Subject: Motor Vehicles of Evacuees at Santa Anita Race Track and Chino

Dear Sir:

We are enclosing copies of our schedule of motor vehicles delivered to the Quartermaster Corps (Form WPM 10) covering each of 60 vehicles, 52 of which were stored at Santa Anita Race Track, and 8 at Chino. The vehicles involved are described in the attached list.

Registration certificates covering each vehicle are likewise enclosed except in three cases. No such certificates were provided us with respect to

1939 Dodge Panel, State License #D5836 deposited by Junnosuke Tanji, Family No. 3711;

1939 Buick Sedan, State License #41V157 deposited by M. Shiota, Family No. 5523; and

1937 Plymouth Pickup, State License #67T821 deposited by Leo Hashiguchi, Family No. 4109.

It will be observed that a registration certificate covering a home made trailer accompanies the Dodge 6 4-Door Sedan, License #207337. Both the trailer and the sedan are described on the same schedule.

The receipt form is accompanied by our Form WP 6 (Statement of Indebtedness Owing to Legal Owner of Motor Vehicle) in the case of the 1933 Ford Truck, State License #T2347 deposited by Suye Igarashi, Family No. S.P. 215.

These vehicles were, of course, covered by requisitioning proposals previously submitted.

You will observe that the receipt form discloses the amount of the original appraisal made by this bank pursuant to your directions.

Kindly acknowledge receipt of the enclosures by signing and returning the accompanying copy of this letter.

Very truly yours,

Assistant Cashier

Your letter November 2, 1942

There are enclosed in duplicate 60 conformed copies of Forms EPM-10, covering 52 vehicles in our custody at Santa Anita and 8 at Chino, California.

There are also enclosed 57 registration certificates, 3 certificates not being delivered to us.

These cars were delivered today to John F. Howard, Major, QMC, Southern California Sector.

The guard service at Santa Anita was discontinued today, and we shall forward you the fire extinguisher in a few days.

AIR MAIL November 23, 1942

Evacuee Property Department

(Delivery of remaining vehicles to Army).

We are informed by the local Quartermaster Corps' Headquarters that they are instructing Major Howard, Quartermaster Corps. Southern California Sector, Huntington Hotel, Pasadena, to receipt for the cars remaining in your care at Santa Anita Assembly Center and at Chino.

We understand that the present plan is that the Quartermaster Corps' representative will sign the receipt form (EPM 10) and that the Santa Anita vehicles will be left in the care of the Army personnel resident there. The Chino vehicles will probably be taken to Santa Anita if Army personnel is available.

It will be in order for you to withdraw the guards at Santa Anita Assembly Center when the Army's receipt has been obtained. If you find that the Army will not be able to pick up the Chino cars promptly, we would suggest that you write the Garage where they are stored directing the garage to look to the Army for payment of charges after such date as is appropriate. The bill for any subsequent storage charges should be forwarded to the Quartermaster Corps, Western Defense Command and Fourth Army, Presidio, San Francisco, California.

For your information, Captain Haight, local Quartermaster Corps' representative, has talked with Major Howard this afternoon on the subject, having already discussed with Major Marks, at Santa Anita, the matter of guarding the vehicles there after the guards are withdrawn.

The car at Phoenix is being appraised, and we will communicate with you later regarding delivery of that car to the Army.

Evacuee Property Department (Delivery to Military Authorities of Vehicle of Japanese Evacuee Remaining in Your Custody)

The Army, through the local office of Wartime Civil Control Administration, is making arrangements to reappraise the one vehicle which remains in your custody, preliminary to taking delivery of the automobile.

We have received instructions from the Wartime Civil Control Administration to permit the Quartermaster Corps to take delivery of the vehicles remaining in our care, against receipt on Form EPM 10.

We are uncertain when the Quartermaster Corps will be prepared to receive the vehicle which you are holding but when the delivery is effected please prepare the receipt from in accordance with the sample enclosed, preparing a sufficient number of copies so that two conformed copies may be forwarded to this office. We will retain one copy and forward the other one to the office of the Wartime Civil Control Administration.

You will observe that the enclosed sample shows the amount of the original appraisal made under our direction and the date of that appraisal.

Should your local Quartermaster Corps liaison officer request you to take delivery of the vehicle, it will be in order for you to do so, making the necessary receipt, the original of which should undoubtedly be retained in your own files.

If, by chance, you have occasion to use Form EP 6 in connection with the vehicle, kindly provide us with two conformed copies of that Form. Also, please forward any registration and ownership certificates which you may be holding with respect to that vehicle so that they may be transmitted to the Wartime Civil Control Administration.

MEMORANDUM TO: WARTIME CIVIL CONTROL ADMINISTRATION

Subject: Motor Vehicles of Japanese Evacuees Submitted for Requisitioning

In connection with the four motor vehicles in our head office zone which have now been delivered to the Army, we are enclosing the following:

1. Conformed copy of receipt (EPM 10) covering Sedan Taxi CMC 6, which was the subject of Requisitioning Proposal No. 1, War Department Requisition No. 21, together with the ownership certificate for that vehicle;

2. Conformed copy of receipt (EPM 10) covering Ford 4 Stake Body Truck which was the subject of Requisitioning Proposal No. 2, War Department Requisition No. 22, together with ownership and registration certificates covering the vehicle;

3. Conformed copy of receipt (EPM 10) covering Dodge 4 Stake type Truck, which was the subject of Requisitioning Proposal No. 3, War Department Requisition No. 23, together with registration card covering the vehicle;

4. Conformed copy of receipt (EPM 10) covering Willys 4 Coupe, which was the subject of Requisitioning Proposal No. 4, War Department Requisition No. 24, together with 1942 registration card covering the vehicle.

