MEMORANDUM TO: Field Staff

FROM: Mr. Armstrong

Field Office will be staffed by following:

1. Federal Security Agency representative to handle interviews in first instance, disposing of problems within its scope, such as transportation, evacuee permits, etc., and referring property problems to Evacuee Property Department and agricultural problems to Farm Security Administration man.
2. Farm Security Administration man to handle agri- 256
cultural problems presumably being prepared to extend current financial aid to evacuees or agents where funds are not otherwise available.
3. Our own Evacuee Property Department man.

Field agents for Evacuee Property Department should keep in close touch with us by telephone and correspondence. We will endeavor to issue supplemental instructions as soon as possible.

Livermore, Calif.
March 16, 1942

Federal Reserve Bank
San Francisco, California

Dear Sir:

Am writing to you in regards to our property.

My husband is an Italian alien. I am a citizen,
an American.

We will have to evacuate from this area soon.

Mr. LeConte is a farm laborer. He does not earn
enough wages for us to make our payment here and to
pay rent some place else. We cannot rent our place
as we have no well.

We have twenty acres. We owe about \$1,000 on
the property. We would not want to lose it.

We would like to have the mortgage froze if we
could until we could come back or sell it.

Would you please advise us what we can do.

Thanking you kindly.

Sincerely,

/s/ Mrs. Frank LeConte
Rt. 1 - Box 200,

Principal property involved and scope of problem:

Interviewee first came into this office 4/28/42. Owns half interest (together with his father who owns the other half) in about 4 1/2 acres of ground at above address, on which there is 1 6-room house, 3 bedrooms, no bath; & 1 4-room house, 1 bedroom & bath; 1 3-car garage; boiler house; 1 electric pumping plant; 5 greenhouses (large). Property free & clear of encumbrances. Intends to lease to one James Dunbar of Lewellyn Road, San Lorenzo, California for duration, in 1 year periods at \$75:00 to \$100:00 per month.

would this office have any objections?

Action taken: * No objections whatever. Sent him to his attorney, Mr Philip Marlin Haley of Hayward California, to draft lease; Mr Dunbar could not get into Haley's office for some several days to sign; so phoned Mr Haley requesting him to use all arguments to get interested parties to sign lease before leaving his offices. Haley phoned me today at 1:00 P.M. stating lease to Dunbar for 2 yrs at \$100:00 per month, was signed, sealed & delivered as of 5/4/42. CLOSED.

FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

April 10, 1942

Field Representatives
Evacuee Property Department

Instruction letter No. 19

SUBJECT: RESPONSIBILITY FOR PROTECTION OF EVACUEE PROPERTY

Reference is made to Instruction Letters No. 4 (Special Blocked Property) and No. 8 (Exercise of Freezing Control).

We have every reason to believe that evacuation in remaining areas will be carried forward in a comparatively short time. Experience indicates that the actual evacuation is greatly facilitated when property problems have been satisfactorily adjusted prior to notice of evacuation. We therefore urge that every effort be made to contact potential evacuees in your area to the end that a solution be found to any property problems they may have.

We wish to reiterate that it is our responsibility to see that such settlements are carried through on an equitable basis. It is not sufficient merely to advise the evacuee to settle his affairs or consult his creditors. You should, in each instance, go sufficiently into the details of the problem to satisfy yourself as to the character of the problem and then follow through until you have definite knowledge that it has reached a satisfactory conclusion.

We further request that you review your interview files and, in instances in which advice was given but you do not know the final disposition, that you endeavor to contact the evacuee and learn from him the results of his efforts. This will then enable you to complete your file.

Your reports and records should fully set forth a complete history of the case so that in future the file will reflect fully the problem presented and the solution arrived at. Remember, undoubtedly cases will be found in the future in which we shall be called upon to defend our actions.

That we have not had referred to us more critical cases raises a question in our minds as to whether field representatives are getting close enough to the problems presented, and being thorough enough in their investigations. We of course do not welcome the use of the freezing power; nevertheless, such power is available and, as previously instructed, you should promptly contact the office of the Federal Reserve Bank of San Francisco in your zone if its use seems desirable.

N.M. Hale

Vice President

Hayward, California.

April 28, 1942

SUBJECT: Proposed Japanese Evacuation Operation

TO: All Civilian Agencies, Wartime Civil Control Administration

1. It is proposed to evacuate all persons of Japanese ancestry, both alien and non-alien, who reside within the following area:

All of that portion of the County of Alameda, State of California, within the boundary beginning at the point where the southerly limits of the City of Oakland meet San Francisco Bay; thence easterly and following the southerly limits of said city to U. S. Highway No. 50; thence southerly and easterly on said Highway No. 50 to its intersection with California State Highway No. 21; thence southerly on said Highway No. 21 to its intersection, at or near Warm Springs, with California State Highway No. 17; thence southerly on said Highway No. 17 to the Alameda-Santa Clara County line; thence westerly and following said county line to San Francisco Bay; thence northerly, and following the shoreline of San Francisco Bay to the point of beginning.

