The procedure for registering and storing a motor vehicle is as follows:

- (a) The State Motor Vehicle Registration Certificate for this vehicle must be submitted at the Civil Control Station, and three copies of this form (FRB-3) will then be prepared.
- (b) Two copies of this form, together with the Registration Certificate, will be handed to the evacuee for his retention until arrival at the designated Assembly Center. The third copy will be retained at the Civil Control Station.
- (c) The evacuee will be given an identification tag which he will tie securely to the steering apparatus of the motor vehicle.
- (d) On arrival at the Assembly Center the evacuee will deliver to the representative of the Federal Reserve Bank of San Francisco the two copies of this form, the Registration Certificate, and the keys to the vehicle.
- (e) The representative of the Federal Reserve Bank of San Francisco will check all numbers on the form and if found to be correct will acknowledge receipt of the motor vehicle by signing one copy of the form and delivering it to the evacuee.

WESTERN DEFENSE COMMAND AND FOURTH ARMY
WARTIME CIVIL CONTROL ADMINISTRATION

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Agreement Regarding Disposition of Motor Vehicle

★

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

**PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES**

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

**PURCHASE OF MOTOR VEHICLES BY THE

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Instructions to Owner

To be accepted for storage by the United States Government, the motor vehicle must be in proper running order.

The procedure for registering and storing a motor vehicle is as follows:

- (a) The State Motor Vehicle Registration Certificate for this vehicle must be submitted at the Civil Control Station, and three copies of this form (FRB-3) will then be prepared.
- (b) Two copies of this form, together with the Registration Certificate, will be handed to the evacuee for his retention until arrival at the designated Assembly Center. The third copy will be retained at the Civil Control Station.
- (c) The evacuee will be given an identification tag which he will tie securely to the steering apparatus of the motor vehicle.
- (d) On arrival at the Assembly Center the evacuee will deliver to the representative of the Federal Reserve Bank of San Francisco the two copies of this form, the Registration Certificate, and the keys to the vehicle.
- (e) The representative of the Federal Reserve Bank of San Francisco will check all numbers on the form and if found to be correct will acknowledge receipt of the motor vehicle by signing one copy of the form and delivering it to the evacuee.

If the motor vehicle described in this form is lost, damaged, or destroyed as the result of negligence while it is in the possession or custody of the United States, or any agency acting for it, the Congress of the United States will be asked to take appropriate action for the benefit of the owner.

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present, to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.
