INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

PLACED IN STORAGE AT Floor 1 Block 12
Room Aisle 3 358 E. 1st St, L. A.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Sir:

Your acknowledgment of Personal Property Form WCCA-FRB 2 has been received and we note your comment concerning the rugs.

Upon investigation we learn that the five rugs checked on your inventory list as having been received were actually five wrapped rolls of rugs. In view of this fact it is assumed that all of your rugs are contained in these five wrapped rolls.

If you will return your Personal Property Form in the enclosed self-addressed envelope, the necessary correction will be made and the form returned to you.

Yours very truly,

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Sir:

Because the baggage man would not take articles omitted by mistake from the storage list, I have had to put on my own list the articles left by my friends who evacuated to other centers before me.

At this time, while I know who is in custody of the baggage before they are handed over to the relocation authority, I wish to request that the articles marked on the enclosed copy of storage list be noted to be sent to their proper owners whose names and location are also marked.

Referring to my former request, can my wanted article be released to a friend so that it can be shipped to me now.

Yours very truly,

Benji Hara

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Sir:

Re: Hajime Tanaka, Family No. 34362
Los Angeles Address: 1840 E. First.

We would appreciate it if you would be so kind as to check with the above mentioned Japanese to ascertain if he is the one who left two partly filled sacks of rice at the Santa Fe Railway Depot at the time of his evacuation; and if so, deliver the enclosed check for $3.50 in payment of this rice which we sold for his account.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.
