Mr. Fred C. Bold
Assistant Manager
Evacuee Property Department
Federal Reserve Bank of San Francisco
707 South Spring Street
Los Angeles, California

Dear Mr. Bold:

Your letter regarding the inquiry of Mr. Earl Stoll for the purchase of the property of H. Yosukochi, of San Luis Rey, consisting of a Pepper Drying Plant & Buildings in San Luis Rey, was received this morning.

We have had this property brought to our attention and we made an interview report on April 13, under the name of George Yosukochi, a member of the family who operates and is part-owner in this Pepper Drying equipment. We have telephoned Mr. Yosukochi this morning and verified our report of him, of April 13, that the Pepper Drying equipment, together with, 93 acres of land and the eleven trucks and tractors have been placed in the management and operation of Mr. Crawford, X. L. N. T. Tamale Co., 4301 Valley Blvd., Los Angeles, California, through Power of Attorney.

A Mrs. M. Harada, a business associate of Mr. Yosukochi, apparently owns the most interest in the Pepper Dryer and under the agreement with the X. L. N. T. Tamale Co., they are to have the use of the Pepper Dryer for drying 45 acres of peppers, and should they be able to dry peppers from surrounding acreage, Mrs. Harada will receive 50% and the X. L. N. T. Tamale Co. 50% of the returns from drying peppers for to other growers.

Mr. George Yosukochi informs me that this Pepper Dryer had an investment of over \$20,000.00 which makes the value suggested by Mr. Stoll, appear much under-appraised. Mr. Yosukochi suggested that should Mr. Stoll be interested in the drying of peppers from some connection he may have in producing peppers in this area, that Mr. Crawford of the X. L. N. T. Tamale Co., be contacted and negotiation taken up with him.

Mr. Yosukochi informs me, that at no time has his family or Mr. Harada, considered selling any of the property, having been successful in negotiating a satisfactory operating agreement with the X. L. N. T. Tamale Co.

We were expecting to write a completed report on this in our summing up the business of the evacuation in this area. The evacuees, as a whole, have been very successful in arranging their affairs satisfactorily.

Trust we have been able to give you the information desired regarding this matter.

Yours very truly,

C. D. Wood
Field Representative

FISCAL AGENT OF THE UNITED STATES

April 23, 1942

Mr. C. D. Wood
Field Representative
Evacuee Property Department
General Delivery
Oceanside, California

Dear Mr. Wood:

Today we had a telephone inquiry from a Mr. Earl Stoll of this city asking for information concerning some property in your immediate neighborhood which is owned by a Japanese, H. Yasagouchi of San Luis Rey. The property supposedly consists of chili dryer equipment with a value of \$5,000.- or \$6,000.-. This amount might also include a building which houses this equipment that is used as a factory, and it is also likely to be on leased land.

Mr. Stoll is anxious to either buy or lease this property from the Japanese, but understands that he has moved from that location. We are wondering if you have any information regarding either the Japanese whereabouts or if the property was listed with us for some disposition.

Possibly you might have heard of this set-up and if so, try and give us as many particulars as possibly in order that some kind of a deal can be effected between Stoll and the Japanese, rather than see the property abandoned, if such be the case.

Yours very truly,

Assistant Manager

P. S. If the information you are able to obtain appears to be important enough, it might be well to give it to us by telephone.

Principal property involved and scope of problem:

This case involved the obtaining of a purchaser for a house built on rented or leased ground. The owner of the land was contacted and his authorization obtained to remove the house and then we assisted in obtaining a buyer who paid \$100.00 and moved same at his own expense. We made the bill of sale and advised as to other small problems. This was a closed case within a week after first interview.

Dear Sir:

Mr. Henry Chuman, of Encinitas, being one of the Japanese evacuees from this area, has instructed us to take the matter up with your company regarding the compensation due him, from the sale of crates.

From his explanation we are advised he is expecting \$15 a car load for the amount of crates sold, by you and that your company had not been able to complete the records so as to remitt to him.

Should you desire to handle the remittance through our department and as we will close the Oceanside office, some time during next week, you may communicate with me up to Wednesday, May 20, 1942. Address:

"CELERY OUR SPECIALTY"

May 18, 1942

Mr. C. D. Wood
Field Representative
Federal Reserve Bank of San Francisco
General Delivery
Oceanside, California

Dear Mr. Wood:

We have your letter of the 16th advising that Mr. Henry Chuman of Encinitas has asked you to take up with us the matter of compensation due him by our company.

