establishment as follows: "NOT RESPONSIBLE FOR CLOTHING LEFT OVER MAY 6--FORCED TO EVACUATE."

This will, no doubt, relieve the Japanese concern from responsibility in the matter, but we are interested in trying to assist you in recovering your clothing. We have ascertained that the owner of the property is Mr. E. E. Keith, residing at 1018 North Center Street, telephone 2-6876. We believe that if you will see Mr. Keith promptly and present your tag #2907, he will undoubtedly, be interested in trying to assist you in recovering the clothing. We understand that some clothing was left in the establishment and is there now, and we hope that this will result in your recovering your property.

Very truly yours,

Mr. Kenneth G. Eakin,
5822 Picardy Drive,
Oakland, California.

Dear Sir:

Reference is made to your inquiry of October 15, relative to a method of obtaining settlement from one Yasutaro Kusano.

According to our records, we were at no time approached by this man in connection with his problems nor were any of his personal belongings stored with us at the time of evacuation. A Mrs. Noshi Kusano, formerly of 709 Franklin Street, Oakland, who we presume to be his wife, received some assistance from us in connection with an automobile belonging to her.

We note your suggestion that certain property belonging to the Kusanos has been impounded by the Government. If such is the case, we are unable to inform you what agency took this action. A check has been made with the Alien Property Custodian who has no knowledge of the situation.

It is suggested that Mrs. Noshi Kusano might be in a position to supply further information and if you have not thus far contacted her, it would be in order to address a letter in care of the Central Utah War Relocation Project, Delta, Utah. We are informed that Mr. Kusano was interned, which places him within the jurisdiction of the Bureau of Immigration and Naturalization.

Dear Sir:

Reference is made to your letter of August 21st, making inquiry as to the property status of several Japanese.

We believe, from the construction of your letter, you misapprehend our status under the evacuation program. The Federal Reserve Bank has endeavored to act in a helpful manner towards all evacuees in the expedition of property matters. We have at no time, however, possessed or controlled such property.

A copy of your letter together with a copy of our reply is being sent to our Los Angeles branch in view of their jurisdiction in that area which you mentioned. It is possible that they may be in a position to supply additional information.

Gentlemen:

I have judgments in my office obtained by American citizens against the above Japanese who are all residents of San Diego, Calif. These judgments were obtained prior to December 7, 1941, and remain unpaid. The office of the Aliens' Property Custodian in Washington, D. C., has advised me that you are handling the property interests of Japanese evacuated from California.

I would appreciate it if you would advise me whether or not you have any property in your possession, or under your control, belonging to the above-named Japanese.

2. – He (Kusumi) is a fishing boat captain – hires his own crew, operates on boats which he does not own, but with which he has an agreement based on fish caught, etc. Owes personal debts + owes the Gov't. (past social security taxes) about $40. Has little money left, wants to know what to do.

Action taken:*

1. – Suggested he contact P.Office, W.C.C.A., Provost Marshall etc. – all contacts being unsuccessful. After considerable phoning on my part I finally found the source of this data: Dr. Dedrick's office Klondike 2-2611, Ext. 686. Suggest a memo for this Depts' use be circulated as this office is not easy to reach. Before calling them know: exact name of evacuee, when he left, where he formerly lived. Seisuke Kaneshima located at Isleton, Box 656, Calif.
2. – Explained that an open, frank discussion with creditors was to his advantage. Offered to help him, if he so desired.

Principal property involved and scope of problem: LIQUIDATION "NIPPON PRESS"

Miss Kusumine appeared on behalf of SANZO ASO (now at Bismarck) and her father, JITSUGUSU KUSUMINE, who own the "NIPPON PRESS" located at 461 Bush St. The Yokohama Specie Bank holds a note for $2300 against the firm which is secured by Japanese Yen of no specific value at this time. They owe various sundry accounts bringing total debts to $3413. Miss Kusumine was reluctant to state what accounts payable there were. She first disclaimed any. After pressure, she said perhaps $200 might be collected. She claims plant equipment is worth $4000 & claims that S. Bacharach & Co. have bought the equipment for $700 regardless of claims of other creditors.

→ She was advised to see an attorney & have the jumbled affair brought out of chaos.

