FINDINGS AFTER HEARING BEFORE REPRESENTATIVE

Place of hearing: 1608 - 4th Avenue, San Diego

Time of hearing: 10 a. m., Friday, March 20, 1942.

Appearances: For the Board: Supervisor Harry N. Koehler

For the Licensee: Atty. James E. Abbey, 904 E. D. Tr. &  
 Sav. Bldg., San Diego; Alfred Y. Obayashi  
 Reporter: Milton M. Hyman

Findings: 1. This hearing was on complaint against licensee who holds A and P licenses at 527 5th Avenue, and A and P licenses at 421 Market Street, San Diego. The complaint alleges that licensee is doing business in violation of Board Order 145-N, that he is of the Japanese race. The records and files show that licensee is operating a cafe at each of the above locations.

2. The licensee stated that he was born in San Diego on June 13, 1913, of Japanese parentage; that he now has a wife and three children; that he owns the cafe properties, which he is now selling to other parties, and desires to transfer his licenses to the purchasers. He states that he has creditors to whom he owes about \$4,000, and if his licenses are revoked that his loss will be approximately \$7,500. A broker stated that he now has purchasers for each of the cafes.

3. The attorney for licensee requested a transcript of evidence, the original of which is hereto attached, so that he might present to the Board an application to transfer the above licenses.

4. Under the order of the Board, I find that I have no alternative but to recommend revocation. However, the Board has power to modify the application of its order should it see fit to do so.

Recommendation: Revocation.

I hereby certify that the foregoing constitutes my findings of ultimate fact and recommendations in the above entitled matter as a result of the hearing held before me at the above time and place.

Dated at Los Angeles, California, March 23, 1942.

Gentlemen:

Please refer to Petition for Dismissal of Proceedings by James B. Abbey, attorney, in the Matter of E. R. Simmermacher, District Liquor Control Administrator, vs. Alfred Y. Obayashi.

Pursuant to the instructions of your Board, and with particular reference to Petitioner's paragraph No. 8, we desire, after an exhaustive and comprehensive investigation and perusal of the facts and circumstances, to request your especial consideration to the merits of this petition.

Obviously embraced in the prayer of the Petitioner for dismissal and reinstatement for transfer purposes is the salient fact that such action by your Board would effect and accomplish the following:

1. Salvage the cash sales price for the purchase of the two businesses as set forth in Paragraph 4.
2. Permit the Japanese to retire in full a considerable amount of unpaid vendor's claims and liens owing Caucasian American Citizens.
3. Conserve and preserve a portion of the investment of the Japanese-American Citizen, Obayashi, evacuated under authority of the U. S. Army Civilian Exclusion Order.
4. Permit the continuance of established service to known clientele of San Diego citizens by successors, thus salvaging the "good will" of Obayashi's business.

April 29, 1942

5. Lending by your special dispensation in this case an effectual act of cooperation to cause painless results to all parties interested, i.e., the Japanese seller, an evacuee, the purchasers, the creditors, and the public.

Our interest in this matter is as "amicus curiae". Quite naturally we anticipate your Board will lend such aid and relief as the exigencies permit.

Yours very truly,

Assistant Manager

Dear Jim:

With reference to the above matter which you telephoned me about, I wish to advise you that today the State Board of Equalization approved the recommendation of the State Liquor Administrator canceling or revoking all licenses where questions of Japanese or alien enemy ownership was involved.

For your information, in the limited number of cases where, as in the above case, the Federal Reserve Bank or a federal agency has indicated a desire to have a transfer approved, you should avail yourself of the provisions of Section 45 of the Alcoholic Beverage Control Act and within ten days after official notice apply for a de novo hearing where the Board can consider the merits of the case and grant relief where justified. The action taken today will expedite rather than hinder progress in this matter.

I will be back in Los Angeles Friday of this week and will discuss the matter in more detail if you wish to give me a ring.