Mr. Chuman called me last Thursday regarding this and I told him that the only reason we hadn't had time to check it up was because the pressure of additional work brought about by the evacuation of the Japanese growers in this area and the fact that we had been compelled to take over a number of properties and our organization just had been overloaded trying to pick up the loose ends on those deals which we had assumed. I wrote Mr. Chuman Saturday to advise me what his records showed as to the amount of celery he had purchased and how much compensation we had paid him.

We employed Mr. Chuman in January to purchase for us on contract celery from the Oceanside area. He was suppose to work full time for us but instead of doing so, we discovered he only worked for us when he didn't have anything else to do and that he spent his time working on the automobile business and Japanese problems. Furthermore, every time he made a deal, we had to send someone down from Los Angeles to close the deal ~~for~~ for he didn't seem to be able to close any deals on his own initiative.

I don't think it is necessary ^{for you} to handle the payment, if any, due Mr. Chuman because if we owe him anything, we shall be very glad to pay him direct, and I am sure there isn't anything your office will do that will expedite such payment. We appreciate your good offers in the matter.

Mr. C. D. Wood

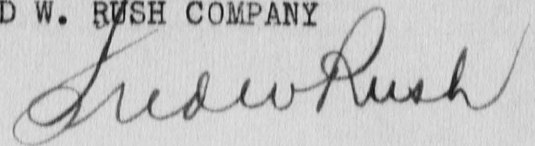

-2-

May 18, 1942

Our records show that we have paid Mr. Chuman something like \$150.00. Really that is just about all he actually earned. Like a lot of these Japanese who have been evacuated, I am afraid that he is simply trying to get all he can regardless whether it is due him or not, however, we shall clear the matter up with him just as soon as we hear from him.

Yours truly,

FRED W. RUSH COMPANY

Dear Mr Eddow:

Your letter of January 30 has been received enclosing the Registration Card for a Dodge Touring Sedan, and a Post Office Money Order #340781 for \$7.20.

Your letter is to the effect that the Bank of America NT&SA has been paid in full, and that you wish the car transferred to the name of your son.

Please forward the pink certificate, endorsed on line 1 by you, on line 2 by the Bank of America NT&SA with a full countersignature, and by your son Shig Eddow on lines 6 and 7. All signatures must be personal and written in ink.

It is also necessary that one of the three items outlined in the attached form letter is furnished by all persons involved who are of Japanese nationality.

There is due an additional fee of \$1.00 for the transfer.

Very truly yours,

Principal property involved and scope of problem:

This Case involved The Selling of a Tractor and equipment which had been taken over by the dealer with the understand he would obtain a buyer. However we found that he was only half trying to sell the same and he also had ordered \$94.00 of repair work done which involved more indebtedness making the case more difficult.

The out come was that a buyer was produced who had purchased a farm and the dealer was contacted and possession of the equipment was refinanced through the United States National Bank of San Diego at the total Balance due including the repair Bill. This saved the selling commission the dealer was expecting to charge should he have obtained a buyer, thus saving the Japanese about \$140.00 and probably the total loss of the equity. This was the close of a bad problem.

In re: Asakichi Sakuma.

Dear Mr. Wood:

Reference is made to the attached copy of the interview you had with Y. Hosohuma, Oceanside, California, when you were at that office. It so happens the name of Sakuma is mentioned in this interview and we have just received a letter from him, a copy of which is attached hereto, asking for certain information pertaining to the proceeds of sale covering his Chrysler automobile, of which mention is made in your interview.

The thought is that you might remember more of the details in connection with this interview which may have something to do with the letter that has just come in from Sakuma, who is now at Poston, Arizona. May we hear from you further.

Yours very truly,

Fred C. Bold

Re Asakichi Sakuma

Gentlemen:

The above named, formerly a resident of Oceanside, California, and now a resident of Poston, was the owner of a certain Chrysler automobile. He made negotiations for the sale of the automobile through the Federal Reserve representative at the WCCA office, the sale to be made through an attorney-at-law at Oceanside. Negotiations were completed prior to evacuation, and the Federal Reserve representative at the WCCA office in Oceanside was to secure the money from the attorney and send the same to Mr. Sakuma here in Poston, Arizona.

