SEP - 9 1942

926 West Willow Street Stockton, California September 7, 1942

Mr. Richard Abe 6-102-E Stockton Assembly Center Stockton, California

Dear Mr. Abe:

Referring to our conversation at the Center on September 3 with regard to amount claimed to be due you from Robert Thorsen for 15 days farm labor performed by you and your father, Frank Abe, at the rate of 55.00 per day, the work in question having been done after the closing of the ranch deal between you and Mr. Thorsen.

In our efforts to be of assistance to you we have interviewed both Mr. Thorsen and Mr. David Gilhooley regarding the matter. Mr. Thorsen claims that he does not owe this account. Mr. Gilhooley states that he agrees with Mr. Thorsen's attitude for the reasons that, first, Mr. Thorsen paid for the labor of a hired hand on the manch for work performed before the property was taken over from you, and second, that farm equipment was not in condition as represented, with particular reference to a cracked motor head, and third, that your father was and is highly pleased with Mr. Thorsen's actions in completing the transaction.

If, after consultation with your father, it is still evident that the above item of \$75.00 is still due you, we would suggest a meeting between you, your father, and Mr. Thorsen.

Regarding the other case involving the amount of \$550.00 acknowledged to be due your father in the deal between Mrs. Okuna and Fierce & Berry and Frank Abe, Attorney Hubert Briggs believes that there is no risk of nonpayment to your father, regardless of the Lowell Berry letter of June 4. Mr. Briggs states that the entire transaction is in your father's name, and that no definite consideration has arisen to complicate the performance of the contract.

11 - 559089114.33 Outstanding Balance 8.45 Insurance Return Balanca Proceeds from Sale ount due you

Dear Sir:

As you know, we were requested to sell the 1936 Cehvrolet Sedan Delivery Truck on this contract, in order that both of our interests could be protected.

As you probably know, the car has been stored at the El Rey Garage, 16th & Shotwell Street here in San Francisco.

We obtained several bids on the car, which required sometime, inasmuch as the market for this type of automobile was very dull, however, we succeeded in obtaining a high bid of \$145.00 for the unit, which was a very good price. The car was then sold for this amount.

By the time it had been sold, the El Rey Garage had accumulated a garage bill for storage of \$21.37, making the net proceeds of the sale of the automobile \$123.63.

The net balance on your contract with us, including the insurance cancellation was \$105.88. After application of the net amount of the proceeds from the sale, there remained an amount of \$17.75 due you and we are now attaching our check Ared by Lorder Athe than amount, as well as the contract.

e trust that we handled this matter to your satisfaction.

Very truly yours.

Gentlemen:

RE: YOSHIMASU YAMASHITA & MASU YAMASHITA ABE

Mr. D. D. Noggle who had the power of attorney for these people has been called into the armed services, consequently, the Yamashita and Abe interests have revoked his power of attorney to which Mr. Noggle has consented by acknowledging same before a notary.

The evacuees' interests have selected and appointed L. M. Tynan as power of attorney. The papers have been handed to us for copying and they seem to be in good order and have all been acknowledged. It is my understanding that it is not the present intention of Mr. Tynan to have the paper recorded. This change-over is as of June 17, 1942.

Mr. Tynan is one of the main owners and the manager of the Tynan Lumber Company in Salinas and also a director in various other corporations.

A. E. Warth, Attorney at Law, has prepared all these papers above referred to.

Yours very truly

J. F. Van Loben Sels Field Representative.

Principal property involved and scope of problem: Yoshimasu Yamashita and Masu Abe have given D. D. Noggle F. of A. to handle for them various improved and unimproved properties in and near the City of Salinas which they own, some divided and some undivided, subject to 4 deeds of trust to the Salinas Valley Building & Loan Assn. P. of A. was prepared by their lawyer, A. E. Warth of Salinas. Mr. Noggle was here with a list of properties showing the indebtedness under each deed of trust totaling about \$22,000, which has been paid down to about \$21,000. The payments have been kept up fairly well and are

These properties are all on the North side of Mast Market Street, inside the city limits and some outside the city limits and include about 8 acres of farming land adjoining the city limits. It is estimated that this rent roll by Noggle and Mrs. Abe will amount to close to \$600 a month when everything is rented and the payments due the B. and L. are \$355 a month plus taxes and interest and the farming land should bring in several hundred dollars a year in addition. This P. of A. has been prepared by Mrs. Abe's attorney, Warth, and all these proceedings have his approval. Mr. Noggle is an employee of Tynan who is Pres. of the B. & L. and also of the lumber co. here Action taken:* and we feel that this property should be in good hands under the circumstances.

ACTION: We have placed copy of P. of A. in their folder and Noggle has promised to bring in a list of the properties and a map showing them which we will put in the folder.

These evacuees also had another property deal with a man named Hebbron which has been terminated at a more or less complete loss to them but this was done a couple of months ago and neither of them wish to reopen the matter. Mrs. Abe appears to be a pretty sensible woman and she now is in pretty good hands. They are planning to extend some of their ground leases so as to be able to make better sub-leases. Principal property involved and scope of problem: Mrs. Abs brought in a F. of A. to Kenneth Coutchis for her and her brother, Yoshimasu Yamashita, on 3 leases and some property under mortgage, which Mr. Coutchis will handle for them with the aid of the Salinas National Bank who hold a mortgage on part of the property which is owned.

The Hambey lease on East Market Street is a ground lease on which the tenant owns the improvements with about 5 more years to run, at \$110 per month on the south side of Market St. between lajaro and the alley. The lease is all paid up to date and it is expected when the property is fully occupied it will return about \$300 a month. Next is the White lease on the North side of E. Market, \$31,33 & 35 from lajaro Mest, on which they are paying \$100 a month with 3 years to run. It is hoped that this property will bring in \$104 a month when rented.

On Sun St. there are some houses and lots and a house at the rear of #18. Fart of this property is owned, subject to a mortgage of #2,800 to the Salinas National Bank. Mrs. Abe is alone in this ownership. Some of this has been sold to some Filipinos who are paying directly to the bank.

The land that is not being sold, her brother Yamashita is part owner of.

Their attorney, Warth, has the matter in charge and is conferring with Coutchie who has the F. of A. and between them and the bank, they expect to work this property out in pretty good shape. Mrs. Abe and Yamashita wax also own some other ground lease which he is putting in charge of another person with F. of A. and will report that this afternoon or tomorrow.

The agreement mentioned with Myers (4/2/42) has been signed and the deeds to the lots are being recorded. Mr. Theile was in and left copy of the agreement cancelling the contract between Myers & Yamashita so that Mrs. Abe and her brother can now deed these lots to the other claimants mentioned 4/2/42, which I understand they Handled by intend to do.

Principal property involved and scope of problem: Evacues leases a farm from Peter Dolan of Salinas on the Blanco Road, about 65 acres, on which at present there are about 15 acres of lettuce just thinned, the balance he expects to plant in beets. Lesses another 40 acres from W. H. Faulsen of the Spreckels Sugar Co. in the Santa Rita district, all planted to lettuce which does not look very good and should have been thinned sometime ago. Evacuee has had money troubles and Filipino troubles. He does not appear to be able to make a satisfactory sub-lease on either place and his landlords do not care to buy him out. Owes about \$1,200 for fertilizer and has payment coming due on his engine and no money. Has paid the first installment of rent on both places amounting to \$1,650. Next semiannual payment will be due about June 1st and there will be little income before then. Abe has been on the Dolan place 5 years. 4-10-42. Abe was in this morning but has nothing definite to report yet.