Kindest personal regards,

Sincerely yours,

Dear Sir:

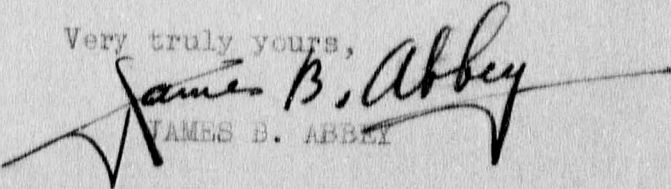

Under date of April 29, 1942, you were kind enough to write to the State Board of Equalization in support of my Petition for the dismissal of revocation proceedings pending against four Licenses formerly held by Alfred Y. Obayashi.

On May 6, 1942, all of these Japanese Licenses were revoked; but I have since received a letter from William G. Bonelli, member of the Board of the Fourth District, explaining the Board's action and suggesting that I file a Petition for Re-consideration.

I am enclosing a copy of Mr. Bonelli's letter to me and I would appreciate it very much if you would read Mr. Bonelli's letter and find it possible to file another letter in support of my Petition, copy of which I enclose, at your earliest convenience.

I sincerely believe that, in all fairness and justice to these Japanese, we should be permitted to transfer these liquor licenses, which could be done without in any way jeopardizing the public welfare, and I would appreciate any assistance you see fit to give me, again.

Very truly yours,

12                                   PETITION FOR RE-CONSIDERATION.

13 TO THE HONORABLE, THE BOARD OF EQUALIZATION OF THE STATE OF  
14 CALIFORNIA:

15 The Petition of JAMES B. ABBEY respectfully shows, as follows:

16                                   I

17 That he is a practicing lawyer in the State of California and  
18 Attorney In Fact for ALFRED Y. OBAYASHI, an American-born and educat-  
19 ed Japanese who, until April the 7th 1942, was a resident of the City  
20 of San Diego, California.

21                                   II

22 That on May 6, 1942, your Honorable Board made and entered its  
23 Order revoking the Licenses above listed and set forth in the caption  
24 of this Petition.

25                                   III

26 That until the 7th day of April, 1942, the said ALFRED Y. OBAYASHI  
27 owned and operated the "SUN CAFE", at No. 421 Market Street, San  
28 Diego, California, and the "NIKKO LOW CAFE" at No. 527 Fifth Avenue,  
29 San Diego, California; that on the 7th day of April, 1942, the said  
30 ALFRED Y. OBAYASHI was evacuated from the San Diego area by Order of  
31 the War Department.

IV

1  
2 That the business, fixtures and equipment of both Cafes have been  
3 sold or otherwise disposed of, and that on said 7th day of April,  
4 1942, said ALFRED Y. OBAYASHI surrendered to your Board the Licenses  
5 mentioned and described in the caption of this Petition. That said  
6 Licenses were surrendered pursuant to Rule 16 of the Rules and  
7 Regulations of the State Board of Equalization at the time of the  
8 closing of said two places of business.

V

9  
10 That two escrows have been established with the San Diego Whole-  
11 sale Credit Mens' Association at San Diego, California, in accordance  
12 with Section 7.2. of the California Alcoholic Beverage Control Act,  
13 in which escrows there has been deposited the sum of Two Thousand,  
14 Seven Hundred and Fifty Dollars (\$2,750.00) by Ray P. McCullough  
15 intended as a bona fide offer to purchase the Licenses heretofore held  
16 by the said Alfred Y. Obayashi on the said "Sun Cafe", and the sum of  
17 Three Thousand Dollars (\$3,000.00) has been deposited in said escrow  
18 by Walter R. Stutz as a bona fide offer to purchase the Licenses  
19 heretofore held by the said Alfred Y. Obayashi on the Nikko Low Cafe.

VI

20  
21 That both of these intended transferees are prominent business men  
22 of San Diego, California, and already hold one or more On Sale Dis-  
23 tilled Spirits Licenses covering premises in San Diego County, and  
24 Petitioner verily believes the two said proposed purchasers and in-  
25 tended transferees to be persons acceptable to your Honorable Board.