To this date, he has not received the money. Kindly advise whether your records show that the transaction was completed, or whether any money has been received. Thanking you in advance for this information, I am

Yours very truly,

K. Tashira

SANTA ANA, CALIFORNIA

May 12, 1942

Federal Reserve Bank of San Francisco
General Delivery
Oceanside, California

Attention: Mr. Kircher

Gentlemen:

Confirming our telephone conversation of this morning relative to Mr. T. Ikemi, please be advised that on April 1, 1942 Mr. Ikemi and wife released all claim to the property which they had under contract east of Oceanside back to the Santa Ana Mortgage and Investment Company, an affiliate of this bank, and quitclaimed said property back to said Company. At the time this was done, they were \$2000.00 in arrears in their payments and were also in arrears on their interest from May 1, 1941. They also owed this bank \$350.00 which it had advanced for the building of a lath house on the property.

This settlement with Mr. Ikemi on April 1st was made with the understanding that they simply occupy the house and pick the strawberries on the place until such time as they were evacuated from the property. The idea was that the strawberries would maintain them until evacuated. Since that time, a representative of the bank discovered that they had taken a house and a bunk-house off the property and at that time they were notified not to remove anything further from the property. Rumor again reached us that they contemplated further removals and on May 9th, we notified Mr. Ikemi by letter not to remove anything further from the real estate.

We believe that we are within our rights in insisting that nothing be removed from the property and must insist that everything be left intact. We would appreciate all the co-operation you can give us in maintaining this position.

Very truly yours,

FIRST NATIONAL BANK IN SANTA ANA

Mr. Ellis C. Zahniser
603 2nd Street
Oceanside, California

Dear Mr. Zahniser:

Your letter has been received in which you request us to return the \$1.00 transfer fee and issue the pink slip covering the described car without completing transfer. We are pleased to inform you that the "frozen" order covering all Japanese transfers has now been lifted. If it meets with your approval we would now be in a position to complete 1942 transfer on this vehicle in your name as sole owner.

However, if you do not wish to complete this transfer, it will be necessary to furnish a statement that your name appears on lines 6, 7, and 9 of the ownership certificate in error and that you never took possession of this vehicle as owner. It will also be necessary for the Yellow Mfg. Acceptance Corporation, 2121 Peralta Street, Oakland, to complete the enclosed application for duplicate certificate of ownership. Their name on the face of the duplicate certificate must be acknowledged before a notary public or an authorized employee of the Department of Motor Vehicles.

We shall then use 50¢ of the fee which we are holding to issue the duplicate certificate and return the balance of 50¢ to you.

Yours very truly,

Division of Registration

Re: 1936 Ford Touring Sedan, #18-2498414
Registered Owner:
Mitsuji & Keiichi Inouye

Gentlemen:

Having contacted and interviewed, Keiichi Inouye, the registered owner of the 1936 Ford Touring Sedan of which you hold a loan contract on, his explanation regarding the car is that he sold it to Charles Smith, in care of, Greenman and Son, San Diego, California, and only yesterday Mr. Smith, came into see us and advised us that he had written your office and informed you that he was taking over the Japanese car and would continue with the contract, in your favor. You no doubt have received this communication and are considering same for a satisfactory completion of the obligation.

Your question is similar of many we have been able to assist in, arranging affairs of Japanese, in various areas and we will be glad to hear further from you should we be able to be of assistance.

Re: Mitsuji Inouye and
Keiichi Inouye 1936 Ford
Sedan #18-2498414

Dear Sir:

H. Nathan, Special Agent in Charge Federal Bureau of Investigation, United States Department of Justice, San Diego, California, referred us to you in connection with our account on above described automobile.

Charles F. Smith, 738 F Street, San Diego, California, has taken over this car, but has not returned the papers that we sent to him for signature of Mitsuji and Keiichi Inouye and himself so that he can have the contract and title transferred to him. He also will not make any payments until he gets transfer papers completed. Since this account is delinquent for March 19th and April 19th payments we are very anxious to get the matter completed or take possession of the car. In case the delay is caused by Mr. Smith's inability to obtain signatures of the Inouyes, we are wondering if you could assist us in this matter, or advise what procedure to take.