His lettuce on the Paulsen place doesn't appear to be worth saving and he will probably have to disc it up and make arrangements to plant beans or tomatoes or something else, or turn it back to the landowner on the best terms he can make. The F.S.A. is working with him and the landowners to help him make some kind of settlement which is fair. He has not done a great deal of work and is not in a very good bargaining position. He left

Dolan, one landowner, was in and he reports being willing to let Abe sell his 15 acres of lettuce planted on the place and pay him for his cost of preparing the land which is to go to beets, which would appear to be fair enough. The lettuce on the raulsen place looks so poorly that Abe has disced it up and the new tenant will get a piece of bare ground which he can plant to tomatoes, beans or other crop with half the rent paid.

attempt is being made to work a deal out for abe with raulsen on this place.

Abe reports that he owns 40 acres on the Hitchcock Road near Salinas which is intensively irrigated land. He is growing lettuce, beets, beans, etc. He bought this land in 1930 for about \$16,000. At the present time the balance due is \$10,200. His contract calls for \$1,200 a year plus taxes and interest.

He has this place rented for cash to John Brazil living on the Monterey Road, a neighboring farmer, with his equipment for \$60 an acre which will more than take care of the interest, taxes and payments. He claims this property stands in his name alone and his wife, Masu Abe, has no interest in it. We talked at some length about how he intended to have his property handled after he left and he finally stated he would give the F. of A. or trusteeship to the Monterey Co. Bank or to his attorney, Warth, or someone designated by either one of these 2. Thousand Warth and he reported complete transaction.

Her father and his father is in custody in North Dakota. This boy owns some property on the corner of Pajaro and E. Market (N.W.) on which he owes about \$5,000 to the Salinas Valley Bldg. & Loan Co. A. E. Warth is the attorney. A part of this property is to be leased to a Filipino named Stanley Rigunay Bx 1555, Salinas, who has been in this country 16 years, for \$30 per month. - 5. Satsuki Ogata born in the Hawaiian Islands in 1908, came to Calif. in 1933, an American citizen, married to Tangi Ogata, a Japanese, put up \$1,400.
- 6. Fumiko and Kinto Onizuka, citizens, born in Calif. had \$1,000 put into this deal by their father for them. The father, Tomizo Onizuka, returned from Japan the last time on the 30th of Oct., 1941. These children are minors and have never left.
- 7. Masashi Tasumi born in Calif. in 1918, a citizen, who returned the last time from Japan in 1936 had, \$1,500 put in by his father Ryusuke Tasumi, a Japanese, now in custody in New Mexico.

If Myers will deed some lots to Mrs. Abe as above mentioned, she will turn them over to these other parties. Of course it would appear that these 7 people mentioned above have claims against Mrs. Abe and her brother Yamashita.

Mrs. Abe has already lost considerable property she was buying on contracts by having them cancelled and taking a small return payment. She still has with her brother, some 20 year ground leases with from 5 to 10 years to run on which she has improvements which it is thought can be rented for considerably more than the ground rent, the landlords being willing. She and Mr. Theile and young Yamashita are to come in shortly and report on these various properties and the hoped for solution. rantiben Ser

Dear Bir:

Your letter of May 11, directed to the attention of Mr. Gray, was received, and the subject matter therein relative to "Alien - Seizaburo Abe" has been investigated by Mr. Gray, with the following results:

- 1. Mrs. Walter Crader was contacted, and gives us information that on April 28th the two boxes mentioned in your letter were shipped by the California Motor Express to "S. Abe, Assembly Center, Santa Anita, Barracks 47, Unit A-1." This shipment was made shipping charges collect, as per the instructions of Mr. Abe.
- 2. The coat of Mrs. Jesse Smith was delivered to her on about the same date as shipment was made to Mr. Abe, and the remittance of \$1.80 is being sent by Mrs. Crader to Mr. Abe direct.
- 3. Mrs. Crader has informed us that the '35 Chevrolet Sedan delivery car is stored at the '11 Rey Garage, 16th and Shotwell Streets, San Francisco. We have just telephoned Mr. Smith of General Motors, and he states that he has just received the Power of Attorney from Mr. Abe and will attempt to make sale of the car. He further states that the Blue Book value is shown as \$160.00, and that there is owing to General Motors Acceptance Corporation \$114.23 by conditional sales contract. The sale price will depend upon the condition of the tires. He will confer with Mr. Abe on receiving bids for the purchase of this delivery sedan.

Regarding shipment of the two boxes in question to Mr. Abe, you may possibly desire to advise him to check this matter with the California Motor Express at the delivery end, as the information obtained herein was taken

Mr. Lawson J. Allen Field Representative Evacues Property Department Federal Reserve Bank of San Francisco 2146 Inyo Street Fresno, California

Dear Sir:

With reference to the Ford Coach turned in by Toru Aba. Femily Number 64-29228, for disposition to the Army, there seems to be some discrepancy in the description and identity of this car. The registration and ownership certificates show Engine Number DN 19747 and Serial Number 18-85890; and also a notation to the effect that the engine has been changed.

This is the automobile which you will recall I discussed with you when I was in Freeno and apparently the Engine Number as actually shown on the automobile is 18-6050, Serial Number the same.

For your information we call your attention to the following comments from the Motor Vehicle Department:

"According to filed records to date 1942 license #826370,
Toru Abo, 1433 Kern St., Fresno, registered and legal
owner Ford Goach, engine #DN 19747, 1932. The former
engine number of this car was 1885590, but the change
of engines was made May 15, 1941. Ford cars do not have
serial numbers. We find a Ford Roadster, engine #186050
last registered in 1942 under license # 737246, Bob Martin,
353 West 5th, Escondido, registered and legal owner Ford
Roadster, engine # 186050, date first sold 1932."

This would indicate that the registration and ownership certificates turned in by Abo do not cover the actual car which we have on hand, or else there is some irregularity in connection with the title which needs straightening out.

Please contact this evacuee and see if you can obtain from him something of the circumstances surrounding his purchase of the car and if necessary discuss the matter with the Division of Motor Vehicles at Fresho so that we may in some way straighten out the title and complete the sale to the Army.

Yours very truly.

May 20, 1942 Mr. L. J. Allen, Field Representative, Evacuee Property Department, Federal Reserve Bank of San Francisco, 2146 Inyo Street. Fresno, California. Dear Sir: We are enclosing partially completed Forms FRB-3 and 4 for the Ford Coach turned in by Toru Abo (family number not shown), about which you wrote to Mr. Armstrong on May 18th. We presume that this evacuee has become settled at the Assembly Center by this time and you might be able to locate his without very great difficulty. Please, therefore, have these forms completed by the evacues, designating on the back of FRB-4 which Alternative is desired. We are enclosing the Registration Certificate and the Ownership Certificate which should be properly signed by the evacuee as follows: if the car is to be stored, we will need only the Registration Certificate signed on the back but if the car is to be sold to the Army, we need the Registration Certificate plus the Ownership Certificate signed on lines 1 and 2 on the back. We are retaining the skeleton copies which you forwarded to us and when the copies which we are enclosing have been completed, one set may be receipted and turned over to the evacues. Your earliest attention to this case will be appreciated. Yours very truly, Assistant Cashier. Enclosures WSMurray ELM

that we are returning these papere is due to the fact that when the prospective purchaser. Ferman C. Gentlamen:

Replying to your letter of June 4, 1942 concerning a Ford Coach owned by Toru Abo, Family number 64-29228.

