FAMILY No. 11079
BILL K. ODOWARA

4/17/42

Lewis of Long Beach warehouse reported this family number had things at 127 Elm St. - Long Beach - this information given Lewis by Miss Pregman of the Long Beach U.S. Employment Office.

Lewis had everything at 127 Elm picked up and brought into the warehouse - nothing was tagged, except a few items for Janatara Shimo #11-78.

4/17/42

Froeling phoned Bellingly at Santa Anita to contact Odowara and Staw, FRB-2 forms from him.

4/20/42

Froeling confirmed by memo request to Bellingly to interview Odowara.

4/24/42

Bellingly and Hansen of Santa Anita reported on Odowara and furnished 3- FRB-2 forms covering ONE TRUNK -

Froeling inspected untagged items at Long Beach warehouse and could not locate a trunk not accounted for.

Froeling went to 127 Elm Street, Long Beach and interviewed
(over)

a Mrs Lindsay who is the owner of the property at that address. Mrs Lindsay said that to her knowledge "there were only" two trunks left here by Mrs Shimo (on Shimo's list there were 2 trunks) — "However it did look like the house had been broken into before the things had been picked up and put into storage" —

REPORT TO COWART:-

In the goods picked up by us from the residence of Mrs. J Shimo - 127 Elm St. Long Beach, we have no trunk in our possession tagged for you.

On our inspection of the premises and interview with the owner of the house with to report that there are no unclaimed articles or trunks remaining on the premises

Mr. A. M. Wallace
% Mr. Walter M. Charlsworth
55 South California Street
Ventura, California

Dear Archie:

Confirming our conversation of Monday while I was in Santa Barbara, I want to once more go over the points discussed in order that you will handle the evacuee storage on the same basis as we are doing down here.

CARTAGE: The movers are to render daily invoices setting forth the following: List of family numbers on lots picked up that day by the mover, starting hour, finishing hour, total hours, rate per hour and total billing. Only one copy of these invoices need be rendered. However, each billing must have your personal O. K. on it. Then you will forward same down here to us for payment. Invoices should be made out as follows: Federal Reserve Bank of San Francisco--Los Angeles Branch, Evacuee Department, 707 South Spring Street.

WAREHOUSE: You will be required to make up a warehouse "log book" covering all the lots in storage. Arrange same alphabetically and allow four columns to include family number, family name (last name first), number of pieces in the lot and location in the warehouse.

For your locations, I would suggest giving each isle a number and also the sections on that isle individual letters. You will notice on the back of the FRB-2 (personal property) forms that the first column which is for the owner's report of "number of pieces" will set forth one figure, while the second column, which is for our checking into the warehouse of "item check--received", will in some instances set forth an entirely different figure. For instance, the owner may report in his column as having one bed, while our column will show the bed to consist of many items. The owner may report in his column as having one grand piano, while our column will show piano, three legs and lyre. You are to write the number of items in the received column and initial same as the lot is being piled. It will help you a lot if you keep in mind that we require in the received column the actual number of items we will have to check out when the goods are released from storage.

REPORTS: The FRB-2 warehouse forms you get from the mover are to be forwarded to our office after all lots have been picked up, stored away

Mr. A. M. Wallace

-2-

May 6, 1948

and entered in your log book. You are to keep your log book in Santa Barbara.

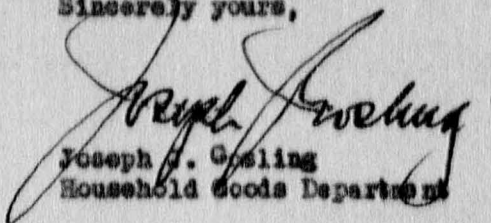

We will require separate information on the evacuees from Ventura County, Santa Barbara County and the lots you have received from Santa Maria, as follows: The number of family units (by this I mean the number of individual lots) and also the total cubic footage occupied by each of the three areas.

Invoices for reimbursement of labor, including your salary, I have discussed with Mr. Watkins and he suggests that you handle these through Mr. Charlsworth rather than doing so direct with this office, and whatever arrangement you make with Mr. Charlsworth as to overtime and Sunday wages will be acceptable to this office.

I will appreciate your dropping me a line a day or so before you have completed your work at the warehouse, so in case our office wishes me to come north again, I will have the opportunity do so while you still have all the warehouse forms in your possession.

If there is anything further you desire to know, feel free to call on me at any time.

Sincerely yours,

Joseph J. Gosling

Dear Mr. Charlsworth:

I am enclosing a letter addressed to
Mr. Wallace covering the routine to be
followed in handling the warehousing of
evacuee property. I will appreciate you
reading same before passing it on to Mr.
Wallace.

Very truly yours,
