Principal property involved and scope of problem:

Halutache Nakashiki private U.S. Army and his brother, Fred, own a ten acre ranch located 5 miles south of Gilroy, Calif. They owe a balance of $2000 on the ranch, payble at $500 annually, plus interest at 6% per annum, the next payment being due in Oct. 1942.

The ranch is planted to garlic, and the present crop, valued at approximately $3000, has been tentatively sold to a produce company.

The owners of the ranch have entered into a verbal agreement with a neighboring rancher to take charge of the ranch, the neighbor to pay taxes only for rental of the property.

Mr. Phelps says the Japanese owes the F.S.A. and Mr. Miller money. Dear Sir:

As you were advised in our letter of October 16, 1942 we forwarded the quit claim deed to our Los Angeles branch with the request that they deliver the same upon receipt of a check from the Long Beach Building & Loan Association in the sum of $50.00.

Our Los Angeles branch endeavored to complete this transaction, but were informed by the Long Beach Building & Loan Association that inasmuch as they are interested in obtaining a marketable title to the property, they would prefer to close the transaction through an escrow for the purpose of bringing title down to date. They have handed us the following documents listed below with the request that they be transmitted to you for signature. The documents are as follows:

1. Grant Deed;
2. Statement of Identity;
3. Assignment of Membership Share No. 1013-A in the Association; and
4. Escrow instructions.

We are enclosing an extra copy of each of the documents with the exception of the Statement of Identity.

Inasmuch as a formal escrow is to be set up we would suggest that after signing the documents you transmit them direct to the escrow holder, providing them with your present address in order that the $50.00 remittance may be made direct to you by that agency. For the purpose of closing our file, however, we would appreciate your informing us when you have submitted the documents to the escrow holder.

Kindly acknowledge receipt of the enclosures by signing and returning to us the enclosed copy of this letter. A postage prepaid envelope is enclosed for your convenience in returning the receipted copy of the letter to us.

RECEIPT OF THE ABOVE DESCRIBED DOCUMENTS
IS HEREBY ACKNOWLEDGED THIS_____

Pursuant to your request, we attempted to exchange the Quitclaim Deed for a certified check in favor of Masao Nakashima. By reason of the fact that the Long Beach Building and Loan Association is primarily interested in a marketable title, they insist upon an escrow for the purpose of bringing the title down to date.

To this end they have transmitted to us the following for Nakashima's signatures, which are hereto attached:

1. Unexecuted Grant Deed in favor of Long Beach Building and Loan Association covering the North 1/2 of the West 1/4 of Lot 4, in the block bounded by 3rd and 4th and L and M Streets in the City of Sacramento, County of Sacramento, State of California, according to the official plat thereof;

4. Escrow instructions covering the use of the above instruments.

Dear Sir:

1. Unexecuted Grant Deed in favor of Long Beach Building and Loan Association covering the N½ of the W½ of Lot 4 in Block bounded by Third and Fourth and L and M streets in the City of Sacramento, County of Sacramento, State of California, according to the official plat thereof.

The enclosed instruments are forwarded to you pursuant to a letter we received from Mr. Everson of the Main Office of the Federal Reserve Bank of San Francisco dated October 16, 1942, which you undoubtedly already have a copy of.

It is necessary for us to use the forms enclosed herein in order that we may be assured of securing a marketable title to the premises described in said deed before we release our present existing encumbrance which at the date hereof is very delinquent. We trust that you will forward the enclosures to Mr. Everson in order that he may have Mr. Nakashima properly execute the same. The grant deed, of course, will be required to be notarized and also Mr. Nakashima will have to fill in all the information in the statement of identity and sign both sides thereof. In order to speed the escrow for a deed in lieu of foreclosure we are at this time starting an order for the title search of the property.

Evacuee Property Department
(Masao Nakashima v. Long Beach Building & Loan Association)

The above named evacuee was the owner of certain property in Sacramento, California, against which a loan had been made by the Long Beach Building & Loan Association, 201 East First Street, Long Beach, California.

Subsequent to Nakashima's evacuation a dispute arose as to the proper amount which the Association was willing to pay in settlement of a quit claim deed executed by Nakashima for the property. Early in the summer Nakashima delivered to us a quit claim deed to be held until such time as we had effected a settlement with the Association.

A very considerable correspondence between the Association, Nakashima and ourselves ensued, which resulted in a proposal, accepted by Nakashima today, in the amount of $50.00.

In order to settle this matter properly, we would appreciate the delivery by you to the Association of the quit claim deed, which you will find enclosed, together with a letter addressed to the Long Beach Building & Loan Association.

You will note that the letter requests the delivery to you at the same time, of a certified check in favor of Nakashima in the amount of $50.00. Will you kindly effect the exchange outlined above and forward to us the check in question.

Dear Sirs:

Reference is made to our past correspondence in settlement of a property dispute between yourselves and the above mentioned evacuee.

We are informed by Mr. Nakashima that he is now prepared to settle the matter in accordance with your proposal which called for a payment to him by you of the sum of $90.00 in return for a properly executed quit claim deed to certain property located in Sacramento, California.

The Los Angeles branch of the Federal Reserve Bank of San Francisco is therefore requested to hand you with this letter the aforementioned quit claim deed and to receive from you at the same time a certified check made in favor of Masao Nakashima in the amount of $90.00.

We trust that the foregoing is in accordance with your earlier understanding and that this will satisfactorily dispose of the entire problem.

Dear Sir:

We have received your letter of October 3, 1942 and are returning the letter to you from the Long Beach Building and Loan Association dated September 30, 1942, which you enclosed. You will, undoubtedly, wish to keep this for your own files.

You state that you are prepared to accept the $50 offer of the Long Beach Building and Loan Association if this bank thinks it is proper and that it cannot do anything more in connection with the transaction.

We believe you will realize it is not our purpose nor within our authority to decide what settlements evacuees shall make with respect to their property problems, and it will, of course, be impossible for us to do so in this case. Whether or not you consider the proposed settlement satisfactory, it must remain a matter for your own determination.

We do believe that we have extended every service possible in this transaction and that it will not be possible for us to extend any additional pressure in endeavoring to obtain a greater settlement on your behalf.

If you decide to accept the offer, please advise us immediately, in order that we may transmit the Quit Claim Deed which we are holding to our Los Angeles Branch for the purpose of completing the settlement. On the other hand, if you find the offer still to be unsatisfactory, give us your immediate advice, in order that we may return the Quit Claim Deed to you for such further action as you may care to make.

Dear Mr. R. E. Enerson

I am sending letter which I have received from Long Beach Loan association

In paragraph two it states that they paid the sum of $21.00 for one quarter. one quarter is $10.50 at city of Sacramento and I have paid my water bill up to end of March of this year. I am sure they have not paid $21.00 for one quarter unless there is error at the city office.

I like to make this settlement as early as I can

cure. If the Federal Reserve Bank thinks it proper and justifys ~~not~~ and cannot do anything more I will meet with the approval of 50.

very truly yours

Dear Sir:

We have heretofore received letters from the Federal Reserve Bank of San Francisco dated August 22nd, 1942 and September 19th, 1942, of which you have copies. In answer to these letters we are directing this correspondence to you.

As we stated in our letter of August 5th, 1942, we will pay you $50.00 for a deed in lieu of foreclosure, which sum is the approximate amount of the foreclosure proceedings of the trust deed covered by our above numbered loan. As stated in our letter of August 5th, 1942, it has become necessary to make many repairs on the property because of the condition in which you left the premises. Since we made said offer of $50.00 in our letter of August 5th, 1942, we have been advised that upon your leaving the property you did not pay your closing water bill for the quarter year in the sum of $21.00, which it has been necessary for us to advance. We have been advised that in nearly every case all Japanese evacuees from this district have paid their utility bills in full for the time they occupied the property.

It has also become necessary since we wrote our letter of August 5th, 1942 to spend approximately $33.00 for plumbing repairs necessitated by the condition in which you left the property, in addition to other repairs and cleaning charges that we outlined in our previous letter.

In light of the above figures, we do not believe that it can be expected that we should pay more than a nominal sum for a deed in lieu of foreclosure in connection with our above numbered loan, even though we have been required to pay the necessary expenses that we had not looked for when we made our original offer of $50.00 for a deed in lieu of foreclosure, we will renew said offer.

We trust that the above offer of $50.00 will meet with your approval and that you will so advise the Federal Reserve Bank of San Francisco in order that this transaction may be consummated as soon as possible in order to clear the files of the Federal Reserve Bank in the matter.

Very truly yours,

Vice President

Dear Sirs:

Reference is made to our earlier correspondence pertaining to a Quit Claim Deed held by ourselves at the desire of the above named evacuee.

We have received a letter from Nakashima, dated August 25th, in which he indicates a willingness to settle for $75.00 in return for delivery of the Quit Claim Deed. At his request, we are forwarding this proposal to you for your decision.

In view of the direct relationship between yourselves and Nakashima, we would suggest that whether you approve or disapprove such settlement, a reply be directed to him at the Tule Lake War Relocation Project. We would appreciate a copy of such reply for our files and will be pleased to arrange suitable delivery when an agreement is reached. A copy of this letter is going to Nakashima.

In a letter to him dated August 11th we had advised him of your proposal and suggested that if not satisfactory to him, he initiate direct correspondence with you. The Federal Reserve Bank is interested in solving the property problems of all parties and disputes but we, of course, are in no position to express an opinion as to the proper settlement in such a case as this. May we, therefore, request that you and Mr. Nakashima make every effort to arrive promptly at a mutually satisfactory agreement?

Dear Mr. R.E. Enerson

I appreciate your effort to get $100.00 for our Quit Claim Deed. By the last letter you told me that Long Beach Building and Loan association were able to pay only $50.00. I am willing to compromise with $75.00. I hope I could ask your favor again for claiming that amount $75.00.

Dear Sir:

Reference is made to a Quit Claim Deed executed by yourself against certain property located at 326 L Street, Sacramento, California.

We have received a letter from the Long Beach Building and Loan Association, holders of a Deed of Trust against this property, which is in response to our letter of July 30th, a copy of which was sent to you. The Association state that in their opinion the sum of $100.00 is exorbitant for settlement of this problem. However, they indicate a willingness to pay $50.00 for the Quit Claim Deed against this property which amount is roughly equivalent to their probable expenses under foreclosure proceedings.

We suggest that you consider this proposal and advise us promptly of your decision. If you are willing to accept the offer, it is in order for you to initiate direct correspondence with the Long Beach Building and Loan Association so that a mutually satisfactory settlement may be effected.

If you decide to accept this proposal, please advise us as soon as possible. We will then make arrangements through our Los Angeles office to deliver the Quit Claim Deed and collect a check made in your favor amounting to $50.00 which will be forwarded immediately.

Gentlemen:

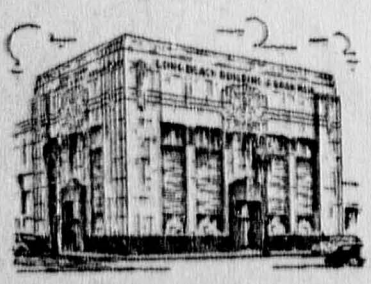
In Re: Mr. Masao Nakshima, Block 2905-A
Tule Lake War Relocation Project,
Post Office Box 813, Tule Lake, California.
Our Loan No. 5319:

Reference is made to your letter of July 30th, 1942, regarding the securing of a Quit Claim Deed from Mr. Nakshima in lieu of foreclosure of the Deed of Trust held in connection with our loan No. 5319 covering the property known as 326 L. Street, Sacramento, California.

We have not had direct negotiations with Mr. Nakshima for securing a deed in lieu of foreclosure from him, however, we have been informed through the Ignatz Realty Company of Sacramento that such a deed in lieu of foreclosure could be secured for the sum of $100.00. Our loan committee have never acquiesced to such an agreement. The committee feels that such a sum is too high to pay for a deed in lieu of foreclosure especially in view of the fact that at the time Mr. Nakashima vacated the property they left the same in a deplorable condition and it has been necessary for us to expend large sums of money to not only clean the premises but to repair electric and plumbing equipment that were broken at the time of vacating the premises. The committee has stated, however, they will be willing to pay $50.00 for such a deed in lieu of foreclosure, which sum is the approximate cost of foreclosure proceedings of said trust deed and in the light of the above condition of the property would be a fair consideration for Mr. Nakshima for his probable equity in the property.

If the above arrangement meets with the approval of Mr. Nakshima will you please advise us thereof and we will draw up the necessary papers for such a deed in lieu of foreclosure and forward the same to you for execution.

We wish to thank you for your cooperation and interest in the matter and trust that the above may meet with the approval of everyone.



Very truly yours,

Lyman H. Baugh
Vice-President.

Dear Sirs:

Reference is made to a loan made by you to Masao Nakashima on the security of certain property located at 326 L Street, Sacramento, California.

We understand that you have had some negotiations with Mr. Nakashima either directly or through the Ignatz Realty Company of Sacramento, the result of which was an agreement on your part to pay the sum of $100.00 to Mr. Nakashima for a Quit Claim Deed from him to you covering the property.

On July 16, 1942 we addressed a letter to the Ignatz Realty Company requesting their assistance in completing the transaction, advising that concern that we are holding a Quit Claim Deed for delivery to you on remittance of $100.00 to Mr. Nakashima. Not having heard from your agents and being desirous of concluding this transaction at the earliest possible moment, we are directing this communication to you.

If the above arrangement is in accordance with your understanding, we will appreciate your forwarding your check in favor of Masao Nakashima in the sum of $100.00 to us in order that we may transmit it to the grantee and in order that we may forward his Quit Claim Deed to you.

If this arrangement does not conform with your understanding, kindly advise us promptly.

Dear Sirs:

Please be advised that our Sacramento office is now closed, and therefore we suggest that you refer any inquiries to this office on matters pertaining to property belonging to Japanese evacuees.

According to the records of our Sacramento office, you were endeavoring to assist us in settling the affairs of one, Masao Nakashima. It appears that the Long Beach Building and Loan Association are mortgage holders of some property formerly occupied by this evacuee and although many efforts have been made to sell evacuee's equity in this property the problem is still unsettled. Apparently you have been acting as local representatives for the mortgage holders and due to the absence of one, Mr. Richards, the matter has been held in abeyance.

We wish to advise you that we have in our possession a quit claim deed to the property signed by Nakashima which is to be delivered to you or to the Long Beach Building and Loan Association upon receipt of $100.00.

For your information a copy of this letter is going to the evacuee, whose address is given below. If you prefer to correspond directly with him in the disposition of this problem we would appreciate copies of such letters in order to close our files.

Dear Sir:

Acting on your instructions that we turn over to the Long Beach Building & Loan Association a quit claim deed you have signed at Walerga, please be advised that we have not heard from said Long Beach Building & Loan Association to this date.

The Ignatz Realty Company informs us that it is possible Mr. Edward H. Richards, the manager there, may be out of the state at present.

Wouldn't it be in order for the Federal Reserve Bank of San Francisco to delay this until his return? Upon their agreement to pay to you $100.00, we shall deliver the quit claim deed.

If agreeable to you, please have Masao sign the enclosed copy and return to us by return mail.