It will be observed that the receipts show delivery of the vehicles to the Quartermaster Corps, pursuant to instructions contained in your directive of October 30, 1942, and that the receipt forms show the value attributed to the vehicles by the original appraisals made at the direction of this bank on the dates indicated on the enclosed forms.

Kindly acknowledge receipt of the enclosures by signing and returning to us the accompanying copy of this letter.

Evacuee Property Department - Appraisal of Phoenix Automobile

Under present plans Army authorities at Phoenix will be instructed to take delivery of the car stored in that city. Inasmuch as it will be necessary to reappraise that vehicle we would like to know how you arranged for the original appraisal and the names of the appraisers used, if you used Phoenix appraisers. No doubt the Army would prefer to use the same people. We presume that the Army will make any reappraisal arrangements direct, but they will welcome any suggestions we wish to make.

Your early advice will be appreciated.

Evacuee Property Department (Delivery to Military Authorities of remaining vehicles of Japanese at Santa Anita and Chino, California)

We have now received instructions from the Wartime Civil Control Administration to deliver the vehicles remaining in our custody to the Quartermaster Corps against receipt on Form WCA-10.

Please prepare this form to show the information appearing on the sample form which is enclosed, preparing a separate receipt form for each vehicle. Please prepare a sufficient number of copies so that two copies may be forwarded to this office. No doubt you should retain the original of the receipt form for your own files, providing us with conformed copies. We will retain one copy and will forward the other to the local office of the Wartime Civil Control Administration, indicating on that form the proposal number and the requisition number applying to the vehicle.

The Quartermaster Corps liaison officer for your zone has been instructed to take delivery of the vehicles. We suggest that you contact that officer to inform him when the vehicles are ready for delivery. It is possible that the Army may not actually be able to remove the vehicles from Santa Anita in the immediate future but it is presumed that they will receipt for the cars in place and make their own arrangements for the protection of the vehicles in order that we may withdraw the guards as soon as the receipt has been obtained.

So far as the Chino situation is concerned, no doubt it will be necessary for this bank to continue to pay storage charges until the cars have been actually removed from the garage where they are now stored.

In any case in which the interest of a legal owner other than the registered owner is concerned, please provide us with two copies of Form WP-6 conformed to the copy used by you in reconciling the balance owing on the vehicle with the legal owner and the evacuee. Also please forward any registration and ownership certificates which you may be holding with respect to any of the vehicles in order that we may in due course transmit them to the Wartime Civil Control Administration for disposition.

Supplementing our letter to you of October 27, the two cars at Santa Anita owned by T. Moriyama and Toso Moriyama have now been picked up by the Army, and these two cars may be added to the list of 49 cars which have been sold to the Army.

The sale of these two cars completes all authorizations in our hands for sale, and the number of vehicles now in our custody totals 61, 52 at Santa Anita, 8 at Chino and 1 at Phoenix.

In accordance with your telegram of October 28, we arranged for Mr. Hanson to accompany the appraisers to Santa Anita this morning to facilitate the reappraising of the vehicles. The question arises, however, as to what action we should now take regarding any authority which we may subsequently receive from a Japanese to sell his vehicle to the Army, based on the old appraisal. In other words, may we continue as in the past to sell these cars to the Army based on the old appraisal until such date as the cars are actually requisitioned?

MEMORANDUM

SUBJECT: Requisitioning of Motor Vehicles of Japanese Evacuees in the Custody of the Federal Reserve Bank of San Francisco

In a memorandum from the Wartime Civil Control Administration dated August 29, 1942, we were asked to present requisitioning proposals covering all remaining vehicles in our possession, and to submit the proposals to the Wartime Civil Control Administration. The program developed at that time was that upon the return of the requisition from Washington the Wartime Civil Control Administration would forward it to us for service on the holder of the property, which service could be effected by registered mail. We were advised that the Wartime Civil Control Administration would arrange for payment for the vehicles by the Finance Office, U. S. Army, through the Inspection and Fiscal Division, Wartime Civil Control Administration.

The requisitioning documents have now been returned by Washington and submitted to us. The following comments are made respecting the material now before us:

1. The form of return of the service of requisition appearing upon the reverse of the blanket form and of each individual requisition leads to the conclusion that the service made should be a personal service rather than one by mail. This is borne out by the remarks in the third paragraph of the transmittal letter from Captain H. G. Reuschlein, dated October 5, 1942.

2. While for the most part the individual requisition forms are executed copies, in at least one case (W.D. Req. No. 21) an undated, unsigned copy is provided.

3. In checking the blanket and individual requisitions against the information submitted in the proposals, certain typographical errors appear. They are noted as follows:

a. W. D. Req. No. 34 (Proposal No. 20); the requisition number in both the blanket and individual requisitions is written as R 2296 instead of R 2296.

b. W. D. Req. No. 36 (Proposal No. 22); the vehicle is described as an "express truck" in both the blanket and individual requisitions. No such description was contained in the Proposal submitted.

c. W. D. Req. No. 56 (Proposal No. 53); the individual requisition shows the engine number as 19-768232 instead of 18-768252.

d. W. D. Req. No. 86 (Proposal No. 93); shows the owner's name as Shono, Takaoka, which may be a transposition.

e. W. D. Req. No. 92 (Proposal No. 100); shows the serial number as 60305-7315 instead of 60305-7310.

f. W. D. Req. No. 104 (Proposal No. 122); shows the owner as Kuribayashi, rather than H. Kuribayashi, as indicated in the Proposal.

g. W. D. Req. No. 109 (Proposal No. 117); shows the license number as 66V198 instead of 66K198.

h. W. D. Req. No. 125 (Proposal No. 85); The individual requisition contains an error in the license number, which is shown as 8K434 instead of 8K424.