VII

26  
27 That Petitioner further verily believes that the purpose of your  
28 Board's Resolution of February 27th 1942, ordering revocation of  
29 Licenses held by Japanese, has been fully realized, in that the said  
30 Obayashi's business and premises have all been sold or otherwise dis-  
31 posed of, and his Licenses surrendered and he has been physically  
32 removed from San Diego County.

VIII

Your Petitioner further verily believes that since the purpose of the said Resolution has been fully realized, nothing will be accomplished by revoking said Licenses; on the other hand, if your Honorable Board should see fit to dismiss the pending revocation proceedings against these Licenses, the said Alfred Y. Obayashi will salvage the large sums of money heretofore referred to and now in escrow.

IX

That your Petitioner has discussed this matter with the San Diego representative of the Federal Reserve Bank of San Francisco, California, which Institution has been assigned by the Treasury Department to assist the Japanese in this area, and your Petitioner has been informed that this Petition is in keeping with the policy and desires of said Bank.

WHEREFORE, your Petitioner prays that your Honorable Board consider this matter further and dismiss the proceedings heretofore filed against the said ALFRED Y. OBAYASHI upon the filing in due course of the proper application therefor to permit the transfer of said Licenses to the intended transferees upon the close of the escrow period.

Dear Sirs:

This refers to the matter of a transfer of the above numbered licenses by Alfred Y. Obayashi of 527 Fifth Avenue and 421 Market Street, San Diego, California.

We were informed of the filing of a Petition for Dismissal of Proceedings to revoke the above licenses with you sometime last April by James B. Abbey, Esquire on behalf of the licensee. In connection with that Petition, we addressed a letter to you under date of April 29, 1942, in which we endeavored to explain the basis of our interest in the granting permission for the transfer of these licenses. Since then we have been informed that a recommendation against the granting of such permission has been made by the State Liquor Administrator and that a Petition for Re-consideration of the revocation order has subsequently been filed by Mr. Abbey with your Board.

We are writing to say that the basis for our interest in the granting of permission for the transfer of these licenses, which was set forth in our letter to you of April 29th last, remains. For your convenience and reference, we are enclosing a copy of our letter of April 29, 1942 which contains an explanation of our interest in the matter.

Yours very truly,

Gentlemen:

I am writing to you in regards to the action taken by the California State Board of Equalization to revoke the liquor licenses of American-born Japanese on charges that we are of the Japanese race disregarding our rights as American citizens.

Our federal government has been repeatedly reassuring us that our property will be protected and advising us to "sit tight" and not sell at a sacrifice. I have always maintained complete faith in the fairness and justice of this government, and so am now appealing to you to protect my property, the bulk of which is represented by the two liquor licenses which I own and the loss of which would render my business almost worthless. If I were guilty of some act which would justify the revocation of my licenses, I would not appeal to you, however, in all fairness, does the accident of birth to Japanese parents constitute a crime for which my property can be confiscated with no chance to sell or transfer?

I had been planning to sell my liquor licenses, using the proceeds towards the voluntary evacuation of my family so as not to cause our government any trouble or expense. I sincerely believed that this was my opportunity to show my loyalty in a small way, by cooperating with whatever orders the government issued through our President's emergency war powers.

Will you please, as the custodian to protect the interests of evacuees, look into this matter and help me in any way possible? I have been notified to appear before the local State Board of Equalization this Friday, March 20th., at which time my licenses will be revoked because I am of the Japanese race. If there is anything you can do to protect my rights as an American citizen, please notify me immediately before such an action is taken. Any protection you can afford me will be greatly appreciated. Thank you for your kind consideration in this matter.