Dear Madam:

Reference is made to your letter dated October 30, 1942 addressed to our former representative at Stockton, Mr. Weeks. Inasmuch as our Stockton office has been closed, all correspondence relating to the activities of that branch is handled out of this office.

As we believe Mr. Weeks advised you, he endeavored to locate Mr. Stefan through communications addressed to Galt, California, but was unsuccessful in this respect. We have been unable to locate Mr. Stefan in the Oakland area.

Inasmuch as you are now residing in a War Relocation Project and any property problems on which you desire assistance come within the jurisdiction of the War Relocation Authority, it is our thought that if you desire to press your claim regarding the Stefan matter, you might call it to the attention of that agency. We believe the procedure is to consult the Legal Aid Bureau at the Project where you are now residing, who can institute any necessary action through the office of the War Relocation Authority.

Very truly yours,

Assistant Cashier

Dear Mr. L. S. Weeks:

I thank you for all the trouble you done for me, while I was in Stockton. We had such a long trip to Arkansas. It is a very nice State. The weather is like California. The barracks we are living is much larger and built very strong. and each room has a large heating stove. We also have trees around that really keep the place cool. But still I wish I was back in California.

My new address is 26-5-E. Rohwer Relocation Center. Desha County. Arkansas. So please let me know if you heard from Victor Stefan.

Dear Sir:

Reference is made to your recent letter addressed to Mr. D. M. Dunton, who was previously in the employ of this bank in connection with evacuation operations and stationed at the Tulare Assembly Center, concerning a transaction involving the sale of certain fertilizer by Mr. George Kuwahara.

Our file discloses that Mr. Kuwahara has apparently experienced some difficulty in obtaining settlement for the fertilizer acquired by Mr. Morrissett, and Mr. Kuwahara communicated with us in that regard in October of 1942.

In corresponding with Mr. Kuwahara we called his attention to the availability of assistance from the War Relocation Authority to evacuees residing in War Relocation Projects, and assume that he has availed himself of those services, or otherwise effected a settlement of his problem as we have not heard from him since our last letter.

Our file discloses that Mr. Dunton corresponded with Mr. Morrissett on June 29, 1942, and that thereafter Mr. Morrissett called on Mr. Kuwahara at the Tulare Assembly Center to discuss details of the fertilizer sale. Mr. Dunton's letter indicated that Mr. Morrissett's name was suggested by you as a person who might be interested in buying the property.

Dear Sir:

Further reference is made to your communication of October 5, 1942.

We have given further consideration to the substance of the affidavit you submitted and have reviewed the matter with Mr. Dunton.

While your statements indicate that the fertilizer sale transaction was carried out, at least to some extent, without your full knowledge and consent, this does not appear to be borne out by the information before us.

We are informed by Mr. Dunton that our services performed in that connection were mainly to direct letters to parties who might be interested in acquiring the fertilizer and put them in touch with you. We are further advised that the communications forwarded by our representative were sent at your request.

Mr. Dunton did communicate with Mr. Morisset, as well as with other parties and it is our information that Mr. Morisset called on you at the Tulare Assembly Center, where you worked out certain details directly withhim, and without the assistance of our representative. You subsequently informed Mr. Dunton that the fertilizer had been sold.

It is realized that your present problem is that of collecting the sale price for the fertilizer, whatever that price may have been, and that you are seeking assistance in effecting that collection. We believe you should be informed that the War Relocation Authority is the agency which provides for assistance to evacuees resident in War Relocation Projects in connection with their general property problems and that would be the agency with which to discuss your problem.

Under the circumstances existing in this case, we believe that your procedure should be to present the problem to the Legal Aid representative at the Project where you are now residing, who will be in a position to assist you in pursuing the matter.

We are taking the liberty of submitting a copy of the affidavit to the local headquarters of the War Relocation Authority, Hotel Whitcomb Building, San Francisco, for their information. We are also forwarding a copy of this communication to that agency.

While this will serve to inform the War Relocation Authority of the matter, we believe that any request for its assistance should originate from the War Relocation Project, as we have suggested.

We are returning one copy of the affidavit you submitted, to you.

