Went to Lusham & talked with Mr Fisher of
Lusham Bury Broom by phone securing a promise
of first answer on lease of property after their
directors meeting in the afternoon of 5/12/42.
Interviewed Edward Stubbs, attorney, who had on
Monday secured figures on title and insurance on
Japanese (Citizen) owned community building - about 100' prop.
Suggested to Mr Stubbs (thru his partner) that he look
up another prospect or two who might use the building.
Returned to Portland with assurance that Lusham Bury
Broom would consider leasing property and advise us 5/13/42
Bmk

5/13/42

9:00 Am Phoned Mr Fisher. (Lusham Bury Broom Assoc)
who advised that their association had decided it would
be impractical to use building since they have little
use for it, and feel there is considerable responsibility
in caring for the property by virtue of the Japanese
ownership involved. Mr Fisher stated he would
use every effort to find a renter for the building, and
would contact attorney Stubbs and so inform him of
their position.

MEMORANDUM

MAY 14, 1942

REFERENCE: Report at close of evacuation under Exclusion Order No. 46.
Balance of east Multnomah County and Clackamas County, Oregon.
May 7th to May 12, 1942.

1. Location of Civil Control Station used in evacuation.
Administration Building,
Gresham Fair Grounds,
Gresham, Oregon.
2. Number of Evacuees in project - 832.
3. Number of heads of families in project - 237.
4. Number of interviews referred to our representatives at Civil Control Center - 31.

Note - In line with the policy of the Federal Reserve Bank representatives, each family head was interviewed on the registration visit in order that a brief interview record could be taken for our files. All such interviews were completed at the time of the second visit and proper disposition noted by our representatives. Where property problems, storage of furniture or automobiles were involved, proper notation of our action was made in closing the interview data.

This work actually involved 236 first interviews, 230 second interviews (largely for clearing our records) and 4 special third visits, making a total 470 contacts with evacuees by our representatives, tho only 31 of these were actually scheduled interviews.

5. Number of motor vehicles taken into custody:
For sale to Army - 2.
Number for storage - 1.
All stored temporarily on open lot adjacent to Assembly Center, North Portland, Oregon and transferred to inside storage on May 12th at warehouse of Oregon Transfer Company, 733 N. W. Everett Street, Portland, Oregon.

6. Number of family units of property warehoused - 11 (Individual units of property - 66) Space occupied - Approximately (600) feet. All property is stored in warehouse of Oregon Transfer Company, 733 N. W. Everett Street, Portland, Oregon.

Note - A large percentage of the Japanese evacuated from this area were tenant farmers, and farm laborers. Farming is largely berry growing and small truck farming, and as a result the class of people in the area were possessed of a small amount of furniture and household goods as is common to the industry. Most operators either returned their properties to owners or re-leased to whites, and most of the farm equipment went with or stayed on the farm.

We believe this accounted for the very small amount of property storage required.

Respectfully submitted,

C. M. Howard