Yours very truly,

April 29, 1942

Mr. Wood, Field Representative  
Evacuee Property Department  
Federal Reserve Bank of San Francisco  
General Delivery  
Oceanside, California

Dear Mr. Wood:

We are forwarding herewith information in connection with two cases that are living in the Oceanside territory, and in case #1, Okima Masanori, P.O. Box 547, Oceanside, California, problem concerns a refrigerator which this party purchased for \$265.00, remaining contract \$80.00; also, 1936 International Truck-cost, \$545.00, contract \$440.00. This party called at this office on April 1, regarding what to do about his property and I thought perhaps you could chase it down further from your office.

Case #2 is Okasaki, Masato, General Delivery, San Marcos, California. This party has a five year lease to operate eight acres. The lease calls for payments of \$200.00 per year, and has one more year to go. Okasaki built a small home on this property that is worth about \$150.00. He also has other equipment worth about \$100.00, such as irrigation pipe, etc. The owner in fee, W. C. Burnlin, is now demanding Okasaki pay the \$200.00 for the next year's lease which he will not be able to use by reason of evacuation. Burnlin is threatening to attach building and personal property to enforce payment on this lease. I understand this party is a toughy. Suggest you contact if you desire.

As Ever,

H. J. Kircher  
Field Representative

ATTENTION MR. F. J. BRICE  
Property Evacuee Department

Gentlemen:

Referring to our telephone conversation this morning in regard to our purchase of 99 crates of cauliflower from George Segawa, of Nestor, California, and five acres of cauliflower from Kazukiyo Oto, of Palm City, California, note you say that the market price on cauliflower was around \$1.00 a crate.

We will agree with you that this is correct, but in explanation want you to know that \$1.00 per crate in the shipping market means that the cauliflower is packed in a wooden crate, hauled to shipping point and loaded on the car, and this \$1.00 takes into consideration the cost of the cauliflower to the farmer, the cost of the packing, cost of the hauling, cost of the crate and cost of the loading, which will total approximately 95¢ per crate when paying the farmer 50¢ for the cauliflower. In other words, the \$1.00 price does not mean that the farmer gets \$1.00 for his cauliflower.

We also might mention that we were handling cauliflower in other districts and paid the farmers 50¢ per crate for their cauliflower, we standing all packing costs, hauling, crate material and loading costs.

In regard to the purchase of five acres of cauliflower from Kazukiyo Oto, we had an agreement with several cauliflower growers in the Palm City district that we would buy their entire acreage at \$80.00 an acre, less cost of surveying. We secured a licensed surveyor, William O. Heathcote, of San Diego, Calif., to survey the different patches of cauliflower, and we paid each one of the growers on the basis of the agreed price, as mentioned above.

Therefore, we are unable to understand why Mr. Oto, or anyone representing him, should have any question concerning this transaction. The only thing the writer can say is that evidently the party who made the complaint is not familiar with the produce business and did not understand, as in the case of Segawa, that the price made to the farmer for the commodity alone does not constitute selling price when loaded on board cars, as there are many operations to be taken into consideration between.

2--Federal Reserve Bank of San Francisco

In closing, we would appreciate it very much if you would get in touch with the California Bank, Market & Produce Branch, in regard to the integrity of the Jones & Kavanagh Co. and their method of operating.

We trust the above fully explains these two operations, and if any additional information is needed by you, we shall be pleased to give it to you.

Yours very truly,

JONES & KAVANAGH CO. LTD.

Mr. Tadao Shiromoto  
662 Margarita  
Coronado, California

Dear Mr. Shiromoto:

You have exhibited to us your ownership certificate and registration card on the Chevrolet pick-up purchased from Mr. James E. Iwashita, to which you have attached signed certificates indicating that none of the parties involved are enemies or allies of enemies of the United States, both of which have been properly witnessed. You have also told us that none of the parties involved have been out of the territorial limits of the continental United States for over five years.

On account of the above facts, we suggest that you present all of these documents to Mrs. Hicks at the Motor Vehicle Department and advise her of the above facts. We are sure that will enable you to secure the registration transfer desired.

