

FEDERAL RESERVE BANK OF NEW YORK

NEW YORK, N. Y. 10045

AREA CODE 212 732-5700

June 25, 1969

Changes in This Bank's Telephone and Organization Directory

To All Banks, and Others Concerned, in the Second Federal Reserve District:

In a letter dated April 22, 1969, we cautioned users of this Bank's telephone and organization directory that the Bank's full telephone number, Area Code 212-732-5700, must be dialed in order to reach any extension at the Bank. However, some users of the directory are apparently still misreading extension listings as full telephone numbers and, as a result, are reaching parties other than this Bank.

To assist in the avoidance of these errors, the extension listings for the following entries in the directory have been changed to read as follows:

<u>Page</u>	<u>Inquiry</u>	<u>New Extension</u>
14	Margin regulations (Regulations G, T, and U)	8150
15	Registration statements and other reports of State member banks under Regulation F	8150
	Regulations	
	F--Securities of member State banks	8150
	G--Credit by persons other than banks, brokers, or dealers	8150
16	T--Credit by brokers, dealers, and members of national securities exchanges	8150
	U--Credit by banks for the purpose of purchasing or carrying registered stocks	8150
	Reports	
	Registration statements and other reports of State member banks under Regulation F	8150
18	Securities of member State banks (Regulation F)	8150

Please change your copy of this Bank's telephone and organization directory to reflect such changes by deleting the references to Extensions 526 and 8149 now listed with respect to the above matters. Hereafter, all calls pertaining to such matters should be directed only to Extension 8150.

CHESTER B. FELDBERG Secretary
