Dear Sir:

I enclose you will find the complete storage survey that I have made in the Suisun Valley. I also found out the rice situation in this valley is well taken cared off. Filipino workers in this vicinty are buying most of the rices from the Japanese.

I dropped in the sheriff's office and asked them if I be able to have my small standard wave radio returned but they refused to do so saying that the W. C. C. A. official had no right to send us to the sheriff's office to get the radio. They also told me that they called U. S. District Attorney and the attorney told them that no such release was given. They also informed me that this Solano County by the ruling of the Federal Government allows no radio of any make to us. I hope your office will check on this matter for us who have their small standard wave radios at the sheriff's office. I trust you will look into this matter at your earliest convienent time. Gentlemen:

Re: Hollister Seed Co., Mrs. Helen

Copies of letters have been received from your office in regard to this case.

We telephoned to Mr. John T. Lewis the District Attorney of San Benito County at Hollister, yesterday. He is the attorney for these people and he told me over the phone that everything was all right and that Mrs. Matsuura and her associates should be quite well pleased. I thanked him and told him I would check with her today which I did when she came through the center.

I talked to her and her husband and associates and she reported that she had sold all of her stock except about 90 sacks
of various seeds, mostly lettuce, and that they had delivered
this remaining material to the Waldo Rohnert Seed Co.'s warehouse on consignment for them to sell for their account, and
that the Waldo Rohnert Seed Co. had taken over their lease on
about 80 acres which runs out this year. This transaction was
endorsed by the F. S. A. representative.

There were quite a few buildings on this lease and the Hollister Seed Co. made arrangements to keep I small warehouse and I dwelling for their own use while they were away and they stored their belongings in those 2 buildings by agreement with the landowner Mrs. Mate Dooling. There are in addition to these, 2 other large warehouses and a large dwelling with gerage which go with the lease and are to be occupied and used by the new tenants. This arrangement about the buildings will continue for the duration. Mr. Lewis told me all this and the Hollister Seed Co. personnel repeated it today.

It really seems to me that this situation has finally worked into about as good a shape as it could be expected to. Mrs. Matsuara first came to us on April 18th which was several weeks after the last voluntary evacuation date. We have seen a great have put in a great deal of time and affort on her problem. On Buy ay 5th, their attorney, lewis, said among other things which

SECONVI VIERSONS do not need to be stated here, "they are asking too much is why they cannot sell out".

We were quite hopeful at one time that arrangements could be made so that they could all go together to Murray, Utah which they apparently wanted to do, but it was very difficult for them to really do the necessary things at the right time and I am somewhat afraid that even now while they are in the camp they will not assemble all the necessary data and letters which are required by the Army before an application to be moved will even be considered. Certainly, their statements were not in proper shape the other day when their application was turned down which, I was told, it would have been even though the papers had been in condition at that time.

Mrs. Matsuura seemed to be more perturbed about not being able to go to Murray, Utah with her business and her compatriots than enything else but unless she makes more serious efforts to comply with the necessary rules to have her application considered. I am afraid she is going to be disappointed. We did not seem to be able to impress her with the fact that this was largely up to her.

Mrs. Kate Dooling, the landowner on which their 80 acres lease and buildings were located, is a very fine person and also a client of John T. Lewis so that his assurances that they will be taken care of would seem to merit

Fred Rohnert of the Valdo Rohnert Seed Co. in Hollister has the power of attorney end also the assignment for disposition of the remaining stock on which papers have been prepared by John T. Lewis and are available.

This should ordinarily conclude a case like this but I am very much afraid that we are still going to have to try and help than later on.

Gentlemen:

Reference is made to our report dated 4/20/42 in regard to Mrs. Relen Matsuura of the Hollister 306d Company, Hollister, and your letters.

This lady was in our office a good many times with her husband and some members of her family. We have attempted to help her dispose of her stock with some success and also to determine whether it would be possible for her and her family and the other members in the firm and their families to go to a ranch near Salt Lake City, Utah.

The families concerned are the Matsuuras, Nashimuras and Yamamakas. There are 11 in the group. We also referred her to the nearest U.S. Employment office and the Bocial Welfare Worker there to see if they could help her.

From the San Jose office of the Provost Marshal we determined that final orders would have to come from San Francisco. Major Steele's office reported they were not in a position to allow these families to leave.

Last Saturday; the 16th, in Gilroy during the registeration for San Benito County, some of these people called on me again for assistance to go to Utah and take their business with them and see if a permit could be obtained. The army's representative lieutement Morrison stated he did not have authority to grant a permit to this family so we called up the residio in San Francisco and talked to the Provost Marshal's office who had these matters in charge.

eall back which they did in about an hour and stated that the permit could not be granted at this time but that application could be made again by these people after they were in the Center.

This was explained to Mrs. Matsuure and she was told to get her supporting documents together, statements from people showing that her group had a place to go and would be welcomed there, and that they had the means to travel and would be self-supporting, etc. They seemed fairly well pleased with this development and said they would do all these things.

Mrs. Matsuurs stated that she had disposed of most of the stock and that the Waldo Rohnert Seed Co. had agreed to take care of the balance and dispose of it for her. The Waldo Rohnert Seed Co. has the power of attorney to look after her improvements and equipment and the interests of the company. Their attorney is John Lewis of Hollister and he seemed satisfied with the arrangements.

There does not appear to be anything further that we can do to help at this time.

These people have disposed of some of their stock since writing the letter of April 7th to you but they do still have a considerable quantity of different varieties. We talked to Mrs. Matsuura and advised her to make up a list of what she had and attempt to sell it to the dealers there and also here as, naturally, most of their former customers are being removed and are no longer potential customers.

Mrs. Matsuura said she would be in town here next week and would see what she could do and come in and see us.

Principal property involved and scope of problem: These people called in response to a letter from the San Francisco office and also one from us about seed on hand at their place of business known as the Hollister Seed Co. Reference is made to those letters. Mrs. Matsuura has a letter from the Provost Marshall, Col. W. F. Magill, Jr. in enswer to her inquiry stating that only one member of her firm might at the present time go to Salt Lake City, if a permit were obtained, to transact business there where they have a branch. Mrs. Matsuura wented to know whether they could later all go there together and also could we help her dispose of her stock. The Hollister Seed Co. is owned by George Yamanaka, one of those interviewed above, Mrs. Matsuura's brother.

Action taken:* These people have a hard problem. I gave them several addresses as possible buyers for their seeds but I am afraid they will not be able to dispose of their stuff by retail and cannot get out wait whole by selling or returning to a jobber. Suggested they make a further attempt to get permission to sell their stuff out of their Salt Lake City connection which the Provost Marshall indicated might be possible, if a sufficient showing could be made. The main trouble is they all want to go now and work out of Salt Lake City and the Pro. indicated that he felt only I could get a permit now. We explained there might be a possibility some or all of the others could follow

Dear Sir:

We acknowledge receipt of your letter dated March 25, 1942, wherein you set forth certain information relative to the contemplated assignment of certain leasehold interests by, and residence history of the Matsuura family.

Matsuura, the widow, would be classified as a generally licensed Japanese national.

Kiyono Metsuura Chmura, the married daughter, would be classified as an American citizen of Japanese ancestry.

Both of the above described persons would be qualified to deal with their property rights with-out referring to the Treasury Department, on terms satisfactory to them.

Jim Matsuura, age 18, we note is a minor. He would be classified as an American citizen of Japanese ancestry except for the age factor. Possibly the appointment of a guardian for the brief period involved, pending his coming of age, might have your consideration.

Gentlemen:

Attention: Mr. Slade.

I wish to determine whether there is any legal objection to completing the following transaction involving three Japanese residents of this community who are selling their interest in an oral farm lease and some personal property.

Kofuyu Matsuura, a widow, Kiyono Matsuura Ohmura, a married daughter, and Jim Matsuura, a minor, of the age of 18 years, have made an assignment of their interest in an oral lease with Manual Bettencourt, the owner, covering a ten acre tract of land located near this city, for the months of April, May and June 1942, to Walker M. Cage, Jr., and are also selling to Mr. Gage a farm tractor and some tractor equipment, together with the vegetable crops now growing on said premises. Mr. Gage is paying these Japanese the sum of \$1200.00 in cash for an assignment of their verbal lease and for the aforesaid personal property, including the growing crops.

Kofuyu Matsuura, a widow, is an alien, but, I am informed by a reliable source, her two children Kiyono Matsuura Ohmura and Jim Matsuura were born in this country. I am also informed that all three Japanese have resided in this country continuously since June 1940.

The matter was taken up and approved by the local board having charge of the evacuation of Japanese aliens.

It is the intention of the three Japanese mentioned to move to Colorado within the next few days as this community has been declared to be within the defense area.

Before completing the transaction and paying any money to the Japanese mentioned I wish to know whether there is any reason why the assignment and sale cannot be made and the money lawfully paid my client, Mr. Gage, to these Japanese.

Dear Siri

Reference is made to your inquiry of June 4, 1942 relating to a possible loam on certain farm property.

This bank has no authority to make such loans, nor to approve or disapprove such transactions.

Please be advised, however, that we have forwarded your inquiry, together with a copy of this letter, to the Farm Security Administration, 30 Van Nees Svenne, San Francisco, California, who will undoubtedly explore the matter further.

REFERRED BY MR. BYRSO

Winters, California June 4,1942.

Federal Reserve Bank, San Francisco, California.

