Re: Title to or Interest in property transferred by Evacuees:

Your reports show that James Ruya Shimizu, 514 Mt. Vernon Avenue, San Bernardino, leased his barber shop and restaurant, but does not give us the name of the lessee. May we have that information? The same question applies to Kiyomi Takeiri's ten acres and dwelling....who is the lessee (or buyer).

Your report shows:

Joe Shigero & Thomas Fujiwara--sold to G.C.Mesa -- 36 acres & 6 acres Respect-
(near Chino) ively

A second sheet of the report shows:

{ Joe Shigero sold to G. C. Mesa -- 36 acres near Chino
Thomas Fujiwara sold to B. C. Mesa -- 6 acres, near Chino }

(Same) this is correct
36

Is the second one a duplication of the first in spite of the discrepancy of 36 and 36 acres? Or are they two different parcels of land? Same

Incidentally, for these reports, we are not concerned with the transfer of equipment such as scales, barber chairs, etc....or with personal property such as automobiles.. or with the stocks of merchandise being disposed of. Please report only transfers involving interest in real property. (Fee and leasehold interests)

Dear Sir:

Registrations under Civilian Exclusion order No. 73
May 15th and 16th at Civil Control Station, City Hall, Indio,
Calif., were as follows;
59 Families
214 Individuals

Due to the extensive area covered by this order, it is
possible that there will be additional registrations, but
not many.

Was able to secure additional copies of Exclusion order
No. 73 pamphlet and am enclosing two of them.

To date, no vehicles, either trucks or passenger cars have
been offered either for sale or storage. It is possible that
there may yet be some offerings but hardly probable. In any
event they would be small in number.

Close questioning of evacuees regarding this condition
brings the explanation that they have either sold their
vehicles, given reliable friends power of attorney to dispose
of them or leased same to individuals with whom they, the
owners, have closed contracts or leases for operation of their
ranches for the duration.

Offerings for storage of personal property has been light.
Additional offerings are anticipated but they will be few
in number.

Owners questioned relative to this condition brings the
explanation that they have either been able to sell their
property to advantage, are leaving same in a room, reserved
for storage, in their ranch house or they have rented their
ranch houses furnished to individuals with whom they have
made contracts for operation of their ranches for the
duration.

As a result of the situation as outlined above I do not
intend using the Jewell Garage at Coachella for temporary
storage of motor vehicles and personal property as explained
in my letter of May 13th. Should there yet be a small offering
of vehicles, believe I will be able to arrange for temporary
storage in one of the commercial garages in Indio.

Regarding the few lots of personal property that have, so far,
been offered I am arranging to consolidate the lots
originating in the remote sections, which will be brought in
by the owners themselves, with those parcels originating in
Coachella and proximity which will include Thermal and Mecca.

Parcels from this particular district, so far, constitute the major portion of the offerings. I plan now to give these particular lots, temporary storage for early pick up, in a Japanese Church by the name of Church of Jesus. This Church is located on the outskirts of Coachella on the highway between Coachella and Indio.

There will be other lots of property in the neighborhood of Indio but, so far, none in Indio proper. So far, one lot in Palm Springs.

The proposition as outlined above will remove the necessity for guards.

Due to the fact that owners are and will, up to the moment of departure, be making changes in quantity and location of their property, it is not possible now to furnish you with a correct list however this will be done at the earliest possible moment.

Yours very truly,

Dear Mr. Bottrell:

Mrs. Mary Azuma, who states that she formerly operated a chop suey restaurant in premises owned by you located at 5136 Whittier Blvd., Los Angeles, has called at this office in reference to a purported verbal understanding with you in regard to fixtures and equipment owned by her at the above mentioned address.

