Mr. D. M. Dunton, Field Representative,  
Federal Reserve Bank of San Francisco,  
Evacuee Property Department,  
Tulare Assembly Center,  
Fair Grounds,  
Tulare, California.

Dear Sir:

We are forwarding to you herewith letters addressed to 28 evacuees relative to 29 automobiles located in the Tulare Center which automobiles were originally turned over to us for storage under Alternative No. 1.

You will see from these letters that we are now contacting the owners of these cars with the idea of encouraging them to turn the cars over for sale to the Army under Alternative No. 2. Mr. Everson expects to be in Tulare within the next day or so and he will be in a position to discuss this procedure with you after you have studied the enclosures.

In all cases where the owners decide to sell their cars to the Army, we will need the certificates of registration and the ownership certificates, the registration certificates to be signed on the back and the ownership certificates to be signed on lines 1 and 2 on the back. In all of these cases which we are forwarding to you, we appear to have the registration certificates with the exception of Thomas Matsumoto, Family No. 14036, Chevrolet Town Sedan, Motor No. 446421.

We already have the ownership certificates properly signed on the following:

K. Suzuki, Family No. 14014, Chevrolet Town Sedan,  
Motor No. 328251

Hinodi Grocery Company, Family No. 14097, Chevrolet Panel Delivery,  
Motor No. K2233735

T. Inouye, Family No. 14097, Buick Town Sedan,  
Motor No. 43463823

Mr. D. M. Dunton  
May 25, 1942

Page 2

In the case of Thomas T. Matsumoto, there are two automobiles involved, one a Dodge Business Coupe, which came in for storage under Alternative No. 1, for which there is a conversion letter enclosed; the other is a Chevrolet Town Sedan which came in under Alternative No. 2 for sale. We need the registration certificate and the ownership certificate on the Chevrolet and we will need the ownership certificate for the Dodge, if it is to be sold. One other matter in connection with the Dodge to which we want to call your attention is that in the Matsumoto envelope is a form indicating the amount of indebtedness due on this car to the Pelton Motors, Inc., at Los Angeles. Whether Mr. Matsumoto decides to sell his car or not, will you please have him sign in the proper place on this form as well as signing the conversion letter?

If there are any questions in your mind about the proper procedure in this matter, Mr. Everson will explain them to you on arrival, or you can communicate with Mr. Armstrong by telephone.

Yours very truly,

*R. E. Everson*

Dear Sir:

On June 20th we forwarded Schedule EPM-10 covering the sale of nine automobiles to the United States Army. Since then you have advised us in your letter of June 23rd that Mr. H. Suzuki wished to sell his Chevrolet 5, license number 44Z602, privately, and that this car which was included in Form EPM-10 should be eliminated.

In view of this fact, therefore, we are enclosing our corrected Schedule of Form EPM-10 which eliminates this latter car and, in addition, includes 1939 Chevrolet, license number S6936 which is now also ready for sale to the Army. In handling this transaction in this fashion, we have assumed that it will be possible to make the delivery of Suzuki's car to the purchaser within the next few days, as it is intended that all of the cars will be removed from the Assembly Center by the first of next week.

In order to avoid any confusion regarding these forms, please return the original EPM-10 for cancellation and accept the enclosed form as the one to be signed by the Army representative when these cars are turned over to him. As soon as we have definite information as to the probable time that he will be at the WCCA Assembly Center in Tulare, we shall immediately advise you. You are also holding an additional Form EPM-10 forwarded to you on June 23rd which will remain unchanged. *This latter form covers 2 cars.*

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

## Agreement Regarding Disposition of Motor Vehicle

★

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 2 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 2 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale in the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance, which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.