Balance owing in the amount of $3005.70 - payments $40.00 per month include principal and interest. Part of the above balance is $240.00 borrowed Dec. 15, 1941. Of this, only $40.00 was paid and he is in arrears almost two months.

Store and fixtures are not in the loan. They have been dealing with (Osada - 612 O Street, a real estate man). Alice Nakashima has a sister, father, mother, and a brother whose name appears "Masao" in the membership pass book.

The above information is the result of requesting them to bring in more evidence.

Later I contacted McClatchy Realty, who had previously considered helping these people out. Now, however, they have decided that there is not enough value to cover indebtedness.

Therefore, there is not much we can do in this case.

Reports unable to sell her soft drink equipment or sell out the business. Theatre man, a Phillipino, told her some weeks ago that he would buy the place. The back of both this parlor and the theatre have a door between, where some theatre customers come and make purchases.

The theatre man offers only a hundred dollars, Mrs. T. Nakashima says. Place is worth $350.00. After paying some $50.00 out when she sells, will have to care for dependent father - 62 years, and mother 78 years old. Tried to get her in Social Service office this morning, but too many ahead of us.

Action taken:*

T. Nakashima phoned advertisement in the local paper. Also will contact a family friend who might be influenced to sell her interests through a Power of Attorney. This writer will contact theatre man today after office hours.

Dear Sir:

This communication is in reference to your letter of July 24, 1942. I am also writing for Mrs. H. Tsuchiyama of Block 54, Bldg. 10, Apt. C, Poston, Arizona who formerly was the owner of the hotel equipment that was sold to Mrs. Honorio of El Centro.

We have been waiting for an answer of some kind from Mrs. Honorio but we have not had any reply to that yet. Please advise us what to do with the account so that she can either get the money part or else liquidate in some manner to settle the manner.

As you probably understand that the ownership paper is in escrow at the Security Title Guaranty of El Centro and that Mr. Small knows of the details.

Hoping for an immediate reply.

Yours truly,

Dear Sir:

Reference is made to the receipt and other material which you have forwarded to this office pertaining to the case of Yaichi Nakanishi, an illegal entry into this country who has since been evacuated.

We have examined this material carefully and discussed the case at length with Mr. Wixon, District Director for the Bureau of Immigration and Naturalization. He is writing their Philadelphia office again, presenting this case in detail and asking for a prompt ruling in all such matters. An informal opinion was expressed by him that Mr. Hall was entitled to a return of his performance bond which concurs with opinion expressed by your office and ourselves.

However, in view of the fact that this is not a property problem and is a matter which in no wise falls within the jurisdiction of the Federal Reserve Bank, we are returning the receipt in question, together with the pertinent correspondence which we suggest you deliver promptly to Mr. Hall. In our opinion this is a matter which should be carried on directly between Mr. Hall and the Bureau of Immigration and we suggest that Mr. Hall contact the Bureau looking towards advice from them upon receipt of the Philadelphia ruling aforementioned. We have made copies of all the material which is being returned.

Yours very truly,

Illegal entry.

Gentlemen:

At the present time said party is at liberty under a $2,000.00 bond, until such a time as the Immigration Department would want him for deportation, due to illegal entry in the United States, as bonds covering said party is posted by myself, I wish to clear up the status of this party in case of an evacuation from the ranch that he is now on, which is in Defense Area #1, Restricted Zone B, Loomis, California, area.

I feel that at the time of the notice of evacuation by General De Witt is to be enforced, that this party should be surrendered to the Immigration Official, thereby releaving and releasing to myself said bonds in the form of U. S. Treasury Notes, that have been posted and held by your department.

While it is not my thought that he should be picked up immediately, it is just that I wanted to clarify the issue so as to know what procedure will be necessary for me, before he is actually evacuated from under my personal contact.

Dear Sir:

Reference is made to your interview with our representative, Mr. Borden, yesterday, July 28, 1942.

We have considered the problem in disposal of your 1936 Ford V-8 Sedan presently stored at Belmont. In our opinion due to the late date, the most desirable method would be that suggested by Mr. Borden, i.e., that you initiate correspondence with the various automobile dealers in the Peninsula area, asking them to examine the car and give you a bid.

Information is furnished that the War Relocation Authority will not permit a transfer of motor vehicles owned by evacuees to relocation projects. Therefore, if you now find it desirable to sell as recommended, let us suggest that you undertake such correspondence promptly.

Very truly yours,

Complication arising in this deal covering a 1942 car which was transferred by Subject illegally was explained in letter to Mr. Everson dated May 11.
Subject proceeded to invest $1000 cash paid for car by Ivers Brothers' client, J. W. Smith, in defense bonds.
Unless something special develops in this matter, it appears that repayment will have to be made to Smith by Subject.
Will report later developments.

Mr. R. E. Everson
Federal Reserve Bank of San Francisco
400 Sansome Street
San Francisco, California

Dear Mr. Everson:

Subject: Mitsunobu Nakata, covered by reports 4/21, 5/2, 5/6, addressed in error as Stockton; address should be Lodi, California

We merely report this circumstance. The advice we give on it is that the deal must be reverted, unless other instructions are received in the meantime from your Office.

Please note following which is taken from our initial report of 4/21: "Finding that they were dealing contrary to law governing sale of 1942 automobiles, they applied to this Office."

We repeat above notation so as to keep this Office in the clear in the matter. The 1942 Plymouth was bought from Nakata by J. W. Smith, 1139 S. Pilgrim St., through the efforts of Ivers Truck Company.

Efforts put forth by this Office to get the sale approved have failed. In the meantime, buyer claims that seller has converted the $1,000 paid for the car into Defense Bonds. The deal was made even before they applied to this Office.

As stated above, the only thing that we can tell these people is that they will have to take such steps as may be open to them to have their deal killed.

Dear Sirs:

Reference is made to your inquiry of July 14, 1942 looking toward a court appearance of two evacuees presently in the Wartime Civil Control Administration Assembly Center at Turlock.

We are advised that arrangements have been made permitting the appearance of evacuees, whenever necessary, in the settlement of such litigation.

All such permits and privileges emanate from agencies other than the Federal Reserve Bank of San Francisco and we suggest that you address a similar request to the camp manager at the Wartime Civil Control Administration Assembly Center at Turlock, California.

Dear Sir:

Today, I. Nakatsu advises me that she has soy beans on hand that she expected to sell. The order for evacuation having come, she now comes to us for help in selling the beans.

She has twenty-two sacks at Route 1, Box 271, Selma, and twenty sacks in care of C. E. Jackson, Miliken Corner on Highway No. 101 Santa Clara, California. The sacks weigh 100 pounds each.

Talking to Mr. Borden sometime ago, he suggested that I take it up with your office, when we have anything of this nature to sell, as he said you have close connection with the Army and could probably dispose of it much more quickly than we could.

Please see what you can do for us in this case.

Telephone Number: 5-9064

Principal property involved and scope of problem:

Nakatomi is leasing a 30-acre farm (prunes) from William A. Meyer, owner, on crop share basis. Lease expires late in 1943. A Mr. Clifford Ledbetter wants to take over lease and to pay Nakatomi for his interest in the crop to date. Mr. Ledbetter called on Nakatomi April 25 and asked him to sign paper agreeing to assign lease, but Nakatomi did not sign paper because he wanted his attorney to go over papers and he wanted to make certain the agreement provided that he and his family remain on the property until evacuation. (Father has been ill for two months.)

Nakatomi also has 700 feet of 7" galvanized pipe necessary for irrigation which neither Mr. Meyer or Mr. Ledbetter has agreed to buy.

Action taken:* Mr. Hibbitt, attorney for Mr. Ledbetter, called at this office and conferred with Mr. Nakatomi in the presence of Messrs. McFarland and Mahoney. Mr. Hibbitt stated he would talk to his client concerning the pipe and as soon as this matter was agreed upon, he would draw up necessary papers for assigning the lease, including the consideration, and a statement that Mr. Nakatomi would remain on the property until evacuation or August 1. When the papers are drawn, Mr. Nakatomi will be advised in order that he may consult his attorney, Mr. Tsukamoto, before signing.

A. Has 1942 contract for growing spinach with Foster & Woods Canning Company, Lodi, California.

The Foster & Woods Company does the harvesting. They have harvested about one-fifth of the growing spinach and reject the balance of the crop as unsuitable for canning.

B. Property owned by above total 50 acres on Andros Island. Equipment - value about $650.00. Federal Land Bank holds about $5000.00 payable semi-annually $125.00, and George Figg, $1655.48, payable December 1 each year $500.00.

A. After talking with Fred Munz, representative of Foster & Woods, I find the spinach is not considered suitable for canning. Therefore, it would be unprofitable to harvest the balance of crop.

Receipt is acknowledged of your letter of March 31, 1942, wherein you request information as to whether or not it is in order for you to purchase a stock of merchandise fixtures from Mr. and Mrs. Nakawatase.

Mr. Carnahan, local manager for Coca Cola Distributing Center says that he has cleared all I.C.A.L. on vending machines in this locality except one. This is the machine of Mr. James Nakogawa which cost 10 months ago $130.70. Mr. Nakagawa owes a balance of $64.89. The end of year value of a machine is usually 25% off cost. Mr. Carnahan says that he will try to sell Mr. Nakagawa's equity for $40. The new price of vending machines is some higher so $40.00 seems O. K.

Action taken:* Told Mr. Carnahan to make effort to get sale and so clear up all his rediscounted sales.

Asked what to do about personal property apparently stolen from mother-in-law's apartment at 1972 Broderick St. The latter's name is known as Mrs. Takahara who was evacuated by the first order. It was learned that she was married to one Rosario Macabe, a Filipino, who resided in the apartment a short time after her evacuation but was told to leave by a Mrs Lee. Mrs Lee acted in the capacity of landlord in accordance with authority vested in her by Mrs Takahara, owner of the apartment and who voluntarily left and is now living in some other part of Calif. Between the time Mr Macabe was evicted and allowed to return to dispose of the furniture in accordance with family wishes, certain articles and furnishings to the extent of $600.00 was found to be missing.

Action taken:*

Recommended Mr. Macabe be called in and upon his appearance advised him to report matter to the police dept. The Macabe family have confidence in Mr Macabe and have agreed that he should carry out any action necessary. Mr Macabe has reported matter to the police and expects action shortly.

Dear Sir:

In checking up accounts of Maras Flowers find that there is due by you to them the amount of $25.76.

As Mr. Mara through forced evacuation must leave here next week and is desirous of settling his accounts he requires all the funds he possibly can get hold of.

We trust you will see the situation he is in and will co-operate with the Government in evacuating these people by liquidating your account as promptly as possible.

If possible payment to his account in the American Trust Company, Grand Avenue Branch, would be appreciated.

Yours very truly,

300:00 cash down payment
1200:00 balance of purchase price
under Purchase &Sale Agreement, payable at $20:00 per month, principal and interest at 6%, beginning in November 1938. Unpaid balance of contract as of 4/17/42 is approximately $500:00. Fowler died sometime late in 1938 leaving his estate to Betty Wedgeworth (nee Fowler), his daughter, who is at this date still a minor. One Mrs C.Timm, of 3223 Laurel Ave Oakland, cal is Guardian of Estate of Betty Wedgeworth a minor (Naruo states she is Guardian, but does not know positively that this is the case). Guardian has agreed to extend all principal payments until return of evacuee. (This would appear to me to be no good, as no determinable date is set forth). Naruo will pay interest in monthly instalments. Timm, he says, will pay taxes. (Quite a deal for evacuee)

Action taken:* Suggested he go to his attorney, Mr Paul Morse, Central Bank Bldg, Oakland and have a proper extension agreement drafted; which he will do at once; also agreed to make this document fair to both sides. Timm will sign any time. CLOSED.

Mr. R. E. Everson
Federal Reserve Bank of San Francisco
Evacuee Property Department
400 Sansome Street
San Francisco, California

Dear Sir:

We are enclosing two copies of the lease drawn up for the Northern Farms, Inc. and given to us by Mr. Phelps of the Federal Farms Security Administration at their Sacramento Office.

In accordance with our telephone conversation this morning, this lease is being used by the Fruit Farms, Inc., the Placer Orchards, Inc., the California Fruit Exchange, Inc., and the Northern Farms, Inc. The latter company is an affiliated company of Nash De Camp Company, 85 Second Street, San Francisco, California.

At the time this lease was given to us by Mr. Phelps, we objected to the final paragraph of the lease and were able to get in on a conversation with the local field agent of the Nash De Camp Company whom we advised that we objected to the final paragraph of the lease.. It is our understanding that he arranged to have the Vice-President of his company, Mr. De Camp, telephone to you in regard to this matter.

Later we telephoned to the attorney, Mr. A. L. Diepenbrock, who we understood represented the California Fruit Exchange, Inc., and who admitted the authorship of this lease. He advised us that the lease had been approved by Mr. Frank McNickols who, we understand, is a special agent of the Farm Security Administration.

Very truly yours,

A. J. Reid

LEASE

The undersigned _____
(each of whom is a citizen of the United States of Japanese descent) hereafter described as lessor, hereby leases unto NORTHERN FARMS, INC. a California corporation, that certain farm situate in the County of _____, State of California, described as follows, to-wit:

Together with the tools and equipment described on the inventory attached hereto, for a term commencing on the date hereof and ending with the completion of the harvest of the 1942 fruit crop to be produced upon said farm, provided however that should lessor be evacuated by order of the United States Government or its War Department or any commanding officer thereof, then the term of this lease shall be extended until the completion of the harvest of the fruit crops to be produced upon said farm in the crop year in which the lessor will lawfully have been permitted to return to said farm.

As rental for said farm, tools and equipment, NORTHERN FARMS, INC. shall pay to the undersigned fifty per cent (50%) of the annual net operating profit, if any such be made by it in the farming of said farm. For the purpose of this lease, the net operating profit shall be considered to mean the proceeds from the sale of the crops produced on said farm during each crop year of the term hereof after deducting all costs and expenses incurred by NORTHERN FARMS, INC. in the operation thereof for the same period, and a further deduction of a proportionate amount of all general, administrative and other overhead expense incurred by NORTHERN FARMS, INC. in its organization, operation and maintenance, and the amount of all organization, general administrative and overhead expense, shall be proportioned among all lessors of NORTHERN FARMS, INC. on a planted acreage basis, it being contemplated that NORTHERN FARMS, INC. will lease maintain and operate other farms in addition to that covered by this lease. Operating costs and expense shall not include depreciation on said farm tools and equipment, county taxes, payment on outstanding real estate obligations, or payment on outstanding equipment obligations.

Unless otherwise directed by the lessor, the NORTHERN FARMS, INC. shall pay to NASH DE CAMP COMPANY for the account of the undersigned the share rental accruing from the operations as ascertained at the end of any crop year.

It is contemplated by NORTHERN FARMS, INC. that it will be able to secure financing from a Federal agency sufficient in amount to meet all financial problems affecting said farm.

It is contemplated by both parties that NORTHERN FARMS, INC. will assume and pay all current obligations owed by lessor to NASH DE CAMP COMPANY, and that the amount thereof will be liquidated from the funds to be secured from said Federal agency and will be included in the operating expense of the current year.