The motor in this car number 18-85890 was purchased by Toru Abo from the Hunsaker Motor Exchange, Fresno, California and the Hunsaker Motor Exchange is now out of business and could not be contacted.

We asked the Motor Vehicle Department to check this number for us, which they did and announced that number 18-6050 was not the motor number, that number 18-85890 was the correct number and furnished us verification certificate which is enclosed.

Yours very truly

SPECIAL DELIVERY

Dear Sir:

I have a claim on behalf of one G. Nishiura of San Jose (alien Japanese) and an American citizen of Japanese ancestry, also of San Jose. The claim is against one S. Adachi, an American citizen of Japanese ancestry, resident just outside of Redwood City, San Mateo County, California. According to Civilian Exclusion Order No. 35, San Mateo County is to be evacuated by May 9, 1942 at 12:00 noon.

From what I have been able to gather, Miss Adachi has been acting as interpreter or assistant of some kind for your department during the evacuation of San Mateo County and has not denied the debt. I gather also that Miss Adachi has agreed to pay the sum (oral agreement), but has continually put off the date of payment, thus giving the impression that she hopes to be evacuated without giving her creditor a chance to collect by legal process.

Inasmuch as there are usually two sides to every story of this kind, and inasmuch as your office has rather plenary authority in evacuation cases, I wonder if it would be possible to have this matter settled by you ——perhaps in a "round the table" fashion. Amount involved \$390.63.

If so, please let me know as soon as possible that I may still have time to consider court proceedings.

I shall be able to call at your office in San Francisco any time except Friday afternoon or Saturday morning. If absolutely necessary I can of course arrange for another attorney to appear for me with amy clients at those times.

May I have the favor of an early reply.

Yours truly,

JEROME F. MACDONALD /s/

June 12, 1942 Reid 4/19

L. S. Weeks, 201 No. San Joaquin St, Stockton, California.

Dear Mr. Weeks:

Thank you very much for the nice letter of June 6. I am very happy to convince myself that I have a friend whom I can depend on, and you are bound to hear from me with some problem.

The time I saw you, I meant to receive aid from you in regards to a collection which I was having a difficult time, but a remittance in full was received few days ago according to a letter from Mr. T. W. Thomas who is taking care all of our accounts receivables.

The weather is getting slightly warmer, but I am enjoying this new life of ours: although, at times I find it inconvenient. My moments are pretty well occupied; and so it does not give me a moments time to worry over anything. The only worry I do during the day is to get to the mess hall on time so I won't miss my meal.

In the meantime, I wish I can hear from you again if you have time.

With my kinuest personal regards,

I am,

Y. Agari/A

Dear Badem:

Reference is made to your letter of August 1, 1942, addressed to Mr. C. H. H. Small at Elegentro, which has been referred to the Evacuee Property Department of this Bank for reply.

We note that the furniture you require is stored privately in the Japanese M. E. Church in Brawley, Calif., and that you have written Mrs. A. Miller of the Miller apts. in Brawley, who is holding the key to the church but doesn't have authority to remove and forward the furniture to you.

We believe that the matter is one for consideration of the War Relocation Authority, and we are therefore transmitting your communication to the headquarter of that agency.

Yours very truly,

August 1, 1942 Mr. C. H. H. Small P. O. Box 855 El Centro, Calif. Dear Mr. Small: Thank you ever so much for checking with the Vreeland's Studio about my pictures. I received them soon afterwards. There are many people here in camp who are anxious to have their cooler and other furniture sent up but we have not been able to contact the right people. I was told that you have charge of all the Japanese evacuee property in Imperial Valley. Therefore I am writing to ask how we may have our furniture, which is stored in Japanese M. E. Church in Brawley, sent up. I have a letter here, which I will enclose, from Mrs. A. Miller of the Miller Apts. in Brawley. She is holding the key to the church but does not have the authority to let the furniture leave the premises. Your information in regards to this matter would be greatly appreciated. I am especially anxious to have a cooler sent up for it is getting unbearably hot. We have very funny weather here. It is always hot but on some days we have a strong windstorm which raises so much dust that one cannot see beyond a yard or two. Then there is a rainstorm which floods the place. I have never seen it rain so hard and in such torrents before. The last storm blew the roof off of about 1/5 of the barracks in camp #1. I was told by one of the carpenters that we will have these storms about once a week until the end of August. I really don't mind, in fact I thought it very exciting After the storm let up we all ren out to salvage the lumber. We use this lumber to fix up the room for it is just like a big barn. We have a hard time getting lumber so we were all glad the storm blew some of the roof off. Life in camp is very dull but I try to keep occupied. We have movies once a week which isn't too old. We saw the Count of Monte Cristo for the first picture, and I enjoyed it very much, in spite of the fact that I had seen it before. Most of us work in some department or organization in camp. This seeps us quite busy but still I feel as though I was growing stele from lack of interests. It's just like being in hibernation.

I shall not bother you with any more details of camp life. I hope you do not think I meant to complain for I know it is for our own protection that we are in camp.

Thanking you for your trouble, I am

Very truly yours,

Mary Takahashi Alsawa

dated May 30, 1942 relative to purchase of alien owned property, we might say that we are not acting in the capacity of alien property custodian, which office has otherwise been filled, but are endeavoring to lend full assistance to evacuees in advising and assisting them in matters relating to the equitable disposition of their properties. We shall, however, keep your inquiry in our files for further action if the occasion arises.

Dear Ma.

Your letter dated Friday night received. The reason for entering the room is stated in the enclosed note from Mr. Pickens to uz. After reading this note please return it to us. After receiveing your letter we received a telephone call from Mr. Borden of the U.S. Federal Reserve Bank and upon his instructions I joined Mr. Ellis and returned to your house, where we found everything in very good erder, all the furniture had been returned to its proper place in the room. The lock was closed. We unlocked the door with the key you sent and herewith return it to you. We went directly to the box where the instrument was enclosed and Mr. Ellis stated that he had only opened the top of the box on his previous visit and sid not recognize the instrument. We closed the best roped it brought it to our shipping room, had it wrapped and forwarded it to you via Railway Express collect. You should have it by this time.

The leaks were reported to us but the damage had been done. They have been repaired at a cost of \$9.00 which is shown on our statement exclosed. The roof leak in the front room was caused by a stopped up drain which carries off the water from the upper part of the house just below the bedroom windows. Mr. Pickens, your tenant gained access to this room

"Honesty Throughout Every Transaction"

by removing the glass window pans from the window frame which he replaced in a neut manner.

We knew nothing of this whole matter until you wrote us about it, and I think that you took quite a risk by asking some unknown person to your tenant to enter the premises and go through your things, not that Wr. Ellis is perfectly trustworthy, because I personally know him to be of unquestionable integrity and have known him for 30 years or more, but others have come there, Mr. Pickens told me and have stated that they have had your authority to take the Automobile out of the Garage, which he refused. I told him not to let anyone even in the garage unless we were there.

At the present time it is my belief that everthing is in order at your house as I went through it and inspected it from front to rear up and down stairs.

