Dear Sir:

In reply to your letter of March 25, 1942, I find that Mrs. Hirano was evacuated from San Jose to Santa Anita on May 26 with other evacuees from Palo Alto.

I have looked over the property in Palo Alto which belongs to her daughter, Ethel Hirano, and find that there will be some income from it.

Ethel Hirano is now a patient at the Alum Rock Sanatorium in San Jose, having left Ross General Hospital some time ago. Her property has been left in the hands of Vandervoort Realty Company, Kenneth MacDougall, attorney-at-law and Mr. A. H. Wheeler, attorney-in-fact.

Yours very truly,

MEMORANDUM

Attention: Mr. Dake

Personal Property Form, Family No. 32158, was handed to me by the James Transfer Company of San Jose with the statement that the property listed on the form by K. Nozaki was not available, owing to a change in plans of Mrs. Nozaki. The transfer men called at 485 Bailey Avenue, Mountain View, and the householder, Mrs. Haines, informed them that Mrs. Nozaki wished these articles to be left with her, with the exception of the Singer sewing machine, which was later picked up at the Japanese Seventh Day Adventist Church at Mountain View.

I called upon Mrs. Haines at the above mentioned address after making inquiries regarding her at the Adventist Pacific Press. Mrs. Haines is an old resident of Mountain View and is very well thought of. She says she has been a friend of Mrs. Nozaki's for over a period of years.

Nozaki made out two property forms. One for "pick up" at the Japanese Adventist Church which consists of several pages of items, and this form herewith enclosed.

Re: Storage, San Jose, Calif.
Attention of Mr. Armstrong

The warehouse leased from the First National Bank of San Jose by the Federal Reserve Bank of San Francisco, at 250 South First Street in San Jose, for the storage of the Evacuees' personal and household property, was partly destroyed by fire yesterday at noon. Report of the fire was made to your office by telephone during the afternoon of May 21, 1942.

Later in the afternoon an inspection, together with the secretary of the First National Bank, Mr. Paul Rudolph, and Mr. F. L. Raineville, manager of the Rental Department of Clayton and Company, was made. We found the roof structure and the roofing of the building badly damaged and have estimated that it will take at least sixty days to reconstruct and repair this building in order that it may be in proper condition for storage.

As it is evident that the Federal Reserve Bank of San Francisco will be unable to use this warehouse, as previously contemplated, I have contacted the Pacific Gas and Electric Company, the San Jose Water Company, and the Telephone Company and have requested each of them to have their services discontinued immediately. The keys to the building have been turned back to the First National Bank.

Attention of Mr. Herbert Armstrong

Dear Mr. Armstrong:

I am enclosing herewith my Interview Report with Miss Taeko Noda of April 8 also a copy of exclusive sales contract of Portal and Lorigan.

Last week Mr. Lorigan informed me that he was instituting a suit against Miss Noda for a commission as stipulated in his contract with her. An answer must be made to the court by Miss Noda by the end of this week.

It is evident that Mr. Lorigan does not wish to stand by his word, formerly given to Miss Noda, that she would be released from the agreement. I consider that he has taken undue advantage of her immature years and lack of business ability.

I have had conversations with both of the real estate agents, The Title Insurance Company, and Miss Noda, and I am unable to induce them to come to any settlement in this matter. In my opinion, I think that an inquiry into the motives and the good faith of these agents should be investigated and consider the assistance of the Foreign Funds Control Investigative Unit of the Treasury Department is required.

Dear Mr. Eversen:

Referring to your letter of instruction No. 18 regarding preliminary storage at temporary location centers, after a conference with some twelve prominent Japanese Americans in this vicinity, most of whom are secretaries of J.A.C.L., the following locations were presented by them:

Campbell ----- Los Gatos, Saratoga, Campbell, Cupertino, Almaden.
District Chairman: Bill Yamamoto, Campbell 3520.

