Dear Mr. Yamamoto:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer based on this appraisal, as follows: 1936 Ford 8--Dix forder Tour: *Sedan*

Amount offered . . . . .	\$ 210.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ <u>00</u>
Approximate balance to be remitted to registered owner . . . . .	\$ <u>210.00</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Kabota:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1938 Hudson 6,4D Tour Sedan:

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Watanabe:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1940 Chevrolet 6--Club Coupe:

Amount offered . . . . .	\$ 535.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 332.42
Approximate balance to be remitted to registered owner . . . . .	\$ 252.58

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

*Walter E. Ford*  
Assistant Manager

To the Federal Reserve Bank of San Francisco,  
Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Muranaka:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1940 Dodge 6--4D Sedan:

Amount offered . . . . .	\$ 620.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ <u>00</u>
Approximate balance to be remitted to registered owner . . . . .	\$ <u>620.00</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Sempel:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1941 Chevrolet 6--Pickup:

Amount offered . . . . .	\$ 510.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$ 510.00

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance, which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Asahara:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: 1939 Buick 8--4 Dr Sedan:

Amount offered . . . . .	\$ 550.00
Less approximate amount which will be acceptable as final payment to legal owner	_____00
Approximate balance to be remitted to registered owner . . . . .	\$ 550.00

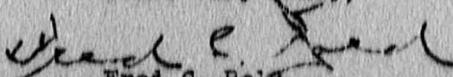

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Yours very truly,

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 2 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Tanji:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: For 1939 Dodge 6 Panel Truck: (Subject to clear title and proper evidence of ownership)

Amount offered . . . . .	\$ 300.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 112.86
Approximate balance to be remitted to registered owner . . . . .	\$ 187.14

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

*Frank C. Seal*

To the Federal Reserve Bank of San Francisco,

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Odama:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1932 Plymouth 4 four door sedan:

Amount offered . . . . .	\$ 85.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ --
Approximate balance to be remitted to registered owner . . . . .	\$ <u>85.00</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Dear Mrs. Mukaihato:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: for 1929 Chrysler Sedan

Amount offered . . . . .	\$ 35.00
Less approximate amount which will be acceptable as final payment to legal owner	00
Approximate balance to be remitted to registered owner . . . . .	\$ 35.00

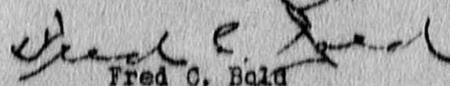

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Shinsako:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1935 Dodge 6 four door tour Sedan:

Amount offered . . . . .	\$ 115.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ <u>00</u>
Approximate balance to be remitted to registered owner . . . . .	\$ <u>115.00</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

Re: Claim of Mark Edward Nakasawa, No. 146-25-16337

Dear Mr. Bold:

This office is processing an evacuation claim filed by Mark Edward Nakasawa, also known as Eddie Nakasawa. In his claim Mr. Nakasawa contends that, while at the Santa Anita Assembly Center, the Government confiscated his motor vehicle and that he did not receive any money for it. The motor vehicle was a 1929 Geo 1½ ton flat-bed truck, engine number G13116.

Up to this time, our experience has been that the Government, when they took over motor vehicles, had them appraised and paid the owners. For that reason, I would like to check the contentions of this claimant. I will appreciate it very much if you will advise me what, if anything, your records show with reference to this transaction.

Very truly yours,

Dear Mr. Nakazawa:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1929 Reo Flatbed Truck:

Amount offered . . . . .	\$ 35.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$ <u>35.00</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Nakai:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: 1930 Ford 4 Tudor Sedan

Amount offered . . . . .	\$ 45.00
Less approximate amount which will be acceptable as final payment to legal owner	00
Approximate balance to be remitted to reg- istered owner . . . . .	\$ 45.00

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Yours very truly,

Dear Mr. Nakai:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1930 Ford 4 Tudor Sedan:

Amount offered . . . . .	\$ 45.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$ 45.00

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Dear Mr. Kawakami:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1930 Ford Pickup Truck: (Subject to clear title and proper evidence of ownership)

Amount offered . . . . .	\$25.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$25.00

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

*Frank C. Good*

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Ibusuki:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: for 1931 Ford Tudor

Amount offered . . . . .	\$ 60.00
Less approximate amount which will be acceptable as final payment to legal owner	_____ 00
Approximate balance to be remitted to registered owner . . . . .	\$ 60.00

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Aihoshi:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: for 1928 Chrysler 4 four door sedan

Amount offered . . . . .	\$ 30.00
Less approximate amount which will be acceptable as final payment to legal owner	_____ 00
Approximate balance to be remitted to registered owner . . . . .	\$ 30.00

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Dear Mr. Aihoshi:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1928 Chrysler 4 four door sedan;

Amount offered . . . . .	\$ 30.00

REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Amemiya:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1932 Ford Pickup Truck:

Amount offered . . . . .	\$ 85.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$ 85.00

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Dear Mr. Morita:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: for 1931 Pickup Ford (Subject to clear title and proper evidence of ownership.)

