Mary Machizuki, who is 20 years of age, came into our office, with a power of attorney given to her by her father who is in a concentration camp to inquire as to whether or not same was legal and also to find out if it would be possible for her to give some one else power of attorney to handle the subleasing of her fathers general merchandise store located in Madern California.

Due to the fact Miss Machizuki is under age and any contracts she might make without her father would be illegal, we suggested that she obtain the consent of one of her fathers friends to take power of attorney, have a new one made up and send to the father for his signature.

The letter attached to and as part of this report fully explains the reason for the call. However, it developed upon questioning Nancy Maunula that they had leased this property for many years and about 10 years ago. They did remove a plate glass window from the building and at that time John C. Lack the present owner, was not the owner of the property and his present lease is with them. They have not heard on the subject as the former owner gave them proper permission to make changes required at that time.

I called Attorney Pinkinbaugh and informed him of the facts of the case and he stated he would, at once, investigate and let me know concerning same.

Dear Mr. Armstrong:

I would appreciate an opinion from your office on the following problem.

In January 1942 subject purchased a tractor from Wadera Implement Co. for price of \$1500.00, paying \$500.00 down. This down payment consisted of \$350.00 in cash and a team of mules valued at \$150.00. He states tractor has not as yet been delivered and wants to know how much money he could have returned to him, or what kind of a settlement he could make.

I suggested to him that he call on the Implement Company and take the matter up with them, and in the meantime I would seek further information on a transaction of this type and, therefore, would appreciate anything that you could give me.

Yours very truly,

L. J. Allen,

Principal property involved and scope of problem:

Mr. Yamauchi called at the office and stated that he had a team of horses fifteen (15) years of age together with a set of new harness for which he has paid \$200.00.

He stated that he was leasing a ranch and that the lease had been sold and the purchaser of the lease had no use for the team and therefore he must sell the team together with the harness. He stated that he was asking the sum of \$150.00 for the team and the harness and that he had not dared to sell the team, going so far as to place ads in the paper but as yet had been unsuccessful in making a sale, and he wanted our advice as to what he could now do.

Action taken:

We advised Mr. Yamauchi that under the circumstances we felt that the price he was asking was too high due to the fact that the horses were fifteen years old and suggested to him that a reasonable price would be \$80.00 for the horses and \$50.00 for the harness making a total of \$130.00. We further explained that postage would cost about \$1.50 each for the horses and owing to the uncertainty in time that it is probable this is not the best thing to do. Mr. Yamauchi agreed that we were about right in our suggestions and we instructed him to endeavor to sell the team this week and if unsuccessful to call again next Saturday.

REFER TO OUR REPORT DATED 4/9/42

Mrs Araki's business property located at 1424 Kern Street was finally sold this date through the Levy Brothers Realty Company to Mr A Avakian for \$6000.00 Cash. We had considerable trouble disposing of this piece of property due to the fact that all the buildings in this vicinity are occupied by Japanese tenants and anyone buying same is taking considerable risk as they may be unable to re-rent the location for from six months to a year. Our first offer on the building was \$4500.00 then \$5000.00, \$5500.00 and finally Mr Avakian who has considerable money was willing to take the gamble at \$6000.00.

Action taken:*

Due to conditions we feel this is an exceptionally fine deal for Mrs Araki.

She paid \$1000 for the property and that is now due on yearly payments the balance of \$2000 at the rate of \$1000 per year. The first payment of \$1000 becomes due on April 22, 1942 and she wants to know what to do as she has no income outside her rents from this building.

She has about the only thing she could do was to sell her equity if possible and in the meantime try to keep the stories and if one was successful to give them to the FBI. It is good that she has the chance, as no other could be.

Principal property involved and scope of problem:

This report is in response to a number of questions asked this office, regarding the payments on home held equipment such as stoves, coolers, etc.

Problem: An agent of the C. I. T. has called at my home and demanded that I allow them to take merchandise, although my payments are up to date and I want to continue the payments and keep the merchandise as I am financially able to do this.

This same problem refers to Zones 1 & 2.

Action taken:*

I have suggested to those making inquiry that I am no lawyer, for as a publicist if they can prove ability to pay, and at the same time, I have added that a storage problem is involved that they should consider and if they can get a reasonable offer for their equity, it would be best to sell.

Problem.

What shall I tell the agent when he calls at my home and demands the money.

Advised them that as long as they offer to pay, and payments paid up to date that the agent cannot enter their homes and take the articles, that the proper procedure is for the finance Co. to bring a repossession suit and allow the process of law decide this matter.

I also point out to the finance Co that under date of March 30th 1942, a memorandum was issued by the Federal Reserve Bank, wherein in paragraph 1 the statement is made quite long persons taking advantage of the confusion of mind of the evacuees to deprive them of property will be prosecuted by the Department of Justice -

I state to them at the same time that the only reason I am bringing this to their attention is that of information and at the same time the Federal Reserve Bank is just as anxious to see that they get a square deal, as any one else.

