Owns 1939 Ford Deluxe four-door Sedan, clear.

During period of evacuation he has arranged to consign this car to the care of H. L. Jones, proprietor of Standard Seed Farms Co., Stockton, who agrees to keep it in good condition and return it in good condition to George Baba.

The car will be insured and responsibility for insurance will be settled between Baba and Jones.

Transfer of ownership will not be made, Jones being merely registered owner.

The Subject asks about caring for his money, also has a \$1000 20-pay life policy with California Western States Life, in effect Over 3 years, dividends allowed to accumulate.

Action taken:*

Approved arrangement with Jones and sent Subject to Motor Vehicle Department to follow their directions on transfer. Also told him to get a receipt from Jones for the car.

Suggested that he leave his money on deposit at the Bank and to buy traveler's checks if he decides to take a considerable amount with him. Sent him to local insurance office to obtain statement of cash loan value, accumulated dividends, automatic extended insurance, and other values available in policy. With these facts shown he may continue payments in regular manner.

Mr. Claude A. Baker,

Mr. R. E. Everson, Asst. Cashier,
Federal Reserve Bank,
San Francisco.

Dear Mr. Everson:

Thanks for the opportunity to get to the proper agency, the knowledge gained from several years raising tomatoes, that nursery seed for tomato plants should be in the ground right now.

From I believe, the United States News, Washington, comes the information the Government wants in 1942, 80% of last year's tomato pack. This fruit is very essential to our armed forces in certain climates.

If one is to plant some idle Alien farm lands, they should be quickly notified and placed. If equipment at Manzanar (trucks and tires) was available as well as tractors and tools stored or left for sale with implement dealers, time would be saved.

As the Calif. planting season is getting away from us, I would recommend that efforts be made to plant shortage crops farther inland and eliminate concentration of tin on the coast.

Very truly,

(signed)

Dear Sir:

Reference is made to your letter dated April 6, 1942, regarding automobile tires.

We are uncertain, from the information contained in your letter, what arrangements you are endeavoring to make, and particularly whether you desire to purchase the properties of the evacuees, and if so, in what quantity or on what basis.

For your information, these persons are in a position to deal privately with respect to their properties, as they have retained their ownership, even after evacuation.

Should you have in mind some general program which you believe will be helpful in connection with the evacuation which is in progress, we will be pleased to pass it on to the proper agency, if you care to submit it to us.

Yours very truly,

R. E. E. @

How about removing their wheels, tires and tubes and me using

Dear Sir:

Inclosed please find power of attorney forms which Edna Baker acknowledged July 21 when I took her out to the Assembly Center. These were sent up to Mr. Malcolm Gordon for recording but the Solano County Recorder refused to record them without a full notarial acknowledgement. I have prepared the full form and attached same to the power of attorney. If you will have Edna acknowledge same and mail to Mr. Gordon in the inclosed envelope I will greatly appreciate it.

I spoke to Mr. Black, manager of the Merced Assembly Center, about your coming up Sunday. He said that the letter you wrote to one of the Japanese had been turned over to him and that he was expecting you. He will be at the Administration Building and the sentry will call him and he will give you a temporary pass for the day.

March 23, 1942

Mrs. Don E. Battles,
1641 Alcatraz Street,
Berkeley, California.

Dear Madam:

In acknowledgment of your postal card dated March 21, 1942, we have noted your interest in the rental of a five or six room house in Berkeley, Oakland or Alameda, and your understanding that we are handling the property of Japanese.

In our program of assisting persons who may be required to evacuate the military areas which have been established, we are encouraging the equitable sale or leasing of property of aliens, including Japanese by private negotiation wherever possible.

Inasmuch as, up to the present at least, we have no real properties of evacuees under our control, we suggest that you contact reputable real estate firms in the cities above mentioned. Consultation with your local bank might also be helpful.

However, we will be pleased to hold your inquiry in our files and should occasion arise, will communicate with you later.

We are forwarding a copy of the subject matter of your postal card inquiry, together with our reply thereto, to our field representative, Mr. Mason Case, 2459 Shattuck Avenue, Berkeley, in the event you might find it more convenient to contact him direct.

Yours very truly,

R. E. E. C.

Assistant Cashier.