Cordially yours,

"Mr. H. J. Kircher"  
Federal Reserve Bank,  
San Diego, Calif.

Dear Mr Kircher,

On March 28th 1942 I  
had a Consultation with you in reference  
to the selling of my business site which  
is located at 563. 5th Ave. San  
Diego California.

At that time the interested  
purchaser, "Mrs Francis, S. O. Connor,  
was with me. We discussed the  
entire transaction with you, - as she,  
Mrs. Francis, S. O Connor, wished to  
purchase this said business site from  
me. You therefore advised me to take  
Mrs. O Connor to see Mr. L. J. Peterson  
(Escrow officer) of the Bank of America

So, on Wed. April 22<sup>nd</sup> I sent a wire to Mr Peterson asking him if he could explain the delay.

We received a wire in return that he would close escrow immediately however we received a letter to day April 25<sup>th</sup>. from Mr Peterson in which he states that it would require more time for settlement.

So Mr Fischer I am appealing to you. for it is most imperative that this matter be expedited.

Anything that you can do to hasten this matter would be greatly appreciated by me. Trusting that you give this your immediate attention.

I remain most sincerely

Mr George Yamasaki

1011 - 19<sup>th</sup> St

Denver

Colorado

Main branch, which is at sixth and Broadway. - This I did.

Mrs. O'Connor, agreed to purchase my business - therefore on that same date March 28<sup>th</sup>, 1942. Mrs. O'Connor, placed the sale price of my business in Escrow at the Bank of America.

Since then I had received a letter from Mr L. J. Peterson, (Escrow officer) Bank of America, dated April 9<sup>th</sup>, 1942. in which he stated in part that they were furnished with Ges. bills the amount of \$3.28 and \$2.69 - and that if I approved for payment of this amount from funds in this escrow that I should sign the enclosed instructions and return same as soon as possible.

This I complied with immediately since then I had received no further word.

Gentlemen:

I am writing for information about property of the evacuees.

I understand it is the duty or obligation of the United States Government to see that their property is taken care of.

We are interested in ranch property in Fresno County, Biola, Selma or Fowler.

We owned and operated a Thompson seedless grape ranch near Fresno only two years ago. We can give references that we are capable of caring for a 40-acre ranch (grapes).

We are not interested in merely caring for property of some alien, but feel I would be serving my country.

I am a World War Veteran, 51 years of age, a little too old for military service but if I can be of service to our country in this capacity I would be happy.

If all the aliens are evacuated that should be, there will be a lot of vacant property, and it will be hard to find enough experienced men to take care of this property.

Will you kindly send me what information you have on this?

Yours truly,

(signed) S. P. Bennett

Dear Sir:

Acknowledging receipt of your letter dated March 15, 1942, we note your interest in ranch property in Fresno County adjacent to Viola, Selma and Fowler.

For the purpose of clarifying your understanding of our position, we might say that we are not acting in the capacity of alien property custodian, which office has otherwise been filled, but are endeavoring to lend assistance to the evacuees in advising and assisting them in matters relating to the equitable disposition of their property in connection with the evacuation program.

We will be pleased to hold available in our files your interest in ranch properties and are also forwarding a copy of your letter and our reply thereto to our district field office, 2146 Inyou Street, Fresno, and to our Los Angeles branch.

Yours very truly,

Dear Sirs:

I have been referred to a circular letter from the Federal Security Agency, Services For War Time Civilian Control Administration, dated March 20, 1942. This letter refers in general to instructions as to personal belongings of evacuees. It states families going to induction or reception centers should deliver all of their furniture and personal belongings to warehouses now being set up by the Evacuee Property Department of the Federal Reserve Bank. Personal property so delivered should be boxed and crated so that it can be stored and handled safely.

I am receiving a good many calls from Japanese in this connection, but I have had no instructions. Please advise if necessary.