Very truly yours,

Assistant Cashier

MEMORANDUM TO: WAR RELOCATION AUTHORITY

SUBJECT: Evacuee Property Department -
Request of Evacuee for assistance
in collecting an Account Receivable

We are enclosing a copy of an affidavit dated October 5, 1942 submitted by George Kuwahara who is a resident in the Gila River War Relocation Project.

Mr. Kuwahara has sought our assistance in collecting certain moneys which he claims to be owing him on account of the sale of certain fertilizer from his former place of business in Gardena, California.

The substance of the affidavit indicates, among other things, that at least some part of the sale transaction was completed through the services rendered by our representative at the Tulare Assembly Center without Mr. Kuwahara's full approval and consent.

We have investigated the matter and our files show that while our representative wrote letters to two prospective purchasers, that is as far as our assistance went, and one of them, Mr. B. G. Morisset of Compton, California, got in touch with Mr. Kuwahara in the Assembly Center and completed the details with him without the assistance of our representative.

We have been informed by Mr. Dunton that his letters were forwarded to the prospects at Kuwahara's request and that he was not requested to help the evacuee in completing the details of the sale to Mr. Morisset. We are also advised that there may have been some objection to the sale to Morisset by Mrs. Kuwahara as it is believed that she had been endeavoring to find a purchaser for the fertilizer and may have done so.

We are enclosing for your information a copy of a letter addressed to Mr. Morisset by our Tulare Assembly Center representative under date of June 29, 1942 and a copy of Mr. Morisset's reply dated July 1, 1942, as well as a copy of a letter dated June 29, 1942 to Mr. R. R. Morland, another prospective purchaser.

We are also enclosing a copy of our today's reply to Mr. Kawahara informing him of our position with respect to this matter and suggesting that he seek the assistance of your agency through the proper officials at the War Relocation Project, should he decide to pursue the subject further, and informing him that we have called the matter to your attention, locally.

Should you care to discuss the matter further with us, please so inform us.

Dear Sir.

In reference to your letter of Oct. 12-1942. in which, George Kuwahara is mentioned as filing a certain affidavit.

I have checked Mr. Duntons files and there is only one copy of a report which I am enclosing, said files do not contain any further data on the case.

I got in touch with Mr. Denton to-day and he gives me the following information.

George Kuwahara did approach him and ask that he sell his fertilizer, Mr. Dunton replied that he did not take the responsibility of selling anything, but would be glad to assist him in locating some one interested in fertilizer, and then proceeded to write two letters, copies of which are enclosed.

After Mr. Dunton wrote to B. L. Marisset of Compton Cal, Mr. Marisset called on Mr. Kuwahara at the Tulare Assembly Center but what agreement they came to if any, Mr. Dunton is not informed as nothing was said to him concerning any sale or proposed sale.

Mr. Dunton is of the opinion that there is some family difficulty

FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

connected with this matter as Kuwahara's wife raised considerable objection to Kuwahara selling the fertilizer saying that she had a purchaser.

Kuwahara states in his affidavit that Mr. Denton was persuaded to issue a letter to Mr. Morisset that he consented to allow Morisset to remove the fertilizer.

This statement is not correct and reference is made to a letter written Morisett under date of June 29. 1942. and signed by Mr. Denton.

Mr. Denton states he made no committment involving the Bank in any manner, any work we might do now would be in the nature of good will and assistance on the part of the Bank.

Yours truly.

Dear Sir:

We are enclosing a copy of an affidavit submitted by the above named evacuee relating to the disposition of certain fertilizer stocks from his former place of business in Gardena, California and requesting our assistance in collecting the sale price of the fertilizer from Mr. B. G. Morisset of Compton, California.

Inasmuch as the affidavit infers that the transaction was consummated without the evacuee's full approval we are naturally most anxious to obtain further details as to how the transaction was handled.

We are enclosing copies of letters and of an interview sheet contained in our files bearing on this matter. It will be noted that our file information shows the evacuee as "N" rather than "G" Kuwahara but obviously it is the same case. It occurs to us that the initial "N" may relate to the evacuee's Japanese given name.

It is our thought that the files turned over to you by Mr. Dunton might contain more detailed data than we now have before us and we will appreciate your examining those files and providing us with such additional information as you may develop in order to complete the somewhat sketchy material now before us. It might also be well for you to confer with Mr. Dunton to see what additional information he can provide.