File A. Bava

April 4, 1942

Edward T. Taylor
Attorney at Law
Modesto, California

Dear Sir:

I have received your letter of April 3 in regards regulation respecting Italian nationals. In the case you write about this WCCA office has been informed that, "a farmer who operates several ranches, or works on several ranches, may travel to such ranches if they are more than five miles from his home." He should not make any side trips but use the most direct route to and from ranches or between ranches. Under all circumstances curfew regulations must be lived up to.

There has been set up regulations under which Italian or German Nationals can be exempted from evacuation and curfew. If you care to check into the matter further have Mr. Bava come into this office or write to the Provost Marshall, Whitcomb Hotel, San Francisco and ask for Proclamation #5 and from same you will be able to ascertain if Mr. Bava would be exempted.

Yours very truly,

Harold Johnson

Mr. Johnson
Federal Reserve Bank Representative
State Employment Office
Merced, California

Dear Sir:

Mr. L. M. Canfield of Modesto has referred me to you for confirmation of a rule or interpretation of regulations respecting Italian nationals.

Mr. A. Bava, an Italian national, resident of Modesto, has resided in this country continuously since 1911 with the exception of three months when he went back to Italy in 1929. He is the owner of three ranches, all south of the Tuolumne River. One of them is approximately two miles east of Hughson, Stanislaus County, California. This is 84 acres, planted to alfalfa, and has no house or other living accommodations. He has owned this since 1931. This ranch is 14 miles from Modesto.

Another ranch consisting of 125 acres is five miles south of Modesto and twelve miles from the Hughson ranch. Mr. Bava has owned this 125 acre ranch since 1937. It is planted 20 acres to vineyard and trees and the balance open land.

The third place consists of 5 acres and is near Modesto.

I am informed by Mr. Canfield that Mr. Bava may travel from Modesto to either one of the ranches and travel from one ranch to another for the purpose of caring for the same, without a special permit. Will you please confirm this interpretation?

If the foregoing is not the correct interpretation, will you advise me what steps are required to obtain a necessary permit for him to operate these ranches?

Very truly yours,

Edward T. Taylor

Dear Sir:

Reference is made to your letter dated July 7, 1942, relating to the request of Mrs. Beckett to take into storage household effects of an evacuee residing at the Fresno Assembly Center, which were left with Mrs. Beckett at the time of the evacuation.

As you know, we have been most reluctant to accept goods into storage after an evacuation operation has been concluded. Under the circumstances existing in this case, however, and in as much as additional storage will be received at the Fresno Warehouse, we would be inclined to grant the request, provided it is done in a manner which will not open the door to similar requests from other evacuees.

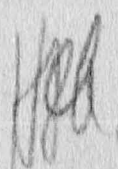

It would, of course, be necessary to obtain appropriate Forms FRB-2, and the goods should be properly tagged, crated and otherwise prepared for storage. No doubt you will wish to discuss this situation with the evacuee involved before taking any steps.

Assistant Cashier.

Dear Sir:

A Mrs. Beckett who lives four miles west of town, had a Japanese gardner who voluntarily entered the Fresno Fairground Evacuee Camp, and at that time left his furniture in the gardners house on the property of Mrs. Beckett. It now appears that Mrs. Beckett needs this house for the reason that she has secured another gardner who has his own furniture and unless she can get possession of the house within the next week she will be unable to secure his services.

The question now arises, may we send out our transfer man, pick up this furniture and place it in our warehouse by making out the forms FRB-2 and have the furniture properly crated.

I informed Mrs. Beckett that I did not think this could be done until the regular evacuation date had arrived, due to the fact that these people may be sent directly to a permanent camp and wish to have their furniture sent to them under regular procedure at that time. I promised her I would write you for a decision in this matter.

Dear Mr. Bellgardt:

I have had your letter of March 27 before me since that date and have endeavored to find someone who might be interested in making the exchange of property here for your fourteen acres in Montrose, Colorado.

Due to opposition of some of the states practically all of the voluntary evacuation of Japanese to other states either ceased or was cancelled by them so that there has been no opportunity to offer you property in exchange.

Should we be able to contact anyone we will certainly advise you.

Dear Sir:

Reference is made to your letter dated March 11, 1942 relating to the Pacific Hotel Building, 5th and Island Streets, San Diego, California, and to your desire to consider the acquisition of hotel properties, cafes, etc.