2. Refer to letter of this Headquarters, subject "Japanese Evacuation Operation", dated April 23, 1942.

3. Pertinent Data:

Exclusion Order to be numbered 34.

Posting of Area: Between 12:00 noon, Sunday, May 3, 1942 and 5:00 A.M., Monday, May 4, 1942.

Control Station: 920 "C" Street
Hayward, California

Registration: 8:00 A.M. to 5:00 P.M., Monday and Tuesday, May 4 and 5, 1942.

Processing: 8:00 A.M. to 5:00 P.M., Tuesday, May 5 to Thursday May 7, 1942 inclusive.

Movement: Friday, May 8, 1942, 500 persons.
Saturday, May 9, 1942, 500 persons.

Destination: Tanforan Assembly Center.

Exclusion Date: 12:00 Noon, Saturday, May 9, 1942.

Private Automobiles: Transportation by private automobiles in supervised groups authorized.

Medical Examination: Preliminary examination required at Control Station; complete examination at Assembly Center.

4. Attention is invited to the Classification, "Restricted", of this communication. The information contained herein is for official use only. No publicity relating to the matters contained herein is authorized until the posting of the applicable exclusion order.

Attention: Mr. Gibson

Dear Mr. Gibson:

In accordance with your request concerning the balance due us from Joe Takata, Pescadero, California, on retention title conditional sales contract, please be advised that the following are the facts surrounding this distressed account:

Joe Takata came to us in February of 1940 and purchased two Model 35-A John Deere 4-row beet and bean cultivators for \$165.62, including sales tax, upon which he made a down payment of \$80.00, leaving a balance of \$85.62 for which he signed a retention title sales contract with due date stipulated as April 20th, 1940.

At about the same time that he signed the conditional retention title sales contract for the cultivators, he also made open book account purchases amounting to \$84.94.

Although, and the record will show, we contacted Mr. Takata personally on innumerable occasions, besides writing him about his distressed accounts, we were never able to get a settlement from him. Not having too much confidence in the character and capacity of Mr. Takata, we did insist before making any deliveries to him on his obtaining a guarantee from a commission firm that he was doing business with, and we obtained a letter from the Sunrise Produce Co., 143-147 Washington Street, San Francisco, California over the signature of Mr. L. Giovannini, guaranteeing that if Mr. Takata did not pay us, they would.

We did not like to use this guarantee until after we had, in our opinion, exhausted every effort to try and get Mr. Takata to pay his account direct. However, in December 1941 after having failed to effect collection from Mr. Takata, we took advantage of the guarantee and negotiated a settlement whereby the Sunrise Produce Co. would pay us a flat \$150.00 to be applied:

Santa Cruz 2500

Mr. Price. He pay 9000
Sunrise Produce Co.
then go after him
legally. He
will do this.

PM Powell
of Sunrise Produce Co.

206765

4-27-42

(a)	To the retirement of the old book account in the amount of	\$ 84.94
(b)	To the credit of interest on the cultivator contract to December 5th, 1941	10.79
(c)	Balance to the credit of the principal balance due on contract (\$85.62).	<u>54.27</u>
TOTAL		\$ 150.00

The reason that we did not collect the total amount due on both open account and contract was because the Sunrise Produce Co. pointed out that the cultivators would be of no value to them and because we were in the equipment business, requested that we pick same up in settlement of the balance due us. While we were not particularly anxious to do this, because we had been informed the cultivators were pretty well "shot", the writer did feel that it would only be the decent and fair thing to do with the Sunrise Produce Co. to assist them in such manner, and we did accept their check in the amount of \$150.00 in full settlement of their responsibility to us under the terms of the letter guarantee, but with the understanding that the balance due us would be secured by Takata's cultivators, providing that Takata would not pay the balance due.

Subsequent to December 30th, the date of receipt of the Sunrise Produce Co.'s check, we had our Field Credit Representative try to locate Takata or the cultivators, and when the cultivators were located and our truck was sent to Pescadero to pick them up, Takata's wife refused to produce the cultivators or deliver them to our truck because, according to our truck driver, she claimed the Sunrise Produce Co. had paid for the machines.