Gentlemen:

I understand that your bank is financing the purchase of Japanese ranches. On April 10, I purchased a forty acre vineyard in Madera County from J. Dobashi for a price of \$9000. I had sufficient money for the down payment and assumed two mortgages totaling \$7000, \$3000 held by Mortgage Guarantee Co. of Fresno, with a minnimum payment of \$150 per year plus 6% interest with the entire balance to be paid by December 1947. A second mortgage of \$4000 is held by M. Goto a Japanese. The payment on this is \$500 per year plus 6% interest with a final payment due in January 1950.

I would appreciate knowing whether your bank would loan the \$7000 to clear these two mortgages so that the payments could be consolidated and made due in December of each year.

Kindly advise if this is possible and give me the terms and rate of interest you would charge.

MEMORANDUM

August 14, 1942

SUBJECT:

Frank Mayeda
Formerly of 4921 Wall Avenue, Richmond, California
Present address Building 14, Apartment 54, WCCA
Assembly Center, Tanforan, San Bruno, California

Mr. Weinstock advised this morning that he had contacted the above evacuee yesterday at Tanforan, who stated substantially as follows:

The Wall Avenue nursery was leased for \$50 per month, but the rent for July has not yet been paid. He understands that the property is badly run down, the nursery stock about exhausted, tenant has been ill, and the rental in the future very doubtful.

The nursery on the Giant Highway is rented for \$70 a month. Payments are promptly made and deposited with the Mechanics Bank of Richmond.

Mayeda is earning \$8 a month at Tanforan; hopes to increase his work revenue when he is finally settled at a Relocation Project. Will make every effort to pay the San Pablo Lumber Company \$10 a month on account of indebtedness due them, making first payment this week. If his earnings improve in the Relocation Project he will try to increase this monthly amount.

Communicated the above information to Mr. Nelson of the San Pablo Lumber Company; also a suggestion that in the event the Wall Avenue nursery should continue to bring in revenue, that all or a substantial portion of such excess revenue might well be disbursed by the Mechanics Bank, if and as collected, to be applied on the indebtedness to the San Pablo Lumber Company in addition to the modest monthly payment referred to above. Incidently, the \$70 monthly payment received on the Giant Highway property should approximately provide for the full servicing and taxes on the mortgage which the Mechanics Bank holds on Mayeda's nursery.

Mr. Nelson will draft a letter to Mayeda outlining a program of payment that will be satisfactory to him and substantially along the lines recited above. This letter, together with two copies, will be mailed to us to permit Mr. Weinstock to present it to the evacues on Tuesday net (August 18).

Bear Sir:

The following is a letter that I recleved today from Rosenberg Brothers & Co. of San Francisco, California in regards the rice that the Japanese People have in this area.

*Please accept our thanks for your long distance phone call asking for quotation on approximately 500 bags of Arkansas Long Grain Blue Rose Head Rice.

We can offer you \$6.50 per hundred pounds for this rice store in a central varehouse. While it is true that the price of this rice is much higher in the South, there has been so much of it thrown back on the market out here we feel that we probably will have to carry the rice for some long time before we can dispose of it."

As yet I have no reply to my letter addressed to the department buying supplies for the avacues camps. They andoubtedly have been offered rice from most of the Japanese districts and have all they can use. If I hear from them I will let you, know.

Yours very truly,

Principal property involved and scope of problem:

Four or five Japanese Families in the Livingston area nave agreements with the P. G. & E. under which they must use electricity for 3 years. This contract was signed as a consideration for extending the electricity to their homes. The installed electric stoves, water heaters ect. The local office of the P. G. & E. says that unless the contracts are kept that they will have to bill the Japanese for the minimum charge each month until the contracts expire. The Japanese do not feel that they can leave the valuable electric stoves ect. on the premises and cannot sell them to the new tenants without taking a substantial loss. They want to know what to doe

Action taken: Advised them I would write to the FRB about the matter.

Will you take this up with the S. F. office of the P. G. & E. at once and see if they will let the contracts ride until after the war or write them off. If the Japanese don't pay the minimum charge when they come back they will not be able to obtain power until the account is cleared.

Mr. John M. Ennis
Assistant Service Operations Officer
Office for Emergency Management
1355 Market Street
San Francisco, California

Dear Mr. Ennis:

This refers to your letter of May 16, 1942, relative to the procedure for the purchase by Office for Emergency Menagement of a motion picture projector owned by a Japanese and now in the possession of McCurry Photo Company at Sacramento under power of attorney from the Japanese to the photo company.

Provided the property in question is not contraband, it is entirely in order, under the circumstances stated in your letter, for the Office for Emergency Management to purchase the motion picture projector direct from the attorney-in-fact of the Japanese--McCurry Photo Company. If the property is contraband--that is, if it is property which was seized by the Federal Bureau of Investigation or the Army Intelligence Unit--a clearance should be obtained from the office of the Provost Marshal before title passes. Since the motion picture projector is in the possession of an attorney-in-fact appointed by the Japanese, I do not believe that there is the slightest chance that the equipment is contraband.

You state that you have information as to the value of the equipment, and I presume that the price which you are offering meets with the approval of the attorney-in-fact for the Japanese. In cases of this kind in which the Federal Reserve Bank of San Francisco has acted, we have always made it a policy to obtain the consent of the owner on the matter of price, as well as the approval of the attorney-in-fact. We have done this in order that there may be no room for a later claim on the part of the evacuee that his property was sold at a figure below its true value. I suggest that if possible you have the McCurry Photo Company obtain the approval of the Japanese evacuee before purchasing the equipment.

Yours very truly,

(Signed) Albert C. Agnew General Counsel OFFICIAL COPY IN CENERAL FILE

May 16, 1942

Mr. Albert C. Agnew General Counsel Federal Reserve Bank Cansome and Sacramento Streets San Francisco, California

Dear Mr. Agnew:

You will recall that I talked with you on the telephone concerning the purchase of a motion picture projector which is cwned by a Japanese. We desire to purchase this projector for the use of the Tule Lake War Relocation Project at Newell, California.

We have information as to the value of the equipment and full authority to purchase this projector, so that my only concern in the matter is an advice which I had to the effect that the Federal Reserve Bank would purchase the equipment from the Japanese owner, and that the Office for Emergency Management should issue a purchase order to the Federal Reserve Bank. There is no means whereby we can issue such a purchase order.

I have just talked with Mr. MacFarlane at the Federal Reserve Bank office in Sacramento, and he informed me that the Bank in Sacramento does not desire to appear in this transaction, and would prefer to have us purchase this equipment directly from the McCurry Photo Company at Sacramento, which company has taken a power of attorney from the Japanese authorizing them to sell the machine.

For the purpose of the record, I will appreciate receiving your advice if it is in order for the Office for Emergency Management to purchase the property of this Japanese in the manner indicated.

Very truly yours,

(Signed) John M. Ennis John M. Ennis Assistant Service Operations Officer

April 13, 1942

Mr. A. J. Reid, Field Representative, Evacuee Property Department, Sacramento, California.

Subject: McCurry Foto Company

Dear Mr. Reid:

We are returning your file on the above-named company, which file pertains to its attempt to recover possession of photographic equipment surrendered by the Kawadas to the Sacramento Sheriff's office. The file consists of the following:

- 1. Receipt dated December 29, 1941 covering photographic equipment deposited with the Sacramento Sheriff's office by Chas. Suyeki Kawada.
- 2. Three receipts dated February 18, 1942 covering photographic equipment deposited with the Sacramento Sheriff's office by W. K. Kawada.
- 3. Letters addressed to McCurry Foto Co. under dates of March 16, 1942 and March 31, 1942 by the United States Attorney.
- 4. Copies of letters addressed to U. S. District Attorney under dates of February 27, 1942 and March 27, 1942 by McCurry Foto Co.
- 5. Affidavit signed by Wm. K. Kawada dated March 26, 1942
- 6. Affidavit signed by Chas. S. Kawada dated March 27, 1942
- 7. Original conditional sales contract dated May 22, 1941 signed by W. K. Kawada as purchaser and McCurry Foto Co. as seller.

We observe that the United States Attorney's office represents that it has no jurisdiction over this property which appears to be property owned by Japanese American citizens, with the result that probably the Alien Property Custodian would likewise have no jurisdiction over it.

Unfortunately the situation respecting contraband is far

from clear at the present time, but we believe that it will be clarified in due course. The salient features of the present status of contraband are as follows:

1. It is expected that contraband owned by aliens will eventually be subject to the jurisdiction of the office of the Alien Property Custodian. No directions have come from Washington to the local office in that respect to date.

2. Contraband owned by American citizen Japanese will probably not be under the jurisdiction of the Alien Property Custodian. At the present time it is undetermined what other agency controls this property. It is not our responsibility in any event at this date.

We will appreciate your returning the enclosures to the McChirty Foto Company with the suggestion that they withhold action until the situation is clarified.

Yours very truly,

Assistant Cashier.

attacto April 8, 1942 MEMOR ANDUM: From Mr. J. C. Tyler McCurry Foto Company 8th and "I" Streets SUBJECT: Sacramento Report No. 171 Dated April 6, 1942 Sacramento, California Interview report attached. Also copies of various documents referred to in this memorandum. Summarized, the situation appears to be as follows: W. K. Kawada, Route 8, Box 4364, Secremento, California, certain photographic material set forth in the sales contract for a total sum of \$180.47, on which a down payment was made of \$10.47. Regular monthly payments for a period of 24 months were due in the amount of \$7.93 each. Eight payments were made up to and including January 1, 1942. Thereafter no payments were made, Kawada stating that he had been unable to secure work in which the equipment could be used. Therefore to date the aggregate sum of \$73.91 on the original face of the contract in the amount of \$180.47 has been paid. On December 29, 1941 certain of the above described equipment was deposited with the Sheriff of Sacramento County by Charles S. Kawada. On February 18, 1942 the remainder of the equipment was deposited with the Sheriff by William K. Kawada (brother). The McCurry Foto Company now desire to have this property referred to above and held by the Sheriff of Sacramento County returned to them and request that we send a letter to the Sheriff

authorizing the delivery of this equipment to them.