Santa Clara ----- Milken Corners, Agnew, Santa Clara.
District Chairman: Shig Kanemoto, S. C. 967M

Trimble Road ---- Alviso, Milpitas, Berryessa, Trimble Road
District Chairman: George Yamsoka

San Jose ----- Menlo Park, Evergreen, East San Jose
Chairman - Shig Masunaga, President

The members of the League are heartily in favor of the plan and are ready to go ahead as soon as they get the word. The only difficulty with this method is that the temporary storehouse might prove to be outside of the zone being evacuated.

Would the evacuees therein be allowed to go to the storehouse to place their "family numbers" on the various articles stored there after they have received their numbers?

This matter has been tentatively discussed with Mr. Armstrong by telephone.

However, I am preparing a list of buildings which might serve and will continue to secure other possible warehouses as well.

I have also contacted the manager of the James Transfer and Storage Company, possibly the principal transfer company in San Jose. Mr. Becker, of this company, assures me that when the time arrives the various transfer companies will work with the Federal Reserve Bank of San Francisco, along the lines as is being done with Bekins in San Francisco. He is familiar with the procedure there.

Transfer charges in San Jose are as follows:

\$5.50 per hour for a large van and two (2) men
\$1.50 per hour per man for storing goods

Dear Mr. Campbell:

As requested we are submitting a list of properties for rent or lease which can or used to store personal property of evacuated aliens. The list follows.

1. The so-called Hennessey Warehouse located at 550-560 South First Street. This property has a frontage of 100 feet on First Street and a depth of 137.50 feet. It has concrete floors and high wide doors capable of receiving the largest loaded trucks. It was for years the headquarters of a large trucking concern. About half of this building has an upper floor so that there is about 20,000 square feet of space available for storage. This can be leased for the duration at \$200.00 per month.

2. The Bloomfield Warehouse located about 3 miles South of Gilroy on the Southern Pacific Railroad East of and near the Monterey Road (Highway 101). This building is strong and substantial and has been used for grain storage for years. Loading can be handled from the railroad spur or from a loading platform on the opposite side where trucks can load or unload. In addition the owner has a large acreage adjacent to and joining this property which could also be rented or leased. This warehouse is 40 feet by 257 (over 10,000 square feet) and the owners ask \$150.00 per month rent.

3. Ten thousand square feet of concrete basement space located under the Campen Building (former Montgomery Ward Building) located at 215-225 West Santa Clara Street. The rent of this space is \$100.00 per month. This basement was specially designed by Montgomery Ward for furniture storage.

4. The former Home Union Building located on the Southwest corner of Market and Post Streets this City. The property has 50 feet frontage by 120 feet deep and has

two floors or a total of 12,000 square feet. The owners are asking \$200.00 per month and would probably take less.

5. The two upper stories of the Rucker Building located at 59 to 65 North First Street. Each floor is 50 x 125 feet or 6250 square feet so there is available 12,500 square feet. This building was formerly a furniture store and the space was used for furniture storage. Access to this property is through the rear where there are large openings in the rear wall of each floor specially made to receive furniture. The owner has had the property listed for rent for \$200.00 per month. It is quite likely that a satisfactory lease for the duration could be arranged for substantially less.

These are all that we have been able to locate but if we find any other properties that you can use we will let you know immediately.

We wish to thank you for this opportunity.

Dear Mr. Mangels:

This will acknowledge receipt of your letter of the 26th in which you cancelled the lease dated May 6, 1942, covering premises owned by this institution at 560 South First Street, San Jose. We, also, regret that the recent fire made such action necessary, but we appreciate that no other course was open under the circumstances.

If we can be of any assistance to you in matters of the kind in the future, please feel free to call upon us.

Very truly yours,

Dear Mr. Campbell:

I would like to submit the following piece of property which I believe I could get for you for \$100 per month. It is located at 373 Prevost Street and has approximately 7,500 square feet. It is on a very little-used street and the street side of the building is all steel doors that roll up so that it would be very easy to load or unload in any part of the building.

If we may be of further service to you, let us know.