The type of vehicle is shown to be a "Dix" Coupe in both the individual and blanket requisitions, whereas the abbreviation should be "Dlx".

i. W. D. Req. No. 133 (Proposal No. 75); The blanket requisition shows the owner to be Lawfren K. Shinidam instead of Lawfrey K. Shinidam.

4. It is observed that the blanket requisition form does not show who the registered owners are in cases where there are other than legal owners, apparently using the name of the "owner" only for the purpose of further identification.

5. By reference to the Notice of Requisition it appears that the procedure contemplates that the Army should take possession of vehicles before the requisition is served on the evacuee.

6. The substance of the requisition notice, as well as the proof of claim, indicates that the proof of claim and all further correspondence should be returned by the evacuee to Washington, D. C., rather than to the local headquarters of the Wartime Civil Control Administration, and that the remittances would be made from Washington rather than from the Wartime Civil Control Administration locally. This is further borne out by the terms of the instructions which were presented with Captain Reuschlein's letter.

It seems uncertain as to how the Wartime Civil Control Administration can effect payment of appraised value on any vehicle to the evacuee involved under the procedure contemplated. The procedure appears to contemplate the evacuee making a representation in the proof of claim as to what he considers a fair value for his property. It is possible in the duplicating of proof of claim or in its completion, to show the appraised value in paragraph one, but this would require some explanation by way of a letter to each evacuee. The technical requisitioning procedure may leave no margin for variance from the strict form.

7. In the notice form submitted reference is made to a "disclaimer" for use where no interest in the vehicle is claimed by a person receiving notice of requisition. No "disclaimer" form was provided.

8. It is observed that the procedure contemplates that a true extract of the requisition will be served on all interested parties. In many cases the information now before us shows that several persons may have some interest in a given vehicle and presumably all should be served; however, only one true extract is provided in each case.

SUBJECT : Sale of Japanese-owned Vehicle to Private Individual

1. Reference is made to a Ford truck, License No. T-2255, Engine No. 18-3611085, stored at Santa Anita under custody of the Federal Reserve Bank. The vehicle is registered in the name of Kiyoshi Minami, evacuee at the Santa Anita Assembly Center.

2. The above-named Japanese has been able to negotiate a private sale of this vehicle at an amount considerably in excess of the appraised value. It is desired, therefore, that the Bank release the above-mentioned vehicle for sale by the owner to any private buyer whom the owner may designate. The owner has already been notified of this permission through the Center Manager at Santa Anita.

3. The subject case is to be considered as an exception to the policy expressed in the directive dated September 12, 1942, addressed to the Federal Reserve Bank from this office, and in which it was requested that sale of Japanese-owned vehicles other than to the Army be discontinued.

SAN FRANCISCO FEDERAL RESERVE BANK CLUB

LOS ANGELES, CALIFORNIA

September 25, 1942

Mr. Herbert Armstrong,
Federal Reserve Bank of San Francisco,
San Francisco, California.

Dear Armstrong:

I have your letter of September 24, and as you surmise, the difference between our records and yours of 24 cars is the number that have been sold by us to the Army after the submission of the proposals. Your letter mentions the fact that you have not been informed of the cars sold to the Army, and for your information, Royal told me in telephonic conversation that this was not necessary. I rather take it from your letter, however, that you have been expecting this information, and if such is the case please advise us and we will give you a list of all cars sold to date. As you probably know, I have been endeavoring from time to time to give you current information concerning the status of the vehicles, which prompted my letter of September 21.

You might be interested in knowing that at present we have in storage, which covers all cars now subject to requisitioning, 85 vehicles. Seven of these, however, the Japanese owners have signified their willingness to sell to the Army, and they will be picked up and taken to Pomona the fore part of next week. This will then make a total of only 78 cars remaining, 1 at Phoenix, 8 at Chino, and 69 at Santa Anita. Just prior to the receipt of your letter I spoke with Lt. Staiton, who is handling the cars for Pomona. He informed me that most of the cars remaining at Santa Anita can be classified as junk, the large majority of them being trucks, and that he doubted whether there were ten remaining cars there that could be used by the Army or other Government agencies.

With very best regards,

Sincerely yours,

P.S. Just in case anyone from the Army is interested in my opinion (and they probably aren't), it would be my thought that the eight cars we have stored in Chino be immediately requisitioned by the Army, as the Japanese have all been evacuated from Pomona; and that in view of the small number remaining at Santa Anita, action be deferred there until such time as the evacuation is completed, which should be in the next three or four weeks. I think that by that time it will only be necessary to requisition less than 50 cars. I have this opinion particularly in view of the type of cars remaining at Santa Anita, and the further fact that it would appear to be well worth while, from a morale standpoint, to defer requisitioning the cars until the Japanese are all evacuated.

September 24, 1942

Dear Mr. Bold:

Have received your letter of September 21 showing:

cars sold to Army	1,337	1348
released to private purchasers	259	259
in storage	86	75 (mail 7 pending)
	1,682	

We submitted 116 car requisitioning proposals to the Army originating in your zone after eliminating 3 proposals per your wires of September 9 and 10. Thereafter we withdrew 6 proposals including #109 covered in your letter of September 16. This left 110 proposals pending with the Army, or a difference between your records and ours of 24 cars assuming your item, "cars in storage" covers all cars now subject to requisitioning according to your records.

