May 21, 1942

Mr. Hagemu Ono Santa Anita Assembly Center Arcadia, California Loc: I-18 F.N: 11-121 I.N: 551 A Lic: 830775

Dear Mr. Ono:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1936 Ford Fordor Tour Sedan:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Piscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Piscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

ALTERNATIVES OF STORAGE OR SALE greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

> B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

#### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Piscal Agent of the United States, acting for and as agent of the evacuec, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: Ford 8 (1976) Pickup (Closed ceb)

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelops which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the selfaddressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necfor you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Yours very truly,

May 20, 1942

Mr. W. Nishikawa Manta Anita Assembly Center Arcadia, California Loc: I-16 F.N: SP 36 I.N: 359 A Lic: T699

#### Door Mr. Nishikawa:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1929 Ford 4 Express Pickup Truck:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on "CCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative I. To deliver his motor vehicle to Pederal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration. DEFINITIONS AND CONDITIONS

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Piscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

S. SPAR PERSON ACCOUNT

B. If the evacues IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
- 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to atore such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

Bank of San Artmogers, as Aread April of the United States on the accommodity

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration. Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

Dear Mr. Sakamoto:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1936 Plymouth 6 Deluxe 4 dr. Tour Sedan:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

Mr. K. Yamada Santa Anita Assembly Center Arcadia, Galifornia

Los: I-10 F.N: 11-08 I.N: 585-A Lic: 10W684

Dear Mr. Yamada:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it applaised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1940 Chrysler 8 New Yorker Sedan (Subject to clear title and proper evidence of ownership.)

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

#### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Piscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

A PERMITTER ACTOR

B. If the evacure IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

#### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
- 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Deer Mr. Tenimotu:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: 1939 Dodge 6 - AD Seden

> acceptable as final payment to legal owner 254.69 129-Approximate balance to be remitted to reg-

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the selfaddressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint. motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

We have been informed by our representative that at the time fmatter was discussed with you, you had decided not to sell the car but to have iremain in storage. As you know, the storage is at your own risk, without insures and with the understanding that such storage would be in an open area which wid make ject your motor vehicle to quite rapid deterioration. With the warm weather coming on and its barmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Yours very truly,

#### Dear Mr. Tanimoto:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1939 Dodge 6--4D Sedan:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

#### INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

Bank of Sen Frances, as final Agent of the Louris States, to all executions is the

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative I. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration. DEFINITIONS AND CONDITIONS

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

#### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Pederal Reserve Bank of San Francisco, as Piscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

ALTERNATIVES OF STORAGE OR SALE greater than the appraised value so that the evacuse has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

> B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Piscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Lancaster:

Prior to my evacuation from Los Angeles on April 4th, I left the above mentioned car in your custody. A few weeks later, one of your representatives came up here to Manzanar and upon his advice, arrangements to sell the car was made. Although, it has been almost a month and a half since that time, no word has been received from your offices as to the outcome of the sale. Would you kindly look into this matter, and advise me by mail as to what has happened to the car. Thanking you for your kind attention in this matter.

#### Dear Mr. Matsumoto:

F16 R U.S.

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1932 Chevrolet 6--4 Dr Sedan:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Pederal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

. In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

#### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Pederal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing present the ownership certificate, duly endorsed.

#### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not seasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
- 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

#### INSTRUCTIONS TO EVACUEES a Vestricott REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

DEFINITIONS AND CONDITIONS

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis: 1998 88 1898 and an advantage and the december

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

#### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Piscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacues has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "mcdium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any -otor vehicle is not completed or appears not feasible, the Federal Reser of Bank of San Francisco, as Fiscal Agent of the United States, acting or and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

At the time the Exclusion Order, affecting the area in which you previously revided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurence of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1934 Ford 8 -- Pickup:

Approximate balance to be remitted to registered 

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

# INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

\*

Evacuees will not be permitted to take their motor vehicles to reception centers.

No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacues who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

# PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorseed.

#### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacue, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

## INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

THE IS TO CLEATIFF that one one of Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees. THE HARRIST PARTY.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

Blue of San Francisco, as Frical Agents of the United States to act accombigly. It to

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Pederal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration. I have been been admined and have been been a first and the same and the

Alternative 2. To offer his motor vehicle for sale to the United 

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacues is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

ALTERNATIVES OF STORAGE OR SALE greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

> B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

#### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

# INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

\*

Evacuses will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuess.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacues who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Prancisco, as Piscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

# PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor whicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Piscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

#### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of pretenting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

#### Dear Mr. Yamashita:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1929 Ford 4--Coupe:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on WCCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

To be accepted for storage by the United States Government, the motor vehicle must be in proper running order.

The procedure for registering and storing a motor vehicle is as follows:

- (a) The State Motor Vehicle Registration Certificate for this vehicle must be submitted at the Civil Control Station, and three copies of this form (FRB-3) will then be prepared.
- (b) Two copies of this form, together with the Registration Certificate, will be handed to the evacuee for his retention until arrival at the designated Assembly Center. The third copy will be retained at the Civil Control Station.
- (c) The evacuee will be given an identification tag which he will tie securely to the steering apparatus of the motor vehicle.
- (d) On arrival at the Assembly Center the evacuee will deliver to the representative of the Federal Reserve Bank of San Francisco the two copies of this form, the Registration Certificate, and the keys to the vehicle.
- (e) The representative of the Federal Reserve Bank of San Francisco will check all numbers on the form and if found to be correct will acknowledge receipt of the motor vehicle by signing one copy of the form and delivering it to the evacuee.