Mrs. Azuma states that this understanding was to the effect that this equipment was to be left in the building and rented with the premises for which she was to receive a certain portion of the rental in excess of fifty dollars (\$50) per month for the use of the equipment. Mrs. Azuma further states that upon her request that you advanced to her the amount of two hundred dollars (\$200) under this agreement. Of this amount it is understood that fifty dollars (\$50) was retained by you as rental due for the last month of her occupancy and that she received from you the sum of one hundred and fifty dollars (\$150) in cash. Mrs. Azuma further states that there was no agreement of any kind that purchase of the equipment by you was contemplated nor understood in connection with the advance payment above mentioned.

Subsequently Mrs. Azuma states that she had a written agreement prepared by her attorney embodying the verbal understanding which was delivered to you which you declined to sign.

In order that this matter may be clarified we ask that you write a letter to this office informing us as to your position and understanding in regard to the situation.

May we hear from you in this regard as soon as possible.

Sincerely yours,

In the first interview with the subject Japanese she disclaimed intent to sell the cafe equipment to Battrell and said no bill of sale was executed. In an interview subsequent to receipt of above mentioned letter Mrs. Azama stated that the bill of sale was executed at the suggestion of Battrell for the reason it would give him control over the property so that it would not be frozen or confiscated by the Government. Mrs. Azama further stated that Battrell agreed to give her a total of \$300 of which he only paid \$150 in cash at various times and a credit of \$50⁰⁰ for 1 month's period which was due at the time the business was discontinued. Furthermore she states it was understood that

The equipment was to be returned to her at some future date when she might be able to resume business and that Pittrell had further agreed to make further payments to her in the meantime if the premises could be rented for a sufficient amount. Mr. Azama claims a current value of the equipment to be approximately \$700 having cost originally about \$1000 about 13 yrs ago. She also stated she had received word from a former neighbor that the premises are now rented to a Chinese and operated in the same line of business. Since it has been impossible to arrange for a conference owing to Pittrell's absence from the city and his attorney, as well as the property in question is located in Los Angeles the matter is submitted ^{to the LA office} for such further action as deemed necessary. On the face it would appear that the sum of \$200. would not constitute a reasonable ~~amount~~ value and that further investigation is warranted.

Re: Bottrell vs. Azama

Gentlemen:

Your letter of May 7, 1942 to Mr. William W. Bottrell has been forwarded by Mr. Bottrell to the writer for answer.

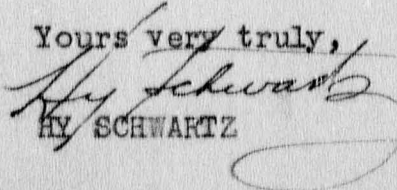

Mrs. Azama is entirely in error as to the nature of the transaction pertaining to the fixtures which you mention in your letter of the 7th. The fixtures were purchased for the sum of \$200.00. A bill of sale was executed by Mrs. Azama and her husband and there was no misunderstanding whatsoever.

After having received the \$200.00 in payment for the items involved, Mrs. Azama apparently had a change of heart and went to an attorney, Mr. Eldred E. Wolford of El Monte, California, had him prepare agreements and forwarded them to Mr. Bottrell for signature. Mr. Bottrell brought the agreements down to my office together with the original bill of sale executed by Mr. and Mrs. Azama and on April 16, 1942, I wrote to Mr. Wolford as follows:

"Mr. Bottrell handed to me the agreements which you prepared pertaining to the above-entitled matter. The agreements are not in order, and consequently have not been signed and will not be signed. The transaction was entirely closed, was thoroughly understood and so far as Mr. Bottrell is concerned, there is nothing further to be done."

The receipt signed by Mrs. Azama showed that she received \$200.00 and not \$150.00. The understanding as now claimed by Mrs. Azama is not born out by the facts. Should you desire a copy of the bill of sale, I shall be glad to forward one to you.