Yours very truly

Dear Mr. Campbell,

I don't know just how to explain this to you, whether I should talk to you this thing like this or not. As you see that Mr. Hobert is taking care of my deal, I have been here many times already, yet I haven't got to anywhere. All the troubles I have gone through in the past three weeks were all for nothing. I am perfectly glad to come down here any time and ^{even} two or three times a day even if I am getting somewhere step by step. I have understanding that this office is to see that both parties to get fair deal. My place has been appraised already at \$800 as a very cheap ^{price}, yet now when the deal is about to be approved, Mr. Hobert insist on me that the crop should be at \$500 otherwise deal won't go through.

One acre and 1/4 acre of garlic in best condition and five acres of 2nd year of raspberries and \$300 worth flumes and \$300 worth farming impliments and furnitures, all together I am asking \$900.

I wish you could talk personally to

Mr. Horn and let him take up my deal.
because Mr. Horn is the man who's doing
things with more responsibility and
seriousness. The reason why I am asking
you this special appeal is that the time
for my evacuation is getting closer and
closer every day. I just got to know
just as soon as I can, in order to clear
up all my personal matters before evacuation,
whether this deal is going to be approved
or not. In case if it's not going to be
approved I must hurry to find some
other solution and it will mean lots more
time. I just can't have my crops and
house to be frozen by the government
because I have great obligation to make
on those crops and house.

Yours very truly

Dear Mr. Campbell.

I have been over to see you at the office but you have been busy so I couldn't wait to see you. Only thing I want to ask you about is if you can do anything about my American customer accounts forms I have been trying to collect them myself but some of them I have a hard time getting them. I have quite a few Japanese accounts too but I'm forgetting about them. I kind a like to get some of that money so I can pay off on my equipment so I can store it. I don't want to sell it because I can't get anything for it. Your answer will be appreciated

Re Albert J. Kajioka (strawberry

Responding to your letter, I may say that I have not heard from Mr. Albert J. Kajioka (Oriental Seed and Plant Company) since February 24, 1942, at which time he wrote me that all strawberry plant orders were being cancelled. He has not sent any deposits or names of people who might have ordered from him. We do not know his present address, so have no information at all concerning what you write. .

If you or the purchasers could locate him and have the deposits sent to me I could make proper credits for delivery during any strawberry plant season, but in the meantime I am at a loss to know what to do.

Dear Sir:

A. J. Kajloka, Rte 1, Box 316, Turlock, California to whom you refer in your letter of April 18 addressed to this office reported today in regards the contracts for strawberries which you mention.

Mr. Kajloka former operated a wholesale and retail plant and seed firm in San Francisco under the name of Oriental Plants & Seed co. He reports that he was the exclusive agent in this section for a certain grower of strawberry plants in Utah. As such he took orders for strawberries and accepted a deposit on same. This deposit was forwarded to the grower, Woodrow Kasuga, Rte 1 Box 382, Sandy, Utah. Mr. Kajloka wrote to him about the first of march and advised him that the growers would not be able to accept the plants and asked him to refund the \$500.00 which he sent. As yet Mr. Kajloka has not heard from Kasuga nor recieved a check from him.

I checked one of the contracts that the Japanese signed and about the only provision in them is an agreement that lets the nursery out in event of any circumstance beyond their control. You undoubtedly have the original of one of the contracts their so you can go over same.

Mr. Kajloka says that he will be more than willing to refund the dpeosits if he is able to secure a refund from Kasuga.

If I may be of further assistance in the settlement of this matter please let me know.

Gentlemen:

I represent two moving and storage concerns which have been requested by several alien Japanese families to store certain articles of household furnishings and to move other furniture and belongings to locations outside the prohibited areas in pursuance of the present enemy evacuation program.

My clients are desirous of co-operating as requested in connection with the evacuation of these people, but fear the consequences of the recent restrictions which have been placed upon the transaction of business with enemy aliens.

Will you please let me know whether or not my clients may lawfully carry on the business of moving and storing the personal property of these aliens?

There is considerable urgency to this matter, and I would therefore appreciate a response at your earliest convenience.

This property is owned by a Japanese named