If the motor vehicle described in this form is lost, damaged, or destroyed as the result of negligence while it is in the possession or custody of the United States, or any agency acting for it, the Congress of the United States will be asked to take appropriate action for the benefit of the owner.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

### INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Fieserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Pederal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

ALTERNATIVES OF STORAGE OR SALE greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

A Palacia Academia (A 2008)

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

#### **DEFINITIONS AND CONDITIONS**

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

# INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

THE 18 TO CHARLEST THE RESERVE OF BEHAVIOR OF THE LANGE OF THE PARTY O

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

Hardy at the property of Peach Albert of the United States to all receives

### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

- A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:
  - 1. Registration certificate, duly endorsed.
  - 2. The agreement on the reverse hereof, duly signed and witnessed.
- Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

### DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- Pusses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Mr.: Henry Taisuke Furushima Santa Anita Assembly Center Arcadia, California

Loc: T-5 F.N: 2475

I.N: 8.A. 1405 1805

Dear Mr. Furushima:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bark, is now ready to make a definite offer, based on this appraisal, as follows: 1938 Ford 8-4 Dr Sedan: (Subject to clear title and proper evidence of ownership)

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,
Assistant Manager

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on "CCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, mostor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

## ALTERNATIVES OF STORAGE OR SALE greater than the appraised value so that the

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

## PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

### **DEFINITIONS AND CONDITIONS**

Included in the term "motor vehicle" are the following:

- 1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

#### Dear Mr. Muranaka:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1930 Ford 4--4 Dr Sedan:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on MCCA Form FRB-4 on the above basis instead of having it held for storage. This will ponstitute your authority to effect such sale.

Mr. T. Muraneka Santa Anita Assembly Center Arcadia, California

Loe: T-2 F.N: 2352 I.N: S.A. 1402 Lie: 597550

Dear Mr. Muranaka:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows: 1930 Ford 4 - 4 Dr. Sedan

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelope which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Yours very truly,

#### Dear Mr. Tamura:

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

With the thought in mind that you might have been hesitant to offer your motor vehicle for sale to the United States Army at that time, because you had no assurance of the amount which you would receive for it, we have had it appraised by two independent appraisers.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: 1941 Ford 8--Coupe: (Subject to clear title and proper evidence of ownership.)

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

Please give this matter your immediate consideration, as the appraised value, as mentioned, is based upon an immediate sale to the Army and cannot be held open for an indefinite period of time.

Yours very truly,

To the Federal Reserve Bank of San Francisco, Fiscal Agent of the United States

I wish to sell my car to the Army under Alternative No. 2 on "CCA Form FRB-4 on the above basis instead of having it held for storage. This will constitute your authority to effect such sale.

Mr. Y. Nakamoto Santa Anita Assembly Center Arcadia, California

Loc: 8-36 F.N: 2488

IN: 1383 Lie: P7489

Dear Mr. Nekamoto:

Our representative at the Santa Anita Assembly Center recently informed you that your motor vehicle, which was delivered to this Bank, as Fiscal Agent of the United States, for storage, has been appraised by two independent appraisers and that the Army, through this Bank, is ready to make a definite offer based on this appraisal, as follows:

1930 Ford 4 Stake Truck

We have been informed by our representative that at the time the matter was discussed with you, you had decided not to sell the car but to have it remain in storage. As you know, the storage is at your own risk, without insurance and with the understanding that such storage would be in an open area which would subject your motor vehicle to quite rapid deterioration. We know, of course, that you fully realize the conditions under which your motor vehicle has been stored, and as the offer of purchase by the Army is based upon immediate sale and cannot be held open for an indefinite period of time, possibly you might wish to give the matter further consideration.

If you are willing to accept payment as indicated above, please sign your name in the space provided below, and return the letter to us in the self-addressed, stamped envelops which is enclosed for your convenience and our check will be mailed to you in the near future.

If, however, it is still your desire not to sell this car to the United States Army but wish to make an arrangement with an outside party to purchase this car, if you will discuss the subject with our representative at Santa Anita he will do everything possible to assist you in the transaction but it will be necessary for you to make your own outside arrangements.

With the warm weather coming on and its harmful effect to the paint, motor, battery and especially the tires, we think from your standpoint you should give very careful consideration to the desirability of disposing of your motor vehicle at this time, which will result in your obtaining a much better price than if you defer the matter indefinitely.

Yours very truly,

Dear Mr. Hamamos

At the time the Exclusion Order, affecting the area in which you previously resided, was being carried out, you delivered your motor vehicle to the Federal Reserve Bank of San Francisco, as Fiscal agent of the United States, for storage at your own risk and without insurance, with the understanding that such storage would be in an open area which would subject it to more or less rapid deterioration.

The Army, through this Bank, is now ready to make a definite offer, based on this appraisal, as follows: for 1940 Chevrolet 6 Stake Truck:

Should you now feel that because of the rapid deterioration to which your car is subjected, you are willing to accept payment as indicated above, please so indicate in the space provided below.

# INSTRUCTIONS TO EVACUEES REGARDING DISPOSITION OF MOTOR VEHICLES

\*

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

#### ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

### PURCHASE OF MOTOR VEHICLES BY THE UNITED STATES

A. If the evacuee is NOT the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

- 1. Registration certificate, duly endorsed.
- 2. The agreement on the reverse hereof, duly signed and witnessed.
- 3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Piscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee IS the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

#### **DEFINITIONS AND CONDITIONS**

Included in the term "motor vehicle" are the following:

- Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
  - 2. Motorcycles.
- 3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.
