MEMORANDUM TO: Karl E. Bendtsen,
Colonel, G.S.C.,
Assistant Chief of Staff,
Civil Affairs Division,
War-time Civil Control Administration

SUBJECT: Evacuation of Military Area No. 2.

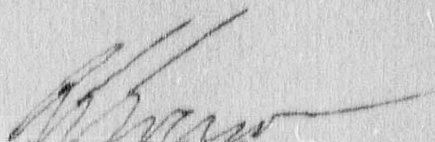

*Letter of 6/19/42
filed Feb 1942 REP.*

1. We are informed by our Field Representatives at Visalia and Reedley, of the fact that a rumour has spread in the vicinity, to the effect that Mexican labor would probably not be available in the San Joaquin Valley this season, due to the state of war existing in Mexico, with the result that evacuation of Japanese from that area would not be required until after harvest time.

2. Our representatives indicate that this rumour has had the effect of delaying, to some extent, the disposition of properties by the Japanese and instances have occurred where the Japanese have refrained from selling or leasing their property holdings, on the basis of this rumour.

3. We are also informed through these representatives, that some citizens' committees, being residents of Military Area No. 2, have requested the Army that the Japanese be permitted to remain to assist in crop harvesting, and that there has been some correspondence on the subject, which appears to have resulted in the rumour above discussed.

No doubt this matter has previously come to your attention, however, we are communicating it to you for your information and consideration.

Hint Evacuation of East Side Japs: Strict Curfew Law to Be Enforced

All persons of Japanese ancestry in Military Area No. 2 of California (which includes all Japanese in China east of Highway 99E) were forbidden to leave the area and were placed under strict curfew regulations by Lieut. General J. L. DeWitt, commanding the western defense and Fourth Army, according to Associated Press dispatches to The Enterprise this morning.

This order is identical with an edict issued by General DeWitt covering all of Military Area No. 1 (in which China Japanese west of Highway 99W were included) shortly before he began evacuation of more than 105,000 Japanese living there. This was the only hint given that the present order

may be followed by evacuation of the Japanese in Area 2.

There are about 300 Japanese on the east side of Highway 99E in Butte and Tehama counties. There are no Japanese left between Tehama county and the Oregon line on either side of the highway, or in either zone, all having been cleaned out.)

The order, effective immediately, involves about 10,000 Japanese. Most of them live in Fresno, Tulare, Placer, Nevada, Yuba and Butte counties. The area covers the entire eastern half of the state except the southern section which lies in military area 1.

Between 8 p. m. and 6 a. m. every night, all persons of Japanese ancestry must be within their

homes. During daylight hours they cannot be more than ten miles away from home, except when visiting a government agency in compliance with exclusion orders to to prepare for evacuation.

All persons of Japanese ancestry were forbidden to enter any part of California. This, of course, does not include Japanese who will be moved in by the army from other western states to relocation centers in the state.

"The present military situation, requires, as a matter of military necessity," the new restrictions and curfew imposed, General DeWitt said in his order.

His directive exempted sick persons who could not be moved safely; the deaf, dumb or blind, and inmates of orphanages.

Gentlemen:

Inclosed please find request for reimbursement of expense incurred in connection with this office. I have inclosed all receipts that I have. You will note that on some of the days that I went to Turlock that there is no fare receipt. On these days I took my car as it was necessary for me to stop in Livingston or Atwater on my way back. On these days I included the bus fare and did not charge mileage on the car.

On June 28, the day I made a special trip to Turlock, I had to take the car and have charged mileage for same. This was a Sunday and I had gone into the mountains beyond Clovis to look over some property and the stage would not have made the proper connections to put me in Turlock at the time indicated for me to be there.

Please forward the check to Lindsay as I will be there for the next week.

A visit was made to the home of the widow of Teruo Daijogo and assistance given in the preparation of documents supporting her claim for payment of her late husband's life insurance.

Another field visit was made to several farms, for the purpose of selecting suitable sheds for temporary, one day, storage of household goods of evacuees. Two were selected. They are on the S. Doi and Sierra Farms #7 properties. The Japanese will bring their goods to the nearest of those two, where our vans will pick up the goods the same afternoon.

Dear Sir:

We are advised that the Army will pay \$6.80 per cwt. for Arkansas Blue Rose Extra Fancy No. 1 Rice, f.o.b. Sacramento.

Additionally, a local Caucasian food broker has expressed interest in the rice and is inquiring as to whether the bags have any Japanese markings on them or if the printing is all in English. Also he wishes assurance as to the grading - in other words, that it is all No. 1 Extra Fancy, which apparently is a premium grade.

Please advise us as promptly as possible what the J.A.C.L.'s wishes are with reference to the Army's bids as they are holding up requisition orders until we hear from you.

Very truly yours,

Assistant Cashier