Please give us a full report so that we can proceed accordingly. We might say that we have in mind submitting the problem to the War Relocation Authority but of course must be prepared to provide a full factual background for the benefit of that agency in treating the problem.

We are enclosing a copy of our today's letter to the evacuee acknowledging receipt of his statement.

Dear Sir:

I have been advised by Mr. Geo. Miura, of the Tulare Assembly Center that you might possibly be interested in purchasing several tons of fertilizer.

It appears as though Mr. N. Kuwahara, formerly of Gardena, and more recently a resident of this Assembly Center, has several tons of fertilizer stored at 704-6 Gardena Blvd., Gardena, California. It also seems as if Mr. Kuwahara has been instructed by the Bureau of Fire Prevention to remove this fertilizer from the above premises on account of the danger of fire.

I understand from Mr. Kuwahara that this fertilizer cost him approximately $48.00 per ton to manufacture. He is naturally interested in realizing a fair price, but as I explained to him, should he be unable to dispose of it, it would probably be moved by the Fire Department and the charges for moving it would be charged against him and would possibly be collected through the sale of the fertilizer.

I understand from Mr. Kuwahara that he is willing to let you take possession of this fertilizer at a fair price and accept a promissory note in payment thereof, payable within six months.

I should like to hear from you if you are interested in the purchase of this fertilizer.

TO THE FEDERAL RESERVE BANK

SAN FRANCISCO, CALIFORNIA

STATE OF ARIZONA)
) SS.
COUNTY OF PINAL)

GEORGE KUWAHARA, formerly a resident of Gardena, California, and now located at 46-3-A, Gila River Relocation Center, Rivers, Arizona, who first being duly sworn on oath, deposes and says:

That I am an American citizen; that I have not left the territorial jurisdiction of the United States nor continental United States in all my life.

That prior to evacuation on May 6, 1942, by Military Order, I conducted an operated a fertilizer business at 706 Gardena Boulevard, Gardena, California; that I had in store in my warehouse in Gardena a stock of fertilizers that were not disposed of prior to evacuation.

That on or about the 22nd day of June, 1942, I received a written notice from the Fire Department of Gardena, Gardena, California, that a portion of my fertilizers had to be disposed of because they were susceptible to fire; that pursuant thereto I inquired of one Mr. Miura, who was then head of the Welfare Department at the Tulare Assembly Center, Tulare, California, as to what I should do with the goods in question. Mr. Miura suggested to me that the goods be sold. Affiant, however, succeeded in obtaining a buyer in Los Angeles, California, and had made arrangements to sell the merchandise to said buyer. But during the interval, Mr. Miura without my order or consent pursuaded one Mr. Dunton, then an agent from the Federal Reserve Bank at Tulare Assembly Center, Tulare, California, to issue a letter directed to Mr. B. G. Morisset that I had consented to allow said Mr. B. G. Morisset (whose address is: Rt. 2, Box 118, Compton, California) to take the goods out of my warehouse; that said Mr. B. G. Morisset on the strength of the letter did take the goods out of my warehouse and did appropriate them to his own use--all without my knowledge or consent at said time. The list of goods taken out by him are attached herewith, marked Exhibit A and made a part of this

affidavit as though set forth herein in full. That said Mr. B. G. Morisset refused to furnish me, when requested, a list of goods taken out by him. The said B. G. Morisset refused to pay for the goods taken out by him; that although demand has been made continuously the said B. G. Morisset still refused to pay for the goods and the amount is still due and unpaid and the amount, as referred in Exhibit A, is still owing to me. No further steps have been taken either by Mr. Dunton nor Mr. Miura ever since. When I asked Mr. Miura, while in Tulare Assembly Center, the latter stated to me and kept on saying to me thereafter that the money would be forthcoming; that he had written to Mr. Morisset and that it would not be long before payment would be made. That promise was made to me during the middle of August, 1942, but to date I have as yet not received a single cent from the said Mr. B. G. Morisset though I have repeatedly asked the latter to pay the sum involved. The sum involved in this case, as referred in Exhibit A, is Seven Hundred Seventy Nine and 85/100 ($779.85) Dollars. This figure was obtained by me in the following manner: I first took stock of the goods I had in my warehouse after the goods were taken out by the said B. G. Morisset; then I deducted it from the inventory of goods I had in my warehouse prior to the conversion by the said B. G. Morisset. The difference I multiplied with the price for the respective fertilizers until I reached the grand total as referred in Exhibit A. The price for each type of fertilizer represents the cost to me at wholesale price. It does not represent the market or sale price.