Normally on repossessions we expect to be compensated for the time our truck is in use, and we feel that we should be entitled to a reasonable charge in the case under discussion, but because it has been such a miserable situation and in view of the misfortune confronting the debtor, we are perfectly agreeable to accepting either the balance due us in cash or the two cultivators.

I have had the interest computed to May 1st which will allow a few days for this matter to clear your desk, and the total that should be due us on the first day of May will be \$32.61.

Thanking you for any assistance either your bank, yourself or someone associated with you for doing what you can to help us get this miserable,

\$ 32.61

Federal Reserve Bank

-3-

In reply refer to:
WFA-LIH, Jr.

FOR ACTION AS INDICATED

TO ALL DISTRICT OFFICERS AND FIELD AGENTS,
EVACUATION AGENTS AND SPECIAL NEGOTIATORS

SUBJECT: Disposition of
Farm Machinery and Equip-
ment to or through
Equipment Dealers.

Our experience to date has indicated that in many instances in which Japanese have been able to effect arrangements for the care, management, operation, sale or other disposal of agricultural property, these arrangements result in the Japanese leaving on his hands miscellaneous items of farm machinery and equipment which substitute operators, for one reason or another, do not need or are unable to use. In an effort to eliminate the problems presented thereby and to prevent the destruction, scrapping and sale for junk of such equipment which is so vitally needed at the present time, I have contacted the trade association representatives of farm equipment dealers in California and propose to contact the trade association representatives of such dealers in Oregon and Washington. The purpose thereof is to enlist the assistance of such equipment dealers in developing a program whereby such farm equipment and machinery will be purchased by such dealers or will be accepted for storage and sale in the ordinary channels of trade in the agricultural communities in which such property is presently located.

The trade association representatives have expressed a sincere desire to cooperate in developing such a program and have indicated they would proceed to contact local equipment dealers and to urge them to assist in the accomplishment of this objective. The trade representatives were advised, and they in turn have agreed to advise the individual dealers, that in participating in such program they must not attempt to purchase machinery or to exercise rights with reference thereto where doing so will interfere with the ability of an evacuee to transfer and the ability of a substitute operator to receive and take over a complete and effective farm unit. In other words, this particular program is confined only to equipment not needed by substitute operators to enable them properly to continue with the agricultural operations of the evacuees. The local equipment dealers will be advised to contact field agents, evacuation agents, and special negotiators of the FSA and, consequently you may expect within the next day or two to receive inquiries from equipment dealers. A list of the principal farm machinery dealers in the states of California and Arizona is attached hereto.

The general plan of procedure is somewhat as follows. Evacuees will be urged to sell and dispose of such items of equipment by sale to third persons, including equipment dealers, who may be able to use such equipment for agricultural purposes and, in the event such sales may not be made, to enter into agreements with equipment dealers providing for the storage. (because of the desire of the military authorities that conventional storage facilities not be utilized for such purposes, the storage will in most instances be in open areas) of all items of agricultural equipment, except motor vehicles as defined in WCCA Form FRB-4, a copy of which is attached hereto. Such agreements will further authorize and empower an equipment dealer to sell the equipment for the account of the evacuee, to retain a sum to be agreed upon as a sales commission (the suggested commission is 15 percent and should be no greater), to satisfy any liens or indebtedness against such items and to transmit the balance to the evacuee or to deposit it in trust for him. A copy of a suggested agreement form (WCCA-Form FSA-119) to be used by evacuees and equipment dealers is attached hereto. While it is not compulsory that such form be used, it is desirable that you urge its use.

It is proposed that the evacuee tag each item of equipment to be delivered to or possession of which is to be taken by a dealer. A form of tag (WCCA Form FSA-43) which may be used for this purpose is being made available to you. As you will observe, it is contemplated that the stub will be filled out and signed by an authorized representative of the dealer. This stub will constitute the evacuee's receipt.

Such arrangements between evacuees and equipment dealers should be entered into as soon as an evacuee has completed arrangements for the disposal of the remainder of his agricultural property. After an evacuation control center has been set up, it is imperative that every effort be made to see that such arrangements are effected by the evacuee. While it is contemplated that the FSA will accept the custody of such items of equipment pursuant to custody agreements and powers of attorney, Form WFA-100 (See WFA Instruction 951.2), where evacuees are unable to make any other arrangements therefor, the instances in which the FSA does accept custody of such items should be kept at an absolute minimum, particularly since the continuity of agricultural production will be furthered if all equipment is absorbed in the customary trade channels.

Yours sincerely,

Laurence I. Hewes, Jr.,
Regional Director.