It is of course possible that the 24 cars in question may have been sold to the Army by you in the interim, but if so we haven't been advised.

Am trying to write up a somewhat comprehensive report on the entire Evacuee Property Department operation and expect to cover the automobile situation in some detail, so wanted to be sure to reconcile. Will appreciate a line from you putting me on the beam.

Regards,

September 12, 1942

MEMORANDUM FOR: H. G. Reuschlein, Captain, A.U.S.
Headquarters, Services of Supply
Requisition Section, Legal Branch
Pentagon Building, Room 4D627
Washington, D. C.

SUBJECT: Requisitioning by Army of Vehicles Owned by Japanese Evacuees

1. Under separate cover, this office is sending by air express completed forms entitled, "Submission of Proposal for Requisitioning and Disposal of Property Under Act of October 16, 1941, As Amended" for the requisitioning of 117 motor vehicles. Each vehicle is covered by a separate proposal consisting of an original and six copies. These forms of proposal are numbered consecutively, and your attention is directed to the fact that Nos. 44, 71, 76, 80 and 107 have been omitted due to the fact that the vehicles were sold in the interim and the proposals canceled.

2. These vehicles are owned by persons of Japanese ancestry whose owners are in Assembly Centers or Relocation Areas. All of the aforesaid vehicles are stored in the open at the Santa Anita Assembly Center, Arcadia, California, with the exception of four vehicles stored in the San Francisco area, one in Seattle, Washington, and one in Portland, Oregon.

3. The owners of the aforesaid vehicles have been contacted previously by the Federal Reserve Bank of San Francisco, in whose custody the vehicles have been held. Each owner has been given the opportunity of making voluntary sale to the Army through the Federal Reserve Bank and in each case the owner has refused to sell. The amount offered the owner was determined by two qualified disinterested appraisers, under direction of the Federal Reserve Bank.

4. To date, 1476 vehicles have been sold voluntarily by Japanese evacuees to the Army through the Federal Reserve Bank. The vehicles which the Army now intends to requisition will be those which the owners have refused to sell voluntarily. When requisitioned, the owner will be paid the amount at which the vehicle was originally appraised.

Subject: Requisitioning by Army of Vehicles Owned by Japanese Evacuees

5. The Army has urgent need for these vehicles for field and administrative use. Where use of the vehicles is not permitted because of mechanical condition, it is intended that the parts of such vehicles will be salvaged and the metal and rubber reclaimed.

6. Because the vehicles are in open storage, they are subject to rapid deterioration and their usefulness to the Army is rapidly declining. The Commanding General, Western Defense Command and Fourth Army, has directed that appropriate action be taken in order that the Army may immediately requisition these vehicles for its use. The Proposals for Requisitioning should be submitted without delay to the proper authorities for appropriate action. It is desired that the requisitions, when issued, be dispatched to this office immediately for service upon the owners.

MEMORANDUM TO: Federal Reserve Bank of San Francisco

SUBJECT: Requisitioning of Japanese-owned Vehicles in the Custody of the Federal Reserve Bank.

1. Pursuant to the request contained in your memorandum of September 11, we have returned by special messenger Proposals Nos. 44, 71, 76, 80 and 107. The vehicles which these proposals cover have been sold in the interim.

2. Reference is made to Japanese-owned vehicles which the Army intends to requisition. It is desired that no further sale of these vehicles to private individuals shall be accepted by the Federal Reserve Bank.

MEMORANDUM TO: Federal Reserve Bank of San Francisco

SUBJECT: Requisitioning of Vehicles Owned by Japanese Evacuees

1. It is desired that the Federal Reserve Bank of San Francisco take immediate steps to acquire without previous notice, at the appraised value and without bonus, the remaining Japanese-owned vehicles now under custody of the Federal Reserve Bank.

2. The Army, through the Bank, will requisition the aforesaid vehicles. The authority to requisition is exercised under the Act of August 16, 1941 (55 Stat. 742).

3. In order to requisition the vehicles, it is necessary that certain forms be executed covering each vehicle. (Submission of "Proposal for Requisitioning and Disposal of Property Under Act of October 16, 1941, As Amended.") Pursuant to previous discussion and arrangement these forms will be mimeographed by the Bank, the attached form of which is an example. Information under paragraphs 5 to 13, inclusive, is a repetition in each case and may be included in the mimeographing process in order to simplify and expedite the completion of same.

4. The appropriate information concerning each vehicle or owner will be entered by the Bank in paragraphs 1 to 4, inclusive.

5. The Bank will attach a written memorandum referring to (a) setting forth the fact that the individual owner was contacted previously and that an effort was made to induce the owner to sell the vehicle voluntarily.

6. The original and six copies will be executed for each vehicle requisitioned.

7. When the forms have been completed, they will be forwarded to Wartime Civil Control Administration for proper dispatch to the War Department, Services of Supply, Washington, D. C.

8. The requisition itself is signed by the Under-Secretary of War, returned to Wartime Civil Control Administration, and dispatched to the Federal Reserve Bank for service on the holder of the property.

Subject: Requisitioning of Vehicles Owned by Japanese Evacuees

9. The owner may be served by registered mail and a receipt secured as evidence.

10. If a voluntary sale of the vehicle is made to the Army in the interim, the requisition may be cancelled.

11. Should the appraised value of the vehicle be less than the amount due the legal owner and if the legal owner elects to take possession of the vehicle in lieu of payment, the Bank is authorized to make such delivery upon his request.