Mr. Fred C. Bell, Manager  
Evacuee Property Department  
Federal Reserve Bank-San Francisco  
707 South Spring Street  
Los Angeles, California

Dear Sir:

This letter refers to report mailed to you March 23, regarding the property and scope of problem of one Martin Ito. Further investigation has disclosed facts that might necessitate "blocking" this property.

At the time of my interview with Martin Ito it was not disclosed that he had a father that has been interned as an enemy alien, and that the transactions as disclosed were with the father and not the son.

Martin Ito, the son, is a U.S. citizen, of age, and legal owner of the rental property where he raised avocados and various truck vegetables for sale. The father operated a produce business by lease on the property known as 2004 Midway Drive, San Diego, California. Mrs. E. G. Heath is the legal owner. During the fall of 1941, the father sold his lease and produce business to one Richard C. Day of La Jolla, California. At this time the lease still had about two years to go and called for a total payment of \$940.00. Mr. Day operated the business at a loss for about two months and closed up, defaulting on the lease. After the father was interned Mrs. Heath threatened action against Martin Ito for unpaid balance on lease. This office settled this controversy to the satisfaction of both parties by encouraging Ito to leave his some minor fixtures that Mrs. Heath wanted.

Attorney Edward L. Bracklow of San Diego, acting at the request of Mr. Day, now appears and advises that he is filing suit on behalf of Mr. Day against Martin Ito claiming damages for \$2820.77 as a result of a fraudulent transaction, and that they intend to attach property. This improved property in the Escondido district is considered worth about \$1,000.00 per acre.

In accordance with instruction letter No. 2, I am referring this matter to you for further action.

Mr. Watkins, of the Los Angeles office, telephoned me Tuesday afternoon regarding a certain inquiry from Shimizu Ono. Please advise Mr. Watkins that I have contacted Ono and that the transaction he inquired about will go through satisfactorily.

Very truly yours,

Dear Sirs:

Our attention has been called to certain transactions between the Jones-Cavanaugh Company, 1362 E. Sixth Avenue, Los Angeles, telephone Trinity 0494, and certain Japanese evacuees from San Diego County.

The Jones-Cavanaugh Company agreed to purchase ninety-nine crates of cauliflower from one George Segawa, Nestor, California, and five acres of cauliflower from one Kawakiyo Ota of Palm City, California. The Japanese in question were evacuated before the transaction could be completed, and instructed Jones-Cavanaugh Company to make payments to friends who were appointed attorneys in fact.

At the time the transactions were entered into, the going market price for cauliflower was around \$1.00 per crate, however, after considerable delay the Jones-Cavanaugh Company remitted checks to the attorneys in fact for amount of about 50% of the going market value.

We suggest that a representative from the main office contact the Jones-Cavanaugh Company regarding the above transactions.

Evacuee Property Department  
Federal Reserve Bank  
1165 Front Street  
San Diego, California

Gentlemen:

We acknowledge with thanks your letter of April 2nd, 1943 confirming an agreement for rental of 10,000 square feet at \$400 per month and the hauling of evacuees in San Diego County at the rate of \$2.50 per hour for truck and one man and \$3.50 per hour for truck and two men.

We previously advised that the 10,000 square feet to be furnished would be in two of our warehouses and that a floor space of 65 feet by 100 feet would be made available in one warehouse and later approximately 35 feet by 100 feet would be made available in the other warehouse. Until it is actually determined that the entire 10,000 square feet will be required, we will furnish you only with the 65 feet by 100 feet at a rental of \$200 monthly, and a separate agreement will be entered into in the event that additional space is required.

The floor space to be furnished is located in our building at 410 Market Street, San Diego, and the rental of \$200 per month shall commence April 10, 1943 and shall terminate July 10, 1943 with the understanding that the rental agreement will be renewed at the same price for an additional three 3-months periods provided, of course, that the household effects of the evacuees will at the time be in the custody of the Federal Reserve Bank.

In the event the balance of the 10,000 square feet (or 3,500 square feet more or less) is rented, such rent shall commence on the date that a separate agreement is entered into.