WARTIME CIVIL CONTROL ADMINISTRATION
UNITED STATES DEPARTMENT OF AGRICULTURE
FARM SECURITY ADMINISTRATION
EQUIPMENT DEALER STORAGE AND SALE AGREEMENT

TO: _____
(Name of Equipment Dealer)

(Address) (City) (State)

I hereby inform you and represent as follows:

a. That I own or have an interest in the personal property hereinafter described (subject to the indebtedness hereinafter shown), which property is located on or used in connection with the operation of a farm located in _____ County, State of _____, and more specifically described as follows:

b. That being subject to evacuation or having already been evacuated from the military area or zone in which such farm is located, I am or have been compelled to move therefrom;

c. That I understand that you are willing to accept such property for storage at my risk and to undertake to sell or dispose of such property for and on my behalf.

NOW, THEREFORE,

1. I agree to and hereby do deliver to you and authorize you to take physical possession of the items of personal property hereinafter described and request and authorize you to care for and store such items in such manner as you may determine, including storage in open areas, such storage to be at my sole risk. I agree that no liability or responsibility shall be assumed by you with reference to any items which are not found or for any act or omission in connection with the storage of any such items and I further understand that no insurance upon such property will be provided.
2. I hereby further request and authorize you to sell or dispose of such items in such manner as you may determine and to do all and any acts which you deem necessary for such purpose, provided that you may not sell or dispose of any of such items for less than the minimum sale prices hereinafter specified, except with the consent of the local U. S. D. A. County War Board, or the Executive Secretary thereof.
3. You are hereby authorized to retain out of the proceeds derived from the sale of any such items an amount equal to _____ percent thereof as your commission and in full consideration of the services rendered by you under this agreement, such commission to cover all costs of storage, all

expenses of sale and other costs, if any, including costs of delivery.

Out of the remainder of the proceeds realized from the sale of any particular item, you are hereby authorized to satisfy and discharge the amount of the indebtedness herein shown to exist against such item, plus interest upon such indebtedness and either (1) to deposit the balance thereof to my credit in the following named bank _____ at

_____, notifying me thereof, (2) to transmit such sum to me, by means of a cashier's check or money order, (3) to transmit such sum to the camp operated by the War Relocation Authority at which I am stationed for my account, or (4) provided that no one of such methods of proceeding may be followed, to deposit such sum in a separate trust account, indicating the fact that such sum is deposited in trust for me and notifying me thereof.

4. To enable you to carry out the purposes herein mentioned, I hereby constitute and appoint you my attorney-in-fact to do all and every act I could myself do if personally present with respect to such personal property and I hereby ratify and confirm all acts that may lawfully be done in pursuance of this power.
5. I hereby agree to indemnify and save harmless you, your agents, sub-agents, officers, servants and employees and all of them, for any matter or thing done or caused to be done in the exercise of this power and further release you, your agents, sub-agents, officers, servants and employees and all of them from any and all claims by, and from any liability whatsoever to, me by reason of any act of commission or omission, pursuant to this agreement and authorization - except acts unlawfully and wilfully done.
6. If and when this agreement and authorization is accepted in writing by you the terms and provisions hereof shall be irrevocable on my part and shall remain in full force and effect until the purposes of this instrument have been fully executed.

<u>Itemized Description</u>	<u>PROPERTY TO BE DELIVERED</u> <u>Indebtedness Against</u>	<u>Minimum Sale Price</u>
-----------------------------	--	---------------------------

Dated this _____ day of _____, 1942.

WITNESSES TO SIGNATURES OF EVACUEE(S):

Evacuee(s)

ACCEPTED AND AGREED TO THIS _____ DAY OF _____, 1942.

BY _____

(Official Title)

**WESTERN DEFENSE COMMAND AND FOURTH ARMY
WARTIME CIVIL CONTROL ADMINISTRATION
San Francisco, California**

**INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES**

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

**PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES**

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Agreement Regarding Disposition of Motor Vehicle

★

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. _____ set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

Executed at _____ this _____ day of _____, 1942.

FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

April 4, 1942

Field Representatives
Evacuee Property Department

Instruction letter No. 12.

SUBJECT: STORAGE OF PERSONAL PROPERTY AND TREATMENT OF MOTOR VEHICLES

We are enclosing for your information the following:

1. Personal Property Form (WCCA - Form FRB-2)
2. Motor Vehicle Registration Form (WCCA - Form FRB-3)

These forms are intended for use in connection with controlled evacuation operations in each area as evacuation occurs. They are forwarded to you in order that you may be apprised of the procedure to be followed in this connection.