It is understood and agreed that NASH DE CAMP COMPANY is hereby designated as selling agent for all fruit produced on said farm during the full term of this lease and will be paid the established rates of

the said NASH DE CAMP COMPANY for all supplies purchased for the account of the lessor, and for all packing, loading and marketing and other facilities extended by it.

NORTHERN FARMS, INC. shall have the right, but not the obligation, of advancing for the account of lessor and be subject to reimbursement to it by lessor, of any sum which may be necessary to avoid default in any outstanding equipment obligations, any real estate obligations, or any county taxes. For the purpose of securing funds with which to meet any of the foregoing, NORTHERN FARMS, INC. shall have the right, but not the obligation, to borrow the necessary funds for the account of lessor and to encumber all or any part of said farm, tools and equipment which may be necessary for the purpose of securing repayment thereof. Except for the purposes described in this paragraph, lessor shall have no liability either to NORTHERN FARMS, INC. or to any other person for any obligation created or loss sustained by NORTHERN FARMS, INC. in the operation or maintenance of said farm.

As the taking of this lease by NORTHERN FARMS, INC. has been prompted by a desire to in some wise relieve the distress of the lessor resulting from contemplated or actual evacuation, it is understood that neither NORTHERN FARMS, INC. nor any of its officers, directors or employees shall have any liability for any act or thing done hereunder, whether negligent or other wise, so long as the same is done in good faith, and it is particularly understood that the emergencies of the existing war are such that labor, supplies, equipment and transportation, may each be deficient and that all of the results therefrom are at the peril and risk of lessor.

The term "lessor" herein shall be deemed to include the masculine and feminine, the singular and plural.

NORTHERN FARMS, INC. shall have the right to terminate this lease at any time by giving ten (10) days prior written notice thereof transmitted through the United States mails with postage prepaid, to FEDERAL RESERVE BANK OF SAN FRANCISCO at San Francisco, California. No such termination shall cancel any outstanding crop, chattel or other lien created by NORTHERN FARMS, INC.

The Federal Reserve Bank

Dear Sir:

We are in the Parker Reception Center at Arizona and since we are in trouble and have no one to turn to, we are writing to ask if you could not help in any way.

We left San Diego in February and before we left, we sold our G.M.C. truck to a Lila McArthur for $600.00 with a promise to pay as soon as the truck title was changed to her name.

We have sent the 1942 license plate and many letters pleading, at least, for a word from her, but they have all been neglected or lost; but we doubt the letters were lost for our registered letters have not been returned.

It would be a great help and we will appreciate it if you could speak with Lila McArthur about our trouble, and ask her to try to pay us for the truck as she had promised to do and settle the transaction about the truck.

Your favor will be appreciated. Her address is 3210 Hawthorne, San Diego; or Consolidated Produce, 434 6th Avenue, San Diego. Thank you.

Sincerely yours,

Mr. & Mrs. Riji Hashimoto

Gentlemen:

There is a Japanese by the name of Edwin K. Natori at Pinedale, California. His former address was Route 5 Box 125B, Seattle, Washington. He sold his crops to the Western Farms Produce Incorporated, incare of Associated Foods, Empire Building, Seattle, Washington.

He claims that this concern owes him a balance of $300.00 on his crops and will not answer his letters.

I did not get from him any details concerning this transaction for the reason it may properly belong to the F. S. A., or you may not wish to handle this type of a request at this time.

It now developes that there were eighty acres originally bought from the Coyle estate on two separate contracts. Our report of March 31 refers to one 40-acres which is now being handled by Artz & Cook as reported except there are no almond trees.

Another forty acres on which there are twenty-six acres almonds with encumbrances of $1759.92 against an original cost in 1931 of $3200.00 is the one described in Mr. Coyle's letter.

Action taken:*
The payments on both properties are very much delinquent. The signators on this latter forty acres under the name of N. C. Development Company are Wallace K. Tsuda and Herbert M. Kurima, secretary. Mr. Coyle will endeavor to keep the interests of the title holders intact if possible.

On the 8th day of April, 1942, the N. C. Development Company, a corporation, gave me power of attorney concerning the following described real property:

> The South 40 acres of that certain tract of land located in Rancho Rio De Los Americanos and conveyed by E. A. Boyles to Wylie Harding in Deed Dated August 30, 1913, and recorded in Book 392 at Page 60, Sacramento County, California records and more particularly described as follows: Beginning at a point in the West line of said tract South 0° 16' East 677.6 Ft. from the Northwest corner; thence North 89° 44' E 2585 Ft. to the East side of said tract; thence South 2° 30' East 233.4 Ft. and south 24° 10' E 473.6 Ft. along said East side to the south east corner of said tract; thence South 89° 44' West 2785.1 Ft. to the West line; thence North 0° 16' West 656.5 Ft. along the West side to the place of beginning.

On the 28th day of May, 1942, I leased the west half of said property to one C. C. Skinner for one year for the sum of $40.00, which amount is sufficient to take care of the taxes, which under the circumstances I thought advisable rather than have the property idle, which property consists of twenty acres and party in berries.

If your office desires any further information in the matter, kindly advise me.

With my kindest personal regard.

Very truly yours,

Cyril A. Coyle

Gentlemen: Att: Y. W. Abiko, President

In Mr. Shaw's absence, I have been asked by him to write you in connection with your letter of August 28 and relative conversations you have had with Mr. Weinstock of the Federal Reserve Bank regarding payment of your contract for Addressograph equipment.

As Mr. Shaw explained to Mr. Weinstock over the phone yesterday, this contract is now over 90 days in default and our main office in Cleveland have been pressing us for full payment or repossession of this equipment.

In view of the fact that you may have a potential buyer for the equipment and could therefore pay up your contract, thereby acquiring title to this equipment, we informed Mr. Weinstock that we will hold this matter open until Wednesday, September 2, giving you the opportunity you request to clean up this account.

Please be assured of our willingness to cooperate with you in every way. If, however, after midnight of September 2 this account is not in balance, we will be compelled to take the necessary steps to protect our interests in this matter.

Very truly yours,

Mr. Yasuo William Abiko

Dear Sir:

This will acknowledge receipt of your letter of April 2, 1942 in which you request, among other things, permission to continue publication of your newspaper, the Nichi Bei, in both English and Japanese, within the Western Defense Command throughout the course of the evacuation now in progress, and permission to move the staff members of your organization to occupy temporary quarters in Del Rey, California. You further make inquiry regarding the possibility of obtaining some financial assistance as an aid to continuing publication.

It is the policy of the Commanding General, in carrying out his duties and responsibilities in the evacuation of persons of Japanese ancestry, to make no discrimination between the business of publishing a newspaper and any other business carried on by the Japanese. As an area is evacuated, the business of the evacuees in such area is necessarily discontinued. Accordingly, you are advised that permission to remain in Military Area No. 1 following the time when evacuation of the area in which you reside is ordered, cannot be granted.

With respect to granting you permission to move your staff out of Military Area No. 1 to Del Rey, California, as you are aware, it was necessary to issue the "freezing" order, Proclamation No. 4, in order to assure an orderly evacuation and to protect evacuees. Although all concerned desired voluntary migration to be encouraged, in the initial stages it became apparent that it would not work successfully. Permission to leave Military Area No. 1 on a voluntary migration basis is granted only in the most exceptional cases. Your case has been considered and does not present an instance wherein such permission can be accorded.

With respect to the storage of your plant and equipment, you are advised that arrangements can be made with the Federal Reserve Bank of San Francisco to accomplish that.

Very truly yours,

Karl R. Bendetsen

San Francisco, California

Dear Sir:

We respectfully submit an application and the following plan for continued publication of the "Nichi Bei," a daily newspaper established in 1899 and having a circulation of over 8,600 subscribers, principally on the Pacific Coast as shown on the attached subscription chart.

The circulation of this newspaper covers a greater distribution than any other Japanese vernacular paper in California or on the Pacific Coast.

We firmly believe that we have been and will continue to be a valuable medium in the dissemination of information and news of governmental orders to the Japanese in the United States who are unable to read the English language.

In the past we have had the privilege of being of service on many occasions to various governmental departments and agencies including the Army Department, the Department of Justice, Department of Agriculture, the Post Office, and the Treasury Department.

We believe that our paper can continue to be the means of stimulating loyalty to the United States and also help maintain the morale of both the alien Japanese and the American-born citizens of Japanese parentage in these very difficult times.

The paper has been operating under a Treasury Department General License No. 68A and is the only Japanese language newspaper now publishing for readers of the Northern and Central California and the Intermountain district on a daily basis.

We desire to offer the services of this publication to aid further in the proper handling of the present emergency Japanese problem on the Pacific Coast.

We, therefore, venture to make the earnest request that we be permitted to continue publication in our present plant in San Francisco under proper restrictions as may be required.

If, however, General DeWitt deems it impossible to have our staff and equipment remain in San Francisco, we would like to ask whether we could move to some valley city. Sacramento would be by far the next best location.

We ask your instructions and advice in order that we may take immediate steps to comply without loss of time and without loss of an effective medium for instructions from the government offices to the Japanese residents and evacuees.

We would greatly appreciate an appointment for an interview concerning the above matter at which time we will present any further information you may wish.

Respectfully yours,

Removal Order in North

PUGET SOUND JAPANESE TO GO

300 Must Leave Bainbridge Island; Deadline March 30

The first evacuation order issued under President Roosevelt's proclamation permitting the Army to take such action Sunday ordered all Japanese removed from Bainbridge island in Puget Sound, opposite the Bremerton navy yard, by March 30.

The order came from headquarters of Lieut. Gen. John L. DeWitt, chief of the Western Defense command, who is in charge of all alien evacuation in this area. All previous evacuation, such as the removal of Los Angeles Japanese, has been on a voluntary basis.

The Army order specified that all Japanese on the island report Tuesday or Wednesday of this week to the Wartime Civilian Control Administration office of the island to receive instructions and identification numbers.

From March 24 to 29, Japanese will be permitted to leave voluntarily, providing the WCCA approves their destination.

All Japanese remaining on the island on March 30 will be taken by ferry to the mainland, and sent by special train to the new alien reception center at Manzanar in the Owens valley.

An Army spokesman said some 300 Japanese residing on the island would be affected by the order.

Most of the Japanese residents, the Army said, are gardeners and fishermen. Both native-born and alien Japanese are affected.

CAPITOL HI-LITES

By CAP OKA

Do you worry? Do you feel constipated and depressed? Are you bothered by frequent headaches? Then you are the victim of an unusual malady called "evacuation mind japanese," which is nothing too serious but yet is complicated and unnerving.

Each individual case varies in severity and, there being no special remedy for each specific case, there is nothing one can do but to follow the general prescription prescribed by the Government. DON'T apply self-cure; it may cause you to suffer greatly. Consult your nearest U.S. "Treatment Station" and have them examine your troubles and then follow their directions.

As a preventive measure your writer advises the following precautions: Don't feed unfounded rumors. Don't spread the so-called "inside dope." Believe only that which is in black and white or is aired publicly from reliable sources or persons. Keep yourself occupied. Idle sitting which results in brooding may prove fatal. Don't keep yourself cooped up in the house all day. Go out and enjoy the warmth and freshness of spring. Putter around the garden, fix all means keep busy.

Everywhere in the nihonjin town of Sacramento we encounter bewildered faces. Now more than ever before evacuation is being seriously considered as the Japanese anxiously await final orders which would clarify their problems.

The question, "how soon?" seems to be of primary concern. This being uncertain, many parties have accelerated their closing-up of personal and business matters. Much of the procedure is being carried on haphazardly and inefficiently. Your writer urges you to drop in on your nearest WCCA office and in person whatever is confusing you with them before venturing upon any liquidation or disposition of properties. You may save yourself a lot of trouble by doing so. Give it a try now.

Of the 30 Japanese who filed applications for the position of junior clerk in the city service it was revealed that only 25 actually appeared for the written examination and of this number only seven passed. While seven Japanese passed the written test, they still must face members of the civil service commission for an oral examination.

It is believed that pessimism and parental admonitions are the main reasons why 70 of the nisei did not show up for the written examination. Under the present circumstances it is very doubtful that any of the seven eligibles will at any time be employed.

Aussie Makes Offer In Letter

SYDNEY, March 22 (Australian Broadcast Recorded by United Press in San Francisco — T. A. White, Sydney transport executive Monday offered himself as a human bomb.

In a letter to Air Minister Arthur Drakeford, Mr. White wrote: "I offer to hold the stick of a plane in a dive after its pilot has bailed out, or ram a high speed motor boat well stocked with explosives into a Japanese aircraft carrier and trust to luck.

"I am a married man with a good position, but the results would be well worth the price. Perhaps we could get 25 other fools like me and wipe out every battle of the enemy."

Security Wage For Evacuee Work At Owens Valley

Unemployable to Be Wards of Government; Pay Range $50-$94

MANZANAR, March 23—The government will pay a "security wage" to each of the colonists here, with pay ranging from $50 a month for unskilled workers to $94 monthly for those who are highly skilled, it was reported this week.

Out of this, $15 a month will be deducted, per person, for subsistence.

From the balance, payments will not be made in cash, but credit accounts will be kept and when the war ends or when a colonist, through the Government's relocation system, leaves for another area, a full settlement will be made.

Aliens and nisei who are unemployable will be cared for as "wards of the government," it was further stated.

LARGE SCALE EVACUATION

Vanguard of 1000 Leave Monday for Reception Center

By ROBERT C. MILLER
(U.P. Staff Correspondent)

LOS ANGELES, March 23—(U.P.)—Large-scale evacuation of Japanese aliens and their American-born children from strategic Pacific coast military and industrial areas began Monday as a caravan of 350 automobiles and trucks left Pasadena for the army's new reception center east of the Sierra Nevadas.

More than 600 aliens and American citizens of Japanese descent assembled before dawn at Pasadena's Rose Bowl, scene of the annual new year's football classic in pre-war years. Leaders of the motorcade started the northward journey at 6:30.

In scenes reminiscent of the flight of Oklahoma and Texas dust bowl refugees to California a few years ago, the Japanese piled their household belongings on their automobiles and trucks, many of them ready for the junkyard.

Evacuees Vehicles

Nearly 200 of the vehicles were operated by the evacuees. They represented all types of jalopies—dilapidated pick-up trucks, open touring cars, "cut-downs" in collegiate style, and one model T Ford.

Three large trucks loaded with baggage led the motorcade as it headed north through San Fernando valley, making a parade between five and six miles long. Interspersed after every 10th car was an army "jeep" carrying military police.

The procession held its speed to [illegible] miles an hour because of the questionable endurance of some of the conveyances. Army ambulances, tow cars, a water car and a field kitchen accompanied the motorcade.

The entire day was expected to be needed for the trip, including a luncheon stop at Mojave.

The evacuees were the vanguard of approximately 10,000 Japanese in California to be removed to reception centers east of the Sierra range. It was predicted that at least 10,000 aliens and Japanese Americans will be removed within the next three weeks.