At the time that the effects are received by our van at the residence we will use any form furnished by you for the purpose of checking the items received and in addition thereto we will make an itemized list on our own

April 4, 1942

form of the items actually received. All such items received in the warehouse can then be checked by your representative. At the time that we haul the effects from the warehouse, the items will then be checked out against our inventory as well as your own form and a signature will be obtained from the owner or his authorized representative stating, in effect, that all of the property originally received from the owner has again been delivered in like order and condition except as otherwise noted.

In further accordance with our verbal understanding it is to be agreed that no liability is to be attached to the undersigned in the event of any loss or damage to the effects by fire and that the Federal Reserve Bank of San Francisco will hold us free and harmless in the event of any loss or damage occasioned by fire.

In the event that the above is not in accordance with your understanding or if there is any additional information required, do not hesitate to advise us.

Assuring you that we greatly appreciate this business and thanking you for your cooperation.

Very truly yours,

STATEMENT OF FACTS

On December 17, 1941, I sold to M. K. IGUCHI, doing business as San Diego Vegetable Exchange, one certain GMC Truck, Model CC405, Motor No. 24822510. Pursuant to the contract of sale, the purchaser delivered possession of a used truck which was being traded in on the purchase, and at the same time delivered to me a duly executed Bill of Sale on said used truck. The used truck was then immediately sent over to Colbeck Auto Works for the purpose of removing a third axle which was not involved in the transaction. Upon the return of the used truck, I proceeded, pursuant to instructions from the purchaser, to transfer the used body from the old truck to the new truck and to repaint and repair the used body. This work was not completed until sometime in February, 1942. I had the truck weighed and ready for licenses on February 23, 1942.

We are forwarding under separate cover this date the keys and registration certificates covering motor vehicles stored at San Diego.

The keys and registration certificate for motor vehicle owned by Hironi Nakano, family number 4237, were not included in package mailed to-day because the guard in closing one of the windows during wet weather inadvertently locked car with keys and certificate inside. We will have to employ a lock-smith to regain keys.

The motor vehicles were carefully checked before issuing receipt. This checking included license number, serial number, motor number, extra equipment, and spare tires as listed on form FDR-3. Items not listed were included in space for remarks, such as stating reasons for missing registration certificates.

Dear Sir:

We are enclosing herewith certain correspondence between this office and Ace Van & Storage Company relative to storage space for evacuee's personal property. The letter from Ace Van & Storage Company dated April 4, 1942 is not in line with the understanding that Mr. Coles and I had at the time we negotiated for this space. I have not had the opportunity of taking this matter up with the Ace Van & Storage Company due to Mr. Christrom's absence, and do not like to do so until it is determined what storage facilities will be used for the evacuation of northern San Diego County. Should it develop that personal property from that area were to be stored in this space, and should such property consume the remaining unoccupied space, there will be no need for further discussion.

May I call your attention to the fact that when we negotiated for this space we did so in the belief that the personal property from the entire county would be concentrated at this one point. Should Mr. Coles still be in your office he could give you more complete details about this.

The forms mailed are the copies that were delivered to the Ace Van & Storage Company as their guide in picking up the various lots for storage. The actual space being utilized by the furniture now in warehouse is 3,900 sq. ft. The actual bulk amount is 19,000 cu. ft.

There are still seven families in project #4 that have not been evacuated on account of illness. We believe they will be ready to leave sometime this week. There are also 383 German and 489 Italian aliens that have registered in San Diego County.

Dear Sir:

We are forwarding under separate cover Motor Vehicle Inspection and Valuation report forms, EPM-6, in accordance with instructions of April 22, 1942.

Motor vehicle registration form PRB-3, was not received for motor vehicle registered in name of A. Mitsume covering 1936 Ford Sedan, License No. 54T6M. Although registration certificate and pink slip stand in name of Mitsume, 125 North Central Avenue, Los Angeles, it is our understanding that this motor vehicle is owned by Henry Terada, family no. S.D. 103, and that certificates were in transfer at time of storage and evacuation. We suggest verification of this fact from above principles before final purchase is made.