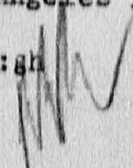

This information is being forwarded to our Los Angeles Branch for file purposes in order that your name will be available to it should it have occasion to consider the disposition of such properties in relation to its program of assisting evacuees in the solution of their property problems.

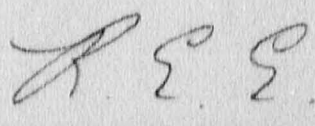

So far as the specific property about which you are inquiring is concerned, this bank is not operating as Alien Property Custodian, which office has been filled by Mr. Leo T. Crowley, recently appointed by the President of the United States. You might wish to take up your matter with that office at the time when its organization has been completed. Information along that line will undoubtedly be available through the press at some future time. We understand that this property is presently under the supervision of Mr. Leroy B. Powers, Customs Agent (in charge), Investigative Section, Foreign Funds Control, 405 H. W. Hellman Building, Los Angeles, California, with whom you might wish to make contact.

We would suggest that any future communication with this bank be directed through our Los Angeles Branch because of its proximity to the area in which you are located.

Yours very truly,

I understand it is the

We are interested in
orchard property in Fresno

We owned and operated

Gentlemen:

It has been suggested that we make a report covering the activities of this bank in connection with the evacuation of the Japanese from Florin and Perkins in Sacramento County and from Clarksburg in Yolo County. No attempt has been made by us to keep a record of the transactions handled by us or of the new accounts that we opened, and it is therefore impossible to furnish any figures.

In Perkins a representative spent two mornings at the control center. A number of travelers checks were sold and several new accounts secured. We were able to assist a number of evacuees by cashing their checks.

In Florin the number of evacuees was larger and more time was spent at the evacuation center. Commencing with May 19th and continuing through May 28th, the writer and his secretary spent several hours each day in Florin. During this period a number of new accounts were secured and a number of travelers checks were sold.

The evacuation from Florin and Perkins occurred at the height of the strawberry season and the Japanese in these communities were without any banking service. It is estimated that in excess of \$150,000.00 was paid to the berry growers during the month of May and the bulk of this sum was distributed shortly before evacuation. We therefore feel that we were able to render a definite service to the Japanese in cashing their checks and handling their other banking problems. Many of these people were our clients and one of the berry distributing firms which purchased approximately half of the berries grown in the area, carried its account with this bank.

Our efforts in the Clarksburg area were not entirely wasted as we opened several new accounts and sold some travelers checks. However, most of the Japanese in Clarksburg had arranged their affairs before the order was made. Our representatives were in Clarksburg on three days for several hours on each day.

The value of our efforts cannot be estimated, at this time, in terms of dollars and cents. We feel that we have made many new friends for our institution and the future will determine the value of this good will.

Bank accounts frozen;

A number of cases wherein Japanese have their bank accounts frozen and would be in a position to pay their bills to Merchants of Sacramento and vicinity if a way could be found to release the funds.

We telephoned Mr. C. E. Everson, MEX 4/11, 42 and explained the problem as we found it here in Sacramento and he confirmed to us that he would contact the Superintendent of Banks in San Francisco. About an hour later Mr. Johnston made an appointment with us here in Sacramento.

Action taken:*

Mr. Johnston stated, "that they would cooperate in every way possible and as these cases developed he would check the claim filed at the bank, registering same, and the banks of Sacramento would then be in a position to accept the claim and assignments and to make liquidating ~~payments~~ dividends in full to loaning bank. This would be collateral against loans in which the banks stated that they would loan up to about 50% of claim. We feel that through the efforts of Mr. Everson that we will be able to clear a number of cases here in Sacramento under this arrangement.

Dear Sirs:

Reference is made to your letter of July 17, 1942
pertaining to the whereabouts of one, San Seki.

Our records disclose nothing which would lead to the
location of this man, but we suggest that you present a similar
inquiry to Dr. Calvert I. Dedrick, Wartime Civil Control Ad-
ministration, Whitcomb Hotel, San Francisco, and also to the
Federal Security Administration, 785 Market Street, San Francisco.

These agencies would have knowledge of the Assembly
Center addresses of all evacuees.

Very truly yours,

Sacramento, California.

