# Revised Treasury Department Circulars on Offering of Series E and H Savings Bonds

Sale of U. S. Savings Notes (Freedom Shares) to Terminate June 30, 1970

To Issuing Agents for Series E Savings Bonds, and Others Concerned, in the Second Federal Reserve District:

Enclosed are copies of the following documents:

Federal Register, Part II, dated January 17, 1970, which contains the text of Treasury Department Circular No. 653, Eighth Revision, "Offering of United States Savings Bonds, Series E," effective December 1, 1969.

Federal Register, Part II, dated January 21, 1970, which contains the text of Treasury Department Circular No. 905, Fifth Revision, "Offering of United States Savings Bonds, Series H," effective December 1, 1969.

The revised Treasury circulars reflect the following principal changes:

Beginning with the first semiannual interest period starting on and after June 1, 1969, interest rates on outstanding Series E and H bonds have been increased from approximately 4½ percent to 5 percent, if held to maturity. The new rate of 5 percent to maturity also applies to all Series E and H bonds sold on or after June 1, 1969.

The annual limitation on holdings of Series E bonds has been reduced from \$20,000 (face amount) to \$5,000 (purchase price), or approximately \$6,650 (face amount). The annual limitation for holdings of Series H bonds has been reduced from \$30,000 (face amount) to \$5,000 (face amount).

The original maturity of Series E bonds has been shortened from 7 years to 5 years, 10 months. The maturity for Series H bonds continues at 10 years.

The Treasury Department has announced that, because Series E bonds now yield the same 5 percent rate as United States Savings Notes (Freedom Shares)—offered since May 1967 as a tie-in purchase with E bonds—the savings notes will be withdrawn from sale on June 30, 1970. Issuing agents that operate or service payroll savings accounts for the purchase of savings bonds and notes are therefore requested to phase out savings notes sales prior to June 30, 1970 and to make an orderly final accounting for their savings note stock. For their final accounting, such issuing agents are requested to notify our Savings Bond Department in advance of the date on which they will terminate the sale of savings notes. We will then make arrangements for the return of any unissued stock. Agents that issue savings notes over-the-counter only are asked to return unissued note stock and to make their final accounting therefor not later than August 31, 1970.

Additional copies of the enclosures will be furnished upon request.

ALFRED HAYES,

President.

In the names of and showing the titles or capacities of any persons or organizations, public or private, as fiduciaries (including trustees, legal guardians or similar representatives, and certain custodians), but not where the fiduciary would hold the bonds merely or principally as security for the performance of a duty, obligation, or service.

#### § 316.5 Limitation on holdings.

The amount of Series E bonds originally issued during any 1 calendar year that may be held by any one person, at any one time, computed in accordance with the governing regulations, is limited, as follows:

(a) General limitation. \$5,000 (issue price) for the calendar year 1969 and

each calendar year thereafter.<sup>a</sup>
(b) Special limitation for employees savings plans. \$2,000 (face amount) multiplied by the highest number of participants in any employees' savings plan, as defined in subparagraph (1) of this paragraph, at any time during the year in which the bonds are issued.

(1) Definition of plan and conditions of eligibility. (1) The employees' savings plan must have been established by the employer for the exclusive and irrevocable benefit of his employees or their beneficiaries, afford employees the means of making regular savings from their wages through payroll deductions, and provide for employer contributions to be added

to such savings. (ii) The entire assets thereof must be credited to the individual accounts of participating employees and assets credited to the account of an employee may be distributed only to him or his beneficiary, except as otherwise provided

herein.

4 Commercial banks, as defined in § 315.7 (c) (1) of Department Circular No. 530, current revision; for this purpose are those ac-

cepting demand deposits.

Investors who purchased less than \$5,000 (issue price) of the bonds prior to the effective date of these regulations will be entitled only to purchase enough to bring their total for the year to that amount. Investors who purchased more than that amount prior to the effective date will not be entitled to purchase additional bonds during the calendar

The proceeds of redemption of bonds of Series F, G, J, and K, all now matured, may be used by owners for the purchase of Series E bonds without regard to the limitation un-der the conditions and restrictions set forth in § 316.5(b) of the seventh revision of this

<sup>7</sup> Savings and vacation plans may be eligible for this special limitation. Questions concerning eligibility of such plans should be addressed to the Bureau of Public Debt, Di-vision of Loans and Currency Branch, 536 South Clark Street, Chicago, Ill. 60605.

(iii) Series E bonds may be purchased only with assets credited to the accounts of participating employees and only if the amount taken from any account at any time for that purpose is equal to the purchase price of a bond or bonds in an authorized denomination or denominations, and shares therein are credited to the accounts of the individuals from which the purchase price thereof was derived, in amounts corresponding with their shares. For example, if \$37.50 credited to the account of John Jones is commingled with funds credited to the accounts of other employees to make a total of \$7,500, with which a Series E bond in the denomination of \$10,000 (face amount) is purchased in February 1966 and registered in the name and title of the trustee, the plan must provide, in effect, that John Jones' account shall be credited to show that he is the owner of a Series E bond in the denomination of \$50 (face amount) bearing issue date of February 1, 1966.