I call your attento to the Aki Company. This is a large general merchandise store occupying about 5000 square feet of floor space. I advised him that he should at once put on a sale in an endeavor to liquidate in an orderly manner and secure as much for his merchandise as possible with the result that last night he put an ad in the paper advertising from 20 to 40 percent reductions. I went over this afternoon to see how things were going, and found the store full of people, and with the result that I believe we will have no storage problem here.

The applicant sold his Ford four-door sedan 1937 car to Mrs. Berniece Lacy, 116 Southhampton Road, Berkeley, Ashberry 3566. She paid the applicant \$100 for which she holds a receipt. However due to evacuation and the missing of connections, neither the registration or pink slips were delivered to Mrs. Lacy.

Above

Telephone Number: Thornwall 3673

The car was left at the Civil Control Center, and she now has possession.

Mr. George B. Legg, Manager of the Bank of America, Dwight Way, Berkeley holds a personal loan, originally for \$159.00, balance of \$92.75 is still unpaid, which has been signed by Akiyama and other co-signers. Before leaving for the assembly center they made two payments so that they are paid up to June 10, 1942. (This is just information as it is only a personal matter.)

Action taken:*
Your representative recommended that Mrs. Lacy write Akiyama at Tanforan requesting the slips properly signed to be sent to her at once and that a copy of this letter be sent to the Federal Reserve Bank.

FILE ONLY WHEN SIGNED

Berkeley, Califonnia, May 1, 1942.

Dear Ak1:

A THE

No doubt you have by this time discovered that you have with you the registration certificates for the car--also the keys.

I understood you to say that you would leave them in the car, but since I could not find them anywhere, I assume that in the last minute rush and confusion you forgot to leave them.

I inquired at the W.C.C. office to find out if you might have left them there, but they said you did not.

With the assistance of the gentleman representing the Federal Reserve Bank, I got a locksmith to come and make a new key, so I was abled to get the car home all right. I think I shall be able to get the garage next door for it.

If you have not already done so, will you be good enough to send the certificates, properly signed, as soon as possible?

Sincere thanks and

EVACUEE

Best Wishes,

Burie Lacy.

Your representative telephoned to Mrs. Akiyama to see if she and her husband had complied with the suggestions made in previous interviews. She states that she has not been able to sell her Ford car and also radio and piano, the latter two items she will store with furniture if unable to find a satisfactory buyer.

Her husband has contacted the Occidental Life Insurance Company and agreed with them that he will keep up his payments as long as possible. The husband has contacted the Bank of America, Dwight Way Branch, Mr. Legg, Manager, telephone Th. 0700, and discussed future payments on time plan loan.

Your representative telephoned Mr. Legg and was advised that there are two co-signers on the Akiyama note which Bank holds and that payments are up to date. It was suggested Action taken: * to Mr. Legg that he talk with the Akiyamas and possibly make a deal on the car whereby loan could be paid off and balance, if any, credited to their account.

Case apparently closed except for furniture storage and sale of car and possible arrangement for handling car through Bank on settlement of balance due on note.

Dear Sir:

I sm in receipt of your latter dated July 22nd and wish to advise you that the Federal Reserve Bank of San Francisco has decided that with the safeguards Mr. Ameniya has established and in view of the fact that he seems well represented through you and Mr. Cowitt that he will have to conduct his transactions through his duly appointed representatives and not through the Federal Reserve Bank.

It would appear that, should Mr. Amemiya be dissatisfied in any respect with his present arrangements he could arrange for you or Mr. Cowitt or both of you to call on him in Tulare at his expense. It would seem to me, under the circumstances, that this would be a good thing to do at an early date.

Very truly yours,

D. M. Dunton, Field Espresentative Federal Reserve Bank of Jan Francisco WCCA Assembly Center Tulare, California. 17020-South Western Ave., Moneta, California. July 22, 1942.

Dear Sir;

On June 26th. I wrote you in regards to Mr Ameniya forwarding checks received by him from Woolworth, Kress, and Newberrys on merchandise sold them by Moneta Nursery subsequent May 1-1942.

Both Mr Van Oppen and myself wrote a detailed letter advising you of the entire situation as it exists here and we are very bedly in need of the checks that Mr Amemiya is holding.

Would appreciate a letter from you in regards to this matter at your earliest convenience.

FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

July 6, 1942

Mr. D. M. Dunton, Field Representative, Federal Reserve Bank of San Francisco, Evacuee Property Department, WCCA Assembly Center, Tulare, California.

Dear Sir:

Reference is made to your letter dated June 30, 1942, relating to Moneta Nursery, Inc., and E. Amemiya.

We have reviewed the file in connection with this matter, including your correspondence with Mr. Watkins, and observe that Mr. Amemiya appears to have the services of an agent, Mr. Emanuel Cowitt, whom we also understand to be an attorney, to represent his interests, and likewise has the services of an accountant, Mr. F. W. H. van Oppen. Under these circumstances, it becomes questionable how far this bank should go in interceding on behalf of Mr. Amemiya, in respect to the affairs of the Moneta Nursery, Inc.

Apparently the owner has employed Mr. Watkins to operate the nursery property and through the appointment of an attorney in fact and the employment of an accountant, appears to have established some means of control over that operation. The source of Mr. Amemiya's concern, at this time, appears to be in regard to the apportionment of collections in connection with business done before and after May 4, 1942.

With the safeguards he appears to have established, and in the line of the fact that he appears to be adequately represented, we believe that he should be directed to conduct his transactions through his representatives directly, rather than through this bank. If he is dissatisfied in any respect with his present arrangements, no doubt arrangements can be made by him to consult his representatives, who would be able to call on him at the Assembly Center.

We are forwarding to our Los Angeles Branch, a letter from Mr. van Oppen dated June 27, 1942, a copy of his letter to Mr. Emanuel Cowitt dated June 12, 1942 and the balance sheet which accompanied it, in order that the letter to Mr. Cowitt and the accompanying statement may be returned to Mr. Watkins as has been requested. Copies of the other correspondence passing between yourself and Mr. Watkins, as well as the letter from F. W. Woolworth Co. dated June 24, 1942, are likewise being

Mr. D. M. Dunton, Field Representative, WCCA Assembly Center, Tulare, California, -2-July 6, 1942 forwarded in order that the Los Angeles Branch may be informed of the situation, as it concerns a matter within its zone of operations. However, we do not feel that it will be necessary to take any steps in connection with this transaction at the present time. As has already been suggested, we will appreciate your pursuing a policy of forwarding to us for handling, all correspondence regarding problems outside of your immediate territory. Dear Mr. Dverson:

Subject: S. S. Amemiya end

Nonete Nursery, Inc.

is working out to his astisfection, he has a new one which involves the old

It seems that Mr. Sweniye employed Br. G.P. Watking to act as general manager of the nervery suring of absence. He also sutherfaed Mr. Enamuel Cowitt to act for him under power of attorney. Mr. Fatkins was to take over as of May 4th and collect only for business transacted after that date. Mr. Amemiya was to collect all old cutatending bills for goods delivered prior to they 4th. Attached herewith is a letter from Woolworth in which they state they have instructions from Datking to Forward all paysonts direct to the Moneta Sursery Co.. It now effents as though retains has collected around \$5 0.00 in old accounts which he is withholding and Ameriya reports he has around \$200.00 in new accounts which he will turn over to watking upon watking turning over to him the \$600.00. However, the money and business all belong to Ameniya. I wrote to Mr. Matking at Mr. Amemiya's request on June 25th (co.y attached) and his easwer is inclosed, regarding the funds o liected by him re resenting old business. Also incomed find letter and statement propared by Mr. F. M. H. Van Oppen which I think is illuminating.