Each evacuee wore an identifying card on his lapel and carried a dirty bag stuffed with personal effects. Many of the American born youths were evasive in admitting recent participation in high school and college sports.

Dozens of added travelers dashed up to the assembly point in taxicabs at the last moment. There were brief family reunions with wives and children who had come to the Rose Bowl to see their menfolk off for the camp at Manzanar, in the Owens valley 220 miles north of Los Angeles.

Then Major C. V. Caldwell, provost general for the sector, gave the order to start. There were grinds of self-starters, a few orders from officers, and the long parade began.

Evacuees leaving Monday were largely carpenters and other skilled workmen sent ahead of the general exodus of aliens from the coast to assist in final construction phases of the reception center being erected for them almost overnight.

Self Sustaining Camp Seen

Plans of the government looked forward to having the Manzanar camp virtually self-sustaining by next spring by having the hundreds of expert Japanese farmers begin work at once on the 6000 acres of fertile valley land with machinery and seed supplied by the government.

Japanese will do most of their own policing and governing under army supervision.

Clayton E. Triggs, camp administrator and former Los Angeles county WPA head, said two simple orders would apply at the camp. All persons registered there must remain there unless special orders were issued, and no liquor would be allowed.

"The camp residents are expected to preserve order and keep the law," Triggs said. "If they do, their stay there will be as happy as we can make it."

Barber shops, the hospital, beauty parlors, tobacco stores and similar establishments at the camp will be functioning by the end of the week, officials said, with each of the 36 blocks to have its own recreation center.

Defense Industries Sought

Japanese-American leaders proposed erection of a defense industry on the reservation for manufacture of non vital parts of military airplanes. They mentioned articles such as instrument panels and metal fittings not capable of being sabotaged.

"We realize," a spokesman for the Japanese Americans said, "that we probably should not be permitted to manufacture anything that some traitor in our midst could sabotage, and perhaps cause loss of life among American airmen."

"But we want to do our part in the victory effort and we believe we could relieve some of the stress on southern California aircraft factories by manufacturing articles which are necessary to planes but which would not have anything to do with the structural stability of the craft."

Original groups of Japanese were being maintained intact so far as possible. Former residents of Little Tokyo in downtown Los Angeles, Fish Harbor or strategic Terminal island in the Los Angeles harbor

Continuation of Nisei Education Recommended

Teachers Willing to Follow Students to Owens Valley Camp

LOS ANGELES, March 23—Continuation of the education of the 3200 Japanese school children who will be affected by the evacuation by the Los Angeles city school district was recommended last week to Superintendent Vierling Kersey and the Board of Education by the executive council of the Affiliated Teacher Organizations of Los Angeles.

With the withdrawal of the Japanese pupils from the local schools, approximately 300 instructors will be put out of a job, it was stressed in the report.

As the school code already authorizes districts to establish and maintain schools outside the district boundaries (specifically when the average daily attendance is materially decreased because of military orders or emergency created by war), the recommendation urged that the local district maintain schools for the evacuee children in alien settlements and camps.

This recently amended code also states that in such cases the district is eligible to credit for apportionment purposes when the students involved are instructed outside the district boundaries.

Many teachers have expressed their willingness to "follow our students" to Owens valley, according to W. Harold Kingsley, director of community service for the teachers' group who acted as spokesman. The evacuees moving to Owens valley would enter the Independence elementary and the Owens valley union high school districts.

Merchant Ship Torpedoed Off Atlantic Coast

WASHINGTON, March 23—(U.P.)—The Navy department announced Monday that a small United Nations merchant vessel has been torpedoed off the Atlantic coast.

This was the 13th torpedoing announced since last Wednesday, and the seventh this weekend.

Approximately 30 ships have been torpedoed off the Atlantic coast of the United States since mid-January.

Governor Carr . . .

Colorado to Cooperate

Warns Against Threat to Japanese Moving From Pacific Coast Military Areas

DURANGO, Colo., March 23 — "For God's sake shut up," Governor Ralph L. Carr demanded in warning a Navy rally crowd that Tuesday against transplanted Japanese would cause a "100 to 1" retaliation against Americans in Japanese-held countries.

Carr, speaking Saturday night, said that only one other governor has indicated the willingness of his state to receive aliens evacuated from the Pacific coast. "But if Colorado's part in the war is to take care of 100,000 of them, then Colorado will take care of them," Carr declared.

He explained that he referred to aliens transferred by the government. Other aliens, including migratory Japanese and unsupervised Nazis, will be taken care of by the Federal government, under whose jurisdiction they properly belong, Carr said.

JAPANESE COOPERATING WITH AUTHORITIES IN EVACUATION SENATE COMMITTEE INFORMED

Six Japanese Nabbed by FBI Agents in S.F.

2 Adult Membership In Secret Society; Records Also Seized

FBI agents swept down Saturday on suspected members of a Japanese secret society said to be affiliated with the Black Dragon nationalistic organization.

Six Japanese were arrested. Three of the were identified by the Federal men as connected in some manner with the secret group. The raids were based on records seized in previous raids.

Nai J. L. Pieper, chief FBI agent, said Satoru Yoshimura and Kiyoshi Uyeda, two of those arrested, admitted membership in the group and a third, K. Inouye, a Japanese motion picture exhibitor, admitted paying dues to the society. Three others seized were identified as Mojiro Tanaka, M. Tsui and S. Nagata.

Pieper said there was proof of the organization's "intense nationalistic program and its connection with the Black Dragon society."

Records of the society, seized in previous alien roundups, indicated that it operated as a "front" for the terroristic Black Dragon organization. Apparently, the Federal men said, the society was directed from Japanese gambling houses in San Francisco and Los Angeles.

Seized literature indicated its purpose was to "inform the Japanese people of their national heritage and rights to dominate the world, and to conceive a counter movement to rectify any and all projects detrimental to Japan," the agents said.

Pieper's men made their roundup county where they seized four Germans and an Italian alien accused of having contraband in their possession.

Justice Department Officials Reports on Removals from Coast

WASHINGTON, March 23—(U.P.)—Edward J. Ennis, Department of Justice official, told the Senate immigration committee Monday that Japanese nationals are cooperating with the War department in leaving strategic Pacific coast zones.

He said that immediate enforcement and supervision of the removal plans would require employment of all army troops now on the west coast, with a consequent neglect of their military duties.

To prevent this, Ennis said, officials have asked assistance of the Japanese populace in carrying out removal orders. He reported, "There is no doubt about the cooperation being received."

Ennis said a civilian agency is needed to aid in social and economic aspects of the transfers.

The committee is considering a measure authorizing the Secretary of War to take into custody persons endangering the national defense.

Radio Silence

LOS ANGELES, March 23—(U.P.)—The presence of an "unidentified object" off the coast of southern California resulted in a 10-minute radio silence in the Los Angeles area shortly before dawn Monday, the Western Defense command announced in San Francisco.

Cripps Reaches Indian Capital For Conference

NEW DELHI, India, March 23—(U.P.)—Sir Stafford Cripps, British lord privy seal, arrived at the capital Monday to confer on Churchill's proposed solution to the Indian problem.

The nature of Churchill's proposal, designed to meet Indian demands for independence, has not been disclosed.

The British radio said Jawaharlal Nehru, leader of the All-India congress, announced his faction's demands on the eve of negotiations with Cripps.

("What do we want?" he was quoted. "We want a free, democratic, federal India, willing to be associated with other countries. Only the conviction that they are fighting for their own freedom can make Indians fight as the Chinese and Russians have fought.")

Finch Tallahassee it was reported that "nothing short of complete independence" was the "general view" of the Council of the United Indian provinces and an All-India congress committee.

Tit for Tat

Nazis, Italians Sink Each Other's Ships

NEW YORK, March 23 — The British radio, broadcasting in German, announced a report from Istanbul that Italian ships and German submarines are sinking each other. As heard here by Columbia Broadcasting System, the broadcast said:

"The following report was received today from Istanbul:

"The Germans claim that during the last month three German U-boats were sunk in the Mediterranean by Italian warships, because the Italians were too much afraid of being attacked.

"On the other hand the Italians claim that during the last 14 days German U-boats have sunk three Italian ships."

Hint Strange Peace Between Japan And Soviet Russia May Be Near End

U. S. Senator Sees Joint Attack by Nazis, Nipponese

By JOHN A. REICHMANN
(U. P. Staff Correspondent)

WASHINGTON, March 23—(U.P.)—There were increasing signs Monday that spring may find the Soviet Union under large-scale attack on two fronts—on the east by Japan and in the west by Germany.

High diplomatic quarters have received reports that the strange peace between Tokyo and Moscow may be near an end. There have been recent "incidents of friction," these sources said, but they cannot be revealed because of military reasons.

Military experts have cautioned against banking too much upon Japan making her next great drive in Australia. She may be trying to divert attention to that area, they said, while preparing for a grand assault upon her historic enemy, the Soviet Union in Siberia, especially if Germany's spring offensive on the western front shows signs of success.

"Such a move not only would satisfy Germany's demand for aid in crushing the Red armies but would, if successful, protect Japan itself from future destructive aerial assaults from Siberian bases. The United Nations have been looking toward that possibility ever since the Pacific war started.

The reports stirred domestic here that all possible aid be given to the Red armies. And there was growing belief that, despite the recognized importance of Gen. Douglas MacArthur's task in Australia, the battle of Russia holds the key to the anti-Axis strategy for the spring and summer.

Little to Gain in Australia

Military experts contend that Japan would have little to gain by a successful invasion of Australia, whereas a successful invasion of Siberia would eliminate a grave threat that always hangs over her as long as an anti-Axis nation such as the Soviet Union has aircraft bases within easy bombing distance of Tokyo ad other great Japanese metropolitan areas.

Japan and the Soviet Union have a non-aggression pact, but neither nation places much trust in it. The Soviet attitude toward it is no secret. Maxim Litvinoff, Soviet ambassador to the United States, having described Japan as "one of the common gang of aggressors."

An appeal for more military aid to the Soviet Union came Sunday from Sen. Millard E. Tydings, D., Md., in a radio address. He cautioned against over-jubilant interpretation of Soviet winter successes and said the entire course of the war may be determined by a simultaneous Nazi-Japanese assault upon the Russians.

Invaders Launch Heavy Aerial Attack in Burma

Japanese Also Mass Troops Along Sittang River Front, Report

By NED RUSSELL
(U. P. Staff Correspondent)

LONDON, March 23—(U.P.)—Japanese bomber and pursuit squadrons operating from new bases in the [illegible] Bhamo Myitkyina sector [illegible] their ground forces [illegible] the Sittang river front for anticipated thrusts northward toward Mandalay and westward across the rugged Pegu Yoma mountains.

That the Japanese have opened a new phase in the battle of Burma was evidenced by a heavy enemy aerial attack on an Allied airdrome "somewhere in southern Burma."

Sixty enemy bombers escorted by 30 fighter planes joined in the daylight raid Saturday, a communique from Chungking revealed, indicating the invaders were attempting to coordinate their aerial power with land assaults.

The communique disclosed that American volunteer fliers and British pilots joined in a sharp counter-attack, shooting down two enemy planes. It added that "several" Allied aircraft still were unaccounted for following the first major Japanese raid since their December and January attacks on Rangoon, Burma and Kunming, China.

American "flying Tigers" and Royal Air Force units have controlled the Burma skies since Japanese attackers suffered "terrific" losses in the early days of the Pacific war. Chungking quarters fear now, however, that the enemy will attempt to smash the limited Anglo-American air power with numerical superiority—a paramount factor in Japan's conquest of Malaya and the Netherlands East Indies.

ALLIED UNITS HIT INVASION BASES

Darwin, Other North Australian Cities Target for Attacks

By FRANCIS I. McCARTHY
(U.P. Staff Correspondent)

CANBERRA, Australia, March 23—(U.P.)—Japanese planes made their heaviest raid of the war Sunday on Port Moresby, in New Guinea, 250 miles from Australia, after a furious weekend of aerial warfare in which American and Australian planes smashed 34 enemy planes and the Japanese struck at the vital north-south Australian railroad.

Japanese planes struck also at Wyndham, a key town on the sparsely populated northwest Australian coast, and Allied planes bombed Dili, the Japanese invasion base on Dutch-Portuguese Timor, west northwest of the continent.

Nineteen Japanese bombers, escorted by three fighter planes, swept over Port Moresby in two waves, bombing and machine gunning military objectives and the town, inward which Japanese forces from the Tiun Gulf invasion and area are marching through the Markham valley.

There was no immediate report of damage or casualties.

Allied planes, with American flying fortresses playing a star role, opened during the weekend a terrific offensive on the Japanese invasion area northward of Australia.

Twenty-three of the total of enemy planes destroyed or damaged were ragged in this offensive, and the 24th was shot down over the north Australian coast.

In addition, the Allied planes made a direct hit on a Japanese ammunition dump.

Lose Only Two Planes

In this offensive, one of their heaviest and most successful of the Pacific war, the Allied air fleets lost a total of two planes and two crew of a third were wounded.

During the weekend the Japanese bombed Darwin, the great Allied north coast base, and Broome, on the southwest coast, on Saturday and Sunday. Apparently as reconnaissance, single planes flew high over the town which is on the Japanese east coast base.

Air [illegible] Darwin from the first time, the Japanese bombed Katherine, 36 the Darwin railroad, 175 miles southeast of Darwin and 166 miles north of Birdum, southern terminus of the railroad, in an evident attempt to cut the vital Allied supply line to the north coast.

Bataan Defenders Spurn Ultimatum For Surrender

All-Out Japanese Offensive Expected Momentarily

By FRANK HEWLETT
(U.P. Staff Correspondent)

GEN. WAINWRIGHT'S HEADQUARTERS, Corregidor Fortress, March 23—2 P.M.—(U.P.)—A new Japanese ultimatum demanding the surrender of the American-Filipino defenders of Bataan peninsula and the Manila bay forts expired two hours ago but there is no sign yet of the expected all-out Japanese offensive.

(This apparently was the last word aside from official reports not yet published, from the doughty defenders who are expecting a Japanese assault momentarily. The War department announced in Washington Sunday that the ultimatum had been presented and ignored.)

The Japanese surrender ultimatum, jointly signed by the commanders of the imperial Japanese army and navy, gave Lieut. Gen. Jonathan Wainwright until noon to lay down his arms unconditionally. Like his predecessor, Gen. Douglas MacArthur, Wainwright disdained to reply.

Several copies of the ultimatum neatly printed and tied with red ribbons, were dropped by Japanese airplanes from high altitudes over Bataan.

They were contained in medium sized tin cans labled with this printed message: "Anyone who gets this letter is requested to send it to the commander in chief of the United States forces." A similar message was printed on the ribbons and on the backs of the copies of the ultimatum.

Protos Win Over YMCA, 40-37

Bussei Cagers Gain Right to Title Play-Off

Will Meet Nisei's Of Berkeley for N. C. JAAU Crown

The S.F. YMBA Protos won the right to a play-off for the 1942 N.C. JAAU basketball title against the Berkeley Nisei's defending champs, by defeating the local YMCA Greyhounds Sunday afternoon, 40-37, in a thrilling, hard-fought contest at the Buchanan street gym.