It would appear from the record of attached documents that such a letter can properly be given by us inasmuch as the following acts have been performed:

- 1. Mr. Charles S. Kawada has sworn (before a notary public under date of March 27, 1942) that property turned over to the Sheriff's office by him on December 29, 1941 is the property of his brother William K. Kawada.
- Mr. William K. Kawada has sworn (before a notary public under date of March 26, 1942) that he is the sole owner of photographic equipment property deposited at the Sheriff's office by his brother on December 29, 1941 and by himself on February 18, 1942.
- 3. Also that the McCurry Poto Company now has full title to all the above equipment and he desires that this property be turned over to the McCurry Foto Company.

Page Two
Memorandum from Mr. Tyler
Sacramento Report No.171
April 8, 1942

March 16, 1942 advised the McCurry Foto Company that if satisfactory evidence were furnished they would authorize the Sheriff's office to turn the equipment back to Mr. Kawada so that he might deliver it to the McCurry Foto Company.

On March 31, 1942, in acknowledgment of a letter received from the McCurry Foto Company, the United States Attorney's office advised that in view of Army Proclamation No.3, they were unable to make any disposition of property belonging to Japanese but suggested that this matter be taken up directly with the agency having control of Japanese evacuation. (In this case it would appear to be the Evacuee Property Department)

Gentlemen:

This will acknowledge the receipt of your letter of February 27, 1942, which was directed to our Sacramento office.

If you can furnish this office with satisfactory evidence to the effect that Mr. Kawada is willing to turn his camera over to you and that the arrangements you have made with him are satisfactory to him, we will authorize the Sheriff's office to return the equipment back to Mr. Kawada for the purpose of delivering it to you.

FRANK J. HENNESSY, United States Attorney.

February 27, 1942

Mr. Sewell, U. S District Attorney Federal Building Sacramento, California.

Dear Mr. Sewell:

On May 22, 1941 we sold Mr. William K. Kawada of Route 8, Box 4364, a 3 1/4x4 1/4 Speed Graphic Camera with range finder and Ektar lens. We also sold him a cut film magazine, a cable release, and a precise trimmer.

The amount of the equipment totaled \$180.47. Mr. Kawada purchased the equipment on a two year Bank of America contract. The down payment was \$10.47 and the monthly payments are \$7.93. We guaranteed these payments when we turned the contract over to the Bank.

Mr. Kawada has made eight payments on his contract, but due to the fact that he is Japanese, he has been unable to obtain labor in the National Defense Industry for which he has been training. Therefore, he feels that he will be unable to pay for the camera, and we have had to repurchase the contract from the Bank.

Although Mr. Kawada is an American Citizen, he lives with his parents, who are Lapanese aliens; therefore, he had to turn his photographic equipment over to the sheriff's office when the Government issued orders to that effect.

Since we have repurchased the contract from the Bank and the camera and accessaries now belong to us, we were wondering just how to go about having the equipment returned to us.

We would appreciate any information you could give us in regard to this matter.

Sincerely yours,
McCURRY FOTO COMPANY

April 20, 1942 Mr. Albert E. McKeen Alhambra Valley Road Martinez, California Dear Mr. McKeen: Your letter addressed to the Federal Reserve Bank of San Francisco requesting information as to a garden type tractor that might be for sale was referred to this office. I have come across a Rototiller which is owned by a Japanese citizen, Wrs. Helen Honda whose address is 1620 Russel Street, Berkeley. The tractor is at her nursery at 20th and River Streets, San Pablo. While this is not the type of tractor suggested by you I thought that you might be interested in it as it is only a year old and has been used only three times. It is complete with all parts and is a sixteen inch machine. She paid \$500.00 for it including the equipment, taxes, etc. It is practically paid for and while she doesn't want to give it away I think that she would like to sell it. I would suggest that you communicate with her at her address in Berkeley and make arrangements to look at it if interested. Dear Mr. Everson:

Upon your visit to Freene, at which time you gave Mr. Willard Marsh instructions to secure for us a office and a secretary. Mr. Marsh called me into his office and instructed me to insecure proceed along these lines, which I did.

On June 29 Mrs. Mary Jame McHahan was employed as secretary and to date she has not received a salary check.

On several occasions we have called this to the attention of the United States Employment Service, here in Freene, and Mrs. McMahon has written to Mr. Shaughnessy, of the Social Security Board, requesting her pay, and to date no reply has been received.

Mrs. McMahon is the wife of a soldier, stationed at Fort Oglethorpe, Georgia and needs this noney on which to live.

The reason I am writting you concerning this matter is I would appreciate any suggestions you might have that would assist Mrs. McMahon in receiving her pay. The salary named by Mr. Marsh was \$105.00 a month.

The Body 125 Monterey Street Salinas, California June 11, 1942 Federal Reserve Bank of San Francisco 500 California Street San Francisco, California Attn: Evacuee Property Department Gentlemen: Re: B. Menda Thank you for your letter of June 8th in regard to B. Menda, which information will be passed along to the market proprietor. We have taken considerable pains to explain to various creditors that we will not be put in a position of attempting to collect bills but that we are assisting these evacuees in so far as they need help. What puzzles the market proprietor is the fact that he has been told by the son that Menda, Senior had plenty of money on him when he was picked up by the F. B. I. and the creditor has been unable to confirm that from any Government source. I told him today to write a letter to the boy whose address I gave him in Colorado at Platteville, P. O. Box 326 and enclose a letter to be forwarded to the father with instructions by the son and see what that brought forth. I also suggested that he follow your note that an inquiry night be addressed to the Bureau of Immigration and Maturalization. F. van Loben Sels Vield Representative. Centlemen:

Beforence is made to my visit this morning at your market when I discussed the B. Menda case with Tom.

The address of the boy which we last had is Platteville. Colorado, P. O. Box 326. It is an suggestion that you write to the son and ask him to give you the father's address and also to write his father enclosing a bill of yours which he will okay and state that he is willing and anxious to have it paid and also state whether it is so or not that he had quite a considerable sum of money on him when he was taken into custody and that this money has not yet been returned to him.

Additionally, it seems to me that an inquiry to the Bureau of Issignation and Maturalization from you as to the whereabouts of B. Menda would probably produce some information. You might state the reason for your inquiry.

You will remember that it was stated to you that we were not collecting accounts for these evacuous or against them, that we were merely trying to be helpful under the circumstances in which they find themselves and to assist than where possible.

If you had a letter from Menda stating that the bill was correct and that he would like to have it paid and that the Covernment had funds of his, then we would be glad to see if we could put you in touch with the proper authorities.

Yours very truly

Dear Sir:

of June 5, 1942, relating to the case of B. Menda.

The first point that occurs to us is that the femily should know his whereabouts as he is not prevented from corresponding with them and they should therefore be able to supply his present address.

Additionally, an inquiry to the Bursan of Immigration and Naturalization from the Market Proprietor, stating the pertinent history, might produce information as to his whereabouts.

As you know, of course, we are not in the position of a collection agency and in a case of this character, it is impossible for us to obtain or supply information concerning the location of an internee. We are genuinely desirous of being helpful but in view of the peculiar circumstances surrounding people in custody, if the foregoing suggestions do not bear fruit, we have no further jurisdiction in this matter and the claimant is free to take necessary legal steps.

Yours very truly.

Gentlemen:

Enclosed please find bill from the Las Tiendas Meat Market to Menda Company of Monterey and sworn statement attested to before a notary by the proprietor of the market concerning the account.

Reference is made to my letter to you of May 13th regarding B. Menda and Company, starting with the 4th paragraph. It is my understanding that B. Menda is in a concentration camp somewhere, in any event in custody. The family was last reported at Platteville, Colo. P. O. Box 326.

Apparently the family would like to have this bill paid but have no funds and they feel quite sure the father had funds on him when he was picked up by the F.B.I. Of this we have no information but are inclined to believe that he did have more than a usual amount of money.

The trade relations between this market and B. Menda date back many years and have always been satisfactory and the market proprietor feels sure that Menda would pay the bill if he could.

Will you please advise me, or the market directly. if there is any further information that you want in order to help get this account straightened out or whether it is a matter which you think we should try to help in at all or not.

If that is the case I would like to so notify the market so that they could turn the matter over to their attorney or do whatever else they feel they should do to collect their claim.

Re: B. Menda & Co.

Enclosed please find some copies of the rower of Attorney forms which we are using. While this would undoubtedly give you authority it would be advisable to also get the papers for the boat properly signed over to you so you can get the ownership or lease recognized by B ill Wyatt's office.

I would suggest that, if possible, you get a form filled out by these evecuees for those houses that you are looking after for them.

If there's anything else I can do to help you, please advise me.