Your early reply will be greatly appreciated.

Very truly yours,

MERIWETHER INVESTMENT COMPANY, LTD.

Re: 1936 Ford Touring Sedan, #18-2498414
Registered Owner: Mitsuji & Keiichi Inouye

Dear Mr. Wood:

The above automobile, in which we are interested as legal owner, is now located in the possession of the above named Japanese subjects at P.O. Box 517, Oceanside, California.

We have made an attempt to recover this automobile through a licensed reposessor and were informed that all property of any and all Japanese subjects in that area is protected by Government officials and held in storage for said Japanese.

Since we are naturally interested in securing the automobile or obtaining the balance due of \$203.58, we are writing you to ask just what steps we should take to recover the automobile or the amount due us.

We would appreciate a communication from you at your earliest convenience.

Very truly yours,

involved

This Case first ~~involved~~ the controversy between an old debtor and the Kurokawa's which when we called the debtor Mr. Jules Delphy he agreed at once to not press his old claim of some 10 years standing and allow the Kurokawa's to sell the frame house. Then the Lessor was wanting a settlement of rental for the past five months. Upon taking this up with the lessee there seemed to be a verble understanding that should the land not be cropped no rental would be charged. This We took up and finally adjusted on a cash payment of \$15.00. This adjustment only was effected on the last day of evacuation and we accepted cash and as the attached correspondence shows purchased a cashiers check and forwarded today to the Lessor Mr. Fred Pepperdine of Vista California. This making the case a completed and closed case. The above case necessitated making a trip to Vista some 15 miles each way.

Principal property involved and scope of problem:

This case involved several trips to the farm of the Japanese and also several conferences with the buyer of the farm which was handled by the F. S. A. The big question involved was of possession prior to evacuation and the cropping of the the place. The final outcome was that the purchaser allowed the Japanese the crop to a certain date and then took possession. This was a condition worked out by our department to bring the sale to a close.

Mrs. Rudolph E. Kelly
P O Box 578
La Jolla, California

*This Bill was
paid 4/21/42*

Dear Madam:

Mr. Fred Nakagawa, of Encinitas, California, being one of the Japanese evacuees of this district has taken up the matter of his past due wages for garden work contracted with him by you. The Federal Reserve Bank acting as custodian of the Japanese evacuees property, Mr. Nakagawa solicited our interest in the collection of his past due wages, the amount being \$19.50.

As the time approaches for this area to be evacuated and Mr. Nakagawa being obliged to leave by order of the Federal Government it is our desire to see that all property of the evacuee is brought to a satisfactory close as the Japanese will not be allowed to return to an area to transact any business.

Will you kindly remit to Mr. Nakagawa the amount of this past due bill for labor or if more convenient you may send it to the Federal Reserve Bank, General Delivery, Oceanside. As there is quite a misunderstanding between you and Mr. Nakagawa as to this claim for labor rendered and advice to this office, General Delivery, Oceanside, we will be glad to take the matter up as presented by you and obtain some satisfactory answer or solution that may exist with the merits of this claim.

Awaiting your early reply.

Principal property involved and scope of problem:

The problem involved in this case was that the Japanese had arranged to have the purchaser of the growing crops look after all of the cultivating and care of the various small properties leased. The question involved was that one of the owners of 4 1/2 acres refused to have the purchaser come on his land. This we investigated and found to be a personal affair of long standing between the parties so we took the stand that the purchaser was capable and would carry out his agreement with the Japanese and that until some thing occurred to show that the purchaser was not doing his end of the carrying out of the Japanese contract with the owner of the land there was no reason not allow the crop to be completed by the purchaser of the growing crop from the Japanese. This I took up with Mr. W. M. Paxton and he was agreeable to the letter we prepared for the purchaser to express his intentions of completing the growing of the crops.

Mr. W. M. Paxton
Oceanside, California

Dear Sir:

After several interview with Mr. Ellis Zahniser, regarding the agreement for continuing the production for the tomato crop located on your property and, which you have a rental agreement with the Japanese who are evacuating this area. There appears to be a very satisfactory and definite understanding by Mr. Zahniser to diligently pursue the cultivation of this crop to completion.

