[Circular No. 4083]
March 10, 1954]

Offering of \$1,500,000,000 of 94-Day Treasury Bills To Be Designated "Tax Anticipation Series"

Dated March 22, 1954

Maturing June 24, 1954

To all Incorporated Banks and Trust Companies, and Others Concerned,
in the Second Federal Reserve District:

Following is the text of a notice published today:

FOR RELEASE, MORNING NEWSPAPERS,
Wednesday, March 10, 1954.

TREASURY DEPARTMENT
Washington

The Treasury Department, by this public notice, invites tenders for \$1,500,000,000, or thereabouts, of 94-day Treasury bills, to be issued on a discount basis under competitive and noncompetitive bidding as hereinafter provided. The bills of this series will be designated Tax Anticipation Series, they will be dated March 22, 1954, and will mature June 24, 1954. They will be accepted at face value in payment of income and profits taxes due on June 15, 1954, and to the extent they are not presented for this purpose the face amount of these bills will be payable without interest at maturity. Taxpayers desiring to apply these bills in payment of June 15, 1954, income and profits taxes have the privilege of surrendering them to any Federal Reserve Bank or Branch not more than fifteen days before June 15, 1954, and receiving receipts therefor showing the face amount of the bills so surrendered. These receipts may be submitted in lieu of the bills on or before June 15, 1954, to the District Director of Internal Revenue for the district in which such taxes are payable. They will be issued in bearer form only, and in denominations of \$1,000, \$5,000, \$10,000, \$100,000, \$500,000, and \$1,000,000 (maturity value).

Tenders will be received at Federal Reserve Banks and Branches up to the closing hour, two o'clock p.m., Eastern Standard time, Tuesday, March 16, 1954. Tenders will not be received at the Treasury Department, Washington. Each tender must be for an even multiple of \$1,000, and in the case of competitive tenders the price offered must be expressed on the basis of 100, with not more than three decimals, e.g., 99.925. Fractions may not be used. It is urged that tenders be made on the printed forms and forwarded in the special envelopes which will be supplied by Federal Reserve Banks or Branches on application therefor.

Others than banking institutions will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from incorporated banks and trust companies and from responsible and recognized dealers in investment securities. Tenders from others must be accompanied by payment of 2 percent of the face amount of Treasury bills applied for, unless the tenders are accompanied by an express guaranty of payment by an incorporated bank or trust company.

Immediately after the closing hour, tenders will be opened at the Federal Reserve Banks and Branches, following which public announcement will be made by the Treasury Department of the amount and price range of accepted bids. Those submitting tenders will be advised of the acceptance or rejection thereof. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for \$200,000 or less without stated price from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive bids. Settlement for accepted tenders in accordance with the bids must be made or completed at the Federal Reserve Bank on March 22, 1954, in cash or other immediately available funds.

The income derived from Treasury bills, whether interest or gain from the sale or other disposition of the bills, shall not have any exemption, as such, and loss from the sale or other disposition of Treasury bills shall not have any special treatment, as such, under the Internal Revenue Code, or laws amendatory or supplementary thereto. The bills shall be subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. For purposes of taxation the amount of discount at which Treasury bills are originally sold by the United States shall be considered to be interest. Under Sections 42 and 117(a)(1) of the Internal Revenue Code, as amended by Section 115 of the Revenue Act of 1941, the amount of discount at which bills issued hereunder are sold shall not be considered to accrue until such bills shall be sold, redeemed or otherwise disposed of, and such bills are excluded from consideration as capital assets. Accordingly, the owner of Treasury bills (other than life insurance companies) issued hereunder need include in his income tax return only the difference between the price paid for such bills, whether on original issue or on subsequent purchase, and the amount actually received either upon sale or redemption at maturity, or the amount of income or profits taxes paid by means of the bills, during the taxable year for which the return is made, as ordinary gain or loss.

Treasury Department Circular No. 418, Revised, and this notice, prescribe the terms of the Treasury bills and govern the conditions of their issue. Copies of the circular may be obtained from any Federal Reserve Bank or Branch.

This Bank will receive tenders up to 2 p.m., Eastern Standard time, Tuesday, March 16, 1954, at the Securities Department of its Head Office and at its Buffalo Branch. Please use the form on the reverse side of this circular to submit a tender, and return it in an envelope marked "Tender for Treasury Bills—Tax Anticipation Series." Tenders may be submitted by telegraph, subject to written confirmation; they may not be submitted by telephone. *Payment for the Treasury bills cannot be made by credit through the Treasury Tax and Loan Account. Settlement must be made in cash or other immediately available funds.*

ALLAN SPROUL,
President.

Payment by credit through Treasury Tax and Loan Account will not be permitted.

IMPORTANT—If you desire to bid on a *competitive* basis, fill in rate per 100 and maturity value in paragraph headed "Competitive Bid." If you desire to bid on a *noncompetitive* basis, fill in only the maturity value in paragraph headed "Noncompetitive Bid." **DO NOT fill in both paragraphs on one form.** A separate tender must be used for each bid, except that banks submitting bids on a competitive basis for their own and their customers' accounts may submit one tender for the total amount bid at each price, provided a list is attached showing the name of each bidder, the amount bid for his account, and method of payment. Forms for this purpose will be furnished upon request.