Affiant, therefore, respectfully requests that inasmuch as said Mr. Dunton of the Federal Reserve Bank had contacted Mr. Morisset and had allowed him to take out the goods in question, though without my consent, and as the said Mr. Morisset refuses to furnish me a list of goods he had taken out of my warehouse or to pay for the reasonable value of the goods so taken out by him, affiant would appreciate most graciously if the Federal Reserve Bank could assist me in obtaining payment for the goods so appropriated by the said B. G. Morisset. Your careful consideration on this matter will be most deeply

appreciated.

Dear Mr Dunton:-

In reguard to the fertilizer Mr Kuwahara has stored in Gardena. You did not state just what it is or its value in plant food. However if it is anything I can use I would be interested in buying it. It is dificult to make an offer not knowing the content of the fertilizer but I would suggest about $20.00 a ton and I will do the hauling.

Sincerely Yours

Dear Sir:

I have been advised by Mr. Geo. Miura, of the Tulare Assembly Center that you might possibly be interested in purchasing several tons of fertilizer.

It appears as though Mr. M. Kuwahara, formerly of Gardens, and more recently a resident of this Assembly Center, has several tons of fertilizer stored at 704-6 Gardens Blvd., Gardens, California. It also seems as if Mr. Kuwahara has been instructed by the Bureau of Fire Prevention to remove this fertilizer from the above premises on account of the danger of fire.

I understand from Mr. Kuwahara that this fertilizer cost him approximately $48.00 per ton to manufacture. He is naturally interested in realizing a fair price, but as I explained to him, should he be unable to dispose of it, it would probably be moved by the Fire Department and the charges for moving it would be charged against him and would possibly be collected through the sale of the fertilizer.

I understand from Mr. Kuwahara that he is willing to let you take possession of this fertilizer at a fair price and accept a promissory note in payment thereof, payable within six months.

I should like to hear from you if you are interested in the purchase of this fertilizer.

Very truly yours,

Dear Sir:

Mr. George Miura, an acquaintance of yours, advised me you might possibly be on the market for several tons of fertilizer.

It seems as if Mr. N. Kuwahara has about seven tons stored in a building at 704-8 Gardena Blvd, Gardena, Calif. which he has been instructed to remove by the Bureau of Fire Prevention on account of the fire hazard.

I understand from Mr. Kuwahara that this fertilizer cost him $48.00 per ton to manufacture but under the circumstances he will accept a reasonable offer and in your case, defer payment for six months if you desire.

I should like your advice should you be interested.

Very truly yours,

Dear Sir:

Thanks for your letter of April 12th about your boat, the "T.K.K." We hope you will be able to close a deal you consider proper on your boat and are glad to know that in the meantime you have place, the same in what you consider competent hands, but in order to be of assistance to you we feel that you should tell us who this person is, giving us his name and address and business so that if occasion arises, we can communicate with him. This is for your protection more than anything else.

We would like to know if there is anything owing on this boat and if so to whom. Also an itemized statement of the gear and a list of Salmon Albacore or Shark gear, if any, and where it is stored. Also how about the battery? Your friend, Jack Halloway, pumped her out the other day.

If the boat is going to be transferred the one who has the custody of it for you should have the pink slip and Certificate of Award signed where it says in order to provide for a bill of sale. Of course, you understand that the boat can not be transferred and put into operation by some one else without the approval of Bill Wyatt who is the Deputy U. S. Collector of Customs here and with whom we will communicate from time to time about your boat and any others that we are interested in.

Dear Sir:

We received your letter the other day concerning my boat the T.K.M. and I want to thank you for trying to help us find a buyer.

As you said, if I can't sell the boat I should place the boat in the hands of an American. Well we took this advice and put the boat into the hands of one of my friends who has helped us in everyway possible.

But if you don't mind would you keep a list of all persons who want to buy our boat and their price.

I thank you.