Amount offered . . . . .	\$ 50.00
Less approximate amount which will be acceptable as final payment to legal owner	_____ 00
Approximate balance to be remitted to reg- istered owner . . . . .	\$ 50.00

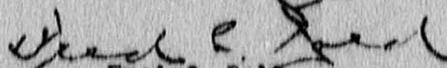

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Loc: AA-13

I.N: 1675

Dear Mr. Morita:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1931 Pickup Ford: (Subject to clear title and proper evidence of ownership)

Amount offered . . . . .	\$ 50.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$ 50.00

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

*W. C. Reed*

To the Federal Reserve Bank of San Francisco,

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Kishi:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1932 Ford Pickup Truck:

Amount offered . . . . .	\$ 90.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$ <u>90.00</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Fujii:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1930 Ford 4 Tudor Sedan:

Amount offered . . . . .	\$ 30.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$ 30.00

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 2 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

*Alternative 1.* To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

*Alternative 2.* To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

ASSIGNMENT WITH GUARANTY OF PAYMENT

APR 19 1941

City LOS ANGELES State

FOR VALUE RECEIVED, I hereby sell, transfer and assign to STANDARD DISCOUNT CORP. (hereinafter called the assignee) the contract of conditional sale set forth on the reverse side hereof and all my right, title and interest therein, and in and to all moneys due and to become due and payable thereunder, and I do hereby sell, transfer and assign to the assignee all my right, title and interest in and to the property in said contract mentioned; and I guarantee, warrant and agree to defend the title of said property hereby conveyed against all lawful claims and demands whatsoever, except as against the rights of the purchaser set forth in said contract; and I agree that, if the assignee shall take possession of said property for failure of the purchaser to perform any of the conditions or requirements of said contract, and shall make delivery of the said property to my place of business within ninety (90) days after due date of the then unpaid installment longest overdue, I will pay to the assignee upon delivery, all installments then delinquent under the said contract, and will pay the balance remaining under the said contract, within thirty (30) days after such delivery; but no such delivery shall be required to be made to me if at the time of such taking of possession I am no longer in the automobile business or am deemed by the assignee to be an unsafe risk, in either of which events the assignee shall have full right to make sale of said property as in said contract provided and I will upon demand pay to the assignee any and all sums provided in said contract to be paid by purchaser after sale; but if at the time the assignee makes demand on the purchaser or takes legal steps for the possession of said property, any installment then due shall be more than forty-five (45) days delinquent or if said property is alleged by the assignee to have been stolen, embezzled, confiscated, or burned and if insurance be carried notice of loss is not filed with the insurer thereof within forty-five (45) days after the assignee is given notice that such loss of the property is alleged to have occurred, then I shall stand relieved of all liability hereunder; and should the automobile be repossessed solely as the result of one accidental collision or overturning, then I shall be relieved of my liability hereunder up to the amount of the cost of repairing the damage done by this one collision or overturning only, not to exceed, however, the sound value of the property at the time of such collision or overturning; but should the property be lost as a result of theft, confiscation, or embezzlement, or be wholly or partially destroyed by fire or other casualty, if there be any sum still unpaid on said contract after applying upon the contract any insurance settlement received by the assignee therefor, then I agree to pay to said assignee such unpaid sum upon demand. I understand that title to said property remains in the assignee until the contract balance shall be fully paid, and I agree that in the event of my failure to pay the amounts herein agreed to be paid in the event of delivery of said property to my place of business, or in the event I am deemed by the assignee to be an unsafe risk, then in either event the assignee may take possession and make sale of the said property as in the contract provided, and I agree to pay upon demand, all sums provided in said contract to be paid by purchaser after sale. In the event that an attorney is employed or suit is brought by said assignee to enforce any of my obligations under this assignment, then I agree to pay to such assignee a reasonable attorney's fee in such suit. I hereby consent that extensions of time of payment and changes of the terms of said contract may be made by the assignee without in any manner releasing me from liability, and I hereby waive presentment, demand, notice of non-payment, advertisement and notice of sale, and any other notice whatsoever and suit against the purchaser; and I agree that, as to the assignee, my obligations hereunder shall be enforceable even though the assignee's rights to enforce said contract or any provision thereof be suspended or impaired by any statute or otherwise. I hereby waive all statutes of limitation in any way affecting the time within which seller may enforce its rights hereunder and the defense thereof.