PERSONAL PROPERTY FORM (WCCA - FORM FRB-2)

This form is provided at Civil Control Centers by Federal Security Agency Representatives to permit evacuees to indicate the household furniture and other personal property of a substantial nature, crated articles and inventories of acceptable merchandise properly crated, which the evacuee proposes to store with us. The use of this form is discussed in Instruction letter No. 11.

As is indicated, this bank will arrange warehouse facilities at owner's risk for the above types of property which the evacuees desire to leave in our care under those circumstances, as each area is evacuated.

In this connection, Field Representatives are requested to investigate warehousing facilities in their respective areas to determine what storage will be available when the need arises. The Army has requested that we do not make use of existing private warehouse facilities, but that we endeavor to obtain facilities not now in use or the use of which would not be anticipated for regular storage purposes.

In considering storage facilities, it should be borne in mind that unloading facilities such as door space should be adequate in order to minimize the need for tying up numerous vans and trucks at the warehouse point through bottleneck of unloading facilities.

As not only must we arrange for storage but for pickup of goods as well, Field Representatives are also requested to explore with local drayage companies possible arrangements for them to pick up property from various addresses, moving it to and storing in such storage location as may be obtained at which point our representatives will check it in and guard the goods.

Field Representatives
Evacuee Property Department

Instruction letter No. 12.

April 4, 1942.

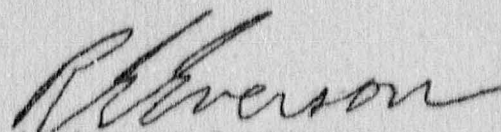

SUBJECT: STORAGE OF PERSONAL PROPERTY AND TREATMENT OF MOTOR VEHICLES

Please make your preliminary investigation and give us the results of your survey.

MOTOR VEHICLES REGISTRATION FORM (WCCA - FORM FRB-3)

This form is for use in connection with the obligation placed on this bank to make arrangements for the storage of such motor vehicles as evacuees may desire to place in our care in open-air storage at the risk of the evacuee. It is intended that this form shall be completed at the Civil Control Center by our representatives. The plan contemplates that the form will be prepared from the registration certificate and identification tag of the evacuee, in triplicate. The details of the use of the form will be the subject of a separate Instruction Letter.

It is intended that space will be provided at Assembly Centers or other places which may be designated later for storage by this bank at that point.

Assistant Cashier.

SIGNED _____

*Representing the Federal Reserve Bank of San Francisco,
as Fiscal Agent of the United States.*

PLACED IN STORAGE AT _____

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

MOTOR VEHICLE REGISTRATION FORM

Instructions to Owner

To be accepted for storage by the United States Government, the motor vehicle must be in proper running order.

The procedure for registering and storing a motor vehicle is as follows:

- (a) The State Motor Vehicle Registration Certificate for this vehicle must be submitted at the Civil Control Station, and three copies of this form (FRB-3) will then be prepared.
- (b) Two copies of this form, together with the Registration Certificate, will be handed to the evacuee for his retention until arrival at the designated Assembly Center. The third copy will be retained at the Civil Control Station.
- (c) The evacuee will be given an identification tag which he will tie securely to the steering apparatus of the motor vehicle.
- (d) On arrival at the Assembly Center the evacuee will deliver to the representative of the Federal Reserve Bank of San Francisco the two copies of this form, the Registration Certificate, and the keys to the vehicle.
- (e) The representative of the Federal Reserve Bank of San Francisco will check all numbers on the form and if found to be correct will acknowledge receipt of the motor vehicle by signing one copy of the form and delivering it to the evacuee.

If the motor vehicle described in this form is lost, damaged, or destroyed as the result of negligence while it is in the possession or custody of the United States, or any agency acting for it, the Congress of the United States will be asked to take appropriate action for the benefit of the owner.

Mrs. Minnie Crocker owns the following prop.:

Field Representatives
Evacuee Property Department Instruction letter No. 11.

SUBJECT: USE OF PERSONAL PROPERTY FORMS, WCCA FRB-2.

We are enclosing, for your information only, a memorandum prepared for the use of our representatives in the first WCCA office established in San Francisco.

You will observe that we have outlined a method of procedure in the preparation of the handling of the Form, in which we have gone into quite some detail.

It does not necessarily follow that all subsequent offices will use the same procedure, as conditions in various locations obviously will not be the same, and will result in amending such procedure from time to time.

W. H. Henson

Assistant Cashier.

Enclosure

MEMORANDUM

April 2, 1942

SUBJECT: Use of Personal Property Form (WCCA FRB-2)

Evacuee's First Visit

These forms will be available at all WCCA offices, and normally will be handed to evacuees by the representative of the Federal Security Agency at such offices, at the time the Family No. is assigned. It is believed that the "Instructions to Owner" for the preparation of the form are complete and self-explanatory.

