DIRECTORY OF NEW JERSEY BANKS

By arrangement with William H. Dillistin and the New Jersey Bankers Association, there is presented herewith Cumulative Supplement No. 9 to the Directory of New Jersey Banks 1804 — 1942, which was compiled by Mr. Dillistin and published by the Association in 1942.

This supplement covers the period from March 31, 1942 to September 30, 1963 and sets forth a brief statement of each addition or change affecting the material in the directory, which has come to our notice since its publication. Following the plan of the directory, the new material is set forth with respect to the banks in the various cities and towns (Part I), arranged in alphabetical order by location. Part I of this supplement also includes the name and location of each bank that now operates a branch or branches outside of its head office city, together with the location of each such branch. There is also included in this supplement a list of additions to Part II of the directory, which is an alphabetical list of all banks regardless of location.

An asterisk (*) preceding the bank name in Part I, as heretofore, indicates an active bank or a branch of an active bank.

This supplement has been prepared by the Federal Reserve Bank of New York in cooperation with the Federal Reserve Bank of Philadelphia, from information derived from sources believed to be reliable. Copies are being distributed to all banking institutions in the State of New Jersey, and will be furnished to others upon request, only upon the understanding that the Federal Reserve Bank of New York does not warrant the completeness and accuracy of the information, and is not responsible for any errors or omissions.
