SUBJECT: Evacuee Property Department

REFERENCE: Your letter of April 28, 1942

April 30, 1942

In accordance with your request, we are enclosing Forms FRB-2 covering the personal property stored in connection with the Lawndale-Downey district, Evacuation #6; San Diego district, Evacuation #4, and Los Angeles district, Evacuation #3. These forms are to be delivered to the War Relocation Authority.

Forms for Los Angeles and San Diego are complete. There are still five forms to be completed by the Lawndale-Downey district. In one of these instances an attachment has been run on the furniture and we have been unable to gain possession. In five other instances we have been unsuccessful in locating the personal effects, and our Field Representative at Santa Anita Park is endeavoring to get hold of specific instructions from the Japanese.

We should like to mention, for your information, that these forms are supported by individual 3" x 5" cards for each family. The card shows the name as reflected by Form FRB-2, the family number, the address from which the furniture was removed, and the location of the property within the warehouse. In addition, the storage in each warehouse is reflected in a separate bound book and these books show under an alphabetical arrangement the family name, number, number of pieces in the lot and location within the warehouse.

We assume that these supporting records will subsequently be released to the War Relocation Authority in support of the FRB-2 forms.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

No loose bundles of clothes, linens, utensils, or other small or unsubstantial household items will be accepted for storage. Farm products, farm machinery, automobiles, land, livestock, or pets must not be listed as personal property on this form.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

JUL 24 1942

Dear Mr. Bold: re: John Masao Nakano
Family No. 3555
17D - 7th Street
Pomona Assembly Center
Pomona, California

Reference is made to your letter of July 18th concerning the above. As mentioned to you over the telephone yesterday, I had this party in, and subsequent conversation developed that there's enough evidence for us to believe that he is not the proper party referred to in your letter, who has an interest in 9 boxes of records stored at our 358 E. First Street warehouse in Los Angeles.

He owns the property at 1601 West 12th Street, Los Angeles. He sold the contents of the grocery store, and has leased the entire premises including some furniture left for the new operator at this store for \$70.00 a month.

Believe his exact evacuating address was 1420½ Maple Avenue, Los Angeles, at which place he is storing about 12 boxes and cartons of personal belongings, clothing, etc. He mentioned more than once in the conversation that he did not have an interest in any other boxes, etc. apart from what is at the Maple address.

In checking the records here in the Personnel office, find that about dozen Nakano family registered here, some come from northern San Francisco area, the rest from Los Angeles. We are giving you those from the

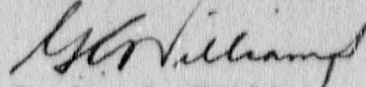

page 2--Mr. Bold--July 23, 1942

Los Angeles area, which may contain the one you are after, also giving the Los Angeles evacuating address along with their local one in this Center.

If we can serve you further in this connection, please advise.

Dear Mr. Williams:

We are advised that a John Masao Nakano is at the following address: 17 D 7th, Pomona Assembly Center. His family number is 3555 and his identification number is 235.

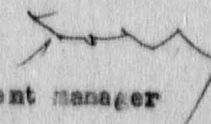

Our purpose in writing you is to ask that you talk with this man and, without committing this bank, ascertain if he is the same John M. Nakano who asked for special consideration in the storing of 9 boxes of records on April 14th, 1942 in the warehouse at 358 East First St., Los Angeles, California.

If you are entirely satisfied that this is the right man, please have him fill in and sign the attached three copies of Personal Property Form WCCA FHB-2 covering these nine boxes.

For your information a man named John M. Nakano asked for special consideration to the extent of storing these boxes because his place of business was being closed and his district had not yet been posted for evacuation. He promised to come to the office and file his Personal Property forms when he registered for evacuation. This he never did.

Your careful handling is requested.

It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

After all copies of the form have been filled in and returned to the

Civil Control Station, one copy, checked for conformity with the other three, will be given to the owner of the property. The copy delivered to the owner will be evidence merely that other copies of the form have been delivered. At this time the owner must leave the keys to the place where the property is to be found, or make arrangements to deliver the keys to the representative of the Evacuee Property Department of the Federal Reserve Bank of San Francisco before leaving the area of his residence.

The copy delivered to the owner merely shows the number of items, boxes, and crates which the owner claims he has prepared for storage. It does not constitute an agreed inventory. It does not constitute a verified list. It does not constitute any evidence of the number of items actually stored or of the contents of boxes, crates or packages. Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

INSTRUCTIONS TO OWNER

Before any property will be accepted for storage by the United States Government four (4) copies of this form must be filled in and returned to the Civil Control Station at which you registered for evacuation. On the back of each copy the items to be left for storage must be carefully listed. Items not on the printed list should be written in the blank spaces provided on this form.

Small articles must be securely packed in crates or boxes of not less than two (2) cubic feet capacity and will be indicated simply as to number of boxes, no attempt being made to itemize on this form the articles therein. All crates and boxes must be securely packed and fastened. Each box, crate, or article must be identified with tags obtained from the Civil Control Station.