SUBJECT: Frank S. Noguchi - Family No. 32720

Dear Sir:

We have the subject's letter dated June 24th stating that our
drayman neglected to pick up a washing machine at his home address, P. O.
Box 333 B Street, Walnut Grove, California.

It appears that this oversight occurred because the washing
machine was not picked up at the same time his other furniture was re-
moved. The evacuee was told by the drayman that he would be back for
it the next day but it now seems he failed to return.

We are further informed that Mr. Tony Chargin of Bank of
Alex Brown, Walnut Grove, has power of attorney for this family. Through
him will you try to locate the washing machine and have it placed in
storage at the Sacramento warehouse.

Yours very truly,

25 AS FOLLOWS, TO-WIT:

26 1. That the parties of the second part do hereby sever-
27 ally and each for himself appoint and employ the party of the
28 first part as their agent for the purpose of generally managing
29 and supervising their respective properties, and, further, to do
30 all matters and things hereinafter specifically provided.

1 2. The party of the first part hereby agrees to use his
2 best efforts to obtain and procure tenants for all of the evacuated
3 properties of the parties of the second part at such rentals and
4 for such terms and upon such other terms, conditions and covenants
5 as the party of the first part in his sole discretion may deem
6 proper under circumstances that may be existing; that it is under-
7 stood that difficulty may be anticipated in procuring tenants for
8 all or any substantial part of the premises of the parties of the
9 second part, and in the event that tenants cannot be so procured,
10 then and in that event the party of the first part shall supervise
11 and safe-guard said properties to the best of his ability, to the
12 end that said properties shall be preserved for the period of the
13 owners' absence during said evacuation.

14 3. That said party of the first part is hereby authorized
15 and directed, as such attorney in fact, to draw upon any and all
16 bank accounts of the parties of the second part for the purpose of
17 paying all county taxes, water charges or any other charge or item
18 of expense necessary and proper for the preservation, up-keep and
19 protection of said respective properties, and to cause such taxes,
20 water charges and other such costs and expenses to be paid.

21 4. That the party of the first part agrees to supervise
22 and cause to be made all minor repairs upon said properties that he
23 in his discretion may deem proper and that minor repairs for the
24 purpose of this agreement shall be construed to mean all repairs
25 that cost Fifty Dollars (\$50.00) or less, and that all major re-
26 pairs, that is all repairs costing in excess of Fifty Dollars (\$50.00)
27 will be supervised or caused to be made by the party of the first
28 part only upon the written instructions of the respective parties
29 of the second part.

1 5. The party of the first part further agrees to do
2 other matters and things in connection with said properties which
3 are in his opinion workable and practicable under existing circum-
4 stances as may be directed in writing by the parties of the second
5 part, that is, represent the parties of the second part in the sale
6 or properties, hypothecation of properties, at cetera.

7 6. That all moneys required for the payment of taxes,
8 water charges or other matters and things hereinbefore provided for,
9 shall be procured from bank accounts now standing in the name of
10 such party of the second part for or against whom such expense is
11 incurred, or from moneys otherwise made available or which may here-
12 after be made available for such purpose by such party of the second
13 part; that under no circumstances is the party of the first part
14 obligated to advance or procure moneys to defray such cost and ex-
15 pense; that in the event no bank account or other funds are available
16 or made available by such party of the second part to defray any
17 cost or expense necessary to be incurred, then and in that event,
18 the party of the first part may either permit such cost and expense
19 to become delinquent or permit such matter or thing to remain undone
20 or the party of the first part may borrow on behalf of or in the
21 name of such party of the second part such money, secured by hypothe-
22 cation of the property of such party of the second part, all in his
23 discretion. It is particularly understood and agreed that the party
24 of the first part assumes no responsibility or obligation to such
25 party of the second part by reason of any loss or damage that the
26 latter party may suffer by reason of matters and things left unpaid
27 or undone by reason of the lack of funds of such party of the
28 second part unavailable at such time, or through the failure of
29 the party of the first part to communicate with or notify such

1 party of the second part of the accrual of such obligations and
2 the lack of funds available to defray the same.