The valuation report covering Dodge 1932 Sedan, License No. 29T263, standing in name of S. Koura, family no. 4001, was placed in storage after motor vehicle was recovered from Oceanside. We believe the Oceanside office forwarded the keys and PRB-3 to the Los Angeles office. Please return keys.

The keys for motor vehicles now in storage at San Diego were placed in the safe at the United States Employment Service office for safe-keeping. We are enclosing the above valuation reports EPM-6 with this letter.

Dear Sir:

In response to your request of May 8th, 1942, we are listing two Japanese accounts which are paid in full and on which we are withholding the actual release of title until we are in receipt of a form letter mailed to each Japanese in question.

The account of S. Kosaka of P. O. Box 308, Encinitas, California, covering 1941 Chevrolet Super DeLuxe Sedan was paid off in full on April 23rd, 1942 and the insurance policy cancelled. The account of Masako Yamauschi of 1625 Market Street, Gardena, California covering a 1941 Chevrolet 5 Passenger Coupe was paid off in full on April 9th, 1942 with the exception of a \$1.00 return check charge.

If it is your desire, we will deliver the ownership certificates on these two accounts to your office and obtain your receipt as we have done in the past. If it will be of any great convenience, we will waive the \$1.00 charge on the account of Masako Yamauschi. We trust that we may hear from you regarding this matter.

Gentlemen:

Loan #933 - Sakamoto

We understand you are handling collection of rentals on property at 2930-32-46 Sunset Place, North San Diego, which is owned by Mr. Joe Sakamoto, and that you are to make payments on our loan on this property.

Payments on our loan are delinquent. Taxes and fire insurance premiums are also delinquent. It will, therefore, be necessary to bring this account up to date in accordance with the following statement:

Feb. 10th and March 10th loan payments, @ \$18.00 each	\$ 36.00
Second installment 1941 taxes	35.04
Fire insurance premiums	65.00
	Total \$ 137.04
Less credit in reserve account	11.95
	Total due \$ 125.09

It is necessary to increase the reserve account payment to \$10.00 per month to take care of future taxes because of the increased assessment, and monthly remittances should, therefore, be at the rate of \$28.00 per month beginning April 10, 1942.

Dear Sirs:

Due to an apparent misunderstanding on the part of the members of our Japanese Congregational Church, they stored the major portion of their personal property in the church building. This was done without the knowledge of the officers of our church previous to noon of April 7th, which was the day they were leaving.

In our opinion the church property is hardly a suitable place for this to be stored.

Will you please advise us as to whether this personal property should be stored with the government? If this is necessary we wish to cooperate with the necessary authorities in having it placed in such storage if you will kindly advise us of the necessary procedure to be followed.

Dear Mr. Kircher

The case of M. Suzawa and the San Diego Consolidated Gas and Electric Co., involving the contract for Electric service entered into by Mr. Suzawa and which now will be come impossible for him to carry out, owing to his having to leave this area.

The Electric Company contends that Mr. Suzawa must recompense them for the service charge for the balance of one year on the contract. However, in going over the facts with the Oceanside office we find that the contract calls for six equal payments of \$8.75 a month beginning June 1, 1942. Owing to it being impossible for Mr. Suzawa to continue operating the acreage which is supplied with water from the well that the power service is furnished under, the Electric Company contract, Mr. Suzawa does not feel he should be obligated for the service charge.

There is also a deposit of \$50 to the credit of Mr. Suzawa held by the San Diego Consolidated Gas and Electric Co., to guarantee the payment of electric power used in pumping plant but as there is now no bills owing, Mr. Suzawa is asking the return of this deposit, which the Company continues to hold.

This office would appreciate it if you would take this matter up with the head office in San Diego, as any adjustment must come from them.