Verification of the inventory list of items actually stored will be made as storage is accomplished. A verified list will then be forwarded to the owner.

The copy of the list mailed to the owner will serve as a permanent record and should be carefully preserved by him.

Mrs. Yoshihara's son, KAZUO YOSHIHARA, is the registered and legal owner of a 1940 Ford Sedan Delivery truck. Kazuo is a blocked national. Kazuo, who has lived here for over 23 years, went to Japan on a visit April 4, 1941 intending to return about December 1, 1941. War broke out and Kazuo has been unable to return to this country. At the time of his departure he left truck in storage here and gave his mother the pink slip with no power of attorney. Mrs. Yoshihara was granted a special license by the Federal Reserve Bank in March 1942 to take her son's car out of storage and use it to transport her family and goods to a reception center during the voluntary evacuation period. The voluntary evacuation period ended before they could get away. Now Mrs. Yoshihara is leaving by train for Tulare 7:00 a.m., May 6, 1942, under exclusion order #29. She has a cash buyer for truck, Miss Angelena Rosilli, 1415 E. Olive, Compton, California. Mrs. Yoshihara made application by mail May 2, 1942 to the Federal Reserve Bank in San Francisco for license to sell truck.

~~The license~~
~~has not been granted as yet.~~ The Department of Motor Vehicles will not accept transfer of title on truck without Kazuo's signature on ~~pink slip.~~

Mrs. Yoshihara wishes to complete transaction with buyer today before leaving in the morning.

★

THIS IS TO CERTIFY that the undersigned has read and understands the instructions on the reverse hereof regarding the disposition of the motor vehicle described on WCCA Form FRB-3, [to be attached hereto and incorporated by reference herein if this Agreement is signed] which the undersigned has signed concurrently herewith.

Said instructions and those on the reverse of WCCA Form FRB-3 are a part of this Agreement.

The undersigned desires to dispose of the aforesaid motor vehicle according to Alternative No. 1 set forth on the reverse hereof, and requests the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, to act accordingly. WESTERN DEFENSE COMMAND AND FOURTH ARMY
WARTIME CIVIL CONTROL ADMINISTRATION

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Busses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

INSTRUCTIONS TO EVACUEES
REGARDING DISPOSITION OF MOTOR VEHICLES

★

Evacuees will not be permitted to take their motor vehicles to reception centers. No assurance whatever can be given that evacuees will be enabled at some future time to have the motor vehicles now owned by them returned for their individual use.

The United States Army is authorized, in its discretion, to purchase motor vehicles from evacuees.

Prior to evacuation, motor vehicles may be stored, sold or otherwise disposed of by the owner privately, without governmental interference or assistance.

ALTERNATIVES OF STORAGE OR SALE

The other alternatives presented to the evacuee who owns a motor vehicle are as follows:

Alternative 1. To deliver his motor vehicle to Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, for storage at the owner's risk, without insurance; which storage will, in most instances, be in open areas (at Assembly Centers or other designated places) and must of necessity be of a character which will subject motor vehicles to a more or less rapid deterioration.

Alternative 2. To offer his motor vehicle for sale to the United States on the following basis:

The motor vehicle will be appraised by two disinterested appraisers and, in its discretion and at its option, the Army may buy the motor vehicle at the appraised price which shall not, however, exceed the Blue Book wholesale value in the locality where the purchase is consummated.

**PURCHASE OF MOTOR VEHICLES BY THE
UNITED STATES**

A. If the evacuee is **NOT** the legal owner of the motor vehicle, in order to arrange for a sale to the Army, he must present to the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, at the Civil Control Station, or such other place as may be directed, the following:

1. Registration certificate, duly endorsed.
2. The agreement on the reverse hereof, duly signed and witnessed.
3. Such other authorization and assurance as may be required by the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States.

In case the evacuee is not the legal owner, it must be clearly understood that if the indebtedness against the motor vehicle is equal to or

greater than the appraised value so that the evacuee has no equity, no sale to the United States will be consummated. In such an instance the right of any creditor to repossess or recapture, as provided by law, will not be resisted by the custodian of the motor vehicle.

B. If the evacuee **IS** the legal owner of the motor vehicle, he must, in addition to the foregoing, present the ownership certificate, duly endorsed.

DEFINITIONS AND CONDITIONS

Included in the term "motor vehicle" are the following:

1. Passenger cars, light and medium. Heavy passenger cars in order to come within the purchasable category must be classed as "medium", as the Army is not authorized to purchase any "heavy" passenger cars.
2. Motorcycles.
3. Buses and trucks of all types, including pick-up and delivery trucks; and tractors, including semi-truck tractors.

It is not intended to include within the term "motor vehicle" those self-propelled motor vehicles suited only for farm operation.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Gentlemen:

In regards to the telephone call of April 6th from your office, I am sending the Power of Attorney paper to you for the disposal of my truck.

