

Fiscal Agent of the United States

[Circular No. 4618]
July 10, 1958

Dated July 17, 1958

Maturing October 16, 1958

Following is the text of a notice published today:

FOR RELEASE, MORNING NEWSPAPERS,
Thursday, July 10, 1958.

TREASURY DEPARTMENT
Washington

Tenders will be received at Federal Reserve Banks and Branches up to the closing hour, one-thirty o'clock p.m., Eastern Daylight Saving time, Monday, July 14, 1958. Tenders will not be received at the Treasury Department, Washington. Each tender must be for an even multiple of \$1,000, and in the case of competitive tenders the price offered must be expressed on the basis of 100, with not more than three decimals, e.g., 99.925. Fractions may not be used. It is urged that tenders be made on the printed forms and forwarded in the special envelopes which will be supplied by Federal Reserve Banks or Branches on application therefor.

Immediately after the closing hour, tenders will be opened at the Federal Reserve Banks and Branches, following which public announcement will be made by the Treasury Department of the amount and price range of accepted bids. Those submitting tenders will be advised of the acceptance or rejection thereof. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for \$200,000 or less without stated price from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive bids. Settlement for accepted tenders in accordance with the bids must be made or completed at the Federal Reserve Bank on July 17, 1958, in cash or other immediately available funds or in a like face amount of Treasury bills maturing July 17, 1958. Cash and exchange tenders will receive equal treatment. Cash adjustments will be made for differences between the par value of maturing bills accepted in exchange and the issue price of the new bills.

The income derived from Treasury bills, whether interest or gain from the sale or other disposition of the bills, does not have any exemption, as such, and loss from the sale or other disposition of Treasury bills does not have any special treatment, as such, under the Internal Revenue Code of 1954. The bills are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. For purposes of taxation the amount of discount at which Treasury bills are originally sold by the United States is considered to be interest. Under Sections 454(b) and 1221(5) of the Internal Revenue Code of 1954 the amount of discount at which bills issued hereunder are sold is not considered to accrue until such bills are sold, redeemed or otherwise disposed of, and such bills are excluded from consideration as capital assets. Accordingly, the owner of Treasury bills (other than life insurance companies) issued hereunder need include in his income tax return only the difference between the price paid for such bills, whether on original issue or on subsequent purchase, and the amount actually received either upon sale or redemption at maturity during the taxable year for which the return is made, as ordinary gain or loss.

Treasury Department Circular No. 418, Revised, and this notice, prescribe the terms of the Treasury bills and govern the conditions of their issue. Copies of the circular may be obtained from any Federal Reserve Bank or Branch.

This Bank will receive tenders up to 1:30 p.m., Eastern Daylight Saving time, Monday, July 14, 1958, at the Securities Department of its Head Office and at its Buffalo Branch. Please use the form on the reverse side of this circular to submit a tender, and return it in an envelope marked "Tender for Treasury Bills." Tenders may be submitted by telegraph, subject to written confirmation; they may not be submitted by telephone. *Payment for the Treasury bills cannot be made by credit through the Treasury Tax and Loan Account. Settlement must be made in cash or other immediately available funds or in maturing Treasury bills.*

ALFRED HAYES, *President.*

DIRECTORY OF NEW JERSEY BANKS

By arrangement with William H. Dillistin and the New Jersey Bankers Association, there is presented herewith Cumulative Supplement No. 7 to the Directory of New Jersey Banks 1804 — 1942, which was compiled by Mr. Dillistin and published by the Association in 1942.

This supplement covers the period from March 31, 1942 to March 31, 1958 and sets forth a brief statement of each addition or change affecting the material in the directory, which has come to our notice since its publication. Following the plan of the directory, the new material is set forth with respect to the banks in the various cities and towns (Part I), arranged in alphabetical order by location. Part I of this supplement also includes the name and location of each bank that now operates a branch or branches outside of its head office city, together with the location of each such branch. There is also included in this supplement a list of additions to Part II of the directory, which is an alphabetical list of all banks regardless of location.

An asterisk (*) preceding the bank name in Part I, as heretofore, indicates an active bank or a branch of an active bank.

This supplement has been prepared by the Federal Reserve Bank of New York in cooperation with the Federal Reserve Bank of Philadelphia, from information derived from sources believed to be reliable. Copies are being distributed to all banking institutions in the State of New Jersey, and will be furnished to others upon request, only upon the understanding that the Federal Reserve Bank of New York does not warrant the completeness and accuracy of the information, and is not responsible for any errors or omissions.

HISTORICAL DIRECTORY OF THE BANKS OF THE STATE OF NEW YORK

By arrangement with William H. Dillistin and the New York State Bankers Association, there is presented herewith Cumulative Supplement No. 6 to the Historical Directory of the Banks of the State of New York, which was compiled by Mr. Dillistin and published by the Association in October, 1946.

This supplement covers the period from October 1, 1946 to March 31, 1958, and sets forth a brief statement of each addition or change affecting the material in the directory, which has come to our notice since the directory was published. Following the plan of the directory, the new material is presented first with respect to banks in the City of New York (Part I), and then with respect to banks in other cities and towns (Part II), arranged in alphabetical order by location. There is also included in this supplement a list of additions to Part III of the directory, which is an alphabetical index of all bank names regardless of location.

The superior letters preceding bank names in Parts I and II have the same meanings as in the original directory, as follows:

^ABank in active operation.

^BOut-of-town branch of an active bank.

This supplement has been prepared by the Federal Reserve Bank of New York, from information derived from sources believed to be reliable. Copies are being distributed to all banking institutions in the State of New York, and will be furnished to others upon request, only upon the understanding that this Bank does not warrant the completeness and accuracy of the information, and is not responsible for any errors or omissions.