The enclosed letter handed us by Mr. Zahniser, sets forth to us his good intention and which we are accepting in good faith from him and will, naturally, expect conditions carried out to the end, so that, all concerned will be satisfied with the results.

Appreciating your concern as to the future condition of your property, I trust, that you will have occasion to be impressed with the satisfactory outcome.

Should at any time you desire to communicate with us regarding the operation of your crop handling, we will be pleased to hear from you.

ATTENTION: Mr. C. D. Wood-Field Representative

Dear Sir:

As a matter of record, I herewith confirm and agree that the conversation and interview relative to my deal with Mrs. Minokich Nakano, Oceanside, California, whereby, I have agreed to continue to cultivate and produce that certain crop of tomatoes as planted by Mrs. Nakano and son Ben Nakano, on that certain four acres, more or less, leased until December, 1942, from Mr. W. M. Paxton. In our agreement I herewith declare that for the mutual benefit of both Mr. Paxton, Mrs. Nakano, and myself, I will diligently and to the best of my knowledge and efforts bring this crop to a satisfactory successful production and, futhermore, agree to remove upon harvesting crop all growing plants of cut, dried or still growing, together with any and all tomatoes that may still be left on the ground after harvesting crop. I, futhermore, will cultivate and leave the ground in as good a condition as possible, both, as to cultivation and surface uniformity. The question of fertility depletion of the soil from growing crop is so negligible as to not demand a replenishing by fertilizing after harvesting of the tomato crop.

I have made arrangements to hire competent labor in bringing this crop to full production, thereby, assuring a satisfactory completion of the term of the lease. In making this declaration of intentions I appreciate the fact that Mr. Paxton desires to be assured that the land leased is not left in a damaged state, in which, I will endeavor to complete the, herein expression of my intention.

Dear Mr. Wood:

Re: Policy #540,162 - Koichi Nakamura
Policy #540,799 - Haruko Nakamura

It was very kind of you to write us on April 27th, on behalf of these two insureds who own the above contracts with us. We appreciate what they are trying to accomplish and shall briefly outline in this letter the present position of these policies.

The first policy is on the Endowment 25 plan for \$3,000, with an Annual premium of \$127.05, which includes the Disability Income and Double Indemnity benefits. As at October 30, 1942 the policy will be 12 years old and at that time will have a gross cash value of \$1,095.00, subject to a loan with interest of \$758.95. This leaves a net balance of \$336.05, which is sufficient to maintain the policy in force for several years under the premium loan clause, which is the automatic provision. This net cash value may be used to place the policy under the Extended Insurance feature, but if such is elected the benefits are automatically cancelled and if the insured subsequently applies for reinstatement, evidence of his continued good health will be necessary.

The wife's policy is on the Endowment 20 plan for \$2,000 with an annual premium of \$104.20, which includes the Double Indemnity benefit. On May 6, 1942, when an annual premium and loan interest will be due, it will have completed 11½ years. On this basis it will have a gross surrender value of \$960.00, subject to a loan of \$776.15 with interest. The net value of \$183.85 will maintain the policy in force for approximately three years under the premium loan clause, which is likewise automatic. This insured may also apply for Extended Insurance if she so desires.

In the event of any change in these policies certain forms will be required and we must have the beneficiary's signature in view of the Community Property Laws of this State.

Re: Policy #1,024,115-#1,295,312

Dear Mr. Wood:

In reply to your letter regarding these policies, we wish to advise that normally they would be continued in force under the Extended Term Provision. However, in these cases the period will be limited as the assured has borrowed the absolute maximum on the policies, and they have no reserve other than a small dividend allotted May 1 on the latter Policy, and a small reserve withheld on the first-numbered Policy to guarantee payment of the loan interest.

Therefore, to prevent the policies from cancelling, the assured should arrange for the payment of the premiums within the grace periods, which expire on June 1, 1942 on Policy #1,295,312, and December 15, 1942, on Policy #1,024,115.

