FEDERAL RESERVE BANK OF SAN FRANCISCO

FISCAL AGENT OF THE UNITED STATES

June 23, 1942

Mr. George M. Takehana,
Tule Lake War Relocation Project,
P. O. Box 813,
Tule Lake, California.

Dear Sir:

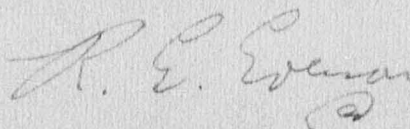

Enclosed is a Statement of Indebtedness owing to the legal owner of your 1942 Pontiac 8 which you have offered for sale to the United States Army.

As of May 22nd the Stockton Morris Plan Company have stated that \$1,019.25 is the settlement balance that will be acceptable to them as final payment on your contract. If the enclosed is an accurate statement of your account with the Stockton Morris Plan Company, please confirm the balance owing by signing on the line pencil-marked "x" and return the statement to this bank in the enclosed envelope.

In checking your file, we find that a problem now arises which calls for your immediate consideration. According to our appraisal report, your car has been valued at a figure of \$925.00 which is the maximum wholesale blue book value on this model. Obviously, you will notice that this amount is less than the settlement balance due the legal owner and it now rests with you as to whether you wish to turn this car over to them or make some other arrangements with a third party whereby the car could be sold to protect any equity you may feel that you still have.

We suggest, therefore, that you give this matter your immediate consideration and let us know just what steps you wish to take. If you decide that you wish the car returned to the Stockton Morris Plan Company, kindly sign on the line marked "x" and return the enclosed original copy of form BPM-8, Instructions as to disposition of Motor Vehicle", retaining the copy for your records. Also, under the latter circumstances, please return your copies of WCCA Form FRB-3, "Motor Vehicle Registration Form" and WCCA Form FRB-4, "Agreement Regarding Disposition of Motor Vehicle" that you received when your car was turned over to us.

Yours very truly,

Assistant Cashier.

Attention: Mr. R. E. Everson

Dear Sirs:

Referring to your letter of June 15, we are reporting on the two automobiles now in storage at Walerga belonging to J. Onishi, family number 24357, and Peter S. Omachi, family number 24545.

Both of these parties were located at Marysville instead of Walerga. Peter S. Omachi, family number 24545, has gone to Twin Falls, Idaho, and is now employed by the Amalgamated Sugar Company, Mr. R. H. Tallman superintendent. We found that this man had left about ten days ago. So we are returning his papers unsigned.

We now refer to J. Onishi. We note that the Certificate of Ownership enclosed herewith covering GMC Truck, registration No. A9119, registered owner Kameya Co., legal owner J. Onishi.

We have contacted a Mr. Yukio Tanaka at the Marysville Assembly Center who has agreed to the sale of this car to the Army under Alternative 2. We herewith enclose original and duplicate copies of the Agreement To Sell To The Army, both copies signed by Kameya Co. per Yukio Tanaka.

Upon interrogating this man, we find that he has a so-called power of attorney which we requested that he produce to us and with reluctance he finally consented to show us the copy of his power of attorney, so-called. We did not want to pass on the legality of this power of attorney and decided to have photostatic copies made and we are forwarding to you for your advice as to whether or not, in your judgment, this will serve our purposes. You will note that the photostatic copy shows a power of attorney but it is with respect to transactions covered in the Bank of America, Gardena Branch, Gardena, California. We

Mr. R. E. Everson

- 2 -

June 19, 1942

called Mr. Tanaka's attention to this but he states that this is the power of attorney that he is operating under.

Mr. Tanaka asked that we have the Army make the check payable to him personally. Mr. Richert explained to Mr. Tanaka that the check would be made payable to J. Onishi who is the legal owner and he would then be able to cash this check under his power of attorney.

We feel that possibly J. Onishi has been interned. The reason for our assumption is that on the reverse of this power of attorney, we find that there is a stamp which shows, "Detained Alien, Enemy Mail, EXAMINED by, U.S.I.&N.S."

