Dear Sirs:

As you were advised in our letter dated October 20, 1942, we forwarded to Mr. Kazuo Hayashi, Gila River War Relocation Project, Rivers, Arizona, application for duplicate ownership registration with the suggestion that he communicate with Mr. Evans to obtain his signature on those instruments in order to effect proper transfer of ownership.

We are now informed by Mr. Hayashi of his inability to contact Mr. Evans at his old residence and we have likewise been unable to locate Mr. Evans. Under these circumstances it appears impossible to complete the technical detail you suggest.

Mr. Hayashi has asked us to inquire on his behalf whether there is any other method now open to him. Inasmuch as Mr. Hayashi can be reached by mail at the Gila River War Relocation Project, we would suggest that any other correspondence be handled directly with him. If you can give him any further assistance we feel certain that he will be most appreciative.

We are returning the duplicate applications to you.

Very truly yours,

Assistant Cashier

Dear Sir:

As suggested in your recent letter, we have informed the Department of Motor Vehicles of the fact that it has been impossible to reach Mr. Evans at Santa Barbara for the purpose of obtaining his signature on the duplicate applications for ownership and registration which we have passed along to the Sacramento office of the Department of Motor Vehicles.

We have requested that office to communicate with you direct at the Gila River War Relocation Project, providing you with any further suggestions that may occur to that office as to how the transaction can be completed.

We regret that it is not possible for us to extend any further assistance.

Dear Sirs:

Reference is made to your letter of September 22, 1942 addressed to our former representative, Mr. P. M. Danton.

We have written to Mr. Kazuo Hayashi, Gila River War Relocation Project, Rivers, Arizona, enclosing the application for duplicate registration and suggesting that he obtain from Mr. Evans the required signature. We have also asked him to then affix his own signature and return the certificate in question directly to you.

We trust that this method will result in completion of the transfer of this vehicle.

Dear Sir:

Reference is made to efforts by our former Tulare representative, Mr. Dunton, to clear title with the Department of Motor Vehicles on a car belonging to you.

Considerable delay has been encountered in obtaining a bill of sale from Mr. Uyesaka and a notice of engine change was necessary from Mr. Mendoza. Those steps have been accomplished, however, and we are enclosing a copy of a letter from the Department of Motor Vehicles requesting certain additional information from yourself and Mr. Eugene Evans, the former owner. We feel that you are in better position to obtain this information from Mr. Evans and therefore we enclose with the aforementioned letter an application for duplicate ownership certificate in the event the original was lost. It is suggested that you send the certificate along to Mr. Evans promptly, requesting his signature and return to you. Upon receipt of the certificate properly endorsed you can then affix your signature in accordance with the instructions from the Department of Motor Vehicles and relay the certificate to Sacramento.

We believe that this is the most simple method for completing transfer and have so advised the Department of Motor Vehicles.

Very truly yours,

Assistant Cashier

Dear Sir:

Your letter to the Federal Reserve Bank of San Francisco, pertaining to automobiles privately stored by evacuated Japanese, has been directed to this office for reply.

The inventorying and possible acquisition of automobiles and trucks privately stored by the Japanese before their evacuation has been the subject of some thought by the War-time Civil Control Administration. As you know, the Federal Government has not yet fixed upon a policy for the acquisition of privately owned automobiles, but it is anticipated that steps may be taken in that direction at an early date. Your letter indicates that you have made some effort to ascertain pertinent information concerning such automobile and truck storage " * * * but so far have been unable to locate any".

On the assumption that your office may have access to motor vehicle records not readily available to other agencies we should like to know whether you have been able to obtain any further information concerning the number, kind, location, ownership, and condition of storage of such vehicles. If your office does not have such records nor access thereto, could you suggest where such records might be available? This office has already contacted the Motor Vehicle Board and the Board of Insurance Underwriters but we were not able to obtain any very specific information from these sources.

MEMORANDUM TO: Mr. H. Armstrong *H.A.*

SUBJECT: Report of Discussion Between Mr. Polhemus of Department of Motor Vehicles and George Tiaffay.

Today the writer called on the Department of Motor Vehicles' representative, Mr. Polhemus, at 160 So. Van Ness Avenue, San Francisco.