The Protos and Nisei's share top honors in the league standings by virtue of the Palo Alto A.C.'s withdrawal from JAAU play after leading in the race during most of the season.

Sunday's game came out according to the expectations of most critics with the slightly superior scoring punch of the favored Bussei cagers giving them the nod over an otherwise equally potent "Y" five. Tied 16-16 at half-time, the two teams battled on even terms during the entire fray, but the Protos capitalized on their more evenly distributed scoring power to edge out their opponents.

Neither side held more than a five-point lead at any time during the contest, and because of the tense competition a total of 48 fouls were called on the two teams. The Protos eventually lost four of their players via the foul route and had to transform a spectator into a player to finish the game, while the Greyhounds had two of their men evicted for the same reason.

Going into the last canto, the Protos were behind 34-29, but they overcame the temporary "Y" advantage by resorting to slow breaks and tied 36-37 with less than a minute to go. At this point, Mizuno of the Protos committed his fourth personal, and the YMCA had a chance to tip up the score. Mas Hara missed his free throw opportunity and in the excitement of the last 60 seconds, Min Inaga of the Protos slipped away from the over-anxious "Y" cagers to tip the contest with a lay-up shot under the basket.

Shig Suzuki led the winners in scoring column with 11 points, followed by Frank Ogi and Mits Kajiyama with nine and eight, respectively.

The backboard control of these three Protos players was the factor in the triumph of the Kajiyama, Suzuki and Ogi trio. In practice, lived up to his reputation as the fightingest man on the team in getting and retaining control of the ball in tight spots.

For the Greyhounds, Mas Hara registered 14 points to take top scoring honors for the afternoon, while Jin Kinoshita hit the hoop for 10 digits. They were practically the whole YMCA team, both offensively and defensively.

The badminton match between the Japanese YMCA and Marin teams, which was to have been played Monday, March 23, at the Buchanan street gym, was postponed to March 30, 7:30 p.m.

The regular Monday badminton session open to the public was to have been held in place of the postponed match, with instructions and racquets available as usual to those attending.

Southern JAU Cancels All Sports Activities

LOS ANGELES, March 23—All JAU activities have been cancelled for the duration, the nisei sports body revealed Saturday. Although the scheduled baseball meeting was not held Friday night, it was indicated that a special committee meeting will be held soon to clear up business matters and report on accounting of finances before evacuation.

"This does not mean that the JAU is dissolving or disbanding," President Yuichi Hirata said. "It does mean that a set-up is being worked out whereby finances may be available for equipment and sport activities wherever we may go."

'Japanese Sense Of Frustration Will Beat Them'

EL CENTRO, March 23—(U.P.)—Rear Admiral Richard E. Jackson, retired commander in chief of the U. S. fleet, told officers and men of the field artillery battalion at Camp Ironly Friday the United Nations will win the war because Japanese resistance "suddenly and completely breaks down" in face of defeat.

Jackson said Japanese in defeat are gripped by a sense of frustration as expressed by their phrase, "shikata ga nai," or "it can't be helped."

"When the United Nations' large scale offensive gets under way," Jackson said, "and several decisive blows have been inflicted on the enemy, the Nipponese will say 'shikata ga nai.' The Japanese will contribute measurably to their own downfall."

Dick Miyagawa Crowned New Coast Champion

San Jose State Nisei To Go to Louisiana For National Tourney

SACRAMENTO, March 23—(U.P.)—Only two boxers from San Jose State college will represent the Pacific coast in the national boxing championships at Baton Rouge, La., it was revealed Monday following Washington State's team victory in the coast bouts here Saturday.

A full coast team of champions normally enters the national event. Coaches turning down the invitation of Louisiana State university, host school for the Nationals, gave such reasons as financial difficulties, change in school semesters, no Easter vacations, and lack of outstanding material.

San Jose voted to send Dick Miyagawa, new 127-pound champion, and Bob Webber, last year's 120 pound champ who was eliminated in this year's semi-finals. Their coach, Dr. Will Portal, and L. F. "Cvig" Tranmer, national director from Cal Aggies, also entertained for Baton Rouge.

Washington State sent four men into the coast finals and piled up 22 points to win its sixth title in 14 years and second in succession from 10 other colleges and universities.

The Cougars were pressed closely by the runner-up San Jose State college boxing team. The Spartans scored 18 points.

University of Idaho was third with 16 and California and Oregon State tied for fourth with 8. Stanford, Gonzaga, Fresno State and California Aggies scored three points each. The University of San Francisco failed to win a point.

San Jose won two matches and missed winning the team title by the defeat of heavyweight Frank Mialni in the final bout. Mialni was outpointed by Pete Berthus of Idaho, enabling the Cougars to retain the title won in 1941.

Fred Spielberg, Washington State, 104, and Mike Cooke, California 108, successfully defended their 1941 division titles.

New 1942 champions were Mario Vanoy, Washington State, 120; Dick Miyagawa, San Jose, 127; Charles Townsend, San Jose, 135; Bill Williams, [illegible] State, 145; Pete Berthus, Idaho, heavyweight.

Dethroned 1941 champions included Bob Webber, San Jose, 120; Byron Rostetter, Washington State, 127.

HERE AND THERE

Now it can be told, but the hasty ban been done—the public hysteria which cried "Remember Pearl Harbor" in terms of "nisei saboteurs" and which brought about the official evacuation proceedings on the coast, was for naught when Police Chief Gabrielson of Honolulu disclosed there wasn't a smell of sabotage "in the city and county of Honolulu December 7" . . . With the Tolan hearing as an example, the local, county and state officials were greatly responsible for whipping up the hysteria to a high pitch, but as Carey McWilliams points out," Most officials, county, state and federal are fearful of the consequences of inaction" and that this being an election year, the politicians have begun to remember the Yellow Peril issue . . . not to spite the officials, but to practice our duty as American citizens, and in this case citizens who are unavoidably moving towards the interior, we should fulfill our obligations to remember "shantao hanbi" . . . So, by all means, before we leave we should learn practical civics all over again and learn in what congressional districts we live in and who our elected officers are . . .

Last Wednesday night OME nisei were participants in an ideal affair including a movie on cooperatives and folk dancing—if we're to be evacuated to cooperative camps the ethnic should become familiarized with the mechanism of cooperatives, and we should aim at building up the declining morale of nisei through recreation and informative meetings . . .

It is a pity we don't seem to hear of nisei representatives or members of coordinating councils or committees working on evacuation problems and presenting suggestions to governmental agencies . . . just because they're aliens shouldn't mean that they should be denied direct democratic representation . . . Influential people are trying to work out a problem whereby evacuated nisei CIO unionists will become members and get jobs in inland CIO unions . . . Newspapers source stated that only several hundred dollars have been spent for ethnolic relief in Kauai, but from a reliable authority we learn that over $2,500 have been spent on over thirty families in the city — the same authority pointed out that ethnolic were still reluctant to ask for help, and that near-starvation was the only reason that could overcome pride . . . Last Sunday the highway at the beach was jammed, and there were [illegible] out there, too . . .

Story has it that at least 6 additional more nisei being discharged from the state civil service, and yet we do not hear of any nisei fighting the illegality of the ouster . . . Majority of the discharged once feel it is their patriotic duty not to fight the matter, that it is of no use with evacuation in sight . . . Our Caucasian friends who are able to look at the matter more objectively tell us that if an nisei has the gumption to stand a test case, the future of the nisei in civil service will be practically all, and in due time others beside the nisei will be jeopardized by what is now becoming a precedent . . . The case can be won, say our friends, with the backing of such statements as made by Attorney-General Warren that the matter was unconstitutional . . . The American Civil Liberties union is still working on the matter . . . Many of our friends from all over the state were in the Bay region during the past week—among them were Kanji Nishimura, Akira Yabiku, Sam Chikarashi, Nobuko Sugiuchi, Minnie Matsuda, Shaza Baba, and Natsumi Maeda . . .

An excerpt from a nisei draftee's letter: "I've been reading in lots of magazines about girls who want to become pen pals for the soldiers, but I haven't seen the name of any Japanese girl yet . . . It sure gets lonely out here in the sticks."

It would be an excellent idea if we could find some time during our busy preparations for the evacuation to write a letter to one of our friends in the army, to cheer him up and to tell him about home town affairs and about the latest days on the evacuation . . . Some home town organizations have been collecting weekly and mailing some of cookies to send to draftees . . . Some names and addresses of nisei privates are Tore Tsuchahara, Quartermaster Det. Corps, Fort Leavenworth, Kansas; Abe Fujii, 407 School Squadron, Building 865, Sheppard Field, Wichita Falls, Texas; Shunji Takamoto, Com. C, 7th Med. Batt. ATC No. 7, San Jose; Frank S. Okada, Anti-Tank Co., 135th Inf., APO 9, Charleston, So. Carolina; Joe Ouye, DEML Section CASC No. 1997, Fort Lewis, Washington; and Mario Kitagaki, Com. B, 1st Plat. 37 Med. Tr. Battalion, Camp Grant, Illinois.

Alameda Girl Reveals Troth to Kimbo Yoshitomi

The engagement of Shizuye Kikuchi of Alameda to Kinichi Kimbo Yoshitomi of this city was announced here Sunday.

Miss Kikuchi is the only daughter of Mrs. Kikuchi and was graduated from the Alameda high school.

Yoshitomi is the eldest son of Mr. and Mrs. I. Yoshitomi. Well known in nisei athletic circles, he is former JAAU basketball commissioner. He is also former manager of the local Mikado cage team, one-time Coast kingpins.

The wedding will be held in the near future, it was stated.

Cooperatives to Be Studied at YMCA Meetings

With the growing realization of the need for unity and cooperation among the Japanese evacuees, a preliminary cooperative study group has been formed. This study group and other subsequent study groups to be formed later on have available the assistance and support of various governmental officials and cooperatives agencies.

Though two meetings of the first group have been held, new background study groups will be formed. Information and literature on all phases of cooperatives may be had by bantering the group chairman, Earle Yuno, 1530 Buchanan street.

A meeting giving general background information on producers cooperatives was to be held Monday, 7:30 p.m., while information on credit unions, coop insurance, coop medicine, and marketing coops will be given this Thursday, 7:30 p.m. These meetings, which are open to anyone interested, are held at the YMCA Building, 1530 Buchanan street.

Trek to Owens Valley Reception Center Starts

(Continued from Front Page)

district, and other Japanese centers were to remain together in their new homes.

Many of the Japanese were cheerful. Joe Ouye, recent graduate of Belmont high school in Los Angeles, observed:

"I don't mind going up there. I can do a lot of good work."

Workers chosen to remain at the reception center will be paid security wages ranging from $50 a month for unskilled labor to 294 for skilled, with $19 a month deducted for subsistence.

Scores of other Japanese left from the Union railroad station and bus depots in Los Angeles.

By nightfall between 1000 and 1500 are expected to reach Manzanar.

All of the evacuees in the first group were men. They included cooks, bakers, carpenters, plumbers and other skilled workmen who volunteered to launch the enforced migration, believed to be the largest in the nation's history.

Army trucks were assigned to escort the caravan on its 230-mile trek to Manzanar, which stands in the shadow of Mt. Whitney on the eastern slope of the Sierra Nevada mountains.

Removal of the Japanese to Owens valley begins an exodus eventually affecting 112,805 Japanese on the West coast. Of these 93,812 live in California, German and Italian aliens must move later.

Except for 180 Japanese workmen who preceded the evacuees by last Saturday, Manzanar's concrete was the first to head for the Manzanar destination.

The Japanese were allowed to drive their own cars and carry belongings with them. The cars will be impounded by the government after the trip.

The caravan will pass through the San Fernando valley and over the Tehachapi mountains to Mojave at the western edge of the Mojave desert. From there, the motorcade will move along the eastern side of the snow-covered Sierra Nevadas through Red Rock canyon to the head of the 60-mile long valley.

Manzanar stands midway up the narrow valley in the center of an irrigated farming and beef and dairy cattle raising region. The city of Los Angeles pumps millions of gallons of water from the valley for its municipal water supply.

Ban Sale of Sugar Between April 28-May 5

CHICAGO, March 23—(UP)—The Office of Price administration announced Saturday you don't be able to buy a pound of sugar after April 28 without a ration book.

Earlier Frank Bane, national field director of the OPA, had announced that commercial sugar users will sign up for rationing coupons on April 28 and 29 and individual consumers will register May 4, 5, 6 and 7.

Individual consumers will not be able to purchase any sugar from April 28 until May 5, one day after registration for individuals. After that you can get sugar by stopping up to the grocer's counter and presenting your coupon book.

'Goodbye, Bill'

ROTC Prize, Watch Given Local Nisei

In Arthur Caplan's column "Behind the News" in the San Francisco News for Friday appeared the following item about one local Nisi incident resident, a nisei, whose eventual departure in the evacuation is regretted by his young Caucasian friends as something not of their wishing or making.

A sophomore at St. Ignatius high school received an award the other day for meritorious work in the ROTC. His name is Bill. The other members of the sophomore class have also pitched in to buy him a watch. Bill is going away, and it's almost as if he were going in war. But he's headed in the opposite direction from the battlefields. You see, Bill's other name is Mezumoto, and Bill, by race, is Japanese.

Mr. Galen M. Fisher,

Orinda, California

Dear Mr. Fisher:

Your letter of the 14th regarding the continuance of the publication of the Japanese-American News raises a question which has been under study for some time in this headquarters.

The whole subject of foreign language papers will probably be determined in Washington, rather than locally. While there should be a means of providing information to the Japanese in their own language, I do not feel that an exemption will be granted for the continuation of the publication in its present location.

In the event that the publication is approved in a new location it may be possible to gain government assistance in financing. This could not be assumed for every Japanese publication.

I cannot speak for the resettlement authority in these matters of financing and relocation, but I do consider it wise for Mrs. Abiko to plan on closing operations in San Francisco.

Yours very truly,

(signed)

Mr Nii came into our office at the Fresno Assembly Center to ask if we would follow up on the following problems which were confronting him at this time.

1. Wanted us to go over and have a talk with the man who leased their restaurant known as the S Nii Lunch Counter, located at 926 "F" Street. Mr Nii states that the leasee claims that he has not been able to make a success of the business thus far and is asking for a reduction in rent.

2. Asked that we check with the Superior Collection Agency regarding an account in the name of Johnnie Sorensano in the sum of $200.00 which they turned over to the above agency and on which they have received no report.

3. Wanted us to check with Lambert & Wakefield, Insurance Brokers, to see if a new policy had been made up covering fire insurance on the restaurant as they had not heard from them since their evacuation.

Action taken:*

1. I went over to 926 "F" Street to see leasee but found that he was out of town and could not be contacted until after 5 p m to-morrow evening (June 20).

2. Telephoned the Superior Collection Agency and received the following information from Mr Hermann, the Manager. Mr Hermann states that due to the lack of bookkeeping records on the part of the Japanese and the fact that the law of limitations is about to run out on this account they have attached Mr Sorensano's salary in Los Angeles and are settling with him for $40.00, $15.00 costs and $25.00 principal. This money is to be paid by the Sheriff of Los Angeles County on receipt from the Collection Agency of a Writ of Dismissal.