If it will be of any help to the assured, we will of course be glad to change the mode of premium payments to ~~quarterly or semi-annually.~~

Yours faithfully,

M. E. Clubine
Branch Secretary

Principal property involved and scope of problem:

This case involved the settlement of a contract for Electric power service which had 13 Months to go and which called for a payment of \$ 52.50 in 6 equal payments commencing June 1st 1942. The Japanese also had on deposit \$50.00 to assure the payment of any electric power bill. The problem that arose was that the purchaser of part of the Japanese lease did not want to take over the Well and equipment that this power service had been contracted for and the Japanese was not going to crop or retain the Well use. The San Diego Power and electric Co. took the stand that if the power was not used they were damaged in the cost of installing the line and wanted not only the \$52.50 amount but an additional damage amount of a total of \$108.00 and would collect same by attaching the Well and holding the \$50.00 deposit of the Japanese. We took the matter up with Mr. Kircher who knew the Officers of the Co, in San Diego and after much discussion finally got a settlement of \$ 25.00 adjusted amount. This the Japanese was happy to do. This closed a hard case.

Mr. H. J. Kircher
Federal Reserve Bank
Evacuee Property Department
1165 Front Street
San Diego, California

Dear Mr. Kircher

The case of M. Suzawa and the San Diego Consolidated Gas and Electric Co., involving the contract for Electric service entered into by Mr. Suzawa and which now will be come impossible for him to carry out owing to his having to leave this area.

The Electric Company contends that Mr. Suzawa must recompense them for the service charge for the balance of one year on the contract. However, in going over the facts with the Oceanside office we find that the contract calls for six equal payments of \$8.75 a month beginning June 1, 1942. Owing to it being impossible for Mr. Suzawa to continue operating the acreage which is supplied with water from the well that the power service is furnished under, the Electric Company contract, Mr. Suzawa does not feel he should be obligated for the service charge.

There is also a deposit of \$50 to the credit of Mr. Suzawa held by the San Diego Consolidated Gas and Electric Co., to guarantee the payment of electric power used in pumping plant but as there is now no bills owing, Mr. Suzawa is asking the return of this deposit, which the Company continues to hold.

This office would appreciate it if you would take this matter up with the head office in San Diego, as any adjustment must come from them.

If we can be in San Diego during business hours, we will be glad to go with you and present this case to the Electric Company officials together.

With kindest regards.

Yours very truly,

C. D. Wood

Principal property involved and scope of problem:

This case involved the possible undue pressure of purchase as a complaint came into the San Diego Office of such. We upon investigating and interviewing both the Japanese as to thier intentions and understanding at the time of the negotiations found all parties had agreed to the deal as consumating. And upon more investigating determined that it was only a case of a possible sale at more money that actuated the complaint from out side individuals.

Made no suggestion of changing the status of the purchasers deal all parties being satisfied according to thier own expression.

Oceanside, California

May 15, 1942

STATEMENT

I worked the following days, for Jason Lee, on his ranch at Oceanside, California. I furnished labor and equipment for this work at the rate of \$1.50 per hour. This work can be verified by the Mexican foreman, now working on Mr. Lee's ranch. Mr. Lee, has refused to pay me this money, because, I had an argument and fight with him about a horse which I sold to him about a month ago. When I asked Mr. Lee for this money he became very angry, and struck me.

The hours that I worked are listed as follows:

April 20	9 hours
April 21	1 hour
April 22	1 hour
April 23	9 hours
April 24	8 hours
May 2	<u>2 hours</u>

Total 30 hours

Total 30 hours at \$1.50 per hour total \$45.00, which sum is now due me.

Signed:

Izumi Uchimura

Principal property involved and scope of problem:

This case involved the selling of a 2½ acres of strawberries by the Japanese and the purchaser complained of misrepresentation and ask relief or would not complete deal.

We looked into the merits and found that crop was planted on some land where no agreement existed as to tenancy. We were able to adjust the matter by the purchaser making a counter offer of \$500.00 instead of the original \$800.00. The seller had gone to Woodlake Cal. so the negotiations had to made by mail which took time and effort. The F. S. A. had taken an application for a loan which was turned down when the fact of the difference of property set came to light. This neccessitated the purchaser arrangements for the money which he accomplished and when the seller found that the cash was forthcoming he accepted and this completed the sale. We had trouble getting the purchaser to continue to work the berries and market same during the negotiations but did prevvail upon him to do so which was very fortunate for all concerned. This case was one of the most complicated.