There is still due to the General Motors Acc. Corp. a balance of \$444.36 in payments. But in the event of the sales of the truck and clearance of that balance with them, there will be a reduction of that amount. The unused insurance and carrying charges for the balance 14 months will be credited to me.

As for my equity in the pickup, I would like you to at least get around \$300.00, considering the amount I have already paid at the time of purchase and payments that I have made. At the present market, I believe that is not quoting too much.

The balance left from the clearance of the finance Company can be sent to The Security-First National Bank, 700 S. Central Ave., Los Angeles to the credit of Henry Yoshii, saving account #188582.

The General Motors Acc. Corp. will send a representative to your office in a few days to clarify this matter also.

In the event that the sale of any motor vehicle is not completed or appears not feasible, the Federal Reserve Bank of San Francisco, as Fiscal Agent of the United States, acting for and as agent of the evacuee, reserves the right to store such motor vehicle at the owner's risk, as above set forth, or to make such other disposition of such motor vehicle as may, in its sole discretion, appear to be just and equitable, including the right to permit the legal owner of such motor vehicle to take his legal recourse for repossession or otherwise.

It is intended that the above procedure will provide a feasible means of protecting the interests of evacuees in their motor vehicles, without prejudice to the interests of others therein, and thus will effect an equitable disposition of such property.

Dear Mr. Bold:

Your letter regarding the inquiry of Mr. Earl Stoll for the purchase of the property of H. Yosukochi, of San Luis Rey, consisting of a Pepper Drying Plant & Buildings in San Luis Rey, was received this morning.

We have had this property brought to our attention and we made an interview report on April 13, under the name of George Yosukochi, a member of the family who operates and is part-owner in this Pepper Drying equipment. We have telephoned Mr. Yosukochi this morning and verified our report of him, of April 13, that the Pepper Drying equipment, together with, 93 acres of land and the eleven trucks and tractors have been placed in the management and operation of Mr. Crawford, X. L. N. T. Tamale Co., 4301 Valley Blvd., Los Angeles, California, through Power of Attorney.

A Mrs. M. Harada, a business associate of Mr. Yosukochi, apparently owns the most interest in the Pepper Dryer and under the agreement with the X. L. N. T. Tamale Co., they are to have the use of the Pepper Dryer for drying 45 acres of peppers, and should they be able to dry peppers from surrounding acreage, Mrs. Harada will receive 50% and the X. L. N. T. Tamale Co. 50% of the returns from drying peppers for other growers.

Mr. George Yosukochi informs me that this Pepper Dryer had an investment of over \$20,000.00 which makes the value suggested by Mr. Stoll, appear much under-appraised. Mr. Yosukochi suggested that should Mr. Stoll be interested in the drying of peppers from some connection he may have in producing peppers in this area, that Mr. Crawford of the X. L. N. T. Tamale Co., be contacted and negotiation taken up with him.

Mr. Yosukochi informs me, that at no time has his family or Mrs. Harada, considered selling any of the property, having been successful in negotiating a satisfactory operating agreement with the X. L. N. T. Tamale Co.

We were expecting to write a completed report on this in our summing up the business of the evacuation in this area. The evacuees, as a whole, have been very successful in arranging their affairs satisfactorily.

Trust we have been able to give you the information desired regarding this matter.

Yours very truly,

Dear Mr. Wood:

Today we had a telephone inquiry from a Mr. Earl Stoll of this city asking for information concerning some property in your immediate neighborhood which is owned by a Japanese, H. Yasagouchi of San Luis Rey. The property supposedly consists of chili dryer equipment with a value of \$5,000.- or \$6,000.-. This amount might also include a building which houses this equipment that is used as a factory, and it is also likely to be on leased land.

Mr. Stoll is anxious to either buy or lease this property from the Japanese, but understands that he has moved from that location. We are wondering if you have any information regarding either the Japanese whereabouts or if the property was listed with us for some disposition.

Possibly you might have heard of this set-up and if so, try and give us as many particulars as possibly in order that some kind of a deal can be effected between Stoll and the Japanese, rather than see the property abandoned, if such be the case.

Yours very truly,

Assistant Manager

P. S. If the information you are able to obtain appears to be important enough, it might be well to give it to us by telephone.

Presented letter from California Trust Co dated Apr 10 relative to their escrow 20521 (Clark) in which they report Title Ins. Co will not issue Policy excepting that it ^{includes} in part a schedule B of their policy, a clause disclaiming liability by reason of any violation of alien land laws of State of Calif.

The facts are that this property was deeded to Guba when he was six years old. He is now 25. Guba when he was six years old. He is now 25. He has a buyer who will not accept Policy of title insurance with the above clause in it.

Action taken:

In view of fact property has been in Guba's name and possession continuously for 19 years Title Co's. stand that certain is a purely technical one on their part and I suggest the approach Title Guarantee for a policy. One can frequently get these technical angles worked on a competitive basis