It is very difficult to get any information from Enniya, he appears very self centered and selfish, speaks very little english and appears to trust no one. It is obvious he bled the business before moving, even to overdrawing his personal account and leaving accounts payable for betkins to care for but expects the business to operate without capital and pay him a fancy return.

Considering Mr. Amemiya's present attitude and frame of mind, it would appear advisable for him to sell the business. I didn't suggest this to him but it would probably be the only solution. I thought you might review the inclosed correspondence and possibly have someone in Los Angeles check with the Nursery there and further advise me. I shall be glad to furnish any other information swallable here.

If you retain the inclosed correspondence place forward the statement as requested in Mr. Van Oppents letter, last pergraph.

Very touly yours.

Principal property involved and scope of problem:

A field representative for fruit shippers for Loomis Penryn, Newcastle, Auburn

Problems affecting many fruit growers in this distract - mostly all aliens - particularly inquiry regarding powers of attorney and liabilities involved.

Action taken: Mr. Taylor was informed that he should supplement the Power of Attorney with definite instructions from his clients. He then discussed the problem of probably incorporating an operating company of his growers who were solvent, and this corporation would operate on a group plan, such as pruning, spraying etc. I suggested that his problem could be worked out on this basis after agreements were made with all parties concerned.

(This fruit company is a large shipper of California fruits and would probably be in a position to operate these ranches which concern them on a group plan.)

epres ones WILLIAM J. ROBERTS SUISUN, CALIFORNIA Mr. A. J. Reid, Sacramento Field Representative, Federal Reserve Bank of San Francisco, 1330 Jay Street, Sacramento, California

Dear Sir:

I have your letter of the 9th in which you inquire regarding the possibility of renting the old American Fruit Growers warehouses in Suisun Valley.

I acquired this property some time ago, and I would consider leasing it for the purpose which you mention in your letter, providing we could reach an equitable rental value. I would also be interested in having the lease for a specified term. At the present I have some people who wish to enter into a lease for a number of years with me, but as my plans are rather indefinite as to what I wish to use the property for, I have been holding the matter up.

For your information I will state that in one of the buildings there is 6000 square feet of storage space, and in the other 2400 square feet of storage space.

If you will advise me whether there is a definite wish to rent the buildings and if a program could be worked out over a period of three years, we could then attempt to arrive at a rental value; but I would like to know if there is a definite decision that you would want to rent the property. May I hear from you in this matter?

With very kindest personal regards, I remain,

Yours very truly,

Signed W. J. Roberts

Dear Sirs

This confirms telephone conversation had with you this date to the effect that we are interested in finished manufactured goods to be purchased at a fair market price from aliens who are under the evacuation order forced to give up their business at the present locations. What we are primarily interested in is Chinese goods. We would not regard Japanese merchandise as saleable under the present conditions.

As a matter of information, we pretty well cover the entire United States, although we have been forced to restrict our sales efforts in certain districts.

We would appreciate your putting us in contact with any of the firms who may have such merchandise or have them get in touch with us and we will be pleased to enter into direct negotiations for the purchase of such goods as they may have available at fair and reasonable prices.

Yours very truly

Dear Sira

Reference is made to your memorandum dated April 8 addressed to this office and also to your letter dated April 16 calling my attention to this memorandum.

I called on SAM NAKAWO of the AMERICAN LOYARTY LEAGUE wid in addition I contacted the C I T CORPORATION several times on various cases wherein they had and avored to repossess merchandise or demand payment in full on Leage Contracts which they held.

Mr. Makano states this morning that all cases noming to his attention have been satisfactorily settle due d as far as I know at the present time we have only two cases that are pending.

1 - The TOTOKO ITO case was taken up with the San Francisco office on Warch 25, 1942, copy of my inquiry enclosed together with a copy of your letter answering and in addition a copy of a report dated 4/17/42.

I have exhausted all siferis to get the GENERAL MOTORS CORPORATION to accept her payments. Their answer in all particulars being no.

2 - JIMMIE SHINTIKA, Rt 6 Box 194, Fowler, California, stated to us on April 17 that he wished to retain his ice box, the purchase price of which was \$225.00. Mr Shintika also stated that he paid \$68.00 on account to the C I T CORPORATION and that they have demanded full payment on the iwe box.

In checking this case today the C I T Corporation states that Mr. Shintika has not appeared to make his payment.

Please be advised that I believe that some untruth has been stopped in some of these cames by both parties concerned.

Very truly yours

the with report March 24, 1942 Mrs. I. Amino 1439 Haight Street San Francisco, California Dear Mrs. Amino: It is my understanding that the following is a factual statement of your situation covering the wish of your husband, Mr. I. Amino, that his Dodge 1940 sedan should be sold: (a) That the purpose of this sale is to provide funds for transportation and maintenance of you and your two daughters when you leave California in the near future. (b) That you now hold the signed "pink slip" covering legal ownership of the car. (c) That your husband, Mr. I. Amino, has been continuously within the continental limits of the United States for the last 24 years. (d) That your joint bank account with him at the Haight-Ashbury branch of the American Trust Co. has not been "blocked" or "frozen." On the basis of the above facts, as supplied by you, I have discussed the matter with the Evacues Property Department of the Federal Reserve Bank of San Francisco, and have from it an informal opinion that you may now sell the above-mentioned motor car without securing any particular type of authorization or permit. Cordially yours,

Anglo-California Mational Bank Trusteeships of Evacuse Property

In the recent past our Tanforan representative, Mr. Robert Weinstock, has been approached several times by evacuees complaining about their relationships with the Anglo-California National Bank. This institution has figured prominently in affairs involving real property of Japanese in the San Francisco area. They were appointed as the representative of these people in innumerable accounts under power of attorney.

During the height of the evacuation program, we had occasion to contact them many times concerning various matters and it was the unanimous opinion of this Department that they were doing an efficient job and evidenced full desire to cooperate. On May 8, 1942, at our request, they delivered to us a letter containing a complete list of such trusteeships, including the name of the Japanese and the property involved.

The complaints of the Japanese mentioned earlier center around a lack of cooperation supposedly demonstrated by the Anglo-California National Bank. It is stated that delay in acknowledgment of requests, lack of complete reports, carelessness and general inefficiency has occurred. Both Mr. Weinstock and the writer have contacted the Trust Department of that bank under whose jurisdiction most of the agency relationships are operative. Mr. Zellick of that department has stated emphatically that in his opinion, all such charges are ill-founded. He quoted the case of one Nakamoto who had left with them several flats for rental. Nakamoto stipulated that only white tenants were acceptable, although the property was located in a negro district. The Anglo Bank made an effort to abide by this particular stipulation and being unsuccessful, sent an employee to Tanforen who conferred with numerous Japanese, including Nakamoto. Nakamoto withdrew his request for white tenants only and promptly thereafter the property was rented to satisfactory negro tenants.