Yours very truly,

In this connection interviewed first Mr. Takeda, then H. E. Shriner, the owner of the ranch, then Taya Toyeko Musachi, who acted as signer on a lease which was being made Aug. 1941, between Takeda and Shriner. A three years lease for \$1200/year, it was torn up ab ut Dec. 10, with a verbal agreement to pay Takeda for cancellation \$1,400, of which \$400 was paid down. Shriner then assessed the balance of the first years lease against this agreement \$800, leaving a balance due Takeda \$800. Shriner kept Takeda on to run the ranch, paying him \$100 per month deducting \$25. house rent. The Takeda account in the bank was turned over to Shriner, and Shriner is giving Takeda \$200 for ranch equipment, The \$800 which Takeda gets out of the agreement will about pay his bills. He claims he put in from \$1500 to \$2,000. No contracts are available for reference, and Takedas past reputation is not good. Shriner seems to be getting much the best of the deal.

KAMITARA TAKEDA

Takeda, who is alien Japanese, reports that he leased from H.B. Shrainer in August, 1941, forty acres on a \$1200.00 a year basis, payable \$400.00 in January, \$400.00 in April, and \$400.00 in July. After the declaration of war he sold his rights to Shrainer for \$1400.00, tearing up the lease. \$400.00 cash. Takeda had paid the first \$400.00 on the lease and Shrainer assessed the \$800.00 unpaid against the \$1400.00 verbal contract, leaving a balance of \$200.00 of which he has paid \$100.00 to Takeda. This \$600.00 about clears up Takeda's bills payable. Shrainer is paying Takeda \$100.00 per month for family work, assessing a rental of \$25.00 per month on the house. There is another contract of \$200.00, Shrainer paying that to Takeda for farm equipment, allowing Takeda to sell any unnecessary equipment, which is very little. Takeda claims to have put in from \$1500.00 to \$2000.00 in the deal, and will have very little left.

Shrainer's story is that he has not had any dealings with Takeda, doesn't know much about them and cares less. He leased to an American-Japanese, Taya Musashi, who cancelled the lease about Dec. 10th.

Taya Musashi says she made the lease for Takeda, but after war was declared she did not want to have anything more to do with it. She had no financial interest in it. Takeda kept the account in his name until that time, then it was put in Shrainers name, and she acted as secretary for Shrainer, paying out the money. There was a balance of about \$32.00 in the account then, and a \$321.00 check from the Citizens Produce Company, L.A., bounced, the account being blocked, and the check was forwarded to the State Agricultural Ass'n. for collection for Shrainer's account.

Dear Mr. Bold:

Replying to your letter of April 15, Mr. Masao Hayashi has been contacted. He owns 3 houses, 1 barn, 2 garages, total value about \$400. He gave power of attorney to the Wade Realty Company at 15726 Hawthorne Boulevard, Lawndale, California to sell the property. They have been unable to sell to this date. He stated he has written to them recently and has not received a reply. He stated that the building inspector has refused to issue permit to move the buildings. I presume they are in such condition that removal is impossible. I have written to the Building Inspector to ascertain why a permit may not be issued.

Very truly yours,

Attention: Mr. Fred Bold, Assistant Manager

Dear Mr. Bold:

Re: Transfer of Evacuee Real Property, or Interest therein.

Answering yours of the eighth in the above matter will say that up to this evening, Saturday, I have referred all farm property transactions to the representative of the Farm Security Administration who has offices adjoining ours in this building.

While several Japanese owners of in-town businesses have either sold, transferred or closed them out. I have actually had no further part in the transaction than advisory. In the several instances I have suggested methods by which this could be done or suggested periodicals covering the field in which their businesses happen to be and in which it would be proper to advertise such businesses for disposal.

Very truly,

Walter Charlesworth,

Attention: Mr. Bold, Assistant Manager

Gentlemen:

Your letter dated April 8, regarding transfer of evacuee real property. I submitted the Friday report, mailed on the evening of Friday, April 3 as per Instruction Letter #9. However, I am enclosing duplicate copies of the report submitted together with the following information as regards the Farm Security Administration's actions, regarding farm property.