12. When notice is served upon the owner, the Wartime Civil Control Administration will notify the Department of Motor Vehicles that the Army has requisitioned and taken possession of the vehicle, and that the records of that Department should be changed accordingly.

13. It is contemplated that payment for the property will be made by the Finance Office, U. S. Army, through the Inspection and Fiscal Division, Wartime Civil Control Administration.

(Proposal for requisitioning and disposal of property—1941 Act as amended)

STATEMENT OF FACTS
(Paragraph (e) of Certificate)

During the operation of the Civil Control Station through which this evacuee was processed, he was given an opportunity

"To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated."

Because this evacuee had not taken advantage of the above offer, the Federal Reserve Bank of San Francisco, acting as Fiscal Agent of the United States, directed a letter to this evacuee which was the form used in all similar cases, as follows:

"At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows :

Amount offered . . . . . $_____

Less amount which will be acceptable as final payment by legal owner . . . . . $_____

Balance to be remitted to registered owner . . . . $_____

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco,
Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

_____"

The evacuee has not seen fit to take advantage of either of the offers mentioned above.

(Proposal for requisitioning and disposal of property—1941 Act as amended)

The undersigned hereby declares and certifies that all of the facts hereinafter set forth are true to the best of his knowledge and belief viz.:

a. The property herein described is needed for the defense of the United States.

b. The need for such property is immediate and impending and such as will not admit of delay or resort to any other source of supply.

c. All other means of obtaining the use of such property for the defense of the United States upon fair and reasonable terms have been exhausted.

d. The property to be requisitioned is not a firearm possessed by an individual for his personal protection or sport, the possession of which is not prohibited by existing law.

e. As a part of this request there is attached hereto a written memorandum setting forth all of the facts relating to the attempted acquisition of said property together with all correspondence between the interested parties upon which the undersigned predicates the statement made by him in paragraph c above.

This certificate is executed by a duly authorized officer of (Department) the office of the Quartermaster, Western Defense Command and Fourth Army

COPY OF LETTER ADDRESSED TO:

FEDERAL RESERVE BANK OF SAN FRANCISCO

LOS ANGELES

September 3, 1942

Evacuee Property Department
(Requisitioning of automobiles owned by Japanese evacuees.)

This letter will supersede the instructions contained in our letter of August 6, 1942 wherein we request you to proceed in accordance with a memorandum from the Wartime Civil Control Administration dated August 3, 1942 and no forewarning of requisitioning will be given the evacuees concerned.

We are enclosing a copy of a memorandum dated August 29, 1942 forwarded to us by the Western Defense Command and Fourth Army signed by Wm. A. Boekel, Lt. Col. F.A. Asst. A.C. of S., together with a War Department form SP-41 4/16/42 entitled "Submission of Proposal for Requisitioning and Disposal of Property under Act, October 16, 1941, as amended".

Of the questions contained in this form it is only necessary that we furnish the answers to numbers 1 to 4 inclusive and as you will observe from paragraph 6 of the memorandum, it is necessary that an original and six copies be executed for the War Department. You should therefore prepare a total of eight copies for each vehicle in order that one copy might be retained in your office.

We have had the entire form printed and are forwarding by air express under separate cover a supply of the pages containing the questions to be answered by this bank. We are not forwarding the rest of the form as the balance of the questions will be answered in a uniform manner and will therefore be printed into the form.

In reproducing the War Department's form you will observe that we have used the exact wording of their questions and have inserted captions which, if followed, we believe will give sufficient information.

It is intended to requisition all the cars remaining in our possession even though the registered or legal owner might be located in Japan, which would be divulged in the last part of the second question opposite the caption "Last known address", and in question 3.

The written memorandum referred to in paragraph 5 of the Wartime Civil Control Administration directive will be included under "Statement of Facts" on the next to the last page of the form SP-41 and will be uniform in all instances, therefore no action is necessary on your part.

As quickly as questions 1 to 4 can be completed we will appreciate your forwarding the original and six copies for each vehicle to this office, in order that they might be properly assembled and submitted to the attesting officer with as little delay as possible. You will observe that paragraphs 9 to 13 of the memorandum concern action to be taken after the proposal for requisitioning has been forwarded to the War Production Board and requisitions have been issued.

You will also observe that if a voluntary sale of the vehicle is made to the Army in the interim the requisition may be cancelled.

In referring to paragraph 11 of the memorandum we shall be pleased to have you inform us as early as possible of instances where the appraised value of the vehicle is less than the amount due the legal owner.

Prompt attention to the completion of these forms has been urged by the Wartime Civil Control Administration and we are anxious to cooperate with them to the fullest extent possible.

Evacuee Property Department
(Requisitioning of automobiles owned by Japanese evacuees.)

Reference is made to our letter of August 6, 1942 wherein we requested you to proceed in accordance with a memorandum from the Wartime Civil Control Administration dated August 3, 1942.

We are enclosing a copy of a memorandum dated August 29, 1942 forwarded to us by the Western Defense Command and Fourth Army signed by Wm. A. Boekel, Lt. Col. F. A. Asst. A.C. of S. The original memorandum to us was accompanied by War Department Form SP-41, 4/16/42 entitled "Submission of Proposal for Requisitioning and Disposal of Property under Act, October 16, 1941 as amended". Of the thirteen questions contained in this form it is only necessary that we furnish the answers to numbers 1 to 4 inclusive. We have prepared and are in the process of printing the entire form. Questions 5 to 13 inclusive will be answered in a uniform manner and will therefore be printed into the form. We are enclosing a supply of the page containing the questions to be answered by this bank. It is necessary that the original and six copies be executed for the War Department and therefore you should prepare a total of eight copies for each vehicle in order that one copy may be retained in your office.

