HISTORICAL DIRECTORY OF THE BANKS OF THE STATE OF NEW YORK

By arrangement with William H. Dillistin and the New York State Bankers Association, there is presented herewith Cumulative Supplement No. 8 to the Historical Directory of the Banks of the State of New York, which was compiled by Mr. Dillistin and published by the Association in October, 1946.

This supplement covers the period from October 1, 1946 to September 30, 1963, and sets forth a brief statement of each addition or change affecting the material in the directory, which has come to our notice since the directory was published. Following the plan of the directory, the new material is presented first with respect to banks in the City of New York (Part I), and then with respect to banks in other cities and towns (Part II), arranged in alphabetical order by location. There is also included in this supplement a list of additions to Part III of the directory, which is an alphabetical index of all bank names regardless of location.

The superior letters preceding bank names in Parts I and II have the same meanings as in the original directory, as follows:

^ABank in active operation.

^BOut-of-town branch of an active bank.

This supplement has been prepared by the Federal Reserve Bank of New York, from information derived from sources believed to be reliable. Copies are being distributed to all banking institutions in the State of New York, and will be furnished to others upon request, only upon the understanding that this Bank does not warrant the completeness and accuracy of the information, and is not responsible for any errors or omissions.