Gentlemen:

In re: B. Menda & Co. of Monterey and Seller Bros. & Co. s letters

In talking these matters over with Mr.W. J. Follett of the Minick Transfer Co. in Monterey yesterday, he told me that he advised Seller Bros. he would not enter the former kenda premises or take anything out of the store for shipping unless their representative was present, or unless I was, to see that he only took what he was directed to remove and also to show him just what to remove, and assume responsibility for such removal.

I told him that we were not prepared to act in the matter at all due to lack of information from the evacuee. Mr. Follett has now notified Seller Bros. that if and when their salesman comes to Monterey and goes with him and shows him just what to take and assumes the responsibility for taking it, he will transport the goods but not until then.

This would seem to be a reasonably proper attitude for him to take. We have not communicated further with Beller Bros. as the matter did not seem to be in our hands.

It is my understanding that B. Menda was taken into custody in Newcastle. It is commonly reported among his friends and former associates that he had a large sum of money on his person at the time. One of the sons was here just before the evacuation and told several creditors in Monterey that as soon as this money was released to the family the bills would be paid, but in the meanwhile they were unable to do so.

tion? If so, please advise us.

It should be stated that Menda operated in Monterey for years and always seemed to enjoy a good

oredit reputation and his creditors feel that he will pay, or his family will pay, as soon as they are in a condition to do so.

Gentlemen:

Reply is made to your letter of April 3rd with enclosure from the General Supply Co. in regard to B. Menda Co., 337 Washington St. Monterey. We have made some inquiries about this case and are told that Harry Kaoru Menda has gone with the family to Platteville, Colorado, P. O. Bx 326, having left about the 27th of March with most of the members of the firm and their families. Some of the others in that group went to Fort Lupton, Colorado, so it is reported to us.

We have also been informed that B. Menda who was a Japanese, was taken into custody at Newcastle. It is supposed that there is some relationship between these people and the Uyeda family who still live in Seaside near Monterey and operate a truck farm.

Possibly you would wish to communicate part of this information to Mr. Tegner of the General Supply Co. We have not communicated with him or with his company.

In cases like this, do you wish me to reply to these inquiries forwarded directly or to your office? Do you want a copy of correspondence addressed to this office by aliens or evacuees and our replies by letter, if eny? Where possible we are not writing.

Gentlemen:

Attention: Mr. Herbert Armstrong

The above party operated a general merchandise store at the address given, and we, in the normal course of our business sold him, from time to time, small amounts of drug sundries.

Under date of February 3, 1942 we sold him an invoice totalling \$20.55, which remains unpaid.

At the time of a recent call by our representative, he reports that the premises were locked and it appeared that the merchandise had been moved. We have attempted, by mail, to reach B. Menda Co., without result.

Would you be so kind as to advise us if you are handling his affairs, or whether you have information as to who is doing so?

Thanking you for your early attention, we beg to remain.

Yeichi Michida, dba Toyo Dyeing and Cleaning Norks, 848 Cole Street, San Francisco, California,

Dear Sir:

In reviewing the license recently issued to you for the operation of your business, it occurs to us that you might be in an area recently designated by the Army officials which will possibly be evacuated in the near future.

If you are subject to the evacuation order and the license which you now have is not sufficiently broad to permit disposition of your assets or the complete liquidation of your business, we will be pleased to give immediate consideration to any application which you wish to submit.

Yours very truly,

Assistant Cashier.

April 26, 1942.

Mr. and Mrs. F. K. Mihara. Hemilton, Montana.

Dear Sir:

April 21, 1942 inquiring as to the disposition of your business properties.

You indicate your desire to dispose of your business, and no doubt have in mind endeavoring to do so through private negotiations, which it would seem would be the desirable procedure and, in fact, the only procedure open to you in the circumstances. There has been no moratorium established on indebtedness of Japanese, who are in the same position as any other individuals with respect to their business relationships.

We question whether it would be possible to make arrangements to voluntarily go to an internment camp as you suggest, which camps are established, as you know, for the internment of such persons as seems desirable in the interests of the government.

We are forwarding a copy of your letter to the War Relocation Authority for its information and further consideration.

Yours very truly,

Assistant Cashier.

Sirs:

Am wondering about a Jap evacues ranch. Would like to lease one immediately adjacent to Sacramento, else a fruit ranch in lower Butte County or Sutter County, if could find one. Would like one with a fair house but would be willing to make a house liveable on my own expense if I had the right hind of a set-up on the place. Am honest, sober and reliable. Have some capital, enough to finance running of a place until crop is harvested. My place where I rent now has been sold so I have to move last of September. If there is one near Sacto, maybe it could be planted to alfalfa so as to make it pay. Hope to hear from you soon.

Yours,

Mr. George Winami, 30-4-C and D, Central Utah War Relocation Project, Topaz, Utah.

Dear Sir:

Reference is made to the letter from Mrs. Minami addressed to our former Tanforan representative, Mr. Weinstock, relative to money owed you.

We have contacted Mr. Maccario, who informs us that his bookkeeper now recognizes the validity of your claim. Mr. Maccario agreed to forward a payment on the account to you at once and at the same time advise you as to future payments. He was supplied with your new address in Utah.

We trust that this will satisfactorily dispose of the entire matter, making it unnecessary for you to take it up with the War Relocation Authority as suggested in Mrs. Minami's letter.

Yours very truly,

Assistant Cashier.

Mr. George J. Minami 114-5 WCCA Assembly Center Tanforen San Bruno, California

Dear Siri

Reference is made to your undated letter in which you refer to certain accounts due you from Mr. Charles Pauly, 9002 Castro Valley Boulevard, Castro Valley, California, and Maccario Florist, 4416 Piedmont Avenue, Oakland, California, both of which are past due and which you advise you have been unable to collect.

Inacuach as this bank was charged with the responsibility of aiding in the settlement of property problems of evacuees, we have made a sincere effort to help in the solution of collection problems such as yours, although we have attempted to make it clear to evacuees as well as their debtors that this bank is not serving as a collection agency.

Under the circumstances where debtors admitted their liability we have sought to aid in the working out of a plan that would permit payment of the amount due within the paying capacity of the debtor.

We discussed the subject of your claim against Mr. Charles had received no detailed statement from you of the emount of your claim, which you stated in your letter you had sent him several weeks ago. He also stated that he had an understanding with you that parment of the amount due you could be deferred until after July 1, 1942, that he had made no purchases from you, except for cash, since remitted sums as partial payment on the accumulated bill up to December 7, 1942.

lie did not seem to have the exact amount due you at the time in mind but indicated it was approximately \$4.5.00 as contrasted with \$158.70 referred to in your letter to us.

We suggest that you promptly propers a detailed statement of Mr. Pauly's account with you, sending us a copy at the time advice is sent to him.

The Maccario Florist Company, when contacted by telephone today, promptly and frankly admitted the debt of \$28.00 to you, stating that business had been very slack with them. According to their statement to us they will remit the full sum of \$28.00 to you on or before September 1, 1942. They were advised of your present address at Tanforan.

We will be glad to have you advise us later as to the progress made by you in the collection of these two accounts.

Very truly years,

Assistant Casher

May 28, 1942 REFERRED BY ME H. D. BUSTRO Mr. Sadaichi Minamoto, FREILY MUSDEY 29227, W.C.C.A. Assembly Center, Fresno, California. Dear Sir: Reference is made to an interview conducted by our representative, Er. Dunham, concerning certain undisposed problems of yours in the Los Angeles area. We are advised by our Los Angeles office that your auditor, Mr. J. L. Wood, was in error in stating that a bill for \$500 had been presented by Mr. Leroy Powers of our Foreign Funds Control Department. Mr. Wood has further recapitulated the payments made by you to Mr. Withers. Finally, Mr. Wood advises that he has suggested you appoint a new attorney to handle the guardianship property in view of the fact that your present counsel also represents the buyer, Mr. De Simone. Mr. Wood's letter to us indicates that a copy was forwarded to you directly, as well as to Mr. Bernay. In view of the fact that Wessrs. Wood and Bernay appear to be fully representing your interests and to have complete possession of the facts, we have no further jurisdiction of this problem. We do, however, require reports on Form TFER-1 (Revised) covering transactions consummated under Licenses Mos. S. F. 17319 and S. F. 22181 and we will write you a separate letter covering that mabject. If there is anything further which you require of us or if you feel that additional help may be necessary, please do not hesitate to so advise. Yours very truly, Assistant Cashier.

LOS ANGELES BRANCH

GENERAL PILE

TO: H

Head Office

Date: May 22, 1942

SUBJECT: Evacuee Property Department

REFERENCE: Sadaichi Minamoto, 1209 Inyo Street, Fresno, California. Your letter May 18, 1942.

We communicated with Mr. Abbott C. Bernay, attorney, who has been handling Mr. Minamoto's affairs under an executive power of attorney, which he displayed to us as well as a copy of Application for Special License addressed to your office, together with a copy of his letter of May 4th, to obtain sufficient funds from blocked account to close escrow. On May 16th, your office advised him that the matter was being handled by the Treasury Department, Washington, D. C.

With Mr. Bernay we conferred with Agent-in-Charge LeRoy Powers, Foreign Funds Control Investigation Department, to explore the matter of a bill for \$500.00. Mr. Power's file revealed that on December 31, 1941 operating license No. 15816 was presented with adverse report to your office on January 16, 1942. License to Sell, No. 17319, was issued January 16, 1942 and property released to Minamoto on January 20, 1942. Mr. Powers knew of no reason for bill of \$500.00 to Mr. Wood.