It is intended to requisition all the cars remaining in our possession even though the registered or legal owner might be located in Japan, which would be divulged in the last part of the second question opposite the caption "Last known address", and question 3.

The written memorandum referred to in paragraph 5 of the Wartime Civil Control Administration directive will be uniform in all instances, therefore no action is necessary on your part.

As quickly as questions 1 to 4 can be completed we will appreciate your forwarding the original and six copies for each vehicle to this office in order that they may be properly assembled and submitted to the attesting officer with as little delay as possible.

You will observe that if a voluntary sale of the vehicle is made to the Army in the interim the requisition may be cancelled.

In referring to paragraph 11 of the memorandum we shall be pleased to have you inform us as early as possible of instances where the appraised value of the vehicle is less than the amount due the legal owner.

Prompt attention to the completion of these forms has been urged by the Wartime Civil Control Administration and we are anxious to cooperate with them to the fullest extent possible.

Evacuee Property Department - Requisitioning of vehicles
of Japanese evacuees.
Our wire September 10, 1942

While the requisitioning forms (SP-41) for the vehicles described below were submitted to the Wartime Civil Control Administration in the precise form presented by you, in a check with the California Department of Motor Vehicles we developed additional information, which information is set forth on the enclosed page 2 of the requisitioning form for each vehicle. The enclosed forms bear the numbers which were assigned by us for convenience in transmitting them to the Wartime Civil Control Administration. The enclosures, of course, contain the information presented by you, and the data provided by the Motor Vehicle Department is indicated by asterisk.

The vehicles involved are as follows:

Proposal No.	License No.	Proposal No.	License No.
108	T696	114	83Y771
109	76X135	115	34N363
110	88Y966	116	67T821
111	50N515	117	66Y198
112	28Q495	118	41V157
113	T609		

It will be noted that in the cases of proposal No. 115, legal ownership is shown by the records of the Motor Vehicle Department to be in the name of the Bank of America, 8601 South Broadway Branch, Los Angeles. If you have not already done so, you will undoubtedly wish to check on the interest of the bank to determine whether, if an indebtedness is owing to that bank, it is in excess of the appraised value of the vehicle.

It is also to be noted that in the cases of proposals Nos. 108, 109 and 111, the names of the legal and registered owners as shown by the Motor Vehicle records are different from those reflected in paragraph 4. You may wish to look into these cases further in order that we can be prepared to provide the Wartime Civil Control Administration with more complete data, should they call upon us for further information.

We shall appreciate your returning to us a portion of your remaining supply of forms SP-41 as our local supply is limited.

LOS ANGELES

September 10, 1942

We have received 118 Forms SF-41 in connection with requisitioning of automobiles of Japanese evacuees and are withdrawing those covering the vehicles of Ishikawa and Endo per your yesterday's wires. Forms covering Ford, license No. 76X135 showing interest of Toyomaro Kajimoto in paragraph 4, and Dodge, license No. 23Y361 showing interest of Ray R. Yokota in paragraph 4 do not disclose place of storage. Neither these forms nor the following listed forms show names or any data regarding registered owners (paragraph 2) or legal owners (paragraph 3):

Vehicle	License No.	Name in paragraph 4
Ford	5CN515	Mas Seo
Ford	T609	T. Miyakawa
Ford	34N363	Tat Uriyu
Buick	66Y198	T. Ikehara
Buick	41V157	M. Shiota
Chevrolet	28Q495	Shojiro Yamauchi
Plymouth	83Y771	Yasno Kitagawa
Plymouth	67T821	Leo Nashiguchi
Chevrolet	88Y966	Katsumi Wada
Ford	T696	Sadashishi Arita

Presume this situation results from non presentation of ownership or registration certificates and that you have no information in these matters. ~~If so we will indicate that they are unknown.~~ Please advise. Form covering Dodge, license No. D5836, legal ownership in General Motors Acceptance Corporation, shows no name or other data regarding registered owner in paragraph 2. Please inform.

Dear Sir:

Captain Blair came in yesterday from Tulare bound for San Francisco with a bunch of Tulare evacuee cars. However, he stopped in and left with us three automobiles. In addition, he picked up two from our Fresno warehouse, and enclosed you will find EPM-10 signed by Captain Blair, dated June 28, 1942.

I am enclosing a report for you on the cars now remaining in our warehouse.

Dear Sir:

We are enclosing herewith form EPM-10 covering the sale of 1 automobile to the United States Army. This automobile is stored at your assembly center and an Army representative will call on you within the next several days to take possession of the car. We hope to be in contact with the Army representative before he leaves San Francisco for your assembly center and we will telephone you about his probable time of arrival so that you may meet him and render such assistance as may be necessary.

When the Army representative takes possession of the car, will you kindly take off the license platesand the cover plates and send them to this office by parcel post or express immediately so that we may turn them over to the Department of Motor Vehicles.

Will you also please have the Army representative sign the enclosed Form EPM-10 and return the same to us at once.

We have paid the settlement balance to the Bank of America and have the ownership certificate in our possession, which certificate we will sign off ourselves as agent for the legal owner.

Dear Sir:

The enclosed Schedule EPM-10 covering seven cars for sale to the United States Army out of the Tulare Assembly Center supersedes those schedules sent to you on June 20th and June 24th.