For the purpose of inducing the assignee to purchase the said contract and property, I make the following representations and warranties: that the information concerning the purchaser given on the blank provided for that purpose is truly set down therein as the same was given by said purchaser and that the information is true and correct as to the purchaser's address and occupation, that the said contract is a bona fide one and was actually executed by the person named therein as purchaser; that said purchaser was of legal age and competent to execute said contract at the time of the execution thereof; that the property which is the subject of said contract is truly and accurately described therein; that said property has been delivered into the possession of the purchaser; that the amount recited in said contract as having been received upon the signing thereof as part of the purchase price of said property was actually paid in cash and/or by a motor vehicle received in trade at not more than its then cash value; that I have the full and complete title to said property, subject only to the rights of the purchaser under and by virtue of the terms of said contract; that the amount owing upon said contract at the time of its execution is correctly stated therein; that there are no recoupments, counter-claims or set-offs on the part of said purchaser against the same; and that there have been no representations or warranties made to the said purchaser which are not contained in said contract, and that I have no information or reason to suspect that any provision of the said contract will be violated, or that the purchaser is other than a good moral and financial risk.

Where the terms "installment then due" and "due date of the then unpaid installment," and similar terms are used herein in connection with provisions releasing the guarantor of liability, it is understood and agreed that these terms refer to installments or payments due under the contract as extended by any extensions of time of payment made to the purchaser. The terms of this agreement shall inure to the benefit of the successors and assigns of the assignee, and be binding on my heirs, executors, administrators, successors and assigns. **AUTOMOBILE DEFINED — TWO OR MORE AUTOMOBILES** — Wherever in this policy the word automobile is used, it shall be held to mean any type of motor vehicle or trailer as described herein; and when two or more automobiles are insured hereunder, the conditions of this policy apply separately to each.

**PROPERTY EXCLUDED — WAR, RIOT, ETC.** — Unless otherwise provided by agreement in writing added hereto, this Company shall not be liable for loss or damage (1) To robes, wearing apparel, personal effects, or extra bodies, (except that this exclusion does not apply to Property Damage coverage); or (2) Caused directly or indirectly by invasion, insurrection, riot, civil war or commotion, military, naval or usurped power, or by order of any civil authority, or

**LIMITATION OF USE** — (a) While the automobile described herein is used as a public or livery conveyance for carrying passengers for compensation; or while rented under contract or leased; or (b) operated in any race or speed contest; or while used in any illicit or prohibited trade or transportation or

**AGE LIMIT OF DRIVER** — (1) In connection with the perils of Collision or Upset and Property Damage only, while the automobile described herein is being operated by any person under the age limit fixed by law, or, in any event, under the age of fourteen years.

**LIMITATION OF LIABILITY AND METHOD OF DETERMINING SAME** — This Company's liability for loss or damage to the automobile described herein shall not exceed the actual cash value thereof at the time any loss or damage occurs, and the loss or damage shall be ascertained or estimated accordingly, with proper deduction for depreciation however caused, and without compensation for loss of use, and shall in no event exceed the limit of liability, if any, stated on page one, nor what it would then cost to repair or replace the automobile or parts thereof with other of like kind and quality; such ascertainment or estimate shall be made by the Assured and this Company, or if they differ, then by appraisal as hereinafter provided.

In the event of loss or damage to the automobile described herein, whether such loss or damage is covered by this policy or not, the liability of this Company shall be reduced by the amount of such loss or damage until repairs have been completed, but shall then attach as originally written without additional premium.

**OTHER INSURANCE** — No recovery shall be had under this policy if at the time a loss occurs there be any other insurance, whether such other insurance be valid and/or collectible or not, covering such loss, which would attach if this insurance had not been effected.