Except for the first few days there has been no Farm Security Administration representative in this office; supposedly there has been a representative in the Redlands office, but those whom I have sent to the Redlands office always report inability to contact said representative. Therefore, not having any contact whatever with any representative of the Farm Security Administration, I have endeavored to care for the matters regarding farms to the best of my ability.

The copies of the report which I am sending in, you will note, have been numbered, and of these number 2;3; and 6, as far as I am able to find out, were handled through some representative of the Farm Security Administration, the others initiated in this office.

A great many of our interviews are with persons desiring to acquire farm properties. These, we have endeavored to take care of from the list I maintain of the various properties, generally resulting in disposal or leasing of the same.

I anticipate more difficulty in the German and Italian alien evacuee property settlement. However, we are making fair headway in this regard.

In my supplementary reports I tried to cover deals that have been closed, or portions of the property which have been leased, and in cases where the disposal has not been complete, especially as regard property such as trucks, automobiles, etc, we will make further report when final disposal has been made.

I have just contacted Mr. C. E. Mead of the Federal Farm Security office and obtained his address in Ontario and the time that he can be contacted by 'phone either in the morning or evening.

Yours very truly,

SUBJECT: Transfer of Evacuee Real Property,
or Interest Therein.

Gentlemen:

Referring to Instruction Letter #9, to all field representatives, I find upon checking my records I have no accurate information regarding the new owner of any Evacuee Property. I have referred a great many prospective American buyers or sub-lessees of Japanese farm holdings, to Mr. Jansen of the Farm Security Administration in our San Fernando Office. However, Mr. Jansen informs me he will take care of the farm information through his department.

In cases where I have been influential in bringing the buyer and seller together, they have not returned to this office if the deal was satisfactory to both parties.

Yours very truly,

Re: Transfer of Evacuee Real Property, or Interest Therein.

Gentlemen:

There have been no actual transactions closed in our department during the week of April 4th to April 10th inclusive.

Mr. Jensen, the Farm Security Representative for San Fernando, has called me in on several transactions that we have closed this week. However, Mr. Jensen will report these through his department.

I have been instrumental in bringing a buyer and seller together on two cases involving city property. To date the Japanese in either case has not notified me of the actual closing of these deals.

Re: TAKAO, MISAO 5/12/42, by F. D. Allison

This Japanese is confined to bed because of tuberculosis and has a temporary exemption. If she is moved by the government she will store personal property with the government.

When and if this happens, R. C. LEWIS, President of the Sierra Madre Savings Bank, will forward her personal property forms properly signed to the Federal Reserve Bank, 707 So. Spring Street, Los Angeles.

This case was not included in the total figure of eight Personal Property Forms for Government Storage.

You will observe under "5" that we have indicated all motor vehicles as stored and none taken into custody for sale to the Army. The new forms were not available at the time of the San Diego Evacuation, and it will be necessary to contact evacuees in Santa Anita. We will furnish you with the number available for sale to the Army as soon as we can contact the owners.

It is anticipated that the number of family units storing household goods will be increased by seven, when those who are remaining on account of illness are evacuated when quarantine restrictions have been lifted.

The reason for not wiring these data was that the information was not available to us until late this evening.

CHECK REGISTER

The Check Register must show, in numerical order, each check.....get the last number of the day before and begin each day with that, accounting for each check, listing the numbers in the left hand column.

Where the form reads RECORD OF CASHIER'S CHECKS ISSUED, X out the word CASHIER'S and insert Evacuee Property Dept.

When all the checks in the day's business have been listed, run a tape on the amounts. Count the number of cancelled \$1.00 checks, and the number to finance companies or banks, and the number of duplications (if any) (there are sometimes two checks going to one Japanese and they may be included, of course in one envelope) -- and then subtract this figure from the total number of checks used, and you will have a figure by which you can check the mail registry sheets.

