TO: HEAD OFFICE DATE April 28, 1942

SUBJECT: Evacuee Property Department

REFERENCE: Your telegram of April 20, 1942

As requested in your telegram, we have prepared and enclose schedules showing number and classification by type and model of automobiles and trucks stored at Santa Anita Park. The form of tabulation differs from that suggested by you at the time you returned the FRB 3 and 4 forms previously forwarded with our letter of April 18. We had already assembled a large portion of the information which is more detailed than you had apparently contemplated.

This completes the scheduling for the cars presently at Santa Anita. We will supplement this list to cover those cars stored at San Diego and the new lot to be controlled at Manzanar, in addition to the projects now in process of being moved to Santa Anita Park.

Fred C. Bold
Assistant Manager

Mr. R. W. Knight
California State Employment Dept.
501 Third Street
Santa Rosa, California

Dear Mr. Knight:

Enclosed herewith you will find dimensions of storage space which I desire to submit to the Federal Reserve Bank through you, for the purpose of storing evacuees' automobiles.

This property has two rows of galvanized iron covered sheds which are completely surfaced and graveled. The dimensions are 18 x 116 and 20 x 110. Across the rear of the lot, full width, is a garage completely covered, 26 x 57, with a concrete floor. This area will store thirty-six cars; and, if the driveway between the two sheds can be utilized, approximately another twenty cars can be stored, which would be out in the open. The balance of the space would be under cover and under lock. There is also a small show room on the front which would house three units that I should like to retain for a short time.

The rental of the area would be \$110.00 a month, and my lease expires on February 28, 1943; however, all the additional time needed, I am sure, can be definitely arranged for.

I will appreciate any consideration that you may give me through the Federal Reserve Bank. Thanking you, I remain

Yours very truly,

J. A. Tedford /s/

Will add addtl data as it comes in. Note fenced-in property of Bridge Authority - good price, questionable location.

The accompanying lease is for Housing Authority property and pencilled on the report. Note 2-way cancellation clause - how about it? Winson says they'll clean up the mess. Agreement covering same can be handled in letter of transmittal.

PARKING STORAGE SURVEY
(Evacuee Autos)

Covered storage, other than a few available old frame structures awaiting wrecking, is too high in rental cost to permit use for a purpose such as this. Currently firms pay about \$3 per car for warehousing; some auto dealers holding new cars, etc., paying somewhat more.

The U. S. Army has rented considerable open space at $\frac{1}{4}$ ¢ a sq.ft., which would run approximately 40¢ a car. However, most of the space available in centrally located areas is already taken over by them.