The evacuee should take 4 copies of the form to his place of residence for completion, including the "Personal Property Inventory List" on the reverse of the form.

Evacuee's Second Visit

All copies of the form should be returned to the Evacuee Property representative, who should check them for conformity, delivering one copy to the evacuee for his record.

It should be explained to the evacuee at this time, that any property not included in the Inventory List will not be taken from the residence at the time that the other items are removed therefrom. For example:

If a stove, refrigerator or any other item is found at the place of residence and is not included on the Inventory List, it will be assumed that such items belong to the landlord or that proper arrangements have been made with a finance company, or other person, for their disposition. This point cannot be too strongly emphasized.

It should be explained to the evacuee that all such items as stoves to be stored with us, should be disconnected and that wherever possible, goods should be crated for their protection, as we do not assume any responsibility for breakage, etc.

The evacuee should then be given a sufficient number of Storage Tags (WCCA Form FRB-1), bearing in mind at all times that the number of pieces indicated in the columns provided for that purpose on the Inventory List, would not necessarily indicate the number of tags needed. For example:

In moving and storing a grand piano, the three legs are removed therefrom, therefore, a grand piano might require 4 storage tags. Likewise, a bed will consist of the headboard, footboard, side rails, slats, springs and mattress, and consequently would require at least 6 tags. The storage tags must be completed by the evacuee, giving the family name, Family No. and indicating the office of issuance, i.e., San Francisco.

At this time arrangements must be made so that the furniture movers will have access to the property. If the keys to the premises are delivered to us, we should immediately attach Form VT 17D, which was not drawn for this purpose but which will suffice until such a form has been prepared. The evacuee's Family No. should be shown on this form, as well as his name and address - and most important, the name and address of the person to whom the keys are to be returned after the furniture has been removed from the premises. If the key is not delivered to us the evacuee must indicate on the form, the name and address of the person holding the key, who must be located in the immediate vicinity.

Drayage Instructions

The first copy of WCCA Form FRB-2 should be delivered to the person designated as a coordinator for the various moving concerns, who will take care of the furniture from this point to the time that it is actually delivered in our warehouse. The second copy will be placed with other similar forms, arranged numerically, and delivered to our representative at the warehouse. The third copy should be retained by our representative in the WCCA offices, in a numerically arranged file.

Delivery of Furniture at Warehouse

Arrangements have been made with the furniture moving people, not only to take care of the cartage but also to properly stack the furniture in the warehouse. Therefore, we will not receipt to the driver of the van, for furniture off the tail-gate, but rather will make our check of the inventory as the furniture is stacked.

On the Inventory List, immediately following the description of the article, the moving people will indicate, in the column headed "Article", the number of pieces which are being delivered. For example:

Piano, Grand - 4

Our representative, in checking the goods into the warehouse, will indicate the number of pieces in the column "Rec'd", which should correspond with that inserted by the movers, and we will receipt on a form provided by the movers for the total number of pieces indicated in the "Rec'd" column, rather than the number of pieces indicated in the column headed "Number of Pieces".

After the Personal Property Inventory List has been checked, the checker will retain the list until the end of the day, or some other convenient time, to be delivered to our representative at the WCCA office.

Because of the possibility that a great number of items, particularly refrigerators, have not been completely paid for, and it might therefore be necessary to examine these items for Serial Nos., etc., in connection with claims from the finance companies, we have requested that in storing the furniture, refrigerators be placed as close to the aisle as possible, so that they will be more readily available.

Office Routine

After the furniture has been properly stored, receipted for to the movers, etc., copies of WCCA Form FRB-2 will be returned to the Main Office of the Evacuee Property Department for proper distribution to the War Relocation Authority and the evacuee.

Field Representatives
Evacuee Property Department

Instruction Letter No.13

SUBJECT: ASSEMBLY CENTERS

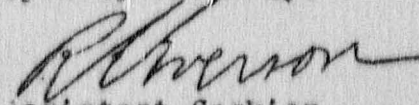

The following is a list of Assembly Centers for various areas in Military Area No.1 which the Army has tentatively determined will be available for use in the controlled evacuation program:

