### INSTRUCTIONS TO OWNER

By

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Sir:

When Mr. Ray Finch called here to settle business matters, I asked him to check into government storage of our baggages as the circumstances surrounding the missing baggages consisting of 2 trunks and 2 boxes might indicate robbery. The reason for our belief is the fact that we have had no government confirmation of a pickup and the fact that all but the heavy refrigerator is still in the house.

There is the possibility of the government representative picking up all but the refrigerator, and in which case, it is our desire that an arrangement be made to pick it up for storage.

Please let me know what developments there are on this matter at the earliest opportunity as in the case of robbery, we desire to take the proper steps to have an investigation started promptly.

Yours very truly,

Comments: I'm sure that the single

probably left there by your men.

Dear Sir:

Your acknowledgment of Personal Property Form WCCA-FRB 2 has been received and we note your comment that the single bed which was reported "not found" should have been in the house.

The goods actually received and placed in storage included 1 daybed in 3 sections: bed frame, springs and 2 ends. We assume you had reference to this daybed when you listed 1 single bed.

We hope this explanation will make the matter entirely clear.

Yours very truly,

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printer's list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Mr. Yamasaki:

We have received a letter from Mr. Benji Hara, Poston, Arizona, stating that one rocker and two straight chairs which were stored for him under our custody actually belong to you.

At his request, these items will be stored in your name as soon as you complete the enclosed Personal Property Forms WCCA FHB 2 and return them to this Bank.

It is necessary for us to know the Family Number which was assigned to you at the time of your evacuation. Also the address of the Control Station at which you were registered for evacuation.

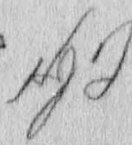

After completing the enclosed Personal Property Forms, you should keep one copy for your record, signing the other three copies and returning them to this Bank in the enclosed self-addressed envelope.

When the change has been completed a verified copy of the Personal Property Form will be forwarded to you.

Dear Mr. Bold:

re: K. Yamasaki  
99-B - 9th Street  
Pomona Assembly Center  
Pomona, California

This party brought in the attached letter regarding certain pieces of personal property. This party's husband is interned, so she is alone here, family number is 22830.

We had her sign four copies of FRB-2, which we are enclosing as requested by you.

The story as we get it from Mrs. Yamasaki is that she lived at 3859 Dozier Street, Los Angeles, previous to evacuation, and the rocker and two straight chairs mentioned in your letter were in the vicinity, and were given to Mr. Hara for handling into storage with us. This party then came to our Monterey Park Control Station to be evacuated with relatives into this area on Thursday, May 14th, according to her luggage ticket which she left with us here.

Presume you will want to check over the enclosed papers, and then send Mrs. Yamasaki, one copy for her records, which will then close the case.

Yours very truly,

Gentlemen:

Reference to Family No 22831- Form  
WCCA-7RB-2.

We received your letter today in regards to our property picked up from our former home ~~at~~ at 3743 E 5<sup>th</sup> Street, Los Angeles. All our property was received with a few exceptions according to your letter. All our property was either crated or boxed therefore from outward appearances it is hard to determine the contents. However on the WCCA-7RB-2 form we definitely checked off the items contained in the boxes and crates.

In your letter it is stated that certain items checked off were not received. But also states boxes and other items overlooked by us were added to the inventory therefore those

since they are necessities are marked and tagged with two tags ~~no~~ Nos 28, 32, 33, 34, 35, 38, 17, 20 & 39A. Will you please take care of these articles for us so that when we find out or are settled at a permanent camp can be taken out without much trouble?

(From the Federal Reserve Bank man here, Mr Woods, we were informed that the government would take care of the storage expense for us but articles desired sent from the storage company we would have to take care of the freight bill. But when we first registered when we were to be evacuated the Federal Reserve Bank man at the Monterey Park Registration Office told us the government would take care of all the expenses including the storage and freight of any article being sent to evacuees. Will you please inform me with the

items missing are probably those included in the boxes and crates that were additionally added to our list by your draymen.

We would like you to check up more thoroughly if you possibly can by the numbers on the boxes because we have an itemized list together with the numbers of all the boxes and crates we had stored. I realize there are four additional items including the ten crates added to our list by your draymen. The numbers are more or ~~few~~ less consecutive in number beginning from one through thirty nine. Many of the numbers have an A and B therefore in all there should be about forty two articles.

The articles we would like to have sent to us after we are ~~sent~~ settled at a permanent camp

correct information regarding this  
matter before we move ~~the~~ ~~move~~  
from this Assembly Center?

Thanking you in advance for  
your immediate attention

Yours truly,

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Sir;

There is another chest of drawers missing from the list. These furnitures are for the three Inaba families and not just one family. If it is possible please send them to Manzanar as ~~we~~ each family now has a separate apartment and would like to have our own furniture. Any furniture marked Inaba from Riverside belongs to me if you so please investigate and send it to Manzanar.

Sincerely yours,

R Inaba

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Sir:

Reference is made to your acknowledgment dated June 18, 1942 covering Personal Property stored at 353 East First Street, Los Angeles, California.

From your comments it is apparent that there was a slight mixup in two of the various items listed by you and your neighbor, Sonoko Iwata. Therefore, we are switching at the warehouse the tricycle that was listed to you over to Sonoko Iwata, and the bundle of table leaves, which was on his list, will be added to yours.

If you will send in your copy of Personal Property Form WCCA-FRB B, we will make this change thereon, so that all will be in order.

## INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or un-substantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Sir:

Reference is made to your acknowledgment dated June 8, 1942 covering Personal Property stored at 358 East First Street, Los Angeles, California.

From your comments, it is apparent that there was a slight mixup in two of the various items listed by you and your neighbor, K. Takeda. Therefore, at the warehouse we are switching the tricycle that now is listed to K. Takeda over to you, and the bundle of table leaves, which you state does not belong to you but to K. Takeda, has been placed to that account.

If you will send in your copy of Personal Property Form WCCA-FRB 2, we will make this change thereon, so that all will be in order.

It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Dear Madam:

We have received your acknowledgment of Personal Property Form WCCA-FRB 2 and note your comment concerning the portable typewriter which you did not show on your inventory list.

Your list has been carefully checked, and since there were various items received which you did not list, including a box, it may be supposed that it contains your portable typewriter, as there is nothing in our storage records to indicate that a portable typewriter in a black case has been received.

Yours very truly,

**INSTRUCTIONS TO OWNER**

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or un-substantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the