3 7. It is further understood and agreed that the party of
4 the first part, in the performance of this agency, shall use his
5 best judgment and opinion and that the said party of the first
6 part shall not be liable or responsible to the parties of the
7 second part, or any of them, for any act, transaction, matter or
8 thing done or undertaken by him, or which he may fail to do or
9 undertake, and which the parties of the second part, or any of
10 them, may deem improper, impracticable, negligent, bad judgment
11 or abuse of discretion; in other words, the parties of the second
12 part are to be bound by and accept without recourse all acts,
13 transactions, matters and things either done or not done by the
14 party of the first part hereunder or under the general powers of
15 attorney hereinabove referred to.

16 8. That as and for compensation for the services rendered
17 by the party of the first part to the properties hereunder or under
18 such general powers of attorney, the respective parties of the
19 second part hereby agree to pay to the party of the first part ten
20 per cent (10%) of all rentals or any other moneys collected for and
21 on behalf of the parties of the second part during the term of this
22 agreement, and in the event that no rentals or other moneys are col-
23 lected by the party of the first part for or on account of the par-
24 ties of the second part hereunder as to any of such properties (or
25 in the event such properties do not produce any income or revenue)
26 then and in that event said party of the first part shall be paid

1 a sum equivalent to ten per cent (10%) of the amount of taxes,
2 water charges, repairs or other items paid out by the party of the
3 first part necessary and proper for the holding and preservation
4 of such properties.

5 9. It is further understood and agreed that the party
6 of the first part shall not be in any manner responsible or
7 accountable for any personal property which may be left or stored
8 in or about any of the buildings and improvements or upon the real
9 property of any of the parties of the second part. In the event
10 any such personal property is so left upon said premises or pro-
11 perties the same shall be left at the sole risk of the parties of
12 the second part so leaving them.

13 10. That the parties of the second part shall at all times
14 save the party of the first part free and harmless from each and
15 every claim and demand of whatever nature made or to be made by or
16 on behalf of any person or persons for any act or omission on the
17 part of any renter or any person or persons acting on such renter's
18 behalf or under his employ or direction or from any other person by
19 reason of any transaction or act or matter or thing done by the
20 party of the first part in the performance of this agreement or
21 while acting as agent of the parties of the second part, and from
22 all loss and damage of every nature and description by reason of
23 any such act or omission or any such transaction or act or other
24 matters or things done and taken hereunder.

25 11. That in the event the party of the first part enters
26 the service of the United States or leaves and removes from the
27 Town of Walnut Grove or its immediate vicinity, or becomes for any
28 other reason unable to perform his duties as such agent or attorney
29 in fact, then, and upon any of such events, this agency agreement
30 may be terminated without notice to the parties of the second part,

1 or any of them.

2 12. The term of this agreement shall be for the period
3 of the existence of the evacuation orders under which the respective
4 parties are compelled to evacuate from their present abodes or
5 places of business, and for such additional time thereafter as
6 would permit the parties of the second part to return to the Town
7 Walnut Grove, provided, of course, that this agreement and the
8 general powers of attorney are not terminated sooner, as herein-
9 above provided.

10 IN WITNESS WHEREOF, the parties hereto have here-
11 unto set their hands, the day and year first hereinabove written.

Attention: Mr. R. E. Everson

Dear Sir:

This letter refers to our problem cases of
The Alex Brown Company, Irving P. Ostrom, and also
the Dye property. *XR* *XR*

Until now, only about half of these property
owners had agreed and decided to give Power of Attorney
to A. V. Chargin of the Bank of Alex Brown. Various
reasons were found for this.

I decided action to be taken as I considered
this case could not be concluded to satisfactory con-
clusion unless this plan was unanimous.

Therefore, I presented my plan and the explana-
tion of my predictions of what might happen if the plan
was not unanimous to the leading members of the
Japanese people, which resulted in a meeting with every
property owner present. I then presented the case to
the meeting.

After the meeting, many of the Japanese went
into conferences extending until the next day. Mr.
A. V. Chargin was present as were also Mr. Ostrom and
his partner. I also conferred with the Alex Brown
people. It was impressed upon the Japanese people that
if they were wholly united to show good faith, they
could expect assistance from the Browns, Ostroms, and
Dyes, the landowners.

A ratio of assistance was also discussed,
being considered at about a ratio of one-third of the
total assessed costs if and when any such cost of civil
government may be required, such as police protection
for the properties or added fire protection or any
emergency that may arise.