3. Contacted Mr Wakefield of Lambert and Wakefield and found insurance to be in order. Mr Wakefield states that he had not written Mr Nii regarding same as he was not sure just how to address him. He will write full details to Mr Nii this date.

Dear Sir:

Answering your letter of June 8th relative to the trailer which was turned over to us by Yukiharu Niji, Family No. (14) 14299, we find the following conditions existing:

1 - The original WCCA Form FRB-3 contains no mention of the trailer to be turned over to us with the car or otherwise.

2 - The second copy, completed by you and showing the automobile as received at Tulare on April 30th, bears the following pen and ink notation in the "Remarks" column: "Pink slip retained at Arroyo Grande for 64W251. Trailer PT-221740 does not have white or pink slip."

3 - The trailer was appraised with the automobile, the amount of trailer appraisal being $10.00.

We understand from your letter that the trailer is owned by Yoshimatsu Minami and that in your opinion he would probably wish to dispose of it. This being the case, will you kindly dispose of the matter by carrying out the following procedure:

1 - Advise Yukiharu Niji that the trailer should be released to Yoshimatsu Minami, authority for such release being provided for by obtaining Niji's signature on the enclosed WCCA Form EPM-8.

2 - Obtain Yoshimatsu Minami's signature to WCCA Form EPM-8, as having received the trailer. Return the WCCA Form EPM-8, executed in duplicate, to this office, after which it will be in order for Minami to make such disposition of the trailer as he may desire.

This WCCA Form EPM-8, properly executed and in our possession, should serve as our protection and for purposes of completion of our records, and no changes or alterations should be necessary on the WCCA Form FRB-3, now in Mr. Niji's possession.

Mr. Jack.

The above is one way in which this transaction can be handled. There is yet one other way, which is as follows:

The trailer can be sold to the Army for the $10.00 appraisal included in the same transaction for the car belonging to Yukiharu Niji. Payment would be included in the payment for the car to Niji and Minami would have to look to Niji for payment for the trailer.

In order to effect the sale in that manner it would be necessary for you to obtain a letter from Yoshimatsu Minami instructing us to sell the trailer, along with Niji's car. It would also be necessary to have the ownership certificate for the trailer properly signed off by Minami.

Please advise this office as soon as possible as to the final disposition of this matter.

Yours very truly,

Assistant Casher

Mr. E. E. Everson, Assistant Cashier
Federal Reserve Bank of San Francisco
500 California Street
San Francisco, Calif.

Dear Sir:

I have a problem here involving a homemade trailer.

Mr. Yukiharu Niji, owner of motor vehicle, license number 647251, has attached to his vehicle a homemade trailer which is the property of Yoshimatsu Minami. Mr. Niji's automobile came in to us under option #2, for sale. It is possible that the trailer was included in the appraisal of Mr. Niji's automobile, and being attached thereto, would be hauled off when the Army Representative picks up this car.

The owner of the trailer had just applied for ownership and registration certificates at the time of evacuation and has not received them yet. They are probably being held in Sacramento, pending his permanent location and notification to them.

I don't recall checking this car in, here at Tulare, and therefore do not know if the trailer was included on any receipt given by us.

I understand there are frequent inquiries concerning the sale of this trailer, and under the circumstances, it would appear the only thing the owner could do with it would be to dispose of it.

I should like your advice as to what action to take here.

Very truly yours,

D. M. Dunton
Field Representative

19. The LESSEE shall not, without the written consent of the LESSOR first obtained, make any structural or other alterations or changes in the demised premises, and shall not make any alterations or changes whatsoever therein without written permission so to do shall have been obtained from the LESSOR. The LESSEE shall at all times save the LESSOR free and harmless and indemnified against all claims for labor and/or materials furnished for or in connection with any work or improvement or change in or upon the demised premises.

20. The LESSEE hereby agrees that all repairs to the herein demised premises (except repairs to the roof) shall be made by the LESSEE at the LESSEE'S own cost and expense, including repairs to the plumbing, fixtures, sidewalks, sidewalk lights, and replacement of plate glass windows and lights, and agrees to keep the demised premises always in first class order, repair and condition during the term hereof. The LESSEE hereby waives all rights to make repairs at the expense of the LESSOR as provided by Sections 1941 and 1942 of the Civil Code of the State of California. The LESSEE further covenants and agrees that it will not make any repairs or alterations to the demised premises except upon the written approval of the LESSOR.

21. It is understood and agreed that LESSOR shall keep the roof of said premises in good order and repair during the term of this lease at his own cost and expense, provided that any damage to said roof shall not be caused by the act or neglect of LESSEE. In this connection, LESSOR shall not be liable to LESSEE, or to any other person or persons, for any damage whatever that may accrue by reason of said roof being out of repair, but LESSEE shall give LESSOR due notice of any repairs needed to said roof and LESSOR shall have a reasonable time thereafter to make such repairs.

22. The LESSOR reserves the right hereunder to enter upon the demised premises to inspect the same and to make any changes or alterations or repairs which he shall consider necessary for the protection or preservation thereof or of the building in which the demised premises are situate, or to make changes in the plumbing, wiring, meters or other equipment or appurtenances of the building; and the LESSOR shall have the right to erect and maintain all necessary or proper scaffolding or other structures for the making of such changes, alterations or repairs, and there shall be no liability against the LESSOR for damages, thereby sustained by the LESSEE, nor shall the LESSEE be entitled to any abatement of rental by reason of the exercise by the LESSOR of any such rights herein reserved. Nothing herein contained shall be construed to obligate the LESSOR to make any changes, alterations or repairs.

23. The said LESSEE hereby acknowledges that said demised premises are in good and tenantable condition and that all dangerous places and defects upon the said demised premises are to be made secure and kept in said condition by the said LESSEE.

24. The LESSOR shall not be liable unto the LESSEE for any damage to person or property, occasioned by the bursting or leaking of any water, oil, gas or steam pipe, or other pipes, plumbing or sewerage, or by the overflowing of any tank, or closet, or other damage occasioned by water, oil, or sewage or other fluid flowing in, above, upon or about the demised premises or coming through any skylight, window, wall or trapdoor, or otherwise, whether as the result of storms or accident or otherwise, whether in said demised premises or the building in which the same are situate. Nor shall the LESSOR be liable for any damages arising from the leakage or discharge of electric current in or upon the demised premises or resulting from defective electric wiring, defective work in the installation of electric wires of electrical apparatus or equipment or other damages arising from the use of electricity upon said demised premises or the building in which same are situate, either for lighting or heating purposes or for power, or for any other purpose, whether such use shall be by the LESSEE or any other occupant of said building or otherwise. Neither shall the LESSOR be liable for any damages arising from any act or neglect of other tenants of said building or occupants thereof, or of the owners of adjoining or adjacent premises.

25. The LESSOR shall not be, nor be held, liable for any damage to the goods, property, or effects of the LESSEE or any of the LESSEE'S representatives, agents, bailors, depositaries, employees, guests, tenants, licensees, invitees, or occupants, or to any other person whomsoever, or for personal injury to, or death of, them or any of them, or of any other person whomsoever whether caused by or resulting from any act or omission of the LESSOR in and about said premises or the building in which the same are situate, or from any act or omission of the LESSEE, or from the acts or omissions of any person in or about said building, or from any defects in any part of said building, or from any other cause or reason whatsoever.

26. This lease shall not be assigned nor the leasehold estate mortgaged or the interest of the LESSEE hereunder hypothecated, or encumbered in any manner whatsoever, without the consent in writing of the LESSOR first obtained; nor shall the demised premises or any part thereof be sublet without such written consent. Any assignment, mortgage, or hypothecation, or encumbrance, or sublease, made or attempted in violation of the provisions of this paragraph shall be void and shall give no rights and no right of occupancy to any person claiming thereunder.

27. This lease cannot be assigned involuntarily or by any process of law, and in case the LESSEE is adjudged a bankrupt or insolvent, or a receiver is appointed in and about the affairs of the LESSEE, or the LESSEE makes a general assignment for the benefit of creditors, or the LESSEE fails to release any levy of attachment or execution upon the LESSEE'S property within ten days after such levy is made, it shall be optional with the LESSOR to consider any of the same a breach of this covenant and to cancel and terminate this lease, but nothing herein contained shall be construed to compel the LESSOR so to do. (If the LESSEE be a partnership, or more than one person, a breach of any of the covenants of this paragraph by any member of such partnership, or by any one of said persons, shall be deemed a breach of said covenant on the part of the LESSEE herein.)

28. Change of name by the LESSEE and/or if a partnership a change in the members thereof and/or if a corporation a change in the ownership of forty percent or more of its capital stock, shall be deemed an assignment prohibited by the terms hereof unless the written consent of the LESSOR is first obtained thereto.

29. If the LESSOR shall at any time give its written consent to the assignment of this lease, or the subletting of the demised premises by the LESSEE, or any other matter or thing relating to said demised premises, or this lease, wherein its consent is necessary; the giving of any such consent shall not be deemed or construed or considered to be a consent to any further or other assignment or subletting, or as a further consent as to any other matter or thing contained herein requiring its consent. No waiver by LESSOR at any time of any of the terms, conditions, covenants or agreements of this lease shall be deemed or taken as a waiver at any time thereafter of the same or any other term, condition, covenant or agreement herein contained, nor of the strict and prompt performance thereof by LESSEE. No delay, failure or omission of the LESSOR to re-enter the demised premises or to exercise any right, power, privilege or option arising from any defaults, nor subsequent acceptance of rent then or thereafter accrued, shall impair any such right, power, privilege or option, or be construed to be a waiver of any such default or relinquishment thereof, or acquiescence therein, and no notice by the LESSOR shall be required to restore or revive time as of the essence hereof after waiver by the LESSOR of default in one or more instances. No option, right, power, remedy or privilege of the LESSOR shall be construed as being exhausted or discharged by the exercise thereof in one or more instances. It is agreed that each and all of the rights, powers, options or remedies given the LESSOR by this lease are cumulative, and no one of them exclusive of the other or exclusive of any remedies provided by law, and that the exercise of one right, power, option or remedy by the LESSOR shall not impair its right to any other right, power, option or remedy.

30. The LESSEE shall at the LESSEE'S own cost and expense procure and maintain plate-glass insurance covering all plate-glass windows in and upon the demised premises.

31. If the said premises are destroyed by fire, earthquake or other accident or action of the elements, or are partially destroyed so as to render the premises hereby leased wholly unfit for occupancy, or if they shall be so badly injured that they cannot be repaired within ninety days after the happening of the injury, then this lease shall, at the option of either the LESSOR or the LESSEE,

cease and become null and void from the date of such damage and destruction, and the LESSEE shall at once surrender the said premises and all interest therein to the LESSOR, and shall not be liable for any further payments of rental on account of said lease; but in case of partial destruction of said premises, as above mentioned, the LESSOR may re-enter and repossess such portion of said premises as may be required to make the necessary repair; and if said premises shall be repairable within ninety days from the happening of said injury, a proper allowance upon the rent of said premises shall be made in view of the time consumed in making said repairs; but it is expressly understood and agreed that the LESSEE shall in no case be entitled to compensation or damages on account of any inconvenience or annoyance in making said repairs, or on account of such destruction on account of fire, earthquake, or other accident or action of the elements, and that no allowance or deduction from the rent herein provided for shall be made for any partial destruction of said premises which does not prevent the LESSEE from carrying on his business as usual.

32. If any rent be due and unpaid, or if default shall be made by the LESSEE in any term, covenant, or condition herein contained upon the part the LESSEE to be kept, done, or performed, then it shall be lawful for said LESSOR to re-enter said premises and remove all persons therefrom without further notice. Each and every term, covenant, and condition hereof to be kept and performed by the LESSEE is expressly made a condition upon breach whereof said LESSOR may terminate this lease at his option, and/or exercise all rights of entry and re-entry upon the demised premises herein provided for.

33. The LESSOR shall be entitled and said LESSEE hereby appoints irrevocably said LESSOR as the agent and attorney in fact of said LESSEE to enter upon the demised premises, in the event of default by the LESSEE in the payment of any rent herein reserved or the performance of any term, covenant or condition herein contained to be performed by said LESSEE, and to remove any and all trade fixtures, furniture and personal property whatsoever situated upon the demised premises, and to place such property in storage in some warehouse in the city, wherein the demised premises are situate, for the account of, and at the expense of, said LESSEE, and said LESSEE hereby exempts and agrees to save harmless said LESSOR from any costs, loss or damage whatsoever arising or occasioned by any such entry upon the demised premises and the removal and storage of such property by said LESSOR or its duly authorized agents, in accordance with the provisions herein contained.

34. The LESSEE hereby waives all claims for damages that may be caused by the LESSOR re-entering and taking possession of the premises as herein provided, and in such event the LESSEE further waives any demand for possession by the LESSOR or process of law upon its part. The LESSOR may then relet the premises upon such terms as it sees fit and if a sufficient sum shall not be thus realized after paying the expenses of obtaining possession of the premises and putting the same in good order and condition, and of such re-letting to satisfy the rent hereby reserved, the LESSEE agrees to satisfy and pay any deficiency, and to pay the expense of obtaining possession thereof, and of so putting the same in good order and condition, and of such re-letting and collecting.

35. The LESSEE has deposited with the LESSOR at the time of the execution of this lease the sum of - - - - - - - -

Thirty and 00/100 - dollars ($ **30.-**), which sum of money the LESSOR shall have the right to retain until the expiration of said terms as security to secure the LESSOR and indemnify him against damages occasioned by any breach of any of the provisions, conditions, or covenants of this lease upon the part of the LESSEE to be kept and performed.

36. If the LESSEE shall not be in default hereunder, then the LESSOR shall apply said sum so deposited with him as security in so far as the same shall extend, as and for the installment or installments of rent last becoming due hereunder. The LESSOR shall not be precluded from maintaining any action to recover possession of the demised premises or recover rental by attachment process or otherwise, or to enforce any of the terms, covenants or conditions to be kept and performed by the LESSEE hereunder, or any claim for damages, nor shall any such right be in any manner diminished or impaired by reason of the making of such deposit with the LESSOR or its retention thereof, but each and all of such rights and remedies may be enforced by the LESSOR in the same manner and to the same extent as though no such security had been given.

37. If and as often as LESSOR gives any notice on account of any default by the LESSEE, and if and as often as in any action, suit or proceeding LESSOR shall seek recovery for or on account of the breach of or to enforce any of the conditions, covenants or agreements herein set forth on the part of the LESSEE to be kept or performed, or for the recovery of said demised premises, or for an injunction against the LESSEE, the LESSEE shall pay to the LESSOR on demand reasonable attorney's fees and expenses if the LESSOR shall have prevailed in whole or in part therein, and in any case in which LESSOR recovers judgment such attorney's fees and expenses may become part of the judgment. LESSEE further agrees to save harmless the LESSOR from all costs, charges and expenses whatever, including attorney's fees, in any action or proceeding brought by the LESSEE against the LESSOR, unless the LESSEE prevails fully therein. In any case, when the LESSOR, to protect his rights, shall intervene in any litigation involving this lease, the demised premises and/or either or both of the parties hereto, or in any case when said LESSOR shall be made a party to any such litigation, the LESSEE shall pay all costs thereof, together with reasonable charges and expense (including counsel fees) incurred by or imposed upon the LESSOR as a result of or in connection with any such litigation.

