Before any property will be accepted for storage by the United States Government four (4) exples of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuse Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tage obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned so the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Pederal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, hoxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Rev. & Mrs. W. Q. McKnight 123 Dennett Avenue Fresno, California

Dear Rev. & Mrs. McKnight:

Received your letter on August 18 and thank you very much for it. I was very glad to hear that you are coming to Poston in the near future. Are you going to stay here permanently or is this to be a visiting trip? Also, are you coming by automobile or train? If it is by automobile I would like to ask you, if it is not too troublesome, to bring me some fresh fruits and vegetables, since we do not get enough of them here. Please give me a reply to the above questions at your earliest convenience.

There is another thing which I must tell you. It is about the dining-room set buffet of white oak and modern style, which I am sure you remember. I packed many valuable things inside and stored it in the Army Storage together with the other furniture. It was covered with a pink quilt with flowers. One week ago I received word from the Federal Reserve Bank of San Francisco that the buffet was missing. The Army sent transfer men to get our furniture and there was no possible way of getting lost. As to the list of the furniture stored, the Army had two copies, the transfer man one copy, and we two copies. Would you please go to the W.C.C.A. office in Fresno and look into this matter with consideration? Our family number is #39808. We shall certainly appreciate your efforts on this matter.

We have now been here over a month and the weather had gotten cooler considerably. When we came here, the nights were so hot that we could not sleep at all. Now, the weather is quite cool and we can sleep at night. I shall be awaiting a reply soon.

Sincerely yours,

Mrs. M. Hayans (signed)

We are enclosing a letter from Mr. and Mrs.

Miski Mayano, regarding a buffet shown as missing on the copy of the inventory receipt (WCCA-Form FRE-2) previously forwarded to you. These people were evacuated in the Clovis Civil Control Station operation and were assigned Family No. 39808.

It will be most appreciated if you would recheck this lot which is located in spaces 60 and 61 in the warehouse, as we believe the buffet to have been picked up and stored with the other household goods with the result that it is, no doubt, in the warehouse at this time.

Dear Sir and Madam:

We are in receipt of your undated communication regarding the dining room buffet which was indicated in our letter of August 11, 1942 as having been listed on the inventory receipt (WGGA-Form FRE-2) but not received.

The warehouse at Freeno has been transferred to the care of the War Relocation Authority and we are calling this matter to the attention of that agency, with the request that it be checked at the time the properties in the warehouse are forwarded to the Relocation Centers. Insemuch as all property was picked up at the same place at the same time, it is believed that a recheck will disclose that it is in the warehouse.

Yours very truly,

Assistant Cashier.

Federal Reserve Bank of San Francisco Army Storage Department 400 Sansome St. San Francisco, Calif.

Dear Sir:

We received word from you on August 11 that our dining room set buffet is missing, and we were very sorry to hear the news. The transfer man who was sent by the Army had an accurate copy of the list of furniture which he picked up at our house, and we checked over carefully the list with him as he loaded them on his truck. Therefore, I cannot understand the reason for any one item missing from the rest.

Will you kindly look into this matter and give us the facts and details? The buffet is an expensive, brand new one of modern white cak; two of the chairs in the same set are in the Army storage at Fresno, so you can get an idea of what the buffet looks like. Inside there are many valuable things which I do not want to lose, and it is large so it should not be hard to find. It is covered with a cotton quilt of pink lining and small flowered design.

In Fresno we have our friend, Mr. Carton Taylor, looking after the missing buffet also. He works in the W.C.C. office there and used to live right near us, so that he knows the description of the buffet and the transfer man who picked our load up. You may refer to him for details. His address is 1910 Princeton.

We would appreciate it greatly if you, with responsibility, will look into this matter and find out the cause for its missing. We shall be anxiously waiting to hear from you. Our family number is 103-39808. Thank you very kindly.

Yours truly,

Mrs. Meiki Hayano Family No. 103-39808

We are enclosing a copy of a letter from Ers. Meiki Hayano dated October 2, 1942, in which she requests that certain goods be forwarded to her promptly. A copy of our reply of today's date is also enclosed.

Your attention is directed to the fact that we previously called attention to a discrepancy between the inventory receipt form (WCCA-Form FRB-2) and goods shown as received, this being the case in which a buffet appeared to be missing. We believe you have already looked into this phase of the problem which was discussed in our memorandum to you of August 20, 1942.

Dear Madami

We have received your letter of October 2, 1942, requesting that certain goods placed in storage at the warehouse provided by this bank at Fresno be forwarded to you. We do not appear to have received the letter of September 15 mentioned in your communication.

As we have previously advised you, this warehouse has been transferred to the War Relocation Authority, which agency has jurisdiction over the forwarding of property of evacuees previously stored with this bank. All of the warehouses provided are now within the jurisdiction of that agency.

In the interest of time, we are forwarding a copy of your letter to the local headquarters of the War Relocation Authority at the Hotel Whitcomb Building, San Francisco, California, in order that your request may receive its consideration.

Yours very traly,

To date I have not received any reply from you, and as I am expecting my baby almost any time, I am writing you again asking you to please send me the goods I must have before the baby arrives.

In my previous letter, I listed the items I wanted to have sent. I shall repeat as follows:

Dear Rev. & Mrs. McKnight:

Received your letter on August 18 and thank you very much for it. I was very glad to hear that you are coming to Poston in the near future. Are you going to stay here permanently or is this to be a visiting trip? Also, are you coming by automobile or train? If it is by automobile I would like to ask you, if it is not too troublesome, to bring me some fresh fruits and vegetables, since we do not get enough of them here. Please give me a reply to the above questions at your earliest convenience.