Upon further investigation, Mr. J. L. Wood, 406 Kress Building, Long Beach, was questioned and we have today received the following letter:

"Federal Reserve Bank Evacuee Property Department 707 S. Spring Street Los Angeles, California

Gentlemen: Attention: Mr. Sloan

Reference is made to our telephone conversation this morning regarding my letter of April 6, 1942 addressed to R. S. Minamoto, 1209 Inyo Street, Fresno, California.

"Mr. Powers has submitted a bill for \$500.00, I cannot certify this as I do not know the services performed and must wait your OK on same."

Please be advised that instead of Mr. Powers I should have stated Mr. Withers. Mr. Powers has submitted no bill and this error occured in my office.

"In this connection I wish to state that Mr. Minamoto has informed me that he has paid Mr. Withers the following amounts of money: He (Mr. Minamoto) gave Mr. Takekoshi \$50.00 cash to give to Mr. Withers. He gave Mr. Withers \$75.00 cash at Mr. Minamoto's home to go to San Francisco. He sent \$100.00 to San Francisco and \$100.00 to Sacramento at Mr. Withers' request. In other words he has paid \$325.00 to Mr. Withers - none of which is for the guardianship account. These monies were supposedly to secure a liquor license for

Mr. Minamoto. Said license having been suspended by the State Board of Equalization under the alien act. Further he has paid Mr. Lorn Andrews \$225.00 on the guardianship account.

When Mr. Minamoto was down last time I suggested that inasmuch as his affairs were in a mess that I believed the guardianship account should be moved to another attorney.

This is due to the fact that Mr. Andrews office is representing both Mr. DeSimone and Mr. Minamoto - and At appears that Mr. Minamoto is getting the worst of the deal.

With a copy of this letter to Mr. Minamoto I am again suggesting that he place the guardianship account in the hands of another attorney.

Respectfully,

J. L. WOOD

CC- A. C. Bernay CC- R. S. Minamoto"

By way of explanation, Mr. Loren Andrews, Attorney, represented Mr. Minamoto in a guardianship matter. His office also represents the purchaser, C. W. DeSimone.

For your interest, Mr. Bernay has expressed the wish that his application of May 4th be given speedy disposition. It would now appear that although the application is granted, Mr. Bernay must dispose of unpaid claims against Mr. Minamoto for services rendered by Mr. Withers of Attorney Loren Andrews' office, in addition to settling dispute on liquor inventory.

FRED C. BOLD (signed) Assistant Manager

SADAICHI MIRAMOTO, 1209 Inyo Street, Presno, California

The above named Japanese moved to Fresno last February, having disposed of a market located at 4009 Amperial Highway, Lennox, California. This property was sold to one, Lee Simon, with the proceeds to be held in escrow by Haas Brothers until completion of the transfer was effected.

Bracues has representatives in that area, namely, Abbott C. Bernay, 301 Pacific National Building, Los Angeles, Attorney, and J. L. Wood, 406 Kress Building, Long Beach, Auditor.

It appears that there is some difference between the buyer and Minamoto regarding possession of liquor in the event difficulty was met in the transfer of the license. The above named attorney has full power of attorney and by virtue of that fact, we would normally refer the evacuee to that agent.

However, it appears that some one unknown, representing himself as Mr. Powers, presumably of the F.B.I., has presented a bill for services amounting to \$500.00 which Wood, the auditor, refused. While our information is not complete, it appears that this approach was made to the buyer, Simon, or his agent, about whom nothing is known other than that his name is Withers.

In view of what presumably appears to be a fraudulent attempt, and in addition a dispute over possession of the liquor, we would appreciate your contacting the interested parties and advising us of the facts involved.

Assistant Cashier

Mr. H. T. Misumi, Assembly Center; Barrack 16, Unit 11, Avenue 6, Santa Anita, California.

Dear Sir:

Pursuant to your second letter of April 30th, we have had some trouble locating the proper branch and department of the American Trust Company to which you refer.

They inform us that they are applying the proceeds from the sale of your automobile against a personal loan made to you. They further state that they are not pressing at all for payment of the two F. H. A. loans against the Cameramart at this time. It is their understanding that Takelee's Drug Store is liquidating certain of your equipment and that the proceeds from this sale will be applied as a credit against these loans.

The American Trust Company expressed confidence in you and in the ultimate payment of these contracts. In view of the fact that the loans now outstanding are unsecured and that mutually satisfactory arrangements have been made for their settlement, we are unable to discover any hardship. On the contrary, it is our impression that the bank in question has been very considerate and will cooperate further if it becomes necessary.

We therefore advise you that unless any new developments of an untoward nature arise, we feel that the Federal Reserve Bank has no further jurisdiction in your problem.

Yours very truly,

Assistant Cashier.

Dear Sirs:

. Re: K. Mitano and Joe Marshall

Mr. K. Mitani, formerly of Newcastle, Celifornia, has come to this department relative to 2100.00-note issued by Mr. Marshall of Newcastle to K. Mitano.

Mr. Mitani tells us that this note was left in the hands of Mr. A. Reid and his staff at the W.C.C.A. Control Station in Lincoln. California. It was Mr. Mitani's under landing that Mr. Marshall would pay the sum of 100.00 to Mr. Reid or some member of the Federal Reserve Bank staff.

To this date, Mr. Mitani has not received the \$100.00 or heard from either your bank or Mr. Marshall. Will you kindly look into this matter and reply at your earliest convenience?

Very truly yours.

We are informed that the ownership certificate is in the possession of C. H. Kamm & Company, 1034 Monterey Street, San Luis Obispo, California, the Buick garage in that city. That company advised us that a car of the description purchased by you was sold by them to an A. Mitsui in Movember, 1941 and that they carried a conditional sale contract balance of \$51.25 on the vehicle. The balance was reduced to \$38.25 under their contract but the balance appears to be still outstanding. We suggest that you get in touch with C. H. Kamm & Company, and if you have any further question regarding the vehicle we believe you can reach Mr. Mitsui at the Jerome War Relocation . Project, Jerome, Arkansas. Reference is made to our communications pertaining to the ownership certificate of one, Masano Mitsui.

In our most recent communication to you of July 9, 1942, we forwarded a letter from C. H. Kamm & Gompany of San Luis Obispo indicating that there was some doubt as to the title.

We are interested to learn what communications, if any, have been had with these people. This is a matter which we feel should be terminated prior to Mitsui's movement to a relocation center.

Gentlemen:

In order that we may dispose of this matter, we feel it is advisable to have in our file the written authority given you by Terry Togami, authorizing you to accept payment of the claim.

In the absence of this authority, we have no way of disposing of the claim since the contract with Togami provides that payment in case of loss will be made to him and in order that our records may be complete, it would be necessary that we have any authorization to pay anyone except the named assured.

We are sending copy of this letter to the Federal Reserve Bank of San Francisco, in order that this matter may be concluded in a manner satisfactory to all concerned.

Mr. G. Miura, 72-9-0, Gila River Mar Relocation Project, Rivers, Arisona.

Dear Sir:

Reference is made to your recent letter addressed to Mr. D. M. Dunton, who was previously in the employ of this bank in connection with evacuation operations and stationed at the Tulare Assembly Center, concerning a transaction involving the sale of certain fertilizer by Mr. George Kuwahara.

Our file discloses that Mr. Kuwahara has apparently experienced some difficulty in obtaining settlement for the fertilizer acquired by Mr. Morrissett, and Mr. Kuwahara communicated with us in that regard in Cetober of 1942.

In corresponding with Mr. Kuwakara we called his attention to the availability of assistance from the War Relocation Authority to evecuees residing in War Relocation Projects, and assume that he has availed himself of those services, or otherwise effected a settlement of his problem as we have not heard from him since our last letter.

Our file discloses that Mr. Dunton corresponded with Mr. Morrissett on June 29, 1942, and that thereafter Mr. Morrissett called on Mr. Massahara at the Tulare Assembly Center to discuss details of the fertilizer sale. Mr. Dunton's letter indicated that Mr. Morrissett's name was suggested by you as a person who might be interested in buying the property.

Yours very truly.

Federal Reserve Bank of San Francisco, 400 Sensome Street. San Francisco, California. APTERTION: Mr. Merbert Arestrong. Gentlemen: -I acknowledge receipt of your letter of Nay with reference to the above-captioned evacuee. I have checked with the Farm Security Administration several times during the past week, in this particular case. They are not very sympathetic to Mary Harn st. claim to 055.00. As a matter of fact their appervisor has definitely refused to allow any Government money to be used to pay this clai.

Mr. Homey stated that if she had turned the tractor back to the Implement house she would have taken a loss of several hundred dollars.

However, Mr. Ash, who has leased the property in her stead has sureed to pay Mary Miyaji this difference of \$55.00 when the money is available from crops. Of course it must be recognized that this money cannot be paid until the lien of the Government is satisfied.

The Farm Security administration has assured me the same day this week they will secure a written agreement, if possible, from Mr. Ash, covering the payment of this money to Mary Vivaji.

MERRED BY MR. EVERSON

TO MR.

Route 1, Box 16 Arvin, California May 16, 1942

Federal Reserve Bank of San Francisco 400 Sansome Street San Francisco, California

Dear Sir:

Some time ago I wrote you a letter stating that I was completely satisfied with the transaction which was being completed in regard to the Farmal F-20 Tractor and the reimbursement I was to receive.