FOR DEFENSE

Mr. R. E. Everson

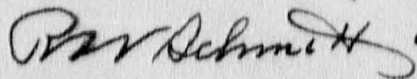

- 2 -

May 26, 1942

The Japanese people now fully understand that it will be the effort of Mr. Chargin to fully meet any such emergency, and that if necessary costs for same can be deducted from the income on their properties or charged to these properties against any future income, or that if these properties do not earn the costs of maintainance, they would be treated in the same manner as had been previously arranged or considered in their respective leases. This will probably mean some of these properties will divert back to the landowner as some of these people are delinquent with payments at the present time.

To conclude this report, I have the promise from the Japanese of 100% cooperation in turning all their properties over to Mr. A. V. Chargin and they are now doing this even though some had previously made other arrangements.

Yours very truly,

A. J. Reid

HARRY N. DYKE
Attorney at Law
Rio Vista, California

Rio Vista, Calif., April 20th, 1942

S. Joshiwara,
Walnut Grove, Calif

Dear Sir: I had a long talk with a Mr Reed, of the Federal Reserve Bank, with headquarters at Sacramento and he is the man who is handling all of the Japanese National property adjustments.

He said that you could give a power of Attorneys to any person but that if one was given that it be a "Special Power of Attorney" limited to certain matters only. *No*

He also stated that they were trying to have one man in each of the landowners area handle the various matters for all of those who have buildings on leased ground, to avoid much confusion and trouble in having a landlord deal with several representatives, in as much as the question of ground rental, taxes, etc was involved.

They expected to have the Brown interests and the Dye Brothers interests handled in that way and suggested that the Ostrum Etc interests be handled the same way. This would let one man have the say, do all the necessary renting of the property, pay the landlord his ground rental, and pay the taxes on the houses etc.

In my judgment it would be the best way to handle this matter. Let all the house owners make a special power of attorney to one man to take care of their interests, etc.

If you could get in touch with Mr Reed and ask him to come down and meet with all of the owners in the Ostrum etc, area. See if the land owners will meet with him on that kind of a proposition and then phone him and ask him to drop down.

Very truly yours

Attention - Mr. Armstrong

Gentlemen:

We are looking for a Monterey type fishing boat for use in connection with our operations for shark fishing in Mexican waters.

The boat should be between 30 and 35 feet long at the waterline and powered with a heavy-duty Hicks or similar type engine.

The Fish Harbor Boat Works at Terminal Island, California, has advised us that the boat "HERO" is at Terminal Island and is for sale by the owner, Tatsuo Shioji, who is at the Owens Valley Reception Center at Manzanar, California.

We would be interested in knowing if this boat, or any similar boat, is listed by your department for sale. If so, will you please give us full particulars and prices asked.

Your kindness will be appreciated.

Yours very truly,

Principal property involved and scope of problem: T. Borba wants to buy a Model A, 1931, flat bed truck from K. Hiraga, former address- Rtl Bx 255, Nashua Rd., Salinas who are now in Sacramento. Traffic office has given approval of this purchase. Came here to find out if okay to buy truck. K. Hiraga is an alien. They left truck here, with T. Borba.

The buyer cannot pay cash, wants to buy at the rate of \$10 per mo. which is satisfactory to the seller, so buyer reports. Seller's new address in Sacramento is 408 N Street. He obtained a travel permit before leaving.

Buyer drives school bus in Castroville and also operates garbage concession Saturdays and Sundays.

Action taken:* Sent him to Motor Vehicle Dept. to get his license transferred and told him to obtain the pink slip and the signature on the registration card from the seller and present to Motor Vehicle Dept. Seller would not sign or give slip unless satisfied.

Find that truck has not been operated this year and has no 1942 license because Hiraga had a stroke. Certificate of Non-Operation has been obtained to be signed by Hiraga and presented for approval.

Dear Madam:

Replying to your letter of April 25th in which you state that Mr. Hudson referred you to me, please be advised that this office does not issue permits. These are obtainable, as a rule, through the Provost Marshal and he has a representative attending to the permit business, name of Mr. Mercer with office at the U.S. Employment Service, 7 Natividad Street, Salinas.

For your information and guidance I do want to tell you that there are no exceptions for the curfew hours on aliens. This is positive and you should instruct your father not to violate the curfew ordinance under any circumstances, any where, any time. No one, not even the Provost Marshal, can authorize violation of the curfew hours.

