Correction in Par List

To All Member Banks in the Second Federal Reserve District:

The May 1 supplement to the Federal Reserve par list issued to member banks by the Federal Reserve Board showing the changes since January 1 in the list of banks upon which items will be received by Federal Reserve Banks for collection and credit, should be corrected as follows:

The supplement shows the BAKER STATE BANK, Baker, Minneapolis, as "closed". This is in error. The bank should have been shown as a "withdrawal" from the par list, and the list should be corrected accordingly.

Very truly yours,

BENJ. STRONG,

Governor.