Please, therefore, return these previous schedules mailed to you, using instead this current one which brings our files up to date. The additional Schedule EPM-10 covering two cars which was mailed to you on June 23rd and referred to in our letter of June 24th still remains unchanged, thus making a total of nine cars to be turned in to the Army.

When the Army's representative takes possession of the cars, please have him sign the EPM-10's and return them to this office.

Dear Sir:

On June 20th we forwarded Schedule EPM-10 covering the sale of nine automobiles to the United States Army. Since then you have advised us in your letter of June 23rd that Mr. H. Suzuki wished to sell his Chevrolet 6, license number 44Z602, privately, and that this car which was included in Form EPM-10 should be eliminated.

In view of this fact, therefore, we are enclosing our corrected Schedule of Form EPM-10 which eliminates this latter car and, in addition, includes 1939 Chevrolet, license number $6936 which is now also ready for sale to the Army. In handling this transaction in this fashion, we have assumed that it will be possible to make the delivery of Suzuki's car to the purchaser within the next few days, as it is intended that all of the cars will be removed from the Assembly Center by the first of next week.

In order to avoid any confusion regarding these forms, please return the original EPM-10 for cancellation and accept the enclosed form as the one to be signed by the Army representative when these cars are turned over to him. As soon as we have definite information as to the probable time that he will be at the WCCA Assembly Center in Tulare, we shall immediately advise you. You are also holding an additional Form EPM-10 forwarded to you on June 23rd which will remain unchanged. This latter form covers 2 cars.

Dear Sir:

In answer to your letter of June 15th regarding remaining automobiles here will report as follows:

Name	Disposition
Sanpe Goto	Possible sale to one of our guards, Mr. Girton, unless you know of any objections.
Y. Hirai	Have papers here preparatory to turn over to individual for storage in Oxnard. Supposed to be here Monday.
Yonekichi Inouye	Sold to Ben Colburn. Have written you for papers.
Shoji Morihise	Will sign Bray Sale Agreement upon receipt of papers from Sacramento. I have written for him.
Saichi Mori	Have papers awaiting arrival of party to store privately. Mori says party will call in few days.

When disposition has been made of the latter four I shall notify you. As regards the Sanpe Goto car, I told Mr. Girton I knew of no reason why he shouldn't but this car if he wanted. He is now employed by the Burns people and he says he has no instructions to the contrary. I should like your opinion as to the purchase by Mr. Girton of this automobile.

Dear Sir:

Inclosed herewith find Army Sale agreement signed by Mitsuo Tom Ito and certificate of ownership properly indorsed.

For your information I wish to advise that we will probably have one automobile left here in Tulare. This car is owned by Seape Goto and was appraised by the appraisers at $[illegible].80. It is a 1929 Hupmobile sedan. Of the remaining four, two are to be turned over to private parties for sale and/or storage and I have written you for necessary papers, and the other two will be sold to the Army within a few days if negotiations for their sale to others do not mature.

It was my thought that you might want to make some arrangements to care for this car other than the present plan. I understand from Goto that he would consider $[illegible].00 for the car and it is possible that it could be arranged to turn it over to a local dealer on Goto's order for sale at that price. This type car could probably be sold later in the fruit season at Goto's price as it would only appeal to certain buyers.

Evacuee Property Department
2146 Inyo Street
Fresno, California.

Dear Sir:

We are enclosing herewith Form EPM-10 covering the sale of 1 automobile for sale to the Army. This automobile is stored at 414 P Street, Fresno, California, and an Army representative will call on you within the next several days to take possession of the car. We hope to be in contact with the Army representative before he leaves San Francisco for Fresno and we will telephone you about his probable time of arrival so that you may meet him and turn over the car to him.

In the meantime should this evacuee request permission to sell his car to another party before the Army has taken possession, will you kindly communicate with Mr. Armstrong in San Francisco so that proper action may be taken.

When the Army representative has taken possession of the car, please have him sign the enclosed Form EPM-10 and return it to us at once.

Yours very truly,

Mr. R. E. Swanson, Assistant Cashier
Federal Reserve Bank of San Francisco
500 California Street
San Francisco, California

Dear Mr. Swanson:

The following automobile owners request the return of proper documents to enable them to consumate sales of the cars in question:

Name	License Number	Comment
Mr. Y. Hirie	P/C 5-8031	Wants to turn over to Pete Vera for private storage in Oxnard, Calif. Vera will call at Tulare for the car.
Yasuda Kusato	9-x-7855	To sell to Ernest E. Borg, WCCA employee, for $200.00
Tomako Yasuda	42-x-816	To sell to Tom Williams, WCCA Employee, for $125.00

I shouldn't think it is in line for me to question these WCCA employee's right to purchase these automobiles. These deals were obviously made after I discussed the Army Sale with the owners and they were informed of the Army appraisals.

Very truly yours,

D. M. Dunton
Field Representative

Evacuee Property Department,
Tulare Assembly Center,
Fair Grounds,
Tulare, California.

Dear Sir:

We are enclosing herewith two schedules of Form EPM-10 covering the sale of fourteen automobiles to the Army. These automobiles are stored at the Tulare Assembly Center and an Army representative will call on you within the next several days to take possession of them. We hope to be in contact with the Army representative before he leaves San Francisco for Tulare and we will telephone you about his probable time of arrival so that you may meet him and turn over the cars to him.

When the Army representative takes possession of the cars, will you kindly take off the license plates and the cover plates and send them to this office by parcel post or express immediately so that we may turn them over to the Department of Motor Vehicles.

In the meantime should any of these evacuees request permission to sell their cars to others before the Army has taken possession, will you kindly communicate with Mr. Armstrong in San Francisco so that proper action may be taken.