Then deduct as many dollars as you have cancelled checks from the total of the tape and prove this figure against the Items on Us on the blotter.

Make this Debit slip out in duplicate. The duplicate is for our information only -- Check to see whether in the days business there were checks to Finance Companies and Banks as well as to Japanese; if there were no checks to banks, leave that off - and do the same for finance companies if there were none to them.

The checks named of course, will include all those used during the day, including the cancelled ones.

The amount should, however, be the total of the checks issued minus the cancelled checks, and should agree with the blotter. The items can be listed on the reverse side on the ~~back~~^{adding} side, using a carbon.

Fill in date of EFM 10's - and fill in the name and rank of the officer who signs them.

This Debit is a summary or recap of the total of the yellow Credit tags which compose the day's run. The total of those credits will therefore go in the corner box, and the credit tags should be listed on the back of the ~~TAXMENY~~ Debit.

This is a double entry form - therefore a white and a yellow is made (debit and credit)

Japs to Get Final Orders

Instructions for Mass Evacuation May 1 Will Be Given Over Week-end

Instructions governing their mass evacuation from Los Angeles to the Santa Anita assembly center on May 1 will be given 5950 alien and citizen Japanese tomorrow, Saturday and Sunday at one of two local civil control stations.

The 5950 will be among 12,800 Japanese scheduled to be removed to reception centers in California and Washington on Thursday and Friday, April 30 and May 1, under a new series of evacuation orders issued by Lieut. Gen. John L. DeWitt, chief of the Western Defense Command.

ALL MUST REPORT

Responsible members of Japanese families or individuals living alone must report to their control stations between 8 a.m. and 5 p.m. tomorrow, Saturday or Sunday.

Those residing in the southwest area of Los Angeles will report to 3500 S. Normandie Ave. on Friday or Saturday, and those in the general southerly area, at 2315 S. Vermont Ave. on Saturday or Sunday.

They will be given detailed instructions as to how and when they will be escorted to Santa Anita, along with orders on what they may take along in the line of personal possessions.

RECEPTION CENTERS

Japanese who will be evacuated from their homes in Ventura, Santa Barbara, San Joaquin, San Luis Obispo, Santa Cruz, Monterey, San Francisco, Alameda, Contra Costa and Solano counties and from portions of Seattle will be distributed among the following reception centers: Tulare Fair Grounds, Turlock Fair Grounds, Tanforan Race Track, Salinas Rodeo Grounds and the Puyallup Fair Grounds near Tacoma.

Many of these may be removed later to inland centers to remain for the duration of the war.

NO DELAYS

Hopes of Japanese farmers that their evacuation will be postponed because of crop harvests are in vain, according to Col. Karl R. Bendtsen, assistant chief of staff of the Army civil affairs division.

Evacuation of West Coast Japanese to assembly centers will be completed during May, the colonel said.

ARMY WON'T WAIT

"Military necessity will not compromise," he added. "It is a stern master. The Army does not contemplate spending three months evacuating the Japanese, nor does the Army intend to let the harvesting dates for certain crops determine the date of evacuation."

"Reports have reached my office that certain of the Japanese in farming districts, particularly in the inland areas, have been counting on two or three months elapsing before they are evacuated."

"The Army has indicated several times that the evacuation will be completed on schedule."

LOST PRODUCTION

Evacuation of Japanese from the San Fernando Valley region, ordered recently by Gen. DeWitt, carries the threat of lost vegetable production on farms which must be vacated within the next few days.

Louis Jensen, field agent of the Wartime Civil Control Administration at 132 N. MacIay St., San Fernando, reported that while 78 Japanese-operated farms already have been transferred to non-Nipponese, half a dozen farms totaling 75 acres must pass into new hands immediately.

"This is an opportunity to contribute a patriotic service by keeping this essential land in production," Jensen said. "We want every experienced farmer interested in taking over some of the Japanese-operated land to report to us immediately."