Mr. Zellick stated that a great deal of the Japanese property was in need of rehabilitation and when taken over by them, the major portion of all items would not meet the Board of Health requirements. The average property required from \$50.00 to \$75.00 for renewal and repair in order to satisfy such requirements. In many instances, this had led to delay of rental income for the Japanese until such time as this expenditure has been recovered. He quoted the example of a five-flat property belonging to a Japanese against which there is a Deed of Trust held by the American Trust Compeny. The owner has refused to do anything in connection with repair elthough default has occurred some five months ago in the Trust Agreement. The Anglo is now working out a joint arrangement with the American Trust Company, whereby the latter will invest \$500.00 or \$600.00 for essential repairs and the former will obtain tenants. In this instance, the Japanese has protested the whole case, claiming discrimination and inefficiency on the part of the American Trust Company although making no effort to meet the trust agreement. Legally, the American Trust Company is entitled to hold a sale for recovery of their loan but are making every effort to cooperate. Mr. Zellick stated that out of some 120 rental properties taken over by them, they had at this point succeeded in renting 111 and that in practically every case the rehabilitation mentioned above was necessary.

The writer assured Mr. Zellick that we were aware of the fact that many Japanese were inclined to be unreasonable in matters pertaining to their property. It was pointed out to him that these people in Tanforan have very little to do and as a result are inclined to become agitated about matters which would normally be allowed to run a longer time. It was agreed that we would notify the Angle of any given protest in which they were involved and an effort would be made by us to reduce this problem at its source by pointing out to the Japanese some of the reasons for delay and difficulty. The Angle-California National Bank offered full cooperation and has agreed to make its records available in detail whenever it becomes necessary along this line.

Mr. Meyer of that bank called the write: today and volunteered to make a new list, replacing that contained in their letter of May 9th. This offer was rejected for the moment, however, on the basis that there is no need for such material at present and could be obtained at any time if proven necessary.

CARL E RODEGERDTS ATTORNEY AT LAW WOODLAND, CALIFORNIA May 21, 1942 Mr. L. L. Hendricks, Field Representative Federal Reserve Bank 500 California Street San Francisco, California Dear Mr. Hendricks: Referring to our recent conversation in Woodland regarding the matter of collecting from Robert Hulbert the sum of \$1700.00 which was owing to Noberu Acki, the transaction was concluded as follows. Mr. Hulbert paid the sum of \$400.00 cash to Mr. Aoki. In addition to the payment of the \$400.00 he has agreed to execute a promissory note payable in the following installments: the sum of \$100.00 on the 15th day of June, 1942, and a like sum on the 15th day of July, August, September, October, November and December and the balance, to-wit, the sum of \$600.00 on the 15th day of January, 1943. Mr. Hulbert was not able to raise a greater amount at this time and I believe that by obtaining a cash payment of \$400.00 and a promissory note to be paid as above indicated, that Mr. Aoki will obtain a satisfaction of his claim. On the evening of May 20th I advised Mr. Aoki of the settlement and he was entirely satisfied. He has directed me to complete the collections for him which I will do. Very truly yours, CER/gjw

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets triust not be listed as personal property on this form:

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Gentlemen:

I am writing to ask a very special favor which I would greatly appreciate your kind consideration.

I am a prospective bride (expecting to be married within the month) and with no facilities here in camp to
purchase clothes, both financially and otherwise, I am
in dire need of same. With the impression we were to
be relocated within a few days of coming here, I, as
well as the other members of the family did not bring
any clothes. It would help more than you can imagine
to have sent to me some of our baggage stored. If it
were for any other reason than a wedding, I most certainly would refrain from causing you any extra trouble.
The baggage is stored under my father's name, Hikotaro
Araki, at floor 1, Room 5 --- 358 East 1st St., Los
Angeles.

Please allow me this special privilege and may I anticipate an early and favorable reply?

Hopefully,

(Signed) Emily Araki

Gentlemen:

I am advised that you can answer the following questions for me, the advice coming from the office of the United States Attorney.

M. Araki, detained by the FBI and confined by the Hearing Board to a camp, owns certain real property in the City of Fresno in the restricted zone - 1024 Kern Streetwhich is a store building earning \$75 a month. The value of the property is in the neighborhood of \$6500. The outstanding mortgage against the property is \$3500.

The wife of the above paid the taxes but there is a possibility that the holder of the mortgage might precede to foreclose. There is no chance for the owner to obtain a loan or sufficient cash to relieve the mortgage at this time and a material loss will result should a foreclosure be permitted. I can fully appreciate the position of the mortgage holder but, in view of the war emergency, it would be quite in order to have this property designated as block property for the duration of the war - with the understanding that the earnings of the building would be paid to the holder of the mortgage. Thus all concerned would be protected.

An expression from you on this matter would be very much appreciated.

Subject: Talsuke Arao

Dear Sir:

Reference is made to your letter dated April 14, 1942 regarding the possible sale of a Chevrolet truck, the purchase of which you have financed.

From the information contained in your letter it appears that a substantial equity in this automotive equipment exists in favor of the purchaser. The alternatives which will be open to him with respect to this equipment will be to store the truck under conditions which might subject it to rapid deterioration, or to tender it for sale to the army on the basis of an appraised value established by two disinterested appraisers or at blue book wholesale, whichever is lower. These alternatives will be available at the time Mr. Arao is evacuated.

We have been suggesting to evacuees that they make their own arrangements for the disposal of motor vehicles if it appears that they will be able to realize more than they would under the army purchase plan mentioned above, and it would seem that in the present case Mr. Arao would benefit through a private sale transaction if the opportunity presents itself.

In any case, no arrangements could be made for sale to the Army until the area in which Mr. Areo is situated is evacuated.

Mc doubt your cus tomer will have your cooperation in attempting to find a buyer for the equipment, which, from the information presented, should result in a sale at an excess of the blue book wholesale figure which would be the maximum Army purchase price.

Should you desire to discuss the matter in greater detail, Mr. F. W. Ruppert, our Field Representative in the U.S. Employment Service office at 21 W. Lake Ave., Watsonville, will be available for any such discussion. He is spending some time at the Santa Cruz

Re: Taisuke Arao

Gentlemen:

The above subject is an American born Japanese and anticipates being evacuated from his residence at Route 4, Box 825, Santa Cruz. We have a loan outstanding to him in the amount of \$220.80 on a 1941 Model Chevrolet 1/2 Ton Pick-Up. The wholesale value of this truck is listed in the Kelly Blue Book at \$520.00 and retail value at \$670.00.

If possible we should like to bring this matter to a conclusion before Arao is removed from Santa Cruz, and we would like to know whether or not any arrangements can be made whereby the truck will be purchased by the army.

Dear Madam:

We have received your letter dated April 10, 1943, relating to certain property located at 3043 Summit Street, Oakland, California, which you stated is owned by a person of Japanese ancestry.

We have no information respecting the property, and are not acting as agents with respect to the property of Japanese who have been evacuated from this area. It is our suggestion that you endeavor to determine who the owner of the property is and obtain the assistance of the Mar Relocation Authority, Hotel Whiteomb Building, San Francisco, in communicating with the property owner. That agency may be in a position to offer some additional suggestions as it is in a position to afford assistance to evacuees residing in Mar Relocation Projects in connection with their property problems.

We understand that a portion of the equipment in your shop is subject to conditional sale contract in favor of the Singer Seeing Macking Smahange, 1162 Mission Street, See Francisco. No dombt you will instruct Mr. Ballor to make estiminatory arrangements with this concern so far or its interest is sensermed. FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES 503 Third Street Santa Rosa, California

April 22, 1942.