When the Army representative has taken possession of the cars, please have him sign the enclosed Form EPM-10s, and return them to us at once.

Yours very truly,

Assistant Cashier

SUBMISSION OF PROPOSAL FOR REQUISITIONING AND DISPOSAL OF PROPERTY UNDER ACT OF OCTOBER 16, 1941, AS AMENDED

Date:.....

War Dept. No.....

The War Department herewith submits to the CHAIRMAN of the War Production Board the following proposal for the requisitioning and disposal, under the Act of October 16, 1941 (55 Stat. 742), as amended, of the property described below for determination as to whether it is consistent with the priorities and allocations program and the general production and supply plan of said Chairman, the head of the department or agency submitting this proposal having heretofore determined that:

(a) such property is of the type which may be requisitioned under said Act;

(b) (1) the use of such property is needed for the defense of the United States,

(2) such need is immediate and impending and such as will not admit of delay or resort to any other source of supply,

(3) all other means of obtaining use of such property for the defense of the United States upon fair and reasonable terms have been exhausted, and

(4) the property to be requisitioned is not a firearm possessed by an individual for his personal protection or sport, the possession of which is not prohibited by existing law.

Federal Reserve Bank of San Francisco Fiscal Agent of the United States		San Francisco, California

(Proposal for requisitioning and disposal of property—1941 Act as amended)

STATEMENT OF FACTS
(Paragraph (e) of Certificate)

During the operation of the Civil Control Station through which this evacuee was processed, he was given an opportunity

"To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated."

Because this evacuee had not taken advantage of the above offer, the Federal Reserve Bank of San Francisco, acting as Fiscal Agent of the United States, directed a letter to this evacuee which was the form used in all similar cases, as follows:

"At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows:

Amount offered . . . . . $_____

Less amount which will be acceptable as final payment by legal owner . . . . . $_____

Balance to be remitted to registered owner . . . . $_____

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco,
Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

_____"

The evacuee has not seen fit to take advantage of either of the offers mentioned above.

(Proposal for requisitioning and disposal of property—1941 Act as amended)

The undersigned hereby declares and certifies that all of the facts hereinafter set forth are true to the best of his knowledge and belief viz.:

a. The property herein described is needed for the defense of the United States.

b. The need for such property is immediate and impending and such as will not admit of delay or resort to any other source of supply.

c. All other means of obtaining the use of such property for the defense of the United States upon fair and reasonable terms have been exhausted,

d. The property to be requisitioned is not a firearm possessed by an individual for his personal protection or sport, the possession of which is not prohibited by existing law.

e. As a part of this request there is attached hereto a written memorandum setting forth all of the facts relating to the attempted acquisition of said property together with all correspondence between the interested parties upon which the undersigned predicates the statement made by him in paragraph c above.

This certificate is executed by a duly authorized officer of (Department) the Office of the Quartermaster, Western Defense Command and Fourth Army

Name and Title	Street Address	City and Street
Federal Reserve Bank of San Francisco Fiscal Agent of the United States		San Francisco, California

(Proposal for requisitioning and disposal of property—1941 Act as amended)

STATEMENT OF FACTS
(Paragraph (e) of Certificate)

During the operation of the Civil Control Station through which this evacuee was processed, he was given an opportunity

"To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated."

Because this evacuee had not taken advantage of the above offer, the Federal Reserve Bank of San Francisco, acting as Fiscal Agent of the United States, directed a letter to this evacuee which was the form used in all similar cases, as follows:

"At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows:

Amount offered . . . . . $_____

Less amount which will be acceptable as final payment by legal owner . . . . . $_____

Balance to be remitted to registered owner . . . . $_____

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco,
Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

_____"

The evacuee has not seen fit to take advantage of either of the offers mentioned above.

(Proposal for requisitioning and disposal of property—1941 Act as amended)

The undersigned hereby declares and certifies that all of the facts hereinafter set forth are true to the best of his knowledge and belief viz.:

a. The property herein described is needed for the defense of the United States.

b. The need for such property is immediate and impending and such as will not admit of delay or resort to any other source of supply.

c. All other means of obtaining the use of such property for the defense of the United States upon fair and reasonable terms have been exhausted.

d. The property to be requisitioned is not a firearm possessed by an individual for his personal protection or sport, the possession of which is not prohibited by existing law.

e. As a part of this request there is attached hereto a written memorandum setting forth all of the facts relating to the attempted acquisition of said property together with all correspondence between the interested parties upon which the undersigned predicates the statement made by him in paragraph c above.

This certificate is executed by a duly authorized officer of (Department) the office of the Quartermaster, Western Defense Command and Fourth Army

Cpt. Chas. A. Middleton, A.U.S.,
Assistant, Miscellaneous Branch,
Wartime Civil Control Administration,
Whitcomb Hotel Building,
San Francisco, California.

Dear Sir:

We are enclosing a copy of our Form EPM-10 reflecting the delivery of the 1935 Ford Sedan, engine number 18-1733860, Washington State license number B 26312 (1941), deposited by K. Suekawa, stored at Puyallup, Washington, to the Salvage Officer, Ordnance Service Command, Fort Lewis, Washington.

No Registration or Ownership Certificates were held by this bank in connection with the vehicle, and we were informed that they are probably in the possession of the registered owner of the vehicle who is resident in Japan.

This completes the delivery into the custody of the military authorities of evacuee vehicles formerly in our custody.

Kindly acknowledge receipt of the enclosure by signing and returning the accompanying copy of this letter.

Yours very truly,
