The bills of both series will be issued on a discount basis under competitive and noncompetitive bidding as hereinafter provided, and at maturity their face amount will be payable without interest. They will be issued in bearer form only, and in denominations of \$1,000, \$5,000, \$10,000, \$50,000, \$100,000, \$500,000 and \$1,000,000 (maturity value).

Tenders will be received at Federal Reserve Banks and Branches up to the closing hour, one-thirty p.m., Eastern Standard time, Monday, October 28, 1963. Tenders will not be received at the Treasury Department, Washington. Each tender must be for an even multiple of \$1,000, and in the case of competitive tenders the price offered must be expressed on the basis of 100, with not more than three decimals, e.g., 99.925. Fractions may not be used. It is urged that tenders be made on the printed forms and forwarded in the special envelopes which will be supplied by Federal Reserve Banks or Branches on application therefor.

Banking institutions generally may submit tenders for account of customers, provided the names of the customers are set forth in such tenders. Others than banking institutions will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from incorporated banks and trust companies and from responsible and recognized dealers in investment securities. Tenders from others must be accompanied by payment of 2 percent of the face amount of Treasury bills applied for, unless the tenders are accompanied by an express guaranty of payment by an incorporated bank or trust company.

Immediately after the closing hour, tenders will be opened at the Federal Reserve Banks and Branches, following which public announcement will be made by the Treasury Department of the amount and price range of accepted bids. Those submitting tenders will be advised of the acceptance or rejection thereof.

This Bank will receive tenders for both series up to 1:30 p.m., *Eastern Standard time*, Monday, October 28, 1963, at the Securities Department of its Head Office and at its Buffalo Branch. Tender forms for the respective series are enclosed. Please use the appropriate forms to submit tenders and return them in an envelope marked "Tender for Treasury Bills." Tenders may be submitted by telegraph, subject to written confirmation; they may not be submitted by telephone. *Payment for the Treasury bills cannot be made by credit through the Treasury Tax and Loan Account. Settlement must be made in cash or other immediately available funds or in maturing Treasury bills.*

High	99.126 ^a	3.458%	98.174 ^b	3.612%
Low	99.117	3.493%	98.158	3.644%
Average	99.118	3.488% ¹	98.167	3.626% ¹

^a Excepting one tender of \$550,000.

^b Excepting one tender of \$60,000.

¹ On a coupon issue of the same length and for the same amount invested, the return on these bills would provide yields of 3.58 percent for the 91-day bills, and 3.76 percent for the 182-day bills. Interest rates on bills are quoted in terms of bank discount, with the return related to the face amount of the bills payable at maturity rather than the amount invested, and their length in actual number of days related to a 360-day year. In contrast, yields on certificates, notes, and bonds are computed in terms of interest on the amount invested, and relate the number of days remaining in an interest payment period to the actual number of days in the period, with semiannual compounding if more than one coupon period is involved.

(91 percent of the amount of 91-day bills bid for at the low price was accepted.)

(4 percent of the amount of 182-day bills bid for at the low price was accepted.)