**CANCELLATION** — This policy shall be cancelled at any time at the request of the Assured, in which case this Company shall, upon demand and surrender of this policy, refund the excess of paid premium above the customary short rate premium for the expired term. This policy may be cancelled at any time by this Company by giving to the Assured five (5) days' written notice of cancellation with or without tender of the excess of paid premium above the pro rata premium for the expired term, which excess, if not tendered, shall be refunded on demand. Notice of cancellation shall state that said excess premium, if not tendered, will be refunded on demand. Notice of cancellation mailed to the address of the Assured stated in this policy shall be a sufficient notice. Where a special provision for cancellation and notice of such cancellation is required by statutory enactment in the State where this policy is issued, the conditions of this Cancellation Clause are amended to conform thereto.

The premium charge for Dealer's Coverage is to be retained in full by the Company without regard to the length of time the insurance has been in force except that when cancelled by this Company it shall retain only the pro rata premium.

**LOSS FOR WHICH CARRIER AND/OR BAILEE FOR HIRE IS LIABLE** — This Company shall not be liable for loss or damage to the automobile described herein while in the possession of a carrier and/or bailee for hire under a contract, stipulation or assignment whereby the benefit of this insurance is sought to be made available to such carrier and/or bailee. Where loss or damage occurs for which a carrier and/or bailee may be liable and which would otherwise be covered hereunder, this Company will advance to the Assured by way of loan the money equivalent of such loss or damage, which loan shall in no circumstances affect the question of this Company's liability hereunder and shall be repaid to the extent of the net amount collected by or for account of the Assured from the carrier and/or bailee after deducting cost and expense of collection.

**MISREPRESENTATION AND FRAUD** — This entire policy shall be void if the Assured has concealed or misrepresented any material fact or circumstance concerning this insurance or the subject thereof; or in case of any fraud, attempted fraud, or false swearing by the Assured touching any matter relating to this insurance or the subject thereof, whether before or after a loss.

**LIEN OR ENCUMBRANCE** — Unless otherwise provided by agreement in writing added hereto, and except as to any lien, mortgage, or other encumbrance specifically set forth and described on page one of this policy, this Company shall not be liable for loss or damage to any property insured hereunder while subject to any lien, mortgage, or other encumbrance.

**TITLE AND OWNERSHIP** — Except as to any lien, mortgage, or other encumbrance specifically set forth and described on page one of this policy, this entire policy shall be void, unless otherwise provided by agreement in writing added hereto, if the interest of the Assured in the subject of this insurance be or become other than unconditional and sole lawful ownership; or if the subject of this insurance has ever been stolen or unlawfully taken prior to the issuance of this policy and not returned to the lawful owner prior to the issuance of this policy, or in case of transfer or termination of the interest of the Assured other than by death of the Assured, or in case of any change in the nature of the insurable interest of the Assured in the property described herein either by sale or otherwise, or if this policy at any part thereof shall be assigned before loss.

**PROTECTION OF SALVAGE** — In the event of any loss or damage, whether insured against hereunder or not, the Assured shall protect the property from other or further loss or damage, and any such other or further loss or damage due directly or indirectly to the Assured's failure to protect shall not be recoverable under this policy. Any such act of the Assured or this Company or its agents in recovering, saving and preserving the property described herein, shall be considered as done for the benefit of all concerned and without prejudice to the rights of either party, and where the loss or damage suffered constitutes a claim under this policy, then all reasonable expenses thus incurred shall also constitute a claim under this policy, provided, however, that this Company shall not be responsible for the payment of a reward offered for the recovery of the insured property unless authorized by this Company.

**NOTICE OF LOSS** — In the event of loss or damage covered hereby the Assured shall give immediate notice thereof in writing to this Company, provided, however, that where such a limitation for the giving of notice of loss is prohibited by the laws of the State wherein this policy is issued, then in that event such notice shall be given by the Assured within the shortest period permitted and in the manner required under the laws of such State.

In the event of Theft, Robbery or Pilferage the Assured shall also give immediate notice thereof to the Police.

Notice of claim may be given and proof of claim may be made by the agent of the Assured, in case of the absence of the Assured or in case of inability of the Assured to give the notice or make the proof, such absence or inability being satisfactorily ascertained for, or in like case, or if the Assured refuses to do so, by a person to whom any part of the insurance money is payable. The filing of proof of loss by any of the persons authorized as above shall be considered a final settlement and shall preclude any other person or party from making claim hereunder on the same loss.