<u>State</u>	<u>Capacity</u>	<u>Location</u>
<u>Washington</u>		
Puyallup	8000	Fair Grounds
Yakima	1200	Golden Hop Yard near Toppenish
<u>Oregon</u>		
Portland	6500	Pac.Int.Livestock Expo- sition
<u>California</u>		
Arcadia	15000	Santa Anita Race Track
Sacramento	5000	Wallergero Advanced Depot
Stockton	5000	Fair Grounds
Marysville	3000	Sec's. 19 & 30, T. 14 N., R.4E., "D.B.& M., about one mile S. of Marysville
Turlock	4000	Fair Grounds
Tulare	5000	Fair Grounds
Merced	5000	Fair Grounds
Fresno	5000	Fair Grounds
Pinedale	5000	Sec.32, T.12S., R.20E., M.D.B.& M.
Salinas	3000	Fair Grounds
Pomona	5000	Fair Grounds

In most cases, areas in the Assembly Centers will be available for the parking of motor vehicles at owner's risk under guard provided by this bank; in other cases it may be necessary for us to arrange for automobile storage space.

The general procedure in the evacuation plan at this time contemplates the establishment of Civil Control Centers as valves of the areas to be drained, as those areas are reached, with a view toward processing the evacuees at that point, including making arrangements for disposition of their properties, and then directing the evacuees to the Assembly Center for transportation to re-settlement areas.

The general program will vary in specific instances, but the general outline has been determined upon by the Army.

Instruction Letter No.14

SUBJECT: USE OF MOTOR VEHICLE REGISTRATION FORM, WCCA
FORM FRB-3 AND AGREEMENT REGARDING DISPOSITION
OF MOTOR VEHICLE, WCCA FORM FRB-4.

We are enclosing, for your information only,
a memorandum prepared for the use of our representatives
in Civil Control Stations, established or to be established,
throughout the military area.

We believe that the information furnished in
this memorandum, together with that contained in the two
forms mentioned, will give you a clear picture of the
manner in which the program is progressing, insofar as
motor vehicles are concerned.

Assistant Cashier

Enclosures

MEMORANDUM

April 4, 1942

SUBJECT: USE OF MOTOR VEHICLE REGISTRATION FORM, WCCA FORM FRB-3
AND AGREEMENT REGARDING DISPOSITION OF MOTOR VEHICLE,
WCCA FORM FRB-4.

Evacuee's First Visit

One copy of each of these forms should be given to the evacuee on his first visit, in order that he might study them and know the contents thereof.

Evacuee's Second Visit

The State Motor Vehicle Registration Certificate, for the vehicle, must be submitted at the Civil Control Station and should immediately be checked to see that the owner's signature appears on the reverse.

Three copies of each form should be prepared at this time and WCCA Forms FRB-3 and FRB-4 should be stapled together in sets.

Two sets, together with the Registration Certificate, and an identification tag which the evacuee will tie securely on the steering apparatus of the motor vehicle, should be placed in an envelope and handed to the evacuee at this time, with instructions to bring all of these documents to the designated automobile storage point at the proper time. The third set should be retained as office copies.

ALTERNATIVE NO. 2. (Sell to Army)

If Alternative No. 2 has been indicated, and the evacuee is the legal owner of the motor vehicle, he must at this time present the Ownership Certificate, duly endorsed (lines 1 and 2 on reverse) and the Ownership Certificate should be attached to the office set of WCCA Form FRB-3 and FRB-4. The endorsements must be exactly the same as the name inscribed on the face of the form.

If Alternative No. 2 has been selected and the evacuee is not the legal owner of the motor vehicle, the Ownership Certificate, being in the hands of the legal owner, will obviously not be available.

Delivery of Automobiles at the Place of Storage

From the above, you will observe that when the evacuee arrives at the place of storage, the only documents he will present, will be the tag to be placed on the steering apparatus, two sets of WCCA Form FRB-3 and FRB-4 and the Registration Certificate. At this point, all the numbers appearing on WCCA Form FRB-4 should be thoroughly checked, together with the information concerning accessories, etc., and any exceptions should be noted on both copies of the form. Inspection should be made to see that the tag is securely tied to steering apparatus. The space provided for "Receipt for Vehicle" on WCCA Form FRB-3 (both copies), should be completed and one set handed to the evacuee. The remaining set should be held and delivered to the Main Office of the Evacuee Property Department, together with the Registration Certificate and the Keys.

Handwritten notes:
Should have Form FRB-3
all done
10/16

**WESTERN DEFENSE COMMAND AND FOURTH ARMY
WARTIME CIVIL CONTROL ADMINISTRATION
San Francisco, California**

**INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES**

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

**PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES**

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. _____ set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

Executed at _____ this _____ day of _____, 1942.

Family No. _____

Evacuee Property Department Instruction letter No. 15.