That letter was written a few days prior to transaction of paying me the amount I had already paid the Implement House. When I was reimbursed, the WCCA through Mr. Engstrom would not pay me the full amount due to me. I was definitely not satisfied and have waited all this time for Mr. Engstrom to pay me the balance of the \$530.75. I was paid only four hundred seventy-five and no/oo, (\$475.00).

Since he refuses to see that a false transaction was conducted I thought that I would resort to you to correct this error. If he does not pay me the remaining \$55.00 than I still have ownership to the tractor, and the WCCA office cannot claim a mortgage on it as belonging to Mr. Ash. I had paid \$530.75 to Karpe Implement House and there remained a balance of \$525.00, but the interest was not added at the time of purchase. When payment of \$525.00 was due, an interest of \$20. and some odd cents, was added.

I do not aim to be deducted of my full payment. Answerd If there is any question regarding the correct amt. understands the situation of satisfying my account.

Very truly yours,

Mary my

Attention: Glen L. Johnson, Field Representative

To clarify the matter of my deal in regard to the pumping plant, lease, tractor, and farm implements, I wish to state that all transactions have been completely satisfactory to me.

At first I was to install the pump and secure finances for power bills. Nevertheless, I was unable to make further transactions to install the pump because of failure of previous sweet potato crop and failure in secureing finances.

Because of this evacuation situation, I then notified the Kern County Investment Corporation that I would have to evacuate and arrange to have them install the pump. I had, however, appointed Mr. E. F. Ash, a reliable farmer to farm that section of land.

After Mr. Ash was approved by them to carry on the farming, Mr. Lobre, the lessor, agreed to install the pumping plant and pay all expenses. A lease was then signed between Mr. Ash and Mr. Lobre, representing Kern. Co. Invest. Corp.

I have given Mr. Ash all responsibilities in managing the farm crops. We have made satisfactory agreements on all farm implements.

I have paid the sum of \$530.75 (five hundred thirty dollars and seventy-five cents) on a Farmal F-20 tractor with a plow and disc attached, which would total \$1055.75 (one thousand fifty-five dollars and seventy-five cents). I am to be repaid my amount on the tractor, so that I would have no further claim on it. The tractor and attachments would them belong to Mr. Ash who will pay the balance.

All these arrangements on farm implements have been made with my approval. The transactions between Mr. Lobre and Mr. Ash has also been to my knowledge and approval.

With these transactions completed I have no further negotiations with the pumping plant nor the farm tractor and attachments.

Very truly women.

Mr. Glen L. Johnson,

Mr. Glen L. Johnson, Field Representative, Evacues Property Department, Bakersfield, California.

Dear Mr. Johnson:

Subject: Mary Miyaji

We believe that we should be provided with certain additional information in order to complete our file on this transaction.

It is not clear from the file whether or not the evacues herself feels that she has been unfairly treated in the arrangements outlined by Mr. Shortridge and by yourself. No doubt it would be advisable to obtain a statement from her as to her feelings with respect to the matter, and if she is cissatisfied, the full statement from her of the facts as she understands them.

We would like to be informed among other things as to the amount actually paid for her tractor and attachments, supported by information as to the reasonableness of such payment. It would also be helpful if it were made clear to what extent the pumping plant which appears to have been installed by the lessor had a tearing in the final negotiations with the evacues.

If the evacuee feels that the entire transaction is a reasonable one, we should have no further interest in it. On the other hand, we believe that our file should disclose the complete facts, including the attitude of the evacuee regarding the matter.

for use in the event that you desire to submit copies to any of the parties involved to serve as the basis for any requests for additional data you may make.

Yours very truly,

FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

April 10th 1942.

SUBJECT: Mary Mivaii . Arvin, Calif.

Federal Reserve Bank of San Francisco, 400 Sansome Street, San Francisco, California.

ATTENTION: R. E. Everson, Asst. Cashier.

Gentlemen: -

Reference is made to your letter of the 8th, asking for a detailed report on the above case. I have had this report in preparaton since the 6th, and have just received the last document in the case today.

In order to make a complete file I have secured copies in duplicate of the original agreement, a letter from Ray Lobre to Mary Myaji, and a letter from John Shortridge, the Attorney who prepared and had signed the quitclaim deed.

The facts regarding the agreement are fully explained in Mr. Shortridges letter, and I shall only explain the transactions from that point.

Lobre agreed to give Mary Miyaji a lease, probably with certain stipulations. His records show that on February 26th, 1942, he ordered a pumping plant from Layne and Bowler, Corp., at a total cost, including Sales Tax 6 \$3794.60. He states that Mary agreed to pay power bills, but due to difficulties in financing was unable to care for this item.

After it was known that all Japanese were to be evacuated, Lobre notified Mary Miyaji that it would be impossible to go on with her.

the lease, and Lobre, Mary Miyaji and E. F. Ash made a trip to

Los Angeles, attempting to secure financing. They were turned down completely and finally, and on the 25th of March a lease was executed between Ray Lobre and E . F. Ash.

From Jack McKenzie of the F.S.A. I learn that Mary Miyaji will not profit from the lease, but will be paid for her equity in her tractor and attachments.

Due to the interest taken in this case by the F.S.A. and Asst. District Attorney, Bernard Gill, I have made a complete investigation and must reiterate my statement over the phone to Mr. R. W. Borden, that Mary Miyaji was not defrauded. As a matter of fact, the failure of the sweet potato crop mentioned in the agreement proved her downfall when coupled with the war.

Trust I have presented enough facts to justify my conclusion. If any further information is required I shall do my best. I am very desirous of closing this case in a fair, impartial manner.

Very truly yours,

Glen L. Johnson,

ield Representative.

BAKERSFIELD, CALIFORNIA

April 10, 1942

Mr. Glen L. Johnson Field Representative Federal Reserve Bank Bakersfield, California

In re: Mary Miyaji

Dear Sir:

Pursuant to our telephonic conversation on the morning of April 10, 1942, I desire to set forth my understanding of the Quitclaim Deed from Mary Miyaji to the Kern County Investment Corporation.

On or about the 25th day of July, 1941, an agreement was entered into between the KERN COUNTY INVESTMENT CORPORATION, a California Corporation, as Vendor and Mary Miyaji, as Purchaser, under the terms of which certain real property situated in the County of Kern, State of California, was to be sold to Mary Miyaji, for the consideration therein expressed. One Thousand Dollars (\$1,000.00) was to be paid on October 1, 1941, and Two Thousand Dollars (\$2,000.00) upon the first day of December, 1941, and the balance of the total purchase price was to be paid in equal installments of Twenty-five Hundred Dollars (\$2500.00) each on the first day of January, 1943, and annually thereafter.

It is my understanding that the first One Thousand Dollars (\$1,000.00) was paid but that the purchaser, Mary Miyaji, was unable to make any other payments according to the terms of the agreement and that in order to prevent litigation, which would have sought to have a forfeiture declared and the title cleared against any claim she might have, she voluntarily signed a quitclaim deed.

Insofar as known to me, no coercion of any sort was used. The matter was strictly a business transaction and like any others of a similar nature, the vendor had a right to declare the contract null and void, if at any time the purchaser failed to comply with any of the terms of the agreement. In this respect particular attention is called to Paragraph 5, on page 3, of the

Mr. Glen L. Johnson Field Representative, Federal Reserve Bank

agreement, it being my understanding that you have a copy of the agreement in your possession.

After Mary Miyaji signed the referred to quitclaim deed, Kern County Investment Corporation had some dealings with a Mr. E. F. Ash, regarding leasing the land to him for farming purposes. If there was any side agreement between Mr. Ash and Mary Miyaji, I have no personal knowledge of it and I am certain that no one in our office knows anything about it.

By way of further explanation, it might be of some assistance for you to know that in my opinion, Mary Miyaji, is an intelligent well-trained young woman and is a graduate of the public schools of this County. It is my belief, although I am not certain, that she graduated from High School and probably attended Junior College. I have had several conversations with her regarding the purchase of the land owned by the Kern County Investment Corporation and upon each occasion she impressed me as fully understanding the nature of the transaction and the fact that it would be absolutely necessary for the cash payments to be made, as set forth in the agreement.

There can be no doubt that she is a citizen of the United States and was competent in all respects to enter into the agreement with Kern County Investment Corporation and subsequently thereto, to execute the quitclaim deed.

We trust that your investigation and your reports will convince the Federal Reserve Bank and others who may be interested in this transaction that further investigation should be dropped and the matter closed.

In view of the somewhat obscure facts regarding the above case, and our limited file information, we believe that we should be provided with a detailed report from you, of the facts which form the basis for your conclusion that no injustice was done to Mary Niyaji in the transaction in which she executed a quit claim deed.

The above mentioned evacues became a subject for further investigation upon receipt of a wire from Jack McKenzie, field agent in Bakersfield for the F.S.A. This wire related that evacues had signed a quit claim deed to certain property which she was buying, and that our Federal Reserve field representative concurred with McKenzie that there had been violations of her property rights.

We have explored this case fully with our man in Bakersfield after he contacted the insurance agent who obtained signatures to the quit claim deed mentioned in McKenzie's wire. He has satisfied himself, upon obtaining all the pertinent financial data, that there was no violation of Mary Miyaji's civil rights.

Briefly, she had made certain agreements in connection with the purchase of this property involving a payment system over regular intervals. There were also certain crop rights and provisions to be made at various seasons. We are reliably informed that she did not fulfill her end of the contract.

In view of the foregoing it appears that we have no further interest in this case as there are no property problems involved nor has there been an abuse of evacues's rights.