MEMORANDUM

April 2, 1942

TO: Mr. L. J. Allen, Field Representative,
Federal Reserve Bank of San Francisco,
Fresno, California.
FROM: R. W. Borden

Relative to the case of Heiji Kurokawa, Route 1, Box 82, Caruthers, California, I have made numerous calls and finally succeeded in reaching Michael Dempniak at his phone in San Francisco. He admitted that he had an unsettled obligation with the above Japanese but emphasized that the whole settlement was in the hands of the Labor Commission, as indicated in your memorandum.

I took some little trouble to explain who we represented and the occasion for my call. As a result, he has agreed to go to Fresno tomorrow, Friday the 3rd, and promised to contact both the Labor Commission and yourself. He further agreed to come in here next Tuesday and report the results of his visit. Naturally, I am sure that once you are able to talk to him personally you may be able to straighten this matter out. However, if there is anything further that you wish me to do in anticipation of his visit next week, I would appreciate a line after you have talked to him.

Supplemental Report

Principal property involved and scope of problem:

Later in day, a letter was shown me by Evacuee, wherein his auditor, J. L. Wood claimed Mr Powers (thought to be F.B.I.) Hammond Bldg. 5th & Bldg. Los Angeles had submitted bill for \$50 for services. On checking later, Mr Wood stated to Evacuee that Powers stated he had never received any such bill. It seems from what we can gather from Evacuee that either De Simone, Hanger or Wethers, Negotiator had said they had such a bill from Powers. All this is from statement given me by Evacuee. Wood prevented any payment of this amount but it certainly appeared someone was trying to collect something they were not entitled to.

Mr Jenkins the owner of the ranch came into our office with Mr M Kakimoto who was given power of attorney to handle Mr Mori's affairs during his absence while serving in the U S Army. Mr Kakimoto has subleased the property to Joe G and Gastulo Santellano on a crop share basis. A copy of the lease is in the files of Mr Nagle who is representing The Farm Securities Administration. The lease calls for a 55%-45% basis on one parcel and a 50-50% basis on the other parcel. The reason for the extra 5% being given on one parcel is that the Santellano's are to take extra special care of the property keeping the burmuda grass etc out.

Both Mr Jenkins the owner and Mr Kakimoto are satisfied with the contents and arrangements as set forth in the lease. We Concur.

Principal property involved and scope of problem:

Refer to our report dated 4/8/42

Mrs Onishi and Mr Jacob Richter, one of the owners of the building in which the Fujii Laundry is located, came into our office with an arrangement whereby the Richter's would cut Mrs Onishi's rent from \$25.00 per month to \$20.00 per month for a period of one year starting May 1, 1942. Ten months rent of \$200.00 to be paid in advance. It was further agreed that should the Onishi's be unable to return and operate their laundry by March 1, 1943 that the Richter's would allow them to continue renting on a month to month basis at the same rental of \$20.00 per month. Rent payable in advance.

Action taken:*

Both parties concerned are satisfied with arrangements as set forth in agreement made up by Lawrence W Young, Attorney whose address is Helm Building, Fresno California. We feel agreement is fair and suggest same be approved. COPY OF SAID AGREEMENT ATTACHED HEREWITH

Income from rentals will pay interest charges and the annual installments of \$1000.

Mr. Seito is some worried on how he is going to take care of the \$5000 payment six years hence.

A local real estate operator is taking care of rental collections and installment payments.

Action taken:*

Convinced Mr. Seito that six years is quite some time to look ahead, also that at that time, if conditions of the loan are properly met he should be able to easily float a loan of \$5000 on property worth around \$18000 to take care of the last installment of that amount.

Evacuee Property Department

Gentlemen:

Following up a request from our office in Sacramento, their number being 65, in the matter of Motoyuki Shiba, I have received a letter this morning from Mr. Shiba which is self-explanatory. Upon receiving this letter, I called the attorney, Harry Sarkisian, who represents the mortgage holder, Mr. Shitchjian, and Mr. Sarkisian has furnished me with the enclosed agreement.

Will you, therefore, be kind enough to examine these communications and inform me of the next step to take in this matter, particularly as Sacramento seems to be handling this case. Further, in connection with this I refer you to my report on Motoyuki Shiba under date of April 10, 1942.