SUBJECT: INFORMATION AVAILABLE TO THE PUBLIC

We have previously stressed that information contained in Instruction Letters is of a confidential nature, however, information contained in printed forms which are already being used in Civil Control Stations, is in the hands of the public and you should discuss freely such information contained therein, with persons interested in the subject. The Instruction Letters are for your own further guidance in such discussions.

The program of storing motor vehicles, furniture, etc., has been established and although we will not give service along these lines until the particular area is to be evacuated, you may nevertheless inform evacuees that such services will be available.

April 6, 1942

Federal Reserve Bank
440 Sansome Street
San Francisco, California,
Att'nt: Evacuee Property Dept.

Gentlemen:

Responding to Instruction Letter No. 12, dated April 4, 1942,
and received this morning, this office reports as follows:

In the Eden Township, which is a portion of the district
covered by this office, there are, as of April 6, 1942,
the following vehicles remaining in possession of Japanese,
both citizens and aliens:

Automobiles -	-	133
Trucks -	-	70
Trailers -	-	4
Station Wagons -	-	1

192

Before the close of business tomorrow, April 7, 1942, I will
have collected the same information regarding Washington Town-
ship, which is the other half of the Hayward District, and
will report it in tomorrow's report.

Yours very truly,

C. A. Gibson, Field Representative.

CAG:ao

Gentlemen:-

Supplementing my report of April 6 1942 and further reporting under instruction Letter No. 12, I find the following items remaining in the possession of Japanese in the Washington Township, Alameda County, California as of April 7 1942:-

Automobiles	- - -	96
Trucks	- - - - -	82
Trailers	- - - -	None
Station wagons		None

This report, coupled with my letter of yesterday, covers the automobile and truck situation in the Hayward district. Both reports add up to the following totals:-

Automobiles	- - -	210
Trucks	- - - - -	122
Trailers	- - - -	4
Station wagons		1

Total 346 motor

vehicles in possession of Japanese citizens and aliens in the Hayward district, as of April 7 1942.

Very truly,

C.A. Gibson
Field Representative.

Gentlemen:-

Available Warehousing Facilities.

A preliminary investigation covering buildings in the Hayward District available for storage usage discloses the following:-

- 5 School Buildings (owned by Japanese, some on leased ground)
- 1 Building in the City Limits of Hayward.

I am getting together information covering present condition of all these buildings, including dimensions (inside), height, floor and foundations; and will report further. Meanwhile do you want to send me any idea about rentals to be paid?
Very truly,

Army and selective service headquarters officials advise that all local draft boards have general instructions to provide registration stations for all persons in their areas required to register in fourth draft. Therefore if situations arise where enemy aliens or Japanese cannot reach registration facilities because no station or official available outside prohibited area you should immediately notify local draft board and if it does not provide such registration location or registrar you should contact area draft board coordinator requesting registration facilities be provided outside prohibited area. Provision has been made for registration of Japanese who are in assembly centers on registration dates but all others should register in compliance with presidential proclamation on these dates with local administration officials or board near their residences. In cases where team offices have been established in your area issue copies this wire to other team representatives.

Signed

FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

April 7, 1943

Mr. Albert E. McKean,
Alhambra Valley Road,
Martinez, California.

*4/16/43
Have heard nothing
from McKean. e.s.g.*

Dear Sir:

In acknowledgment of your letter of April 3 in which you indicate a desire to acquire some small type farm machinery of garden tractor type, preferably a Vaughn with complete equipment, we have noted your interest therein in our files and will communicate with you further should occasion arise.

We are also forwarding copies of your letter and our reply thereto to our field representatives, Mr. H. V. Vesie, 488 Black Diamond Street, Pittsburg, Mr. L. S. Dunham, 601 Nevins Street, Richmond, and Mr. C. A. Gibson, P. O. Building, Hayward.

We are also asking our field representatives in Pittsburg and Hayward to present your inquiry to the Farm Security Administration representatives at the same respective offices. It is our understanding that there is no Farm Security Administration representative at the present time in Richmond.

We have been advised that in the area adjacent to Hayward there are a number of tractors available for purchase. You might keep this suggestion in mind in your effort to acquire the equipment in which you have evidenced an interest.

Yours Very Truly,

[Signature]
Assistant Cashier.

FEDERAL RESERVE BANK
San Francisco, Calif.

Dear Sir:

Through your channel of custodian for Japanese assets etc. I thought perhaps there might be some possibility of locating some small type farm machinery.

I have a small F H A farm and am in need of a garden type tractor and prefer to have a VAUGHN with complete equipment.

Please advise what steps I may take, if any, toward making any acquisitions through these channels.

Very truly yours,

(Signed) Albert E. McKeen