Relative to our telephonic conversation and your letter about the West Side Grocery Company of Delano, there is no official Army agency through which we might obtain liquidation. However, one of the men here has ascertained informally that Col. Stafford located in the Advance Depot at San Bernardino might afford a practical channel. This man apparently has been buying large amounts of supplies for the various resettlement centers in the evacuation program.

August 12, 1942 Mr. Laurence I. Hewes, Jr., Regional Director, Farm Security Administration, 30 Van Ness Avenue, San Francisco, California. Dear Sir: Reference is made to our letter of June 27. 1942. Yellow You will find enclosed on original letter addressed to one Harry Rivate, a copy of which we have retained for our files. Additionally, our Tulare Assembly Center representative advises us that Minora Takata, mentioned in the letter, gave a Mr. Pat Mayes of Madina Court, M. Monte, California authority to market his produce and collect the proceeds. Takata has advised us that he is unable to make such collections although he believes Reyes has been paid by Jones & Kavanagh who apparently purchased the crop from Reyes. In view of the agricultural nature of this problem, we feel that you will wish to make further exploration and take possible action. Assistant Cashier. Enclosure EMBorden/eln

Mr. D. M. Dunton, Field Representative, Federal Reservo Bank of San Francisco, Evacues Property Department, MCCA Assembly Center, Tulare, California.

Dear Sir:

Subject: Harry Hiyake

Please be advised that the letter from Jones & Kavanagh directed to Harry Miyake has been referred to the Farm Security Administration.

We suggest that if either subject or Minoru Takata approach you further, you refer them direct to the Farm Security Administration whose headquarters are 30 Van Ness Avenue, San Francisco.

Yours very truly,

Assistant Cashier.

Pverson, Assistant Cashier Federal Reserve Bank of San Francisco 500 California Street San Francisco, California Dear Sir: Subject: Minoru Takata The above subject presented the inclosed letter which is only partially explanatory. I understand Takata authorized Mr. Pat Payes of Wedina Court, El Monte, California, to act as his attorney in the matter of marketing and collecting for his crop. It appears from the attached letter that Jones and Kavanagh Co. Ltd. purchased the crop and settled up with Reyes. Takata reports he is unable to secure an answer or any data on the crop settlement from Reyes. As this is a Los Angeles problem I thought you might desire the Los Angeles office to look into it. D. Principal property involved and scope of problem: Has a 1937 Dodge Fickup truck in father's name, Manpei Miyake a Japanese whose last entry into U.S. was in 1916. Also a 1933 Flymouth sedan in father's name. Both these cars are clear. Want to know if they should sell cars as they have a customer for the truck.

This evacuee was in on the 24th of March and made a statement about some property under lease, and some buildings which she owned on this lease on the old San Juan Road not far from Natividad. She has made arrangements to turn her lease back to the landowner and sell her spinach and left a copy of an agreement with us giving her the right to keep the house for the storage of her effects for 5 years and not disturbing her ownership. Ranch deal has F.S.A. approval and seems to be satisfactory to all parties and a good deal.

Action taken: Suggested she leave P. of A. with her attorney Paul Pioda for the care of her household goods and also for her car and truck. She seems to want to keep the car in any event but may sell the truck. Explained to her there was no difficulty about selling cars or trucks.

Dear Sirs:

This will acknowledge receipt of your letter dated April 21, 1942 informing us of your efforts to dispose of a tire and three tubes, size 550-17.

Upon the assumption that these are new articles, we referred your problem to the local office of the Office of Price administration which has jurisdiction over such matters. They informed us that the alternatives open to you would be to sell them to a dealer, or to communicate with the manufacturer of the tire and tubes who would be in a position to extend a credit for the articles.

We are forwarding a copy of your letter and of our reply to the Office of Price Administration, 1355 Market Street, San Francisco. It is suggested that you communicate with that office if further information is desired.

Yours very truly,

Later telephone conversations with Mr. Craven, chairman of Sacramento County War Board, and Mr. Fawcett, office manager here. We advised Mr. Fawcett that we believed Mr. D. Davidson had a wrong impression in assuming that Kenichi Miyamoto had the a uthority to endorse checks made payable to M. Miyamoto for deposit.

We advised Mr. Fawcett and Mr. Craven that it was our understanding the license held by K. Miyamoto for the liquidation of his own affairs does not authorize him to endorse checks payable to M. Miyamoto who went to Japan without leaving a power of attorney.

Action taken: Fawcett then informed us that these checks will not be mailed to the Bank of America at Isleton for lack of suitable endorsements but will be held at the office of disbursements until some final arrangements for the payments are made with proper authority,

Door Bir:

After telephone conversation today with Mr. A. H. Hoiland, 417 Market Street, San Francisco, at his request I am referring this matter to you. The Federal Reserve Bank is endeavoring to help adjust the account of M. Hiyamoto in collecting accrued credits.

On this date, a special bank account has been established with the Bank of America at Isleton in the neme of said M. Miyamoto. This is to be a "blocked account." This is for the purpose of aggregating all funds purporting to belong to M. Miyamoto.

We are also informed by Mrs. M. G. Menth in the Searmento office of the AAA that the account of M. Miyamoto consists of one check for about \$86.00 and another for about \$2464.89.

If this all be correct and it is your desire to find the place to deposit the balance due said M. Miyamoto, we suggest that it be deposited in the account at Bank of America, Islaton, heretofore referred to. Kindly advise us if this method of handling meets with your approval.

Yours very truly.

After contacting Mr Miyamoto several times out at the Center regarding what disposition he vished to make of his 1937 Ford Sedan, he finally decided to sign the forms you sent us to be filled out signifying his willingness to sell to the Army at the appraised value \$170.00. He felt however that anyone on the outside would be willing to pay him \$250.00 or \$300.00 for the car as there is at least \$100.00 worth of rubber on it. He asked that we do what we could to dispose of the car on the outside prior to the Army's picking it up.

FEDERAL RESERVE BANK OF SAN FRANCISCO FISCAL AGENT OF THE UNITED STATES May 27, 1942 Mr. Masao Miyamoto, % WCCA Assembly Center, Fairgrounds, Fresno, California. Family No. (62) 29537

Dear Sir:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your moter vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

Assistant Cashier.

Mr. Súmio Miyamoto 2200 Eighteenth Street Sacramento, California

Dear Sir:

Not long ago we wrote you requesting a report of progress on your preparations for evacuation, but we have had no response from you.

We are very much interested in learning promptly whether we can be of further assistance to you. Please report, on the reverse of this letter, the present status of your arrangements for evacuation.

Very truly yours,

Dear Mr. Reid:

All arrangements have now been completed, and we are now ready to go to the designated center upon due notice.

Thank you for the interest and kindness you have shown in my problems.

Respectfully yours,

April 18, 1942 Miss M. McFarland Federal Reserve Bank of San Francisco 1006 Fourteenth Street sacramento, California. Dear Miss McFarland: In reply to your letter of the 16th, I am happy to inform you of the progress made: I have sold my car, and some of my furnishings. The house, I expect to rent partly furnished, and have a realtor in mind to handle the renting for me while I am gone. No agency contract, however, as yet, has been made. Most of my things have been packed and the balance can be packed in a day or so. I have been suspended from my position with the State, so am now out of job. With most of Japanese firms now closed or in liquidation, I am not able to find any means of livelihood, so the sconer I get to the centers, the better it may be for my family, and the three children. I am on the Federal Civil service list for Assistant Accountant and Auditor. If personnel at the centers are being selected in part from such eligible list, I shall appreciate any word as to how to go about being appointed. Your kindness is appreciated, and I hope this complies with your request. Respectfully yours, 2200 - 18th Street Bacramento, California.

Principal property involved and scope of problem: Miyanaga has transferred her lease and growing crops to N. Daskarolis for cash and has F.S.A. approval. There was a small house on the property which Daskarolis is buying and Miyanaga selling for \$65 cash which completes the transaction agreeably to everybody. The improvements in this sale consist of a house which is really a shack, a small garage and some out buildings. This property is 9 acres in San Juan Valley known as the Manuel Escober Ranch.

Telephone Number: none

Action taken: Both parties appeared satisfied with this transaction and having consulted F.S.A. who approved, we felt we should do likewise.

Dear Sir:

In reviewing the license recently issued to you for the operation of your business, it occurs to us that you might be in an area recently designated by the Army officials which will possibly be evacuated in the near future.

If you are subject to the evacuation order and the license which you now have is not sufficiently broad to permit disposition of your assets or the complete liquidation of your business, we will be pleased to give immediate consideration to any application which you wish to submit.

Yours very truly,

FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

125 Monterey Street Salinas, California April 20, 1942

Federal Reserve Bank of San Francisco 500 California Street San Francisco, California

Attn: Mr. H. D. Armstrong

Gentlemen:

Masanobu Miyasaki a California born Japanese born in 1912 who has resided here ever since and is now engaged in farming, owns some land here and also had some leases. He has turned over his leases and has rented the land he owns here for several years, but was unable to do so in time to leave before the last of the free evacuation period.

He says he owns 22 acres near Dinuba which is well improved and planted in vineyard, orchard and all intensively irrigated and cultivated. He wants to go there, if he can, now with his family and stay there for the duration.

We have not been able to check this last statement beyond the evacuee's declaration but we have found his other statements to be correct and his reputation is good.

Can you take this matter up with the Provost Marshall and get us a ruling on what an evacuee should do under these circumstances, or is there any help available for him so that he will not become a problem to the army during evacuation? Please advise us what, if anything, we should advise under such circumstances.