Mr. Richert contacted the Division of Motor Vehicles today and was advised that they would accept a copy of this photostatic power of attorney attached to the Certificate of Ownership, and if your office feels that this will suffice, the matter will be closed.

Mr. P. S. Omachi,
The Amalgamated Sugar Co.,
Twin Falls, Idaho

Dear Sir:

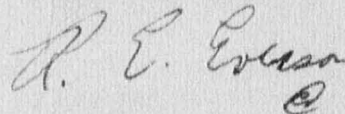

On June 15th we forwarded the enclosed form letters to our representative in Sacramento, requesting that he present them to you for your consideration.

On June 19th our Mr. A. J. Reid of Sacramento returned the forms advising us that you are now in Twin Falls, Idaho and are employed by the Amalgamated Sugar Company. The letters are being sent to you directly for your consideration.

After reading this form letter you will obviously understand that its purpose is to give you opportunity to sell your car to the Army whereas you originally turned it over to us for storage under Alternative No. 1 on our FCCA Form FRB 3 and 4. You also probably realize that it is highly undesirable to have your car kept in open storage and it might be more economical in the long run to sell the car at the price offered.

At your earliest convenience, therefore, will you please give this matter your consideration and if you desire to sell the car, please execute the original letter and return it to us together with your ownership certificate endorsed on the reverse side on line 1.

Yours very truly,

Assistant Cashier.

Attention: Mr. R. E. Everson

Gentlemen:

Following up your instructions of yesterday over the phone, we have been able to find a garage in Sacramento for the storing of automobiles now stored at Walerga.

We were referred by Mr. Charles L. Byrne, Assistant Manager of the American Trust Company, to contact Mr. George Allen of the Allen's Garage located at 1510 J Street, Sacramento, as a man of responsibility.

Upon interviewing Mr. Allen, we learned that this is a 24-hour garage, good building, and well kept.

Mr. Allen informed the writer that he would store passenger cars at \$2.50 a week or \$6.50 a month, and should weekly arrangement be made and they are carried over to the month, the monthly rate would prevail. With respect to trucks not over a ton and a half, the rate would be \$7.50 a month. Mr. Allen also informed us that all cars would be stored in one section of the building.

For your further information, this garage is opposite the Memorial Auditorium, Sacramento, and not more than a block and a half from our office here.

We enclose herewith two business cards of the Allen's Garage.

Yours very truly,

On June 6th we received the appraisal on the above subject's 1936 Cadillac 8 in the amount of \$200.00.

With the intention, therefore, of giving the evacuee every assistance in this matter, we suggest that you arrange to have this seat picked up at his former address, 512 N Street, Sacramento. When Mr. Matsui turned in his car, he informed us that the back seat cushion was left at this address.

Mr. Richert has just returned from a trip out to Walerga where he found the key and its envelope of the Ford 1931 Truck on the cushion of the automobile.

In addition we have been advised by Captain Blair that there are two cars that have flat tires, although Mr. Richert has since found a third. Most of the remaining tires are deflated and not fit to go on the road. Captain Blair has suggested that in two to three or four days the army pick up the automobiles and that the Federal Reserve Bank arrange to have these tires repaired, or the punctures repaired, and the tires inflated.

Dear Mr. Reid:

Your letter of May 12, enclosing a letter dated May 11 from the Central Garage, suggests that we might wish to have a regular lease form drawn up to cover the Woodland storage premises. In view of the fact, however, that Woodland storage will no doubt be on a temporary basis, we believe it would be just as well, from our point of view, if we considered Mr. Gasson's letter an agreement to rent the space to us on a month-to-month basis. If such procedure will be satisfactory to Mr. Gasson, it will be satisfactory to us.

Dear Sir:

Mr. Robert Gasson's letter, dated May 11, 1942, was intended by him to take the place of a lease, or any other contract, having to do with our use of a portion of the Central Garage in Woodland for storage purposes.

Mr. Gasson understands, specifically, that we will probably use his property temporarily only. Our reference to this arrangement was inspired by the thought you might prefer an agreement supplementing Mr. Gasson's letter. If you are satisfied, you may consider the arrangements complete.