10 TO 40 ACRES

Farms which must be transferred at once include those growing carrots and green onions. They vary in size from 10 to 40 acres, but average 20. Experienced applicants unable to

finance their operations may be assisted in obtaining funds, Jensen said.

Other problems include that of what to do with about 100 Japanese children under the jurisdiction of the County Probation Department. Probation Officer Karl Holton told the Board of Supervisors yesterday that some of the children have been placed in schools here, while others have been released to the custody of their parents "who no longer are in the county."

Holton said consideration has been given a plan to send these children's teachers to the Japanese camps to continue their supervision and instruction and at the same time permit the children to maintain their normal family ties.

Seventy per cent of the farm land operated by West Coast Japanese has been taken over by other operators, with the percentage in Southern California running as high as 90 per cent, the agricultural division of the W.C.C.A. reported yesterday.

On a coast-wide basis, 4173 farms totaling 157,755 acres, out of a total of 6603 Japanese-operated farms totaling 320,000 acres, now are being handled by new proprietors to whom more than \$1,000,000 in special loans have been made.

PERCENTAGES GIVEN

In California, more than 70 per cent of the farms have been transferred. In Arizona the percentage is 97; Oregon, 81; Washington, 59.

More than 200 special Farm Security Administration loans, averaging \$4800, have been made to the new operators, and 322 others are under consideration. It is estimated that at least twice this amount has been

loaned to new operators by banks and other credit agencies.

Restrictions are being relaxed to permit Mexicans, Filipinos and other nonenemy aliens to obtain loans for financing Japanese-operated farms.

EARLIER RULES

Heretofore only Mexicans who have applied for first naturalization papers were eligible. Filipinos formerly were required to have been born here or to have served in the armed forces.

Those interested should visit their nearest United States Employment Service Office for contacts and guidance, officials said.

Colonel hints Japs must move, farms or not

The boss of the western defense command stopped off in Los Angeles long enough yesterday to drop a hint for Japanese residents of Southern California.

The hint that Gen. John L. DeWitt dropped, through his assistant, Col. Karl L. Bendetsen, was that Japanese-Americans and their noncitizen parents weren't registering for evacuation fast enough.

"Reports have been reaching me," said Colonel Bendetsen, "that certain Japanese in rural districts inland, have been counting on the indispensability of their crops to keep them on their farms."

"The army has indicated several times that the evacuation will be completed on schedule, and completed it will be."

As for persons who whisper otherwise to the Japanese, their actions are comparable to anti-right fifth columnism, the colonel suggested.

Harvesting dates will not determine the date of evacuation. It appeared from the army's firm stand on the matter.

From Los Angeles registration areas, 2200 Japanese will be removed to Santa Anita next Thursday and Friday. These must register immediately at 3600 South Normandie ave. or 2314 South Vermont ave.

Internees at Gila River Indian Reservation Will Farm 7000 Acres of Irrigated Land

SAN FRANCISCO, April 16. (AP)—The Army today announced plans for resettlement of more than 10,000 Japanese on the Gila River Indian Reservation in Arizona.

The new relocation center for Japanese evacuated from Pacific Coast military zones will be near Sacaton, about 50 miles southeast of Phoenix. Work on buildings will start at once, it was said by E. R. Fryer, regional director of the War Relocation Authority. Construction will be carried out by Army engineers.

Fryer said that under lease agreement with the Indian Service the W.R.A. will operate more than 7000 acres of irrigated land

in the reservation on which Japanese farmers will produce large quantities of vegetables.

"Families assigned to food production," he said, "will be drawn so far as possible from those who have a farming background."

In addition to the 7000 acres of rich vegetable lands, the relocation board is considering taking over about 8000 acres of other land near by, on which improvement work will be carried out.

Two Japanese communities will be established on the Gila River reservation, located at points most accessible to vegetable farming and land improvement.