Federal Reserve Bank of San Francisco 400 Sansome Street San Francisco, California

Gentlemen:

Mr. Arita gave this office further information regarding his cleaning shop located at 324 Divisadero Street, San Francisco.

The key to the cleaning shop was given to Mr. Matsumosuke Matsumoto, who in turn gave it to Mr. Zeiler of 125 Alton Avenue, who is owner of the property upon which the cleaning shop is located. Mr. Arita states his lease ends in 1944. He pays a rental of \$27.50 per month; that he left the premises March 28, 1942; that he also expended the sum of \$75.00 in rewiring the building to meet requirements of the City ordinance, and that the owner, Mr. Zeiler, agreed to reimburse him to the extent of one months rent.

Mr. Arita has received one letter from Mr. Zeiler about a week ago inquiring as to the selling price of the hat blocking machine. The letter has been distroyed.

Mr. Arita also informs me that he can get no response from Mr. Zeiler as to any money collected from the customers. He is attempting to contact Mr. Zeiler by phone this evening, and if successful will report to this office tomorrow, April 23rd.

MONTHLY PAYMENT LOAN DEPARTMENT I GRANT AVENUE SAN FRANCISCO

April 13, 1942.

Mr. Isamu Arita, Route 1, Box 196, Petaluma, California.

Dear Mr. Arita:

This will acknowledge receipt of your letter of April 10, 1942.

Referring to our file and also your letter, the circumstances appear as follows: On March 28 you locked up your establishment at 324 Divisadero Street, San Francisco, and went to Petaluma so that you could be with your two sons in case of evacuation. In doing this you locked in your store on Divisadero Street customers' clothing in process which should have been delivered back to the customers. You locked your cwn equipment in this store and you also locked some articles in there which you are purchasing under contract and on which you still owe balances, and you are also tying up the landlord's property.

I have been in touch with Mr. Gray of the Federal Reserve Bank, who advises that you should return to San Francisco, deliver the clothing to the rightful owners, deliver your own property to the United States Government who will store it free of charge during your evacuation, either deliver the equipment which you are buying on contract back to the vendor or pay the balance due, and also surrender the store building to the landlord. Mr. Gray advises that in order to do this you will have to go to 501 Third Street in Santa Rosa and ask Mr. Knight to issue you written permission to return to San Francisco and wind up your affairs, and the permit will allow you to return to Petaluma to be with your sons after your affairs have been put in order.

I have discussed the matter of the Pantex press and the boiler which you have purchased from the Singer Sewing Machine Exchange. This equipment was purchased for \$309.00 and you made a down payment of \$59.00, leaving a balance of \$250.00. You have made 5 payments of \$15.14 on this equipment, leaving a balance due now of \$196.82, less unearned interest. The Singer Sewing Machine Exchange is unwilling to refund the down payment or the monthly payments which you have made. Your course now appears to be to either find a cash buyer for this equipment or surrender it to the vendor or pay the balance due out of other funds and store the articles in the Government warehouse.

If we can be of any assistance to you please do not hesitate to call upon us.

Came in in response to our letter to his father, T. Matsumoto. Reports Asai has given to Henry Taketa, attorney, for collection. Says offered \$100.00 settlement which Taketa refused. Taketa will settle for \$300.00, plus attorney fees.

Action taken:*

Phoned Taketa who says (and Matsumoto admitted) offered to take \$150.00 cash in full settlement and Matsumoto failed even to acknowledge.

Advised Matsumoto to settle immediately. (Do not think he will do so.) Matsumoto gives impression that he thinks brother has concealed assets so well Asai can never collect.

FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

August 20, 1942

D. M. Dunton, Field Representative, Federal Reserve Bank of San Francisco, WCCA Assembly Center, Tulare, California.

Dear Sir:

Reference is made to your letter, dated August 5, 1942, relative to a safe deposit box held in the name of Kamezo Asano in the Bank of A. Levy, Oxnard, California.

We understand from the information contained in your letter that Mrs. Umeda's father, Mr. Kamezo Asano, is an interned alien and it is believed that his safe deposit box is blocked. However, if her father was eligible to operate under General License No. 68-A prior to his being interned, he may still have such status unless specifically blocked at the request of the Treasury Department or the Federal Reserve Bank, and our records do not indicate that such is the case.

The enclosed copy of General License No. 68-A may be given to Mrs. Umeda, together with this information, so that she may be able to determine both her own and her father's status. It would seem advisable that if both parties are considered eligible under General License No. 68-A, that the Bank of A. Levy should be properly advised in that respect. In many similar instances we have found that accounts have been held blocked merely because the depositor has failed to establish his "national" status with his bank. In short, if they are both "generally licensed nationals" no further or other license would be necessary to permit removal of the contents of the safe deposit box. However, if such contents would be within the scope of paragraph 5 of General License No. 68-A, the withdrawal would be subject to the reporting requirements of that paragraph.

In the event it is learned that the safe deposit box is officially blocked, such access shall be permitted only

So far as we are concerned, this is abandoned property which we would not be inclined to take into storage under the circumstances. REFERRED BY MR. B. D. ARMSTRONG
TO MR. AUG * 8 1942

. 314 First Mational Building Stockton, California August 7, 1942

Mr. Allen Atheara 2042 East Fremont Street Stockton, California

Dear Mr. Athearn:

Your expressed intention to call upon kense Rigashiyama at the Turlock ascembly Center before he leaves there on August 10 may be the best way to come to a definite settlement of the various transactions which were not brought out in a signed agreement when the properties were delivered into your hands.

As the matter has been explained to us, we understand these items to be:

Squity in Ford pick-up.

Cash advanced to you.

Equipment delivered to you.

Equipment delivered by you at the Center.

Checks returned unpaid.

It is obvious that, with such a number of transactions still unsettled, a certain degree of confusion sust exist to the disadvantage of all concerned. The writer is at your service if he may be of assistance to you and the brothers. Migashiyama and Sato, in reducing these various deals to one simply arranged account.

In the meantime we have received a letter from leary Sato, 6-104-B. Stockton assembly Center, affirming his willingness and ability to adjust all of these details with you and assuring you that he can produce written authority from his brother to do so.

May we suggest that you call upon Mr. Sato promptly if you have not arranged an definite accounting with Mr. Rigashiyana ?

Very sincerely yours.

This business is now operated by W. A. Stromyer and Velia Unti, as employees. The attached copies of letters from these employees to the Company indicate and to Mr. Ishii, the latter dated August 7, 1942, indicate that a proposal to lease the business to the above mentioned employees has been suggested by Mr. Weiler, attorney, and would have the effect of evading the intent of the License. Mr. Ishii brought the matter to the writer's attention with the view of seeking his advice.

Action taken:* Consulted with Mr. Glark of the Foreign Funds Control Department at the Federal Reserve Bank of San Francisco. He advised that the suggested lease arrangement would violate the intent of the License which was issued for the primary purpose of permitting an orderly liquidation.

8/14/42 - Advised Ishii of interpretation of license privileges by Foreign Funds Control and suggested that an orderly liquidation was only proper course to follow. Writer stated that he thought from what Mr. Glark had said that a reasonable opportunity would be afforded to accomplish liquidation.