Principal property involved and scope of problem: This evacues has been in here before discussing his problems and I have discussed the matter with A. V. Rianda, a real estate broker here, who now has P. of A. and who also has received the deed from Miyasaki for the property in town so that he can borrow \$1,750 from the Bank of A. to pay some claims and bills before the evacuee has to leave. The papers are all in the file here including the statement from the Monterey Co. Title Co. and F. of A. to Rianda and deed and contract for the purchase of about 50 acres of land from Inna C. Riewerts for \$8,000 dated 1938 with 5 years to run. Miyasaki has not made many payments on this contract but have kept the interest and taxes up but has improved this property and paid for the improvements. He still owes \$8,000 on his purchase. Miyasaki is leaving his equipment and engines on the ranch and Rianda will operate it for him and pay the landowner, it being understood that Rianda will get half of the proceeds for attending to the business and doing the work. Property in town is on Car Flats and consists mostly of a labor camp and small farm holding.

Action taken: Took him to F.S.A. to register his lease and get approval. This evacues worked up this deal very largely by himself and it was his idea to deed his property to Rianda which is not exactly the way we would have recommended it but he wants it that way and appears satisfied. If his properties have proper care and attention and no bad luck in farming or trouble in renewing the purchase contract which is in the hands of Calkins, Hager, Hall & Einforth. Miyasaki claims that the owner of the land merely wants the interest but that from now on he expects the property to earn plenty of money so payments can be made. This evacuee also owns 22½ acres near Dinuba which is well improved and planted in vineyard, orchard and all intensively irrigated. He wants to go there and intended to go there while he still could, but was unable to get his other discount.

affairs in shape in time to leave. I emplained to him that it was now too late for him to go there directly and we had no authority to give him a travel permit which would permit him to stay there and transact his business. We could not tell him at this time whether the army would be willing for him to go there later or not but we did not have anything that would encourage that belief now. Also told him that we did not feel his transaction with Rianda was quite complete and that he should have something from Rianda in writing to show that he still owned the business property and that Rianda was merely managing it for him. The F.S.A. has approved of his lease with Rianda.

Have copy of agreement in regard to business property showing Rianda's interest in file for protection of evacuee; drawn by his attorney, Dan Berdin of Bardin & Harrington.

Dear Sir:

In reviewing the license recently issued to you for the operation of your business, it occurs to us that you might be in an area recently designated by the Army officials which will possibly be evacuated in the near future.

If you are subject to the evacuation order and the license which you now have is not sufficiently broad to permit disposition of your assets or the complete liquidation of your business, we will be pleased to give immediate consideration to any application which you wish to submit.

Yours very truly,

Assistant Cashier.

Mr. Ritsuko Miyashi Blk 9, Bldg. 9, Apt. 4 Manzanar War Relocation Project Manzanar, California

Dear Sir:

Reference is made to your letter of August 19, 1942, outlining your problem with the McMahan's Furniture Company, 428 %. Sixth Street, San Pedro, California.

We believe the matter referred to is one for the consideration of the War Relocation Authority, and are therefore transmitting your communication to the headquarters of that agency.

Yours very truly.

Fred C. Bold Assistant Manager.

Blk 9, Bldg. 9 Apt.4 Menzenar, California August 19, 1942

Federal Reserve Bank of San Francisco Evacues Property Department 707 S. Spring Street Los Angeles, California

Gentlemen:

I have a gas range in government storage which I purchased from McMahan's Furniture Company, 428 W. Sixth Street, San Pedro, Calif. last September and as I am unable to meet the monthly payments of \$10.00 per month, I have asked them for equity. Their answer was that they might consider negotiations if I would first let them know where the range is stored. As I do not know the exact address of the storage company, I wonder if you could handle the entire matter for me.

The gas range (Wadgewood '41-'42) is in excellent condition and was in actual use only five months at the most. Total cost including insurance and sales tax, etc., was \$157.00-of which I have already paid half. It is stored together with the belongings of a relative, T. Okimoto, family No. 4628.

The McMahon Company has accused me of moving this range without their permit from Terminal Island to Los Angeles. I did not consider it necessary as it was not to be moved out of the L. A. county. Also as we were given just 48 hours to evacuate Terminal Island, I did not have sufficient time to contact them.

I shall be grateful if you would write to them and act on my behalf. Will you let me know soon whether you will negotiate with them.

Thank you very much for your considerations.

Yours truly,

(Signed) Ritsuko Miyashi

Federal Reserve Bank of San Francisco 400 Sansone Street San Francisco, California

Attn: Evacuee Property Department

Gentlemen:

TIMOTHY MIZOKAMI

The Bank of America in Monterey has telephoned us several times about this car situation. I saw Masao Mizokami, the younger brother of the soldier, at the camp several times, more particularly on the 9th of this month. At that time he said he wanted to sell the car and turn the money over to his mother but that he had not heard from his brother to that effect.

It seems that the Bank of America and this Frank Montera, the businessman in Castroville with whom the car is stored, have been consulting about this car situation and Montera is willing to pay up on the car and keep it stored for the boys. He wants the pink slip if that is done.

Naturally, the Bank of America wants to do something as the car is not worth a great deal more than the payments due, on the present market, and they state very frankly that if something is not done pretty soon they will have to repossess the car and sell same, in which case the evacues would probably get very little if anything.

His being in the armed services, due to the date of his contract and induction, would not keep the bank from selling the security. Yesterday the brother, Masao, gave me the last address they had of the soldier Timothy as Hg. Bat., Sta. Comp., Camp Joseph T. Robinson, Arkarsas, and asked that I write him. I agreed to do this and attempt to explain the situation to him.

I am also giving his address to the Bank of America in Monterey so they can communicate with him and get him to sign the pink slip and do anything else that is necessary, if he is agreeable.

Field Representative,

Salinas

125 Monterey Street Salinas, Culifornia June 20. 1942 Timothy Misokami Ro. Bat. Sta. Co. Camp Joseph T. Robinson, Arkenses Dear Sir: It is reported to us that your car is stored with Frank Monters in Castroville and that you have a purchase contract on said car with the Bank of America at Monteray. I have talked to your brother several times and also to your nother at the Salines Camp, about this car as the Benk of America is maturally amuious to have the contract completed or they must repossess the car and sell same. Yesterday, I say your brother and he gave me your address. I am writing to suggest to you that when you hear from the Bank of America that you write them and let them know your wishes. Of course, they are principally interested in getting their money but state they are willing to cooperate in any any they feel proper. It seems that your friend, Frank Monters, says he is willing to pay up on the our and keep same for you until you return. Would you prefer to have this arrangement made, or do you want the our sold and the soney turned over to your mother? This letter is being written at the request of your family. They seem to think either course would be agreeable to them. Enclosed please find a stamped, addressed envelope and a piece of paper for your reply which we hope you will make at once to us, as well as to the bank when you hear from them. For your information, will state that your brother is occupied at the Casp and apparently quite entiefied and that your mother appears to be in good health. As you probably know, the people are going to be moved from the Salines Camp at the Rodeo Grounds, beginning the end of this worth and it is my understanding that they will probably go to a new emap in Arigona. Attn: Evacuee Property Department

Gentlemen:

Reference is made to the copy of the attached letter from the Bank of America in Monterey. We have not as yet replied to this letter and are not planning to until we hear from you.

I went out to the Rodeo Grounds today and interviewed several members of this Mizokami family and find that Timothy K., the owner of the car, is in the Army and has been since last year and at the present time is stationed in Arkansas.

The family kept up the payments on the car until the evacuation and now they are rather in a quandary as to what to do. They have written their brother in the Army and he has not replied. They seem to feel that the payments should be kept up and possession taken of the car in the name of their brother as undoubtedly the machine is worth more than the obligation against it.

This was a well known family of Japanese and Japanese-Americans in Monterey, some of whom worked here and now, excepting for the brother in the Army, they are all at the Rodeo Grounds near Salinas.

It is my intention to telephone Mr. Fossat of the bank and ask him to be patient for a few days until I can make an investigation, in the meantime expecting to hear from you. I happen to know where the car is because, inadvertently, the family let it slip.

It is quite evident that the family do not want to take advantage of the situation in any way but they do want to protect any equity they feel the soldier might have in the car. It was suggested by me that perhaps the best solution would be to put the car in the hands of a responsible dealer and let him sell it, or turn the car back to the bank with the understanding that they would get the best price obtainable and remit the balance for the registered owner's account.

It does not seem to me that any great good can be gained by attempting to keep title to the car for this

soldier, although like many of these evacuees, the family seemed to feel that they should hang on to it.

The brother I interviewed is name! Masao Mizokami who formerly lived at Route 3, Box 311, Salinas and I rather think that he and the family will do whatever we think best under the circumstances.

Before deciding on this thing I would appreciate your advice but it seems to me it would be just as well to dispose of this automobile to the best advantage in a manner that would suit the family at the Rodeo Grounds, as it does not appear as if the brother, even if he were released from the Army, would have much opportunity to use the car.

Yours truly

Dear Sir:

Reference is made to your interviews conducted with Moy Minote, proprietor of the Sunset Carage at Hanford. In view of the fact that Mizote has accepted money for storage, it would appear to us that this storage would automatically be classified as of a private nature.

Comparable problems elsewhere have been solved enlisting the cooperation of the local police force or sheriff's office. We do not feel that it would be proper to post Federal Reserve Bank placerds on such building.

Very truly yours,

Assistant Cashier.
