### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Mr. Michiko Dee Itsuki Walerga W.C.C.A. Assembly Center Sacramento, California Family No. (52) 28182

Dear Sir:

Please disregard our letter of May 26, 1942 as upon further investigation it appears that we have received the ten boxes you had listed. The confusion seems to have resulted from the feet that two of the boxes were tied together and became separated.

If this explanation is satisfactory, please sign the enclosed copy of this letter and return it to us for our files.

Very truly yours,

Assistant Cashier

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No luose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Pederal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pers must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Cavil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

Dear Mr. Everson:

Please refer to your letter of June 1 with which you enclosed work sheets covering hotel furniture stored with Pacific Storage Company, which sheets were not in agreement with FRB-2 in possession of Mr. Nishimoto.

Much delay has blocked final clearing of this case. This was caused by our inability to get replies to several letters addressed to Yoshio Nishimoto, who handled this case, and who has been transferred to P. O. Box 154, Shelley, Idaho.

July 13, Finally we have received a letter dated/from a brother, S. Nishimoto, address 6-108-C, Stockton Assembly Center, telling of receiving a letter from Yoshio affirming that original warehouse list was given to father, for whom he acted, and that said list has been lost. Therefore we suggest the following course, subject to your approval:

We return herewith, temporarily, the two FRB-2 forms of Mr. Jones, in blank. We also return copy of the actual check list of Pacific Storage Company showing all of this hotel furniture assortment in detail, and numbered up to 222 packages, and which is accurate to the best of our ability to count it in its present form. If you are agreeable we shall copy this list and secure it to forms FRB-2, and again return them to you after having them signed by S. Mishimoto, at the Center, if his father can not sign.

Awaiting your further instructions,

Very sincerely yours,

Re - T. Nishimoto Family Number 25989

Dear Sir:

The enclosed work sheets, showing the furniture of T. Rishimoto placed with Pacific Storage Company, agrees with the report signed by Mr. C. C. Wagner of the storage company and Mr. C. P. Jones our representative. However, it does not agree with Form FRB-2 signed by Mr. Mishimoto, two copies of which are returned herewith.

We suggest you contact Mr. Wishimoto and check with him the corrected list and when found satisfactory, complete two new Forms FRB-2 to be signed by him and returned to us together with the original copy he now has. One corrected copy will be returned to him properly receipted.

Your early attention to this will enable us to close this case.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

- (b) Two copies of this form, together with the Registration Certificate, will be handed to the evacuee for his retention until arrival at the designated Assembly Center. The third copy will be retained at the Civil Control Station.
- (c) The evacuee will be given an identification tag which he will tie securely to the steering apparatus of the motor vehicle.

## INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

\*

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative I. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

## PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacure has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

#### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

The procedure for registering and storing a motor vehicle is as follows:

- (a) The State Motor Vehicle Registration Certificate for this vehicle must be submitted at the Civil Control Station, and three copies of this form (FRB-3) will then be prepared.
- (b) Two copies of this form, together with the Registration Certificate, will be handed to the evacuee for his retention until arrival at the designated Assembly Center. The third copy will be retained at the Civil Control Station.
- (c) The evacuee will be given an identification tag which he will tie securely to the steering apparatus of the motor vehicle.
- (d) On arrival at the Assembly Center the evacuee will deliver to the representative of the Federal Reserve Bank of San Francisco the two copies of this form, the Registration Certificate, and the keys to the vehicle.
  - (e) The representative of the Federal Reserve Bank of San
    Francisco will check all numbers on the form and if found
    to be correct will acknowledge receipt of the motor vehicle
    by signing one copy of the form and delivering it to the
    evacuee.

If the motor vehicle described in this form is lost, damaged, or destroyed as the result of negligence while it is in the possession or custody of the United States, or any agency acting for it, the Congress of the United States will be asked to take appropriate action for the benefit of the owner.

## Agreement Regarding Disposition of Motor Vehicle

\*

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. \_\_\_\_\_ set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

## INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

\*

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

## PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

#### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Sir:

We are enclosing a letter addressed to the following
evacues at the WCCA Assembly Center, Stockton, California,
regarding his automobile storage.

Family No. (53) 25813 Nr. Y. Nishimoto

From this letter you will notice that the thought in mind is to encourage this Japanese to take advantage of Alternative No. 2 on WCCA Form FRB-4 and sell his car to the Army. This letter has been sent to you inasmuch as we feel this matter should be handled personally through you rather than direct with the evacues.

Kindly advise us as soon as possible what success you are having in the conversion of this car and when the transactions have been completed, please return the forms properly executed together with the ownership certificate properly endorsed on the reverse side on lines 1 and 2.

Yours very truly

Assistant Cashier.

Dear Sira

Fair Grounds.

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

Family No. (53) 25813

With the thought in mind that you might have been hesitant to offer your moter vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows:

. . . . . 3 45.00 as final payment by legal owner . . . . . Balance to be remitted to registered owner . \$45.00

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

Dear Yoshio:

Mr. Nishimoto, who te are trying to reach with this letter, has Family Number 25813 allotted to him. We do not know whether or not this is your Number, but if it is one of your brothers, and he is with you or at any point known to you, will you please readdress the letter and forward it to him?

This refers to a matter covered by us in our letter of June 19, in which we asked for the return of the regular registration certificate covering the old car which was listed at \$45.

The San Francisco Office writes us today that they had not yet received the registration certificate referred to. This certificate is the registration certificate, not the ownership certificate. The San Francisco Office already has the ownership certificate, but they are asking for the return of the regular registration certificate. If this is not available, or if it has been lost, the application for a duplicate registration certificate, which we forwarded in our letter of June 19, will take care of the matter by signing it at the point required, "Y. Mishimoto." If the original can be found and returned, all well and good, but if it is necessary to get a duplicate, the form which we forwarded to you, as stated above, will take care of the matter. If the application for duplicate registration which we forwarded with our letter of June 19 has been lost, kindly advise us, and we will have another one prepared and forwarded to you for signature.

Dear Sir:

The above subject during July 1942, had some correspondence with you regarding his automobile, a CMC 6 Sedan Taxi, License No. BEX 7870. He has asked us to communicate with you requesting the information as to its whereabouts at present. He has notified this office that he is interested in having this car shipped to his new location, and has asked this office to assist him.

Will you be kind enough to let us know the automobile's whereabouts at your early convenience?

Very truly yours,

### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of stems, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and acturned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, liveszock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be accurely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No locse bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Pederal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Parm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him. hey attacket

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Central Station at which you registered for evacuation. On the back of each copy the ftems to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Parm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Pederal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve .. s permanent record and should be carefully preserved by him.

It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

ILLITERATES.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein.