August 7, 1942

Dear Mr. Ishii:

For the last two or three weeks there have been some very difficult problems presented to me in handling the business in connection with the new regulations of the Treasury Department concerning the affairs of Japanese Nationals.

These new regulations affect alike all establishments operating under licenses issued by the government. In order to be absolutely sure of my ground, I have found it necessary to consult the firm of attorneys who have handled my own affairs and those of my former corporation for many years.

We made many calls on the officials of the Federal Reserve to find out the best method to handle the matter and to overcome the difficulties created by these new regulations.

I have prepared several copies of a letter addressed to the Company, which fully explains the situation, and I am enclosing a copy for you.

(The same letter having been mailed to all three of you, vis: Madokoro, Takao & Ishii)

In the meantime we have received a new license good until September 6. a. crt. to give us time to consummate the new arrangement with the proviso that further time will not be granted, and haste in your reply and the arrangement of the lease contract is therefore necessary.

The principal sticker under the new regulation is that we, Mrs. Until and I are acting as your agents, which now we are not allowed to do, and unless we act as independents we nor anybody else can operate. The leasing proposal therefore is the ideal one in as much as it leaves matters more or less as they are and above all preserves the business for you three as originally contemplated, and provides you with the income which you expect and desire and which I was specifically warned I could not remit to you under the present arrangement.

Under the new arrangement you are entitled to draw out of your blocked account the profits accruing to you as natives of this country.

It also abolishes the license as far as the conduct and continuance of the business itself is concerned.

Permit me to say that this type of arrangement should have been made immediately from the start, instead of handling the matter as was done.

As this matter is urgent, I am sending these letters airmail and request an immediate reply evtl. by wire giving your consent and allowing us ample time for drawing up and filing the necessary papers.

The necessity for haste prevents me from enclosing the usual monthly report, except for stating that the July business amounted roughly to \$3000.00 in cash sales and several hundred in forward sales; (to be made and acquired).

I should appreciate it if you would give the matter your immadiate consideration and answer as promptly as possible.

Sincerely yours,

W. A. STROMYER /s/

VELIA UNTI /s/

P. S. I notice today from letters received from Horikoshi that they also now are doperating under liquidation license.

Mr. Weiler handles quite a number of German and Italian licensed enterprises.

Atow Matsucka Company 597 Grant Avenue San Francisco, Calif.

Gentlemen:

Before you left San Francisco, the Federal Reserve Bank issued a license permitting the continuance of this business. The important paragraph of the license reads:

"Pursuant to your application of May 4, 1942, the following transaction is hereby licensed:

Effect all disbursements over a period of 90 days from a blocked account in your name with the Main Office, Anglo-California National Bank, San Francisco, California, in an amount of \$4,800.00 per month, not to exceed in the aggregate the sum of \$14,400.00, for the normal conduct of your business, or to sell, assign, lease or take all necessary steps in connection with the complete liquidation thereof. All disbursements which are effect shall be made within the United States in accordance with the provisions of the Order. The scope of the authority granted in this license may not be construed to authorize import or export transactions."

About a month later on June 4th, we received a new license. This license provided that it superseded and amended the license which went into effect May 4th. The important part of the amended license reads as follows:

"Pursuant to your application of May 4, 1942, the following transaction is herebylicensed:

To effect all transactions incidental to the sale, lease, assignment or the complete and orderly liquidation of your business identified as Atow Matsuoka Company located at 597 Grant Avenue, San Francisco, California."

Last week I consulted Mr. Alfred B. Weiler, the attorney who has taken care of my affairs for many years. I went to see him in order to get the license renewed, since the present license will expire on August 6th. Mr. Weiler read over the papers and then told me that the present license did not permit me to continue business as usual but required the sale, lease, assignment or liquidation of the business. After we talked it over, he made a number of inquiries from the Federal Reserve Bank and was advised by them

that it is now virtually impossible for your company to secure a license to continue business indefinitely. In such cases it seems that the Secretary of the Treasury is requiring that the business be liquidated.

In order that the business will not be stopped at the close of August 6th, I have applied for the renewal of the present license. However, it is very apparent that it will be necessary that some sort of liquidation be accomplished during the term of the new license.

I explained the situation as well as I could to Mr. Weiler. He felt that probably the most satisfactory arrangement would be for the corporation to lease the business to Mrs. Unti and me. The rental could be a fixed percentage of the net income of the business. We then would be able to pay the rental into a blocked account and the money would be subject to removal from the blocked account by license of the Federal Reserve Bank. However, Mr. Weiler advises me that the business could be continued indefinitely under that arrangement and that such a plan would be perfectly proper under the present law.

The obvious advantage of this leasing arrangement is that your corporation would be able to terminate the lease and resume business after the present foreign exchange regulations have been eliminated. In the meantime, Mrs. Unti and I would carry on the business, not as your agents because if we were your agents we would have to have a license which the Federal Reserve Bank will not issue. Therefore, we would have to operate the business entirely for ourselves. However, we should have to make periodic accountings to you of our receipts and expenditures in order to explain to you how we computed the share of the net income to which you would be entitled as rent.

There are some other possible ways of handling the situation. We could have a liquidation sale, but, of course, that would be most unsatisfactory. You could sell the business to Mrs. Unti and myself but if that were done, there would be no way in which we could provide now for you to resume the business on your return.

One other thing is possible, but I do not know enough facts concerning Mr. Matsuoka's holdings to know whether this could be accomplished. Mr. Madokoro, Mr. Takao, and Mr. Ishii could buy out Mr. Matsuoka's share of the business. It may be possible to arrange this and, of course, if it is done that would eliminate the Federal Reserve Bank from the picture. Mr. Matsuoka's proceeds from the sale would be subject to foreign funds control but the business itself then would be free of the licensing regulations. Of course, this all depends upon the consent of the Federal Reserve Bank and it seems to be a more complicated procedure than the leasing arrangement which I have suggested.

Will you please let me hear from you concerning this matter as soon as possible.

Yours very truly,

W. A. STROMYER /s/

Mr. R. E. Everson, Assistant Cashier, Pederal Reserve Bank, San Francisco, California.

Dear Mr. Everson:

In Re: Henry H. MacVine
Real Property located at
597 Grant Avenue, San Francisco

Mr. MacVine has a tenant at 597 Grant Avenue. This tenant is a California corporation by the name of Matsucka. Company. The lease is in writing and has some few years yet to run. At the present time the corporation is delinquent in the payment of rent and Mr. Nakao has promised to clear up this delinquency by the end of the current month.

The Investigative Section of the Foreign Funds Control suggested that I make inquiry with you as to what would seem advisable as a course of action. Mr. MacVine could, under his lease, institute ouster proceedings, but we naturally do not want to do this if there is any likelihood of this corporation carrying on.

The possibility is that all of the stock of this corporation is owned by Japanese and it appears from press reports that all of these individuals will be moved out. In view of the present conditions, we would like to be advised in the matter and will appreciate any comment you wish to make which might prove helpful to Mr. MacVine.

In reviewing the license recently issued to you for the operation of your business, it occurs to us that you might be in an area recently designated by the Army officials which will possibly be evacuated in the near future.

If you are subject to the evacuation order and the license which you now have is not sufficiently broad to permit disposition of your assets or the complete liquidation of your business, we will be pleased to give immediate consideration to any application which you wish to submit.

Yours very truly,

Assistant Cashier.