For further information about travel permits or anything else of that nature, please obtain it from the address given you above.

Yours truly

Dear Mr. van Loben Sels:

Mr. W. G. Hudson called today and advised me to write to you about getting a permit for Mr. Carlo Borzini - my father. My father has spent over 30 years in California and it's hard to make him understand the travel and curfew restrictions.

His businessess and work makes it necessary for him to go beyond the five mile limit and sometimes its impossible for him to be home by the allotted time.

Please advise me what to do and I will do all I can to get him a permit.

Sincerely yours

Dear Sir:

Your letter addressed to the State Highway Patrol of Salinas about purchasing a car, received by them May 27th, has been forwarded to me for reply.

We do not have any cars in our possession for sale for the account of these evacuees. Most of them disposed of their cars before going to the camps.

In some cases there may be individual cars stored with friends but we have no record of this nor do we have a record of cars that may be for sale under such circumstances.

Dear Sirs:

I would like to inquire if are in charge of the sale of cars owned by the Japanese in or around Salinas. Would it be possible to quote me the prices of any of these cars in your custody?

I am especially interested in a 36 V8 Convertible Coupe which I understand that you have for sale. It is impossible for me to inquire in person in as much as I am on call twenty four hours a day on a fire suppression crew station at Hollister. If you have a car I would be interested in, I would like to call and see about it about the 30th of this month.

Thanking you in advance, I am.

Dear Sir:

I am taking the liberty
of addressing you at
this time, in regards
of securing an orchard
to run.

I have been given
the impression that men
are needed, which have
experience in running
orchards, Is that right?

I am 30 years old and
have spent most of 18
years working in apples,
peaches, pears etc.

I helped my father run
an apple & pear ranch
above Stockton, for 5 years

I am married and
have two children.

If it is possible for me
to be able to lease, rent
or run a place, what
would the financial backing
terms be?

I would rather have
a five year lease or longer.

Would you please write
and give me full information
for any place which you
may have?

Dear Sirs:-

I am writing in regard to
some property that I understand
you have in trust for some Japanese
people by the name of Kosomoto.

Their property is here in San Diego,
(or I should say in En Canto) a suburb
of San Diego, on Leghorn St.

I would appreciate it very
much if you could let me know if
this property is for rent or lease. I
have a home here in San Diego, but
would like to get a place farther
out in the vicinity of the Kosomoto
home or some other such place if
this particular place is not for rent.

I can give very good reference as to
character and the ability of myself and
family to care for property.

Thanking you in advance, I remain,
Sincerely,
Mrs. C.C. Brandt

Mr. S. Braunstein, D. D. S.,
2201 - 31st Street,
Astoria, Long Island- *New York*

Dear Sir:

✓ Reference is made to your inquiry of
April 22 addressed to the San Francisco Chamber of
Commerce.

There is no specific ruling which would
answer your question yes or no, in connection with
all evacuee property. Evacuees have been encouraged
to work out their own salvation wherever possible,
and there are some properties for sale as well as
for lease.

These range all the way from highly specia-
lized developments to ordinary small homes.

Yours very truly,

Assistant Cashier.

Principal property involved and scope of problem:

The telephone has been disconnected and business liquidated, according to Mr. Soares, Manager of Bank of America, Brentwood. A Mr. Ramos of Stockton is alleged to have bought equipment and packing shed and lease from Santa Fe Railroad. Plant and equipment value shown on original report as \$17,500, was, according to Mr. Soares, sold at about \$6000, the belief being that affairs of the concern were confused and original valuation evidently out of line.

Dear Sir

Sorry in delaying an answer to your letter of April 30th, as I've been quite ill since my last visit to your office, Harry Ahirama left my flat at 1378 Jackson St. April 7th I did not know he was going with the first group, his rent was not due until the 15th which I called for, and learned he had left without notifying me, leaving the house, and cellar doors open without keys for the children and others, in the neighborhood to amuse themselves at my expense, The health department was notified, and ordered me to depose of him

garage filthy bedding, rugs, mattress
which he left, on the porch, in house,
yard, also cellar which ^{was} full, there was
nothing there to my knowledge but a
pile of junk, a broken Victrola which
an Air Warden in the neighborhood
said he'd fix it, and take to his quarters
to amuse the men while there, a door
missing which costs me five dollars to replace
also four windows which they broke.
Well I called in a junk man, he gave
me \$25.00, ^{for} rugs, bottles, & old rugs, and didn't
want any thing more, so called another
he'd give me nothing, but charged me twenty
five dollars for cleaning the place out of all
his junk, I suppose Harry Akiriana had
taken thing he wanted and stored which
you might know. I ordered him months
ago to take his junk out of the yard
and all I got was a mile, and a right
went with, which we all know just what

that I mean now.