**ASSISTANCE AND CO-OPERATION OF THE ASSURED** — In the event of loss or damage and whenever requested by this Company the Assured shall assist in the recovery of property insured hereunder either by means of replevin proceedings or otherwise, in effecting settlement, securing evidence, obtaining the attendance of witnesses and prosecuting suits to such an extent and in such a manner as is deemed desirable by this Company, and this Company shall reimburse the Assured for any expense incurred at its request.

The Assured shall co-operate fully with the Company in disclosing all the facts known to him about the happening of every accident, the making of every claim and the filing of every suit, and also shall testify if required, render his aid in the securing of evidence, the attendance of witnesses at a trial or hearing and in the prosecution of an appeal in the event one is taken.

**PROOF OF LOSS** — Within sixty (60) days after loss or damage for which claim is made, unless such time is extended in writing by the Company, the Assured shall render a statement to this Company, signed and sworn to by the Assured, stating the place, time and cause of the loss or damage, the interest of the Assured and of all others in the property, the sound value thereof and the amount of loss or damage thereto, all encumbrances thereon, and all other insurance, whether valid and/or collectible or not, covering said property; and the Assured, as often as required, shall exhibit to any person designated by this Company all that remains of the property insured and submit to examinations under oath by any person named by this Company, and subscribe the same; and as often as required, shall produce for examination all books of account, bills, invoices, and other vouchers, or certified copies thereof if originals be lost, at such reasonable place as may be designated by this Company or its representative, and shall permit extracts and copies thereof to be made.

**APPRAISAL** — In case the Assured and this Company shall fail to agree as to the amount of loss or damage, appraisal shall be made in accordance with the usual custom, or where a special provision for appraisal is required by statutory enactment in the State where this policy is issued, the conditions of this Appraisal Clause are amended to conform thereto.

Dear Mr. Takasago:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1929 Packard 8 four door sedan: (Subject to clear title and proper evidence of ownership.)

Amount offered . . . . .	\$ 45.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ 00
Approximate balance to be remitted to registered owner . . . . .	\$ 45.00

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco,

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

**ALTERNATIVES OF STORAGE OR SALE**

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

**PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES**

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

**DEFINITIONS AND CONDITIONS**

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance, which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

### Agreement Regarding Disposition of Motor Vehicle

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Nakamura:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1938 Pontiac 6--2 door Touring Sedan:

Amount offered . . . . .	\$ 350.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ <u>00</u>
Approximate balance to be remitted to registered owner . . . . .	\$ <u>350.00</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 2 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. If the accomplishment of the alternative herein selected appears to said Bank, in its sole discretion, impossible or not feasible, said Bank is authorized to make such other disposition of said motor vehicle as it deems proper.

Said motor vehicle is delivered to said Bank at the sole risk of the undersigned, and it is agreed that no liability or responsibility shall attach to said Bank for any act or omission in connection with the handling of said motor vehicle or disposition of the proceeds thereof.

The undersigned further agrees, upon demand, to reimburse the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States, in full for all charges and expenses incurred in connection with the disposition of said motor vehicle, and authorizes and instructs said Bank to deduct from the proceeds of the sale of said motor vehicle any of such expenses incurred.

INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by

the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Loc: C-14

Dear Mr. Watanabe:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1937 Dodge 6--Bsns. Coupe:

Amount offered . . . . .	\$ 275.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ <u>25.74</u>
Approximate balance to be remitted to registered owner . . . . .	\$ <u>249.26</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

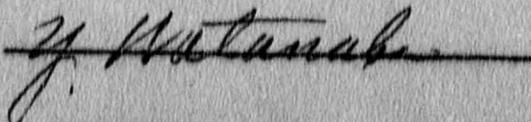

Assistant Manager

To the Federal Reserve Bank of San Francisco,  
Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form

constitute your authority to effect such sale.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. INSTRUCTIONS TO EVACUEES  
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

**Alternative 1.** To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

**Alternative 2.** To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE  
UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Katsuki:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: 1937 Dodge 6 - Pickup:

Amount offered . . . . .	\$ 220.00
Less approximate amount which will be acceptable as final payment to legal owner	99.82
Approximate balance to be remitted to reg- istered owner . . . . .	\$ 120.18

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Yours very truly,

Dear Mr. Katsuki:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1937 Dodge 6--Pickup:

Amount offered . . . . .	\$ 220.00
Less approximate amount which will be acceptable as final payment by legal owner . . . . .	\$ <u>99.82</u>
Approximate balance to be remitted to registered owner . . . . .	\$ <u>120.18</u>

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.
