To All Banking Institutions, and Others Concerned,  
in the Second Federal Reserve District:

The following statement was made public April 30, 1954:

Secretary of the Treasury Humphrey announced today the following offerings of Treasury securities:

### CASH OFFERING

On Tuesday, May 4, the books will be opened for cash subscriptions to an issue of \$2,000,000,000, or thereabouts, of 4-year and 9 months 1½ percent Treasury notes to be dated May 17, 1954, and to mature February 15, 1959.

The books for cash subscription to this offering will be open only one day. Cash subscriptions addressed to a Federal Reserve Bank or Branch or the Treasury Department placed in the mail before midnight, May 4, will be considered as having been entered before the close of the subscription books.

Subscriptions may be paid for by credit in Treasury Tax and Loan accounts. Subscriptions from commercial banks, which for this purpose are defined as banks accepting demand deposits, for their own account, will be received without deposit, but will be restricted in each case to an amount not exceeding one-half the combined capital, surplus, and undivided profits of the subscribing bank. A payment of 10 percent of the amount of notes subscribed for, not subject to withdrawal until after allotment, must be made on all other subscriptions. All subscriptions for amounts up to and including \$10,000 will be allotted in full, and larger subscriptions will be allotted on an equal percentage basis, but not less than \$10,000 on any one subscription.

Commercial banks and other lenders are requested to refrain from making unsecured loans or loans collateralized in whole or in part by the notes subscribed for, to cover the 10 percent deposits required to be paid when subscriptions are entered. A certification by the subscribing bank that no such loan has been made will be required on each subscription entered by it for account of its customers. A certification that the bank has no beneficial interest in its customers' subscriptions, and that no customers have any beneficial interest in the bank's own subscription, will also be required.

### EXCHANGE OFFERING

Subscription books will be opened on May 5 for the following:

(a) A 1½ percent certificate of indebtedness dated May 17, 1954, to mature May 17, 1955 to be offered in exchange for:

1. \$1,743,115,500 of outstanding 2 percent Bonds of 1952-54, maturing June 15, 1954
2. \$373,161,500 of outstanding 2¼ percent Bonds of 1952-55 called for redemption on June 15, 1954
3. \$311,551,150 of outstanding 2¼ percent Bonds of 1954-56 called for redemption on June 15, 1954.

\$4,858,173,000 of outstanding 2½ percent Certificates of Indebtedness of Series B-1954, maturing June 1, 1954.

Accrued interest on the securities surrendered in exchange will be credited to their respective maturity or call dates, and accrued interest on the new securities from May 17, 1954, will be charged to those same dates.

The exchange subscription books for both issues, which will open on Wednesday, May 5, will close at the close of business Friday, May 7. Any exchange subscription addressed to a Federal Reserve Bank or Branch or the Treasury Department placed in the mail before midnight May 7, will be considered as timely.

The terms of the offerings referred to above are set forth in Treasury Department Circular Nos. 943 and 944, both dated May 4, 1954; a copy of each is printed on the following pages. Please note in Treasury Circular No. 944 that cash subscriptions from commercial banks for their own account will be restricted in each case to an amount not exceeding one-half of the combined capital, surplus and undivided profits, of the subscribing bank, as of December 31, 1953.

Subscriptions will be received by this Bank as fiscal agent of the United States. Subscriptions should be made on official subscription forms and mailed immediately or, if filed by telegram or letter, should be confirmed immediately by mail on the forms provided. In subscribing for the 1½ percent certificates, please use a separate subscription form for each issue surrendered in exchange.

The books for cash subscription will be open for one day only, Tuesday, May 4, 1954; any cash subscription addressed to a Federal Reserve Bank or Branch or to the Treasury Department and placed in the mail before midnight May 4 will be considered as timely. # DIRECTORY OF NEW JERSEY BANKS

By arrangement with William H. Dillistin and the New Jersey Bankers Association, there is presented herewith Cumulative Supplement No. 5 to the Directory of New Jersey Banks 1804 — 1942, which was compiled by Mr. Dillistin and published by the Association in 1942.

This supplement covers the period from March 31, 1942 to March 1, 1954, and sets forth a brief statement of each addition or change affecting the material in the directory, which has come to our notice since its publication. Following the plan of the directory, the new material is set forth with respect to the banks in the various cities and towns (Part I), arranged in alphabetical order by location. Part I of this supplement also includes the name and location of each bank that now operates a branch or branches outside of its head office city, together with the location of each such branch. There is also included in this supplement a list of additions to Part II of the directory, which is an alphabetical index of all banks regardless of location.

**An asterisk (\*) preceding the bank name in Part I, as heretofore, indicates an active bank or a branch of an active bank.**

This supplement has been prepared by the Federal Reserve Bank of New York in cooperation with the Federal Reserve Bank of Philadelphia, from information derived from sources believed to be reliable. Copies are being distributed to all banking institutions in the State of New Jersey, and will be furnished to others upon request, only upon the understanding that the Federal Reserve Bank of New York does not warrant the completeness and accuracy of the information, and is not responsible for any errors or omissions.

March 1, 1954.

# HISTORICAL DIRECTORY OF THE BANKS OF THE STATE OF NEW YORK

By arrangement with William H. Dillistin and the New York State Bankers Association, there is presented herewith Cumulative Supplement No. 4 to the Historical Directory of the Banks of the State of New York, which was compiled by Mr. Dillistin and published by the Association in October, 1946.

This supplement covers the period from October 1, 1946 to March 1, 1954, and sets forth a brief statement of each addition or change affecting the material in the directory, which has come to our notice since the directory was published. Following the plan of the directory, the new material is presented first with respect to banks in the City of New York (Part I), and then with respect to banks in other cities and towns (Part II), arranged in alphabetical order by location. There is also included in this supplement a list of additions to Part III of the directory, which is an alphabetical index of all bank names regardless of location.

The superior letters preceding bank names in Parts I and II have the same meanings as in the original directory, as follows:

**<sup>A</sup>Bank in active operation.**

**<sup>B</sup>Out-of-town branch of an active bank.**

This supplement has been prepared by the Federal Reserve Bank of New York, from information derived from sources believed to be reliable. Copies are being distributed to all banking institutions in the State of New York, and will be furnished to others upon request, only upon the understanding that this Bank does not warrant the completeness and accuracy of the information, and is not responsible for any errors or omissions.