There is another thing which I must tell you. It is about the dining-room set buffet of white cak and modern style, which I am sure you remember. I packed many valuable things inside and stored it in the Army Storage together with the other furniture. It was covered with a pink quilt with flowers. One week ago I received word from the Federal Reserve Bank of San Francisco that the buffet was missing. The Army sent transfer men to get our furniture and there was no possible way of getting lost. As to the list of the furniture stored, the Army had two copies, the transfer man one copy, and we two copies. Would you please go to the W.C.C.A. office in Fresno and look into this matter with consideration? Our family number is #39808. We shall certainly appreciate your efforts on this matter.

We have now been here over a month and the weather had gotten cooler considerably. When we came here, the nights were so hot that we could not sleep at all. Now, the weather is quite cool and we can sleep at night. I shall be awaiting a reply soon.

Sincerely yours,

Mrs. M. Hayans (signed)

Freeno warehouse.

Wiski Hayano, regarding a buffet shown as missing on the copy of the inventory receipt (WCCA-Form FRB-2) previously forwarded to you. These people were evacuated in the Clovis Civil Control Station operation and were assigned Family No. 39808.

It will be most appreciated if you would recheck this lot which is located in spaces 60 and 61 in the warehouse, as we believe the buffet to have been picked up and stored with the other household goods with the result that it is, no doubt, in the warehouse at this time.

Deer Sir and Madam:

We are in receipt of your undated communication regarding the diming room buffet which was indicated in our letter of August 11, 19A2 as having been listed on the inventory receipt (WCCA-Form FRB-2) but not received.

The warshouse at Freene has been transferred to the care of the War Relocation Authority and we are calling this matter to the attention of that agency, with the request that it be checked at the time the properties in the warshouse are forwarded to the Relocation Centers. Insecuch as all property was picked up at the same place at the same time, it is believed that a recheck will disclose that it is in the warshouse.

Yours very truly,

Assistant Cashier.

Mr. and Mrs. Mieki Hayano 36-13-D Colorado River War Relocation Center Poston, Arizona

Federal Reserve Bank of San Francisco Army Storage Department 400 Sansome St. San Francisco, Calif.

Dear Sir:

We received word from you on August 11 that our dining room set buffet is missing, and we were very sorry to hear the news. The transfer man who was sent by the Army had an accurate copy of the list of furniture which he picked up at our house, and we checked over carefully the list with him as he loaded them on his truck. Therefore, I cannot understand the reason for any one item missing from the rest.

Will you kindly look into this matter and give us the facts and details? The buffet is an expensive, brand new one of modern white oak; two of the chairs in the same set are in the Army storage at Fresno, so you can get an idea of what the buffet looks like. Inside there are many valuable things which I do not want to lose, and it is large so it should not be hard to find. It is covered with a cotton quilt of pink lining and small flowered design.

In Fresno we have our friend, Mr. Carton Taylor, looking after the missing buffet also. He works in the W.C.C. office there and used to live right near us, so that he knows the description of the buffet and the transfer man who picked our load up. You may refer to him for details. His address is 1910 Princeton.

We would appreciate it greatly if you, with responsibility, will look into this matter and find out the cause for its missing. We shall be anxiously waiting to hear from you. Our family number is 103-39808. Thank
you very kindly.

On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose buildes of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm muchinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacues Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and mates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list, it does not constitute any avidence of the number of items actually stored or of the contents of boxes, crates or packages. #### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evance Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of ftems, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of elothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as agriconal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

#### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Coutrol Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be eccurely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Mr. R. E. Everson Assistant Cashier Federal Reserve Bank of San Francisco 500 California Street Sen Francisco, California

Dear Sir:

Enclosed are the forms FRB-2 covering control station 103 located at Clovis, California.

The following is an explanation of three forms, FRB-2 enclosed, which do not appear on the enclosed record for the following reason.

Arthur J. Kamietsuke, family No. 39847 Route 1 Box 248, Clovis. Our transfer men upon calling at this address did not find the chest of drawers as indicated on the form. Perhaps at the last moment they may have decided to take it with them.

S. G. Sakamoto, 3065 McKinley Avenue, Fresno, California. Mr. Sekamoto decided that he would ship this property direct to the location center, therefore canceling this form.

George Ohema, Route 1 Box 367, Sanger, California. This called for one bicycle, two boxes and one sewing mechine. Our expressmen called at this address on Wednesday but could not locate this property. It was not at the address indicated. In our opinion, the Japanese decided to take this with him at the last moment.

Yours very truly,

(Signed) L. J. Allen

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be accurely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Pederal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, howes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Pederal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household stems will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

The stored items are identified only as to the number of items, crates, or boxes, and not as to the contents thereof.

DATE 3/21/42

Representing the Pederal Reserve Bank of San Prancisco, as Piscal Agens of the United States.

PLACED IN STORAGE AT #14 Palet Trees, California

### INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Sires

Reference is made to your letter of August 14, 1942 relating to the above subject. May we call your attention to the spalling of the surname, which we believe to be correct, as we have his signature on file.

According to our records this man was evacuated from the Strathmore area and made arrangements with us for the storage of certain personal belongings generally classified as furniture. At no time, however, has he consulted us on any problem relating to an automobile and we are therefore unable to render advice as to the disposition of this vehicle.

For your information his present address is Casp No. 2, Block 226, Building No. 11, Apartment A, Colorado River Nor Relocation Project, Poston, Arizona.

We trust that the foregoing will assist you in contacting Mr. Kesschiri for settlement of this problem.

Very truly yours,

Monney

NSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pers must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, hoxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.