The purpose of the visit was to inquire whether the Department of Motor Vehicles could assist us in clearing certain cases on which we have had title problems. The following cases were in question:

Motoi Fujiura, Family No. (20)-14811
Iwao Hayasa, Family No. (52)-27356
James Maruyama, Family No. (96)-32221
Shoji Morihise, Family No. (13)14007

The general condition with each of these cases was that either the ownership certificate or the registration card or both were missing. In view of the fact that we had made a reasonable attempt to secure the necessary certificates Mr. Polhemus referred to his instruction letter from Mr. Deems which covered the situation as follows:

"If the Japanese is not available they (Federal Reserve Bank) will indorse his name and countersign as agent"
"No affidavit or Power of Attorney is necessary"

From the latter instruction letter it seemed reasonable that the Federal Reserve Bank could, in the above cases, complete and countersign all of the necessary missing forms and thus bring about a final solution for these problems. Mr. Polhemus suggested, however, that when these duplicate forms were turned over with the license plates we should turn over any information regarding the efforts we had made to secure the original forms.

The following case which stands out singularly was also discussed:

Frank Kinei Higa, Family No. (85)-31473.

First of all by checking through the file it was found that the Power of Attorney which was given to Mr. Eicho Nakandare by Mr. Higa was limited "to sign all papers and documents that may be necessary in order to secure California registration on the following described vehicle". Mr. Polhemus brought out the point that the revised form should have been used which adds "or that may be necessary to effectuate a transfer of ownership".

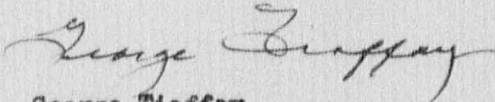

Page 2

Memorandum to: Mr. H. Armstrong

July 6, 1942

However, inasmuch as this was an Evacuee case the latter implication should be assumed.

The second point on this case was what would be the simplest way to dispose of this Evacuee's car to a dealer. Mr. Polhemus gave me a Department of Motor Vehicles' form "Affidavit Repossession, Lease Contract Only" to be used in this case. He suggested that we write to the Legal Owner, advise him of the situation and request that he fill out this form and send it to us with the ownership certificate. Upon receipt of this we would then make arrangements to sell to the dealer providing for the funds to be remitted first to the Legal Owner and the balance to the Evacuee.

Dear Sir:

Answering your letter of May 27 relative to the above subject, we wish to advise that this is a case wherein the owner of the Umeki Nursery gave power of attorney to Yuki Minamoto for the purpose of disposing of the above-named property on Umeki's behalf.

We have discussed the matter with the F. H. Dailey Motor Company today and have advised them to contact Umeki at his present location, requesting Umeki to execute your power of attorney forms. We presume this will permit the consummation of the transaction.

Dear Sirs:

The following described automobile has been turned over to us for storage by Fred Yachio Hoshiyawa, 1658 Sutter Street, San Francisco, who has been evacuated to the Tanforan Assembly Center: 1929 Buick 6 Coupe, Engine #257914, 1942 License #95A201, registered to the above named individual and address.

In checking the motor and serial numbers on the automobile, we find them to be as follows:

Dear Sirs:

Subject: Estate of Masu Sasajima
Your file No. 91332

Under the W.C.C.A. program of evacuation this bank is in receipt of a 1929 Ford Tudor for sale to the Army.

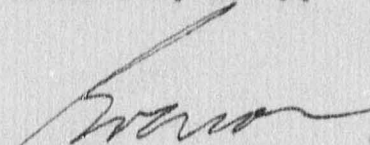

This car was registered in the name of Masu Sasajima, now deceased. The license number is 86-H-221; cover plate number 996131; and engine number A-2467686.

We have on file the original of your letter dated April 22, 1942 addressed to Helen M. Sasajima, 1826 Fairview Street, Berkeley, California. In it you state it will be necessary for her, as beneficiary, to endorse the name of her father, Masu Sasajima, on the reverse side of the Certificate of Title and endorse again on lines 6 and 7, if she desires to transfer the car.

If you will refer to your file of correspondence between Howard E. Deems, Registrar of Motor Vehicles, and the Federal Reserve Bank of San Francisco, it will be ascertained, for the purpose of this transfer, that such a re-registration may not be necessary. However, to complete the supporting documents in our file for such transaction, we will appreciate it if you will furnish us with a copy of the so-called Beneficiary Affidavit executed by Helen S. Sasajima.

Thanking you again for the many courtesies that you have extended the bank in this program, we are