This flat is part of my living and is costing me six hundred dollars to remodel, and I don't ^{think} it's fair to me to work, and take my hard earned salary and pay a ~~gar~~ junk bill

I have the receipt for his junk, but have not received the bill for his garbage yet I have written Harry Abiyana on the 10th will let you know if I hear from

Your Very truly

Miss Sarah Brown,

Dear Madam:

In reviewing our files, we are interested in learning what disposition you have been able to make of the abandoned belongings of Harry Akiyana at 1378 Jackson Street.

According to our records, we suggested that you contact him and obtain his instructions.

While we are not in a position to acquire possession of such abandoned property ourselves, we wish to cooperate with Akiyana and yourself in any suitable manner.

Kindly advise us what arrangements you have been able to make.

I have two flats at 1378 Jackson St. Harry Akiyama lived in the upper flat when he was evacuated he left some old furniture, carpets, dishes in the flat, and some beds in the basement, there is a big pile of Rubbish in the yard. It will cost about \$50.00 to move this to the dump. I haven't any money, and was told to come here that you took Japanese furniture from their homes & stored it for them.

Action taken:*

Advised that upon request, we do store Japanese goods at the time they are evacuated, but only after they have authorized us to do so, also they must list their furniture and property tag it. In your case we have no authorization to move the furniture and suggest you write Akiyama and ask him what disposition he wants to make of his furniture etc and to pay for its removal.

Dear Sir:

Confirming your telephone call of this date regarding information as to the proper handling of guardianship for property in the name of minor Japanese evacuees.

I would suggest that in such proper cases the Court in the county in which the evacuee lives should be petitioned for appointment of capable guardian as the usual procedure followed in such cases.

You are advised that the facts disclosed in the correspondence do not bring the person concerned within any of the exemptions from the regulations of the proclamations heretofore issued by the Commanding General, Western Defense Command and Fourth Army. Gentlemen:

By Power of Attorney I represent Mr. Alexander Bubolz, whose residence for the past 45 years has been 1715 Jay Street, Alameda. I have known him 35 years, and he has been a good citizen of the United States.

Mr. Bubolz's sister, Mrs. Elise Schultz, a widow, now lives at 504 Lewis Avenue, San Leandro, c/o Mrs. E. Parrott. She is an alien and cannot return to Alameda because of this fact. Mr. Bubolz has become very ill with tuberculosis and through my influence has been sent to the Fairmont Hospital of San Leandro. Consequently, the old family home is empty, but clear of incumbrance.

To carry on the expense of the sickness it becomes necessary to sell, and Mrs. Schultz is desirous of going to the house for the purpose of disposing of the furniture and certain pieces of machinery used in her brother's sheet metal business. To do this would be expediting matters if she could remain there until this was accomplished.

Would your office be so kind as to consider this request. I can vouch for her as to her good intentions and if necessary have her contact you. She informs that she cannot go out of her area, and my business keeps me so confined that I cannot devote enough time to do the job quickly.

As the home is old and in an area which now houses a poorer population, the sale will be on a non-profit basis. It is situated close to the shipyards, and I feel will sell readily to shipyard workers.

Anything that could be arranged would be profoundly gratifying to all parties concerned. I have been a resident of Oakland for 62 years and my address is below.

Yours very truly,

Attention: Mr. Joseph Tyler

Gentleman:

With the evacuation of people of Japanese extraction definitely on hand, the problem of the storage of their personal belongings has created not a few worries among those people.

As a measure of cooperation with the Military Authorities and as a means of helping out these evacuees the Buddhist Mission of America has decided that the Church building shall be used as a storage place for the belongings of the evacuees. We hope that by these means at least some of the problems of evacuation may be solved to the advantage of all those concerned.

We are grateful for the humane consideration given the evacuees by the Federal Authorities and hope that this manner of cooperation will meet with your approval.