Dear Sir:

Replying to your letter of April 2nd about a boat which you state you own and which is in Monterey Bay, in a conversation with Attorney John H. Thomsen in the First National Bank Building in Monterey, it developed that he had some clients who were interested in acquiring a boat somewhat similar to yours. I would suggest that you communicate with him. We want to help you if we can, and we try to keep a list of people who want to buy things but so far we do not have many listed purchasers for boats, but possibly Mr. Thomsen may be able to help you.

If you do not sell the boat at once, it seems to us it would be a good idea for you to place the boat in the hands of some person in Monterey who would look after it for you. If necessary, give him a Power of Attorney to look after it or dispose of it for you.

If you are able to dispose of the boat or make any other arrangements, please advise this office.

Yesterday Jack Malloway told me that he had heard from this man and the boat had been disposed of to some Italian mutual friend for $200 cash, with the understanding that if and when Kuwatani came back and wanted the boat, it would be returned to him. He preferred making this kind of a deal to selling the boat for $700.

Malloway seems to be interested in this deal and feels that Kuwatani has protection and got the kind of a deal he wanted.

There does not appear to be anything further for us to do now.

DEAR SIR:

I HEARD FROM YOU ON THE 22ND DAY OF JULY, 1942 CONCERNING MY MAYTAG WASHING MACHINE ACCOUNT. YOU STATED THAT YOU CAN SELL MY WASHING MACHINE AT A REASONABLE PRICE BUT I AM NOT INTERESTED IN SELLING IT. I DO NOT THINK THAT THERE WOULD BE ANYONE WHO WOULD BUY IT NOW.

IF BY CHANCE I WOULD, BY CASH, PAY THE REMAINDER OF MY BALANCE IN ONE PAYMENT WOULD YOU GIVE ME A REASONABLE DISCOUNT? I SHALL MAKE NO RASH PROMISES BUT WILL DO ALL I CAN TO RELIEVE YOU OF ALL THE TROUBLE IN TRANSACTIONS.

YOUR UTMOST CONSIDERATION WILL BE APPRECIATED. WAITING FOR YOUR IMMEDIATE REPLY I REMAIN

Dear Sir:

Your letter of recent date directed to our San Jose Office has been referred to the writer for acknowledgment and reply. As suggested in your letter we have communicated with the Federal Reserve Bank of San Francisco and confirmed with them the fact that your present status in no event avoids your civil contractual obligations. In other words the balance due on the above-numbered account for the purchase of a Maytag Washer and an RCA Radio on which a balance still exists of $76.57 should be paid in accordance with the contract terms and the account at the moment being delinquent the June and July 12th instalments of $5.89 entitles also under our contract with you to declare the entire amount payable or request surrender of the equipment in the contract described. In the event that you have no use for the equipment in question we will be only too glad to dispose of it for the best possible price and apply so much of the proceeds from its sale that is necessary to clear your contract, the balance of the sale price representing your equity to be deposited in accordance with the rules of the Federal Reserve Bank.

Yours very truly,

Insurance Department.

cc: Mr. Borden, c/o Federal Reserve Bank of San Francisco - The above is in accordance with my conversation with you of this morning. This letter is in reply to the one that I read you over the 'phone and copy of which is hereto attached which indicates that apparently Mr. Kuwatani has either been misinformed or has decided to take an arbitrary attitude insofar as his obligation under his contract is concerned. Any assistance that you may be able to render us in this matter will be greatly appreciated.

Dear Sir:

On July 10, 1942 we received a notice from the office of the Merced Assembly Center concerning our account of the Washing Machine. They told me that you have sent them a letter inquiring about our account. Before Evacuation we had an understanding with the Federal Reserve Bank of San Francisco that all Japanese accounts are to be frozen. Since it has been over a month now since evacuation. My understanding is that my account with you is frozen.

I have spoken to Mr. Richard Mitchell of the Merced Assembly Center about this and he told me to tell you to write to the Federal Reserve Bank of San Francisco and to inquire about this matter.

Thanking you in advance.

Yours truly,

(Signed) Torazo Kuwatani

Dear Sir:

Today we received a call from the C. I. T. Corporation stating the facts surrounding a dispute with a Japanese presently in the Assembly Center at Merced.