Yours very truly,

L. J. Allen,

Please refer to first report on Mr. Takagi dated 4/3/22 as suggested. Mr. Takagi wrote the Board of Trade and they sent a man, immediately, to take an inventory of his stock. Today Mr. Takagi came again to see me. He seemed very upset because he could not get back, as in the past, with his retail store. The store being closed to take an inventory. I went with him to see what could be done. After talking to the man taking the inventory I went with Mr. Takagi to the office of Mr. W. B. Waters, local attorney for the Board of Trade. Mr. Waters showed me all the correspondence he had between Takagi and the Board of Trade. The correspondence began in Feb. 1922. Mr. Waters stated that the Board of Trade was making the levy and attachment for the benefit of creditors. Mr. Waters stated he went to Mr. Takagi's store and explained everything to Mr. Takagi before Mr. Takagi signed the assignment. The man taking the inventory seems to be a good man and appears to be doing a reasonably good job preparing the goods for exhibit. Case closed

Action taken: The General Motors Corp., holders of the note, refuses to accept any further payments, although I have taken this up with them three times and reported to our San Francisco Office regarding this and an inclosing copy of a letter from Mr. Pearson.

This last payment represents a balloon payment and the Finance Company absolutely refused to accept the payment, although Mrs. Ito has stated that she could make the next payment \$100.00. Mrs. Ito lives in home #2 and has steady employment in the home of Attorney Raymond, therefore it is my opinion this is one case that the freezing order might be evoked if in your opinion we should go this far. March 31, 1942

Mr. L. J. Allen
Field Representative
Federal Reserve Bank
of San Francisco
2146 Inyo Street
Fresno, California

Dear Sir:

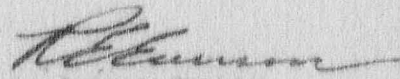

Reference is made to your undated letter relative to a balloon payment in the amount of \$300.00 now due on an automobile purchased by Mrs. Toyoko Ito which contract the finance company will not renew because, while Mrs. Ito is an American citizen of Japanese extraction, she is married to an alien Japanese.

We know of no reason, insofar as Executive Order No. 8389, as amended, is concerned, that would prevent Mrs. Toyoko Ito, an American citizen, from consummating this transaction, provided there is no interest directly or indirectly of a blocked national involved.

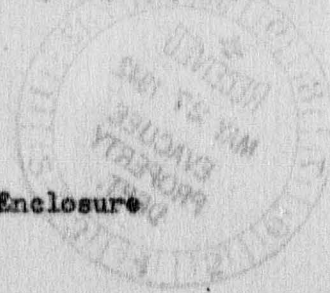

We are enclosing a copy of General License No. 68-A for your review with the thought in mind that the finance company considers the alien husband to have an interest in the automobile. In the event that he may have such interest, it is possible that he is able to operate under the terms of General License No. 68-A. If he is so licensed, reasonable proof of this fact submitted to the finance company should be sufficient to remove whatever doubts they may have. It is to be understood, however, that the finance company in view of the fact that these people are promptly faced with evacuation, will require some assurance that the indebtedness will be satisfied.

Regarding the case of Dr. K. H. Taira, you will be advised under separate cover with regard to the Form TFR-300 Property Report, referred to in your letter.

Yours very truly,

Assistant Cashier

Dear Sir:

Certain matter have come to the attention of this office which I think deserves consideration from you. I believe that this matter is one of the things which you requested to be informed about in regards to the situation the Japanese are facing today.

The Commercial Investment Trust Corporation is pressing Japanese account holders of installment contracts to immediately pay up the balance due on such contracts or else. Of course, these contracts read that if the finance company deems the indebtedness insecure, it may ask for immediate settlement. But, then you must realize that this insecurity is not due to ordinary conditions, as far as the Japanese are concerned.

Also, many of the Japanese receiving such notices are living in the unrestricted area who are not involved in evacuation as yet.

May I ask your cooperation to look further into this matter?

Very truly yours,

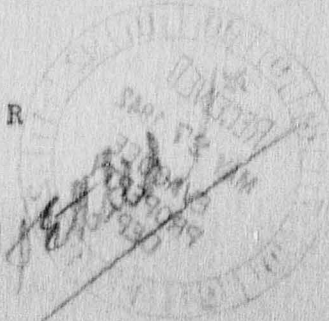

AMERICAN LOYALTY LEAGUE

Principal property involved and scope of problem:

Mrs. Soto stated that on Aug 22, 1941 they purchased a Ford V8 Sedan for \$247.⁵⁰ making a down payment of \$7.¹⁵ and a contract calling for 15 monthly payments of \$16.⁵⁰ plus, or a balance owing of the original amount of \$247.⁵⁰ at the time of purchase, all payments are up to date with the exception of the November payment which was \$8.⁰⁰ instead of \$16.⁵⁰ and which was agreeable to State Finance Co holders of the lease contract. Mrs Soto said the State Finance Co came out yesterday and took the car away in spite of the fact that they were ready to make the April payment, the balance now owing is \$140.⁰⁰

Action taken:

I explained all of the questions involved in retaining the car, but Mrs Soto insisted on keeping the car. I then called the State Finance Co with the result that the manager wanted permission to write their San Francisco office and report back in 3 days.