38. At the expiration of said term or any sooner termination of this lease the LESSEE agrees to quit and deliver up the possession of the demised premises unto the LESSOR in as good condition as upon delivery of possession to the LESSEE, usual and ordinary use and wear thereof and damage by the elements excepted, but with all plate glass, all windows and other lights in sound condition. All locks or bolts, or additions, alterations or improvements affixed to or made a part of said demised premises by either of the parties hereto, except counters, shelving, movable partitions and other trade fixtures, shall be and become the property of the LESSOR, and shall remain upon and be surrendered with the premises as a part thereof on the termination of this lease. Said LESSEE hereby agrees that no unnecessary damage will be made to said premises by the removal of any trade fixtures permitted therein.

39. If the LESSEE shall hold over after the expiration of said term with the consent, express or implied, of the LESSOR, such holding shall be deemed to be a tenancy from month to month only, and at a monthly rental of - - - - - - - - -

Thirty and 00/100 - dollars ($ **30.-**) per month; and the occupancy of the LESSEE under any such month to month tenancy shall be subject to all conditions and restrictions the same as are applicable to the use and occupancy of said premises hereunder.

40. Any notice required by the terms hereof, or by law, to be served upon the LESSEE, may be served personally on the LESSEE, or if more than one person, on any one thereof, or by delivery at the demised premises, or by deposit in a sealed envelope with postage fully prepaid in the United States post office, addressed to the LESSEE at the demised premises.

41. **It is understood and agreed that the $30.00 deposit hereinabove referred to is carried over from a previous lease between the parties hereto.**

Time is of the essence of each and all of the terms and provisions of this lease, and the terms and provisions of this lease shall extend to and be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of the respective parties herete. Nothing in this clause contained shall be construed, however, to authorize any assignment contrary to the provisions of this lease.

IN WITNESS WHEREOF the parties hereto have executed these presents in duplicate the day and year first hereinabove written.

Principal property involved and scope of problem: M. B. Minhoto leases 40 acres planted to beets from Cooper Estate and owns 200 acres (mostly dairy & some farming land) at Moss Landing. J. Ninomiya leased 55 acres from M. B. Minhoto, which lease ran out in 1941. Minhoto sold this 55 acres to Mr. Cleverly (E.W.) last year. H. E. Garin leased these 55 acres from Mr. Cleverly and Ninomiya lives on this property in the house and pays Mr. Garin $15 a mo. for same. Ninomiya works for Minhoto on his 40 A. and also at Moss Landing.

A representative from WCCA office called on Ninomiya inquiring about what he was going to do with his 40 acres of beets, thinking that Ninomiya owned the land. Since Ninomiya only works there he and Minhoto came in to straighten the matter out with this office.

4-15-42 On 3/26/42, J. K. Ninomiya called here and stated that he had been put out of his lease by the landowner, J. W. Cornelius, operator of the Rodeo Electric Shop, 11 W. San Luis Street. We finally contacted Cornelius and find that he has under date of January 21, 1942 a cancellation of lease signed by Ninomiya to him of all his interests.

Action taken:* Referred them to Mr. Hamilton, F.S.A. representative. Minhoto and Ninomiya filed an agreement with Hamilton of the F.S.A. stating that they had surrendered their lease and terminated their partnership agreeably to themselves and Minhoto to reimburse Ninomiya. We have copy of release in our files.
4-15-42 The F.S.A. agent reports all these deals satisfactory as closed to both parties and so it would seem. We gave a copy of Cancellation of Lease to their agent.

The Nippon Company

Attention: Mr. T. S. Kako

Dear Sirs:

Reference is made to our past correspondence with you pertaining to the disposition of approximately 2,200 cases of saki owned by you and presently stored in Visalia, California.

We regret to inform you that the distilling company is unable to arrange a purchase of the liquor at this time. A very considerable effort has been made by representatives of this bank to effect a sale that would be satisfactory to you. This has included many visits to the distilling company premises and a careful check upon any other possible outlets. It appears however that the tax status is quite involved and further, the cost of re-distilling the wine makes for a doubtful margin of profit.

The Federal Reserve Bank of San Francisco is, of course, aware of a sale from the original amount stored, to the McKesson & Robbins Company in Fresno of some 207 cases. In view of this deal which was negotiated by yourself, we are interested to know if any other plans for solution of this problem have occurred to you which might now be attempted.

Will you please advise us of any such ideas and what your thoughts are in connection with this problem.

Very truly yours,

Assistant Cashier

Re: Bothin Real Estate Company Lease

Gentlemen:

We are herewith making you an offer on behalf of Bothin Real Estate Company to cancel the unexpired portion of your lease from it as follows:

Bothin Real Estate Company will on April 1, 1942 cancel the unexpired portion of its lease to you upon your paying to it on or before said date the sum of $2,842.27 plus all unpaid rents to April 1, 1942.

This figure of $2,842.27 represents the present worth of the unamortized balance of the following expenses and charges discounted at six per cent:

Making alterations in 1938 in accordance with your offer to lease	$3,086.70
Leasing commission paid to Buckbee Thorne & Co.	594.00
Reduced rental for September, October, November and December, 1941 payable September, October, November and December 1943	600.00
Repainting of premises upon termination of lease	500.00

Brought Forward	$4,780.70
Rental for estimated six months vacancy at termination of lease before rerenting	2,700.00
Total	$7,480.70

Should you desire further information concerning our computations we shall be glad to furnish the same to you.

This offer is merely one of compromise, and is made in light of Special Regulation No. 1 issued March 18, 1942 by the Federal Reserve Bank of San Francisco under Executive Order No. 8389, as amended, and in light of the press release on March 17, 1942 concerning the same, both of which indicate that every effort should be made to effect equitable settlements between creditors and West Coast evacuees.

Yours very truly,

Dear Sir:

This is to acknowledge receipt of your kind favor of the 15th instance, and we appreciated very much your considerable effort on our behalf, towards disposition of our Sake.

Regarding our sale of 207 cs. to McKesson & Robbins Company, Fresno, California, it is in reality a trial sale in every respect; should everything work out satisfactorily, we will be optimistic in disposing the principle part of our stock. We are also working out means with other places. At any event, if the quality of Sake has not deteriated, it is our intention and hope to dispose off as Sake, which, as you know, will yield us greater return.

Thanking you again for your untiring effort, and hoping that we may continue to ask of your courteous service,

Truly yours,

Attention: Mr. T. S. Kako

Dear Sirs:

Reference is made to our past correspondence with you pertaining to the disposition of approximately 2,200 cases of saki owned by you and presently stored in Visalia, California.

We regret to inform you that the distilling company is unable to arrange a purchase of the liquor at this time. A very considerable effort has been made by representatives of this bank to effect a sale that would be satisfactory to you. This has included many visits to the distilling company premises and a careful check upon any other possible outlets. It appears however that the tax status is quite involved and further, the cost of re-distilling the wine makes for a doubtful margin of profit.

The Federal Reserve Bank of San Francisco is, of course, aware of a sale from the original amount stored, to the McKesson & Robbins Company in Fresno of some 207 cases. In view of this deal which was negotiated by yourself, we are interested to know if any other plans for solution of this problem have occurred to you which might now be attempted.

Will you please advise us of any such ideas and what your thoughts are in connection with this problem.

Very truly yours,

Will you kindly advise us if the Nippon Company, of 3801 Vallejo Street, Denver Colorado, and formerly of 323 Clay Street, in San Francisco, have a Federal Reserve Bank license now in force.

We have been advised by Mr. T. S. Kako of this Company that they have sold 207 cases of Sake to McKesson & Robbins in Fresno, Calif. As this stock is located at 129 N. Garden Street in Visalia, they have asked us to arrange for the shipping and the certification by the State Board of Equalization.

Mr. W. C. Holmes, of Visalia, suggested that we write to you regarding the Federal Reserve Bank license statis.

We will appreciate your prompt reply, because we are scheduling this shipment for Sept. 28th, to fit in with the requirements of the State Board of Equalization.

Gentlemen: Attention Mr. R.E. Everson, Assistant Cashier

With reference to disposition of our Sake, we have been anxious to hear from you concerning your local distiller mentioned in your letter of July 10th. If you have had any further communications from them, would you kindly inform us.

We have been constantly considering different angles in which we might dispose the Sake, and it is our belief that should we be able to receive a permit from the proper authority for steamer space to Hawaii, since this Sake had been brewed there and its brand is a well known product in the Island; such a step would prove the most desirable. We had this idea since December, and had worked at it for nearly two months, but had been unable to obtain the import permit for buyer in Hawaii. However, we feel that there might be a possibility to obtain the necessary release through your good office, as conditions have changed since then. After once getting clearance, the "Big 3 Firms" of Hawaii might be interested in the product; their headquarters being at San Francisco.

As an alternative, we have been of an opinion, that it would prove a greater return, if we could dispose our Sake as a beverage. Since the greatest number of consumers is among the Japanese people, and of the Japanese in the "free zones", the greater part being concentrated in the state of Utah, we naturally gave thought in the possibility to sell in that state. In Utah, liquor is under state control, so we wrote to the Utah Liquor Control Commission, and their answer was: "The Utah Liquor Control Commission is not interested in listing any Japanese product." We immediately replied that Sake was not a Japanese product, but a United States product, since it is brewed in the Territory of Hawaii." We have received no further word from them, since our last communication the latter part of June. With the negotiation through your bank, which we take the liberty to suggest, it might be possible that this plan might materialize.

Rederal Reserve Bank
San Francisco, Calif.

The above information is the fruit of our ceaseless effort of attempting to discover ways and means to dispose our Sake. But, as you know, the main point is to finish this case as soon as possible, and we shall appreciate your continued aid and courtesy.

Yours truly,

Gentlemen:

Your kind favor of July 10 has been duly received this morning, and would appreciate your tireless effort in connection with disposition of our Sake to continue.

Evacuation order in the district covering Visalia we presume forthcoming soon. With the many other stocks of the Mutual Supply Company, of their own and others, it will probably be impossible to dispose off before evacuation, therefore we have joined with the Mutual Supply Company to extend renting of the present premises for the time being, after evacuation takes place. According to letter from the Mutual Supply Company, they have arranged for a person to take care of shipping after all officers and staff of the Company are evacuated. Thus it will make it possible for us to leave our Sake there until we receive a satisfactory bid from the distilling company which your good self mentioned.

Again, may we thank you for your kindness extended to us, we beg to remain,

Attention: Mr. T. S. Ishe

Dear Sirs:

Reference is made to our correspondence concerning 2200 cases of Sake belonging to you and your letter of June 15th.

We have succeeded in obtaining samples of the wine which were given to a local distilling company who advised that they may be interested in the purchase of the Sake, subject to certain tax and alcoholic regulations. They have advised us that until such time as they have secured a complete ruling on such a step, it will be impossible to make a bid for the Sake. In addition, this company is closed down for a vacation period extending until July 26, 1942 and will, therefore, be unable to do anything until sometime after that date.

We have, of course, no method of predetermining the date when evacuation will take place at Visalia where the Sake is presently stored. For your information, certain other sections of California, comparable to Visalia in that they represent military area No. 2, are in the process of evacuation at the present time. It is therefore possible that some such program might be announced for Visalia in the near future and we feel that you should give consideration towards the necessary steps pertaining to the Sake problem if such should become the case. The distiller in question has informed us he will be in a position to make an offer for the wine, once the legal requirements have been met, but if the proprietor of the Mutual Supply Company, Visalia, should be evacuated in the meantime, we think you will wish to be in a position to make this sale if satisfactory arrangements are made. Please advise us promptly with respect to your ideas on this subject.

Yours very truly,

Assistant Cashier.

Gentlemen: Attention Assistant Cashier

We are very appreciative to have received your kind latter of the 10th, relative to disposition of our stock of 2200 Cases Sake (Japanese wine.)

With reference to your querries, we shall state the rough summary as follows:

1. All goods are stored at 129 N. Garden Street, Visalia, California, under care of the Mutual Supply Company. The same are in the basement of the premises, within a wire enclosure and locked up, the key has been reported to us to be held by the Sheriff of that city. The reason for this, was that at the time of transportation of the Sake from San Francisco to Visalia, the presence of the liquor created an excitement among the people of Visalia, who did not know that our Beverage License of the State had been revoked, and as a former licensee sould only sell upon receipt of State permit for each transaction; in order to calm the misunderstanding, the sake was thus locked up with the key handed to the Sheriff.

2. The State and Federal Liquor Tax has been fully paid. As to the State Tax, according to regulations, it may be paid after each sale in the Monthly Report, but to simplify matters, we have been paying at time of import, so that our State tax on our stock is fully paid.

3. The bottles and cartons are all made in the United States, so being standardized, it surely can be utilized for many purposes; such as, California wine, vinegar, etc.

4. The contents and gallons may be roughly estimated as follows:

1	gallon	bottle	4	in case	1989 Cases : 7,956 gal
½	"	"	6	" "	129 " - 387 "
12 oz		bottle	24	" "	35 " - ~~70~~ 84 "

All the sake contain 17% alcohol by volume. The case themselves have no number, but on each case the brand, content, manufacturer's name is printed in English.

If you desire a sample, it can be obtained by writing to the Mutual Supply Company, 129 N. Garden St., Visalia, California, with attention to Mr. Susumu Togasaki, whom I believe you know personally. It may be necessary to obtain permission from the State Board of Equalization, in Sacramento, or it may be possible that Mr. Togasaki could bring your letter to the City Sheriff and obtain release for sample. However, we are certain that your good office would know the proper procedure.

We noted in your closing paragraph that new taxes are contemplated, and that our transaction must be completed before that time, so that we will greatly appreciative your immediate attention to this matter, so that all might be realized prior to the new tax. Any information that we might be able to forward to you to facilitate your investigation, we will be more than glad to send to you.

Attention: Mr. T. S. Kako

Dear Sir:

Receipt is acknowledged of your letter of June 5, 1942, wherein you inform us of a stock of 2200 cases of Sake, which were moved from your San Francisco office to Visalia, prior to the Exclusion Order for Military Area No. 1.

We appreciate the fact that due to war conditions, etc., the market for this particular product is now practically extinct; this, however, has been true of many other products, regardless of ownership.

As you no doubt know, the Federal Reserve Bank of San Francisco, acting as Fiscal Agent of the United States, has been assisting evacuees in making disposition of their various property, both personal and business, and that in many instances where the evacuee has not been able to dispose of such property, the Government has stored it for them free of charge.

However, the restrictions placed on such storage, necessarily eliminated merchandise of a perishable or semi-perishable nature, the reasons for which you can well understand. We believe there is little doubt but what Sake would be of the latter nature.

The only assistance which we might be able to give you would be in the disposition of such Sake for the purpose of possibly re-distilling. Before further assistance can be given along this line, there are certain questions which we would be pleased to have you answer, in order that we might make a further investigation.