It appears that one, Torazo Kuwatani, has written to them stating that a washing machine which he was purchasing under contract has been frozen by the Federal Reserve Bank of San Francisco and that such was true of all Japanese property. Therefore he was not responsible for any further payments nor would he recognize the $76.57 balance owing them.

We supplied the C. I. T. Corporation with the usual advices pertaining to evacuees' rights and duties, and suggested that they write Kuwatani.

It occurs to us that possibly you will wish to get in touch with him and explain the matter in more detail so that if he wishes to retain his washing machine he will take the necessary steps.

Very truly yours,

R. W. Swanson

Dear Mrs. Kuze:

Whereas you have been ordered, by the Government of the United States, to leave the City and County of San Francisco, the following is a memorandum of our mutual understanding:

1. You will convey to me, by Bill of Sale, your title in and to the personal property and fixtures now in the premises at #1687 Geary Street, San Francisco, California.

2. I will endeavor to secure a sub-tenant for the said premises, complete with the said personal property and fixtures, for a monthly rental in excess of the rental provided for in that lease, made in November, 1941, between Signe M. Hulting, lessor, and Viola Kuze, lessee, providing for a term of ten years from December 1, 1941.

3. You authorize me and I agree to disburse any rental received on such sub-tenancy, as follows:

   a. The sum of $30.00 per month to Signe M. Hulting, lessor, under the terms of the above mentioned lease.

   b. The balance, if any, to be paid on account of sums due to the Dohrmann Hotel Supply Company, Mr. Bert W. Levit and the contract owner of the Neon sign; any costs incurred in securing a sub-tenant; any costs incurred in the insuring of or maintenance of the said personal property and fixtures; and any sums levied by the City and County of San Francisco as personal property taxes.

   c. The balance of said monthly rentals, thereafter remaining, to be held to your credit or paid to you at my discretion.

4. Within 90 days after the date that permission is granted to you to return to the City and County of San Francisco, you have the option to repurchase the said personal property and fixtures, and I agree to convey title thereto to you, upon

the payment by you to me of any money that I have actually paid in connection with this operation that has not been covered by rentals received from such sub-tenancy. In the event that you do not exercise this option, during the time above stated, this agreement shall terminate.

5. I will, to the best of my ability, arrange such sub-tenancy so that it will be possible for you to regain possession of the premises upon your return, and to arrange with Signe M. Hulting, lessor, regarding the terms of the continuance of such possession.

6. I am not to be responsible, in any way, for theft, loss or damage to the said personal property and fixtures.

7. You have permission to store your personal effects in the vacant flat at #1685 Geary Street, San Francisco. Should the owner decide to remodel and recondition those premises, I will arrange other storage for the property, I to be reimbursed by you for any costs connected therewith. Neither I or the owner of the property shall be responsible for loss, theft or damage to said property there stored. Should the option, mentioned in paragraph 4 above, not be exercised by you the title to the said property stored in #1685 Geary Street shall become my property.

Principal property involved and scope of problem:

Attached hereto is a letter from the Treasury Department - which is self-explanatory. Mrs. Kyotani was in the office today to discuss her problem after receiving this letter. It seemed that the day after they received the Sake, their liquor license was revolked and their liquor store closed for future business.
She now has a chance to sell her remaining stock of Awer Liquors, fixtures, trucks, lease etc. at a price agreeable to her and her husband. They have contacted the Pacific Trading Company with the idea of returning the Saki, and they refused to accept it.

Action taken:*

Mr. Mahoney telephoned to Mr. Johnson to see if they would accept the mdse back, now that the Pacific "Trading Company" business has been frozen - or make some fair ajustment. After selling her business she will be in a better position to bargain on a cash basis.
At any rate she will be in the office on April 24th and tell us just what she will be able to do.

Dear Sir:

In checking over the records of the Pacific Trading Co., Inc., 100 Sacramento Street, we find that you have purchased from them from time to time quantities of sake. We also note that you have not remitted for these purchases, and we further find that the company on its own behalf have written you requesting payment of this account. However, you have chosen to ignore these requests.

Our investigation reveals that these sales were entered into in good faith by both parties, and there exists no reason in our opinion why this merchandise should not be paid for.

We will be pleased to receive your check payable to the Pacific Trading Company for $817.50 by return mail.