For instance: We would like to know with whom the goods are stored in Visalia; if they are available for sampling, etc.; whether the liquor tax has been paid on such merchandise, or if it is in bond. It would also be necessary to know the number of bottles in each case; the size of each bottle; the number of wine gallons in a case and the total proof gallons in a case. In order to determine whether or not the bottles can be used again, it will be necessary for you to let us know if they have been numbered.

Please forward this information to us at your earliest convenience, as the parties we have contacted in regard to this merchandise, inform us that new taxes are contemplated and that anytransaction should be completed prior to that time, as the new taxes will no doubt prohibit the realization of any value which might remain in the Sake at this particular time.

Yours very truly,

Assistant Cashier.

Gentlemen:

Since we had received your letter of April 25, we have done our utmost to solve our property problem in connection with evacuation, but our greatest problem which has been confronting us, namely the disposition of our large stock of "Saké" (Japanese wine), we have not been able to settle satisfactorily without your assistance.

While the writer was still in San Francisco, he had worked out several channels to dispose off of about 2200 cases of Saké, and at the same time asked assistance from the State and Federal agency. It was impossible settle the same before the evacuation order in our district was issued, so that we had moved our entire Saké stock, with permit from the State Board of Equalization, to Visalia, California, with the hopes that some returns might be realized, since so many Japanese were concentrated in that vicinity after having evacuated from the coast. It was the greatest surprise to hear that the army district #2, the remaining portion of California, where our prospective buyers of saké are residing, have orders to evacuate. Should this information be true, we have finally had no chance to dispose the saké, and we are afraid the further holding would only incur additional loss to our present asset due to rent and other expenses to house the beverage. Not only that, but the quality might change to such a condition, it might not be possible to sell for human consumption. The amount involved in this particular commodity aggregates around $12,000, which depending on means of disposition, is greatly affecting our financial status.

For your information we beg to say, the reason we have on hand such a tremendous stock at the present writing is due to the prevailing conditions after the unfortunate outbreak of war, and the State of California suspended our Wholesale Liquor License together with all Retail Liquor Licenses. Although the State had suspended and revoked the license, we have received neither advise or assistance on

our stock on hand. In fact they are unable to give us any aid, since the consumers are mostly limited to the Japanese people who customarily buy from Japanese retailers, and the State has revoked the retailers' license simultaneously with ours. In other words, the State has "bound our hands and foot".

We had tirelessly negotiated with the brewers in Hilo, T.H., who are the shippers of this Sake immediately after our license was revoked. Even though the brewers accepted to receive the shipment, the army authority in Hawaii would not grant permission to reship, and finally our long endeavors to return the same, failed.

The writer then had been investigating the possibility of disposing in the Intermoutain states, but with the different State regulations, freight rates, and volume of consumption with the proportionally small Japanese population, especially with such a large stock, this idea too, proved in vain.

Under the above circumstances will you kindly advise us as to the possibility and means of disposition there might be. Would it be possible through your authority to negotiate for us, with the State Board of Equalization, so that the latter will agree to take the responsibility in compensating us? If you have any other suggestions, please inform us.

It might be possible to utilize the alcohol in the beverage in the war effort, or even the bottles and boxes which were made in the United States. We are very confident that there must be some way to solve this great and perplexing problem.

We were at 323 Clay Street, San Francisco, under the status of General License 68-A, but with the evacuation order the writer has moved to Denver, Colorado, to wind up business, residing at the following address:

will acknowledge the reciept of yours
you very much for your very immediate

ro into my storage space I'll have to
's store room therefore, I've got
yeki to enter his store room provided
you go with the Perry Veneer's representative to remove bas-
kets. Mr. Uyeki have sent the key to Mr. Hodge of Hodge
Hardware Company of Florin just across the street from my
warehouse, therefore, when you find Mr. Ziegler of Sacra-
mento Brokerage ready to remove baskets for Perry Veneer
Company why I like you to go with him and let Mr. Hodge
open the front door of the Uyeki Store and remove the baskets
out through the front door.

The baskets are eight ounce raspberry type made of wood with thin strips of paper rim on top. There are 94,000 baskets. The baskets are in wooden crates--each containing one thousand count. They are stacked up very high so suggest freightmen to take at least four men.

I have not received order from Perry Veneer Company of wanting to remove their seven stitching machines from my warehouse for the payment of two hundred dollars due on the same machines, therefore, do not let Mr. Ziegler take out anything but raspberry baskets. I will hear from Perry Veneer Company soon so I'll give you the instructions later.

I have told Mr. Ziegler month before our evacuation to keep these baskets and stitching machines on his hand so they will be available to him at anytime. If he had done this why, all of this trouble could have been avoided.

Thanking you in advance for all of this trouble you have to go through and hoping to hear from you soon.

Yours truly.

Dear Mr. P. D. Molter,

In regards to the instructions given by the agency of W.C.C.A. at the Civil Control Station in Vacaville, California, it was understood that all the stored goods be sent to us directly to the Relocation Center immediately following our relocation at government expense. Due to such an instruction we have left all our articles which are essential for a normal life in our concentration camp. For the first time in my life I have suffered such inconvenience. This might be due to a poor sheltering, cooking, serving facilities provided by the W.R.A. in this concentration camp.

Are there any arrangements made to ship our stored goods to us? If not I would like to ask you to look into this matter. If there is an arrangement made to ship the goods to us at government expense, please disregard this letter. If you can make arrangements I would like to have all my stored goods except the Range. If this is impossible please make arrangements to have our clothing, books, lamps sent to us.

Place of Storage
Sacramento City Wharf
Front & P. St.
Sacramento, California
Location 1-8

Please write to us regarding this matter promptly. Handle all these articles at government expense because I am not in a position to pay due to the minimized wages here in camp, which is 8¢ 1 hr. or maximum pay per person per month is minimized to $19.00. Hoping to hear from you, thank you

Sincerely yours,

(Signed) Ellis Nishi

P.S. I would like to have my books sent to me, because I am taking an extension course thru my college and I am in need of it very badly. I failed to bring these books with me because I was instructed by WCCA agent that I shouldn't take books with me.

Gentlemen: Re: Grace Fujino Nishi

Yesterday at the Assembly Center, Grace Fujino Nishi (See S. Uchiyama folder, 4/23/42) told me that she had $60 to pay to the Salinas National Bank on her mortgage. I notified the bank last night and they went out there and got the check this morning and gave her a receipt. Apparently they are both happy.

It is my understanding that this property is not rented yet but attempts have been made to do so. I had quite a talk with M. M. Glikbarg of Salinas who has the power of attorney for her and he seemed to think the problem would work out all right.

There is still the matter of the guardianship to be arranged or some other kind of paper so Mr. Rosendale can act for the absent and minor member. Mrs. Nishi seemed to think these papers should arrive before very long.

These bankers here seem to be pretty cooperative and are making arrangements to send a man out to the camp once a week to interview any of their clients who need service or want money, to cash checks, etc., which is a very nice service for the evacuees to have and fits in very nicely with our recommendation to them not to keep much money on hand but to figure on cashing checks as need arose.

Yours truly

Principal property involved and scope of problem: Above evacuee is one of the members of the Nishi Farm Corp. which operated several leases on and near Romie Lane in Salinas now assigned to Peter A. Stolich, a grower-shipper in this district who also bought the equipment, growing crops, etc. This deal was made sometime ago and is now being brought in for recording to the F.S.A. department. Above evacuee is Asst. Secretary and Mgr. of the corporation. The Secretary and former Manager was Ichikuro Kondo, a native of Japan who last return from Japan was sometime in the '20's. Kondo was picked up by the FBI several months ago and the procedures were started shortly thereafter for termination of these farm leases, etc. Kondo is now in Santa Fe, N. M. in custody. This agreement appears to be satisfactory to both parties.

Kondo was renting a house on 101, South, near the Underpass where his furniture is still located. The owners of the house want his furniture removed so they can lease the place and have a tenant ready to move in. Nishi has Kondo's P. of A. and is a former associate but does not know what to do with the furniture pending Government removal. He also wants to know about his own furniture. Rosendale-Thomas & Muller have handled the legal details for Stolich and these people.

Action taken:* Suggested to Nishi as long as he had P. of A. from Kondo that he move Kondo's furniture to the Buddhist Church, if he could get their permission with the understanding that he would move it again if demanded to by the church authorities. Also told him to make disposition of Kondo's car as he has the pink slip and P. of A. Nishi has sold 1 of his cars and will either sell or store the other 2 or maybe turn them over to the Government at the time of evacuation.

The Nishi Farm Corp. deal to Stolich has F.S.A. approval.

Dear Sir:

This is in further reference to the George Nishihara matter originally taken up with you by correspondence under date of May 29th.

At the time I discussed this matter with Nishihara he was not sure just who Mr. Stennard represented in Santa Maria but thought he was the Federal Reserve Bank representative. It now appears as though he was the Farm Security Administration man as indicated in a copy of a letter inclosed herewith which you will find self explanatory.

Judging from the contents of the letter from Mr. Walker of Santa Barbara, Nishihara is apparently on the right track now. I shall contact him again in a few days to learn developments arising from this letter from Walker.

As this is obviously a matter for the Farm Security Administration to handle I shall take no further action except the inquiry mentioned above unless instructed by your office.

Very truly yours,

D. M. Dunton

Dear Sir:

You will find enclosed a copy of a memorandum from our Los Angeles Branch dealing with the problem of George Nishihara.

In view of the fact that we apparently have no records on this man, we suggest that you contact him again and obtain whatever detailed information is necessary in order to pursue this problem.

Dear Mr. Nishihara:

Thank you for your letter of the 6th just received.

While I was in charge of the general operation of the Civil Control Station, the records of farm and other property transactions were retained by the government departments officials who were in charge of that work during the operation of the station.

Thus I have no records whatever, I regret to say, regarding your deal. But I am sending a copy of this letter, together with your original reply, to the Farm Security Administration, 30 Van Ness Ave., San Francisco. They can call it to the attention of either Capt. Edward M. Joyce, who was the Farm Security Administration man in Santa Barbara at the time of the Civil Control Station who doubtless handled this matter for you: or to the attention of Mr. Warren Stannard, who was at Santa Maria. Just where these men are now I do not know, as we lost touch with them when the station closed just after the evacuation.

You ask about the value of the improvements being done on the store. Yes, I believe that $50. would not be excessive for the work being done, although that is a little hard to say as I had not seen the inside of the store to remember it, before the work started. However it seemed to be getting a thorough painting and general fixing up.

Please let me know if you do not hear from Capt. Joyce or Mr. Stannard, and I shall be happy to look into this again. But they should know about the matter and should be able to assist you.

Sincerely,

H. L. Walker

SUBJECT: Evacuee Property Department
George Nishihara, formerly of Santa Maria, Calif.

Reference is made to your letter of June 5 enclosing a copy of letter from D. M. Dunton concerning a transaction between George Nishihara and Glenn Brickey.

We have reviewed the interview files of our field representative at Santa Maria, but do not find any record of any interview with Mr. Nishihara.

It is observed that Mr. Dunton's letter makes reference to a Mr. Stannard who represented the Federal Reserve Bank in Santa Maria. We had no one employed by that name in the Evacuee Property Department and the representative of the Farm Security Administration in our office informs us that apparently no one by that name was employed by the Farm Security Administration in Santa Maria.

May 29, 1942

Mr. R. E. Everson, Assistant Cashier
Federal Reserve Bank of San Francisco
400 California Street
San Francisco, Calif.

Dear Mr. Everson:

Inclosed herewith find a copy of a letter written to Geo. Nishihara, one of the evacuees here. I am sending the copy for what it is worth as relating to McFadden.

It appears as though Geo. Nishihara and one Glenn Brickey were in a farming deal together on leased land. Brickey leased the land from a party by the name of Williams. Nishihara sub-leased it from Brickey and Brickey and Nishihara went in partnership to farm the land. The lease supposedly provided for 40% per partner and 20% to land owner. The partners were to share equally in the expense. It seems as though Brickey took his share of profits and refuses to pay his division of expenses. The papers were all turned over to an Attorney by the name of S. O. McFadden at Santa Maria who was recommended by a Mr. Stannard who represented the bank (FRB) in Santa Maria. Nishihara claims Brickey owes him about $1200, that this Attorney, McFadden took a power of attorney to handle their property and kept all copies of all agreements. They have nothing here except a sad tale.

My thought was that probably Mr. Stannard could be contated by your office and is probably familiar with the story. It seems as though McFadden will not answer their letters, they have lost faith in him and want to cancel the power of attorney they gave him.

I should appreciate any help or suggestions you might give me in this matter.

Very truly yours,

D. M. DUNTON /s/

Dear George:

I got your letter, was very glad to hear from you. I sincerely hope that you are comfortable while you are waiting for this war to end.

I got a telephone call from McFadden. He wanted your car and I gathered from what he said that he wanted to sell it to get some money to pay his fee for legal services. I do not know what he has done for you or what he thinks he has coming but I feel that if he ever gets your car it will be the last of it. You wont get anything out of it at all. I wouldnt let him have it without a written order so he is going to write you for one. Dont give it to him. Tell him that you have already sold the car to me. I will take care of it until you are back again for you will need it to get started again and I doubt if there will be many cars with tires by that time. From what I can learn your attorney cannot be trusted too far so for heavens sake dont let him get you in a corner. The girl in the office called me up and I gathered from what she said that they did not expect to collect any money for you and that was why they wanted to get hold of your car. I will not let him have the car until I hear from you. I think you had better leave your car here no matter what he says. As I said before, tell him that I bought the car, and it will be here for you when this row is over. And dont feel that you are unduly obligated to me, times are tough for you and you are an American just as much as I am so it is only right that I help you any way I can. And dont feel badly just because a few dam fools shoot off their mouths, being Japanese descent is nothing to be ashamed of.

I have to stop now but will write you again soon. Dont let that attorney or any one lese talk you into anything.

Yours sincerely,

Mr. Morrison, Quarter Master

Dear Sir:

The Japanese in this neighborhood have a number of sacks of Arkansas and California rice that they would like to sell before they are evacuated from this area.

I have talked to local and Fresno concerns about the purchase of this rice, but have been unable to get any results.

I also called the managers of the two assembly centers in Fresno and they referred me to you. Up to now some twenty sacks of rice have been reported together with thirty sacks of soy beans. Can you use any or all of this?

An early answer would be greatly appreciated.

Yours very truly,

Principal property involved and scope of problem:

Was a local successful farmer. Operated with brothers, George, Family #7270, and Steven (half-brother) Family #6829, and friend Kenneth Suzuki, Family #6859, all now located at Stockton Assembly Center, 24 family members in the group.

Subject made urgent request that this office intercede in his behalf toward having them moved ultimately to Tule Lake Relocation Center, the chief reason for request being that his mother and some other members of the family, now at Walerga Assembly Center, will be relocated at Tule Lake. He states that this arrangement will allow him of more freedom in following out agricultural work at Tule Lake as well as providing a happier condition as to family relationships.

Action taken:*

Wrote Mr. Harold Mundell with regard to Subject's request on June 10. His reply, June 12, promises consideration of request if it becomes possible for him to determine ultimate destinations of evacuees under his care.