(iv) Each participating employee shall have an irrevocable right at any time to demand and receive from the trustee all assets credited to his account or the value thereof, if he so prefers, without regard to any condition other than the loss or suspension of the privilege of participating further in the plan. However, a plan will not be deemed to be inconsistent herewith if it limits or modifies the exercise of any such right by providing that the employer's contribution does not vest absolutely until the employee shall have made contributions under the plan in each of not more than 60 calendar months succeeding the month for which the employer's

contribution is made. (v) Upon the death of an employee, his beneficiary shall have the absolute and unconditional right to demand and

receive from the trustee all assets credited to the account of the employee, or the value thereof, if he so prefers.

(vi) When settlement is made with an employee or his beneficiary with respect to any Series E bond registered in the name and title of the trustee in which the employee has a share (see subdivisions (ii) and (iii) of this subparagraph), the bond must be submitted for redemption or reissue to the extent of such share. If an employee or his beneficiary is to receive distribution in kind, bonds bearing the same issue dates as those credited to the employee's account will be reissued in the name of the distributee to the extent to which he is entitled, in authorized denominations, in any authorized form of registration, upon the request and certification of the trustee in accordance with the governing regulations.

(2) Definition of terms used in this subsection-related provisions. (i) The term "savings plan" includes any regulations issued under the plan with regard to Series E bonds. A trustee desiring to purchase bonds in excess of the general limitation in any calendar year should submit to the Federal Reserve Bank of the District, a copy of (a) the plan, (b) any such regulations, and (c) the trust agreement, all certified to be true copies, in order to establish its eligibility.

(ii) The term "assets" means all funds, including the employees' contributions and employer's contributions and assets purchased therewith as well as accretions thereto, such as dividends on stock, the increment in value on bonds and all other income; but, notwithstanding any other provision of this subsection, the right to demand and receive "all assets" credited to the account of an employee shall not be construed to require the distribution of assets in kind when it would not be possible or practicable to make such distribution: for example, Series E bonds may not be reissued in unauthorized denominations, and fractional shares of stock are not readily distributable in kind.

(iii) The term "beneficiary" means the person or persons, if any, designated by the employee in accordance with the terms of the plan to receive the benefits of the trust upon his death or the estate of the employee, and the term "distributee" means the employee or his

beneficiary.

## § 316.7 Delivery of bonds by mail.

## Extended terms and improved yields for outstanding bonds.

(a) Extended maturity periods-(1) General. The terms "extended maturity period" and "second extended maturity period," when used herein, refer to the intervals after the maturity dates during which owners may retain their bonds and continue to earn interest on the maturity values, or the extended maturity values.8 No special action is required of owners desiring to take advantage of any extensions heretofore or hereby granted. By continuing to hold their bonds after maturity, or extended maturity, as the case may be, owners will continue to earn further interest on their bonds.

(2) Bonds with issue dates May 1, 1941, through April 1, 1952. Owners of Series E bonds with issue dates of May 1, 1941, through April 1, 1952, may retain their bonds for a second extended maturity

extended maturity period of 10 years.
(b) Improved yields 10—(1) Outstanding bonds. The investment yield on all Series E bonds outstanding on the effective date of these regulations is hereby increased to approximately 5 percent per annum, compounded semiannually, as follows

(i) Bonds with issue dates June 1, 1963, through May 1, 1969. For the remaining period to the maturity date.

(ii) Bonds with issue dates June 1, 1951, through May 1, 1963. For any re-

(iii) Bonds with issue dates June 1, 1949, through May 1, 1951. For any remaining period to the extended maturity date and for the second extended maturity period.

(iv) Bonds with issue dates May 1, 1941, through May 1, 1949. For the remaining period to the second extended maturity date.

The increase in yield will be less if the bonds are redeemed earlier. The increase, on a graduated basis, will begin with the first 6-month interest accrual period starting on or after June 1, 1969.

(2) Presently authorized extensions. The investment yield for any presentlyauthorized extension period for which tables of redemption values and investment yields are not announced and published herein will be at the rate in effect for Series E bonds being currently issued on the maturity date or extended maturity date, as the case may be.

# § 316.9 Taxation.

(a) General. For the purpose of determining taxes and tax exemptions, the increment in value represented by the difference between the price paid for Series E bonds (which are issued on a discount basis) and the redemption value received therefor shall be considered as interest. Such interest is subject to all taxes imposed under the Internal Revenue Code of 1954. The bonds are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

(b) Federal income tax on bonds. An owner of Series E bonds who is a cash basis taxpayer may use either of two methods for reporting the increase in the redemption value of the bonds for Federal income tax purposes, as follows:

(1) Defer reporting of the increase until the year of maturity, actual redemption, or other disposition, whichever is earlier; or

(2) Elect to report the increases each year as they accrue, in which case the election will apply to all Series E bonds then owned by him and to those thereafter acquired, as well as to any other similar obligations sold on a discount

If method (1) is used, the taxpayer may change to method (2) without obtaining permission from the Internal Revenue Service. However, once the election to use method (2) is made, the taxpayer may not change the method of reporting unless he obtains permission to do so from the Internal Revenue Service. Inquiries concerning further information on Federal taxes should be addressed to the District Director, Internal Revenue Service, of the taxpayer's district, or the Internal Revenue Service, Washington, D.C. 20224,

# § 316.10 Payment or redemption.

(a) General. A Series E bond may be redeemed in accordance with its terms at the appropriate redemption value as shown in the applicable tables hereof for bonds bearing various issue dates back to May 1, 1941. The redemption values of bonds in the denomination of \$100,000° (which was authorized as of January 1, 1954) are not shown in the tables. However, the redemption values of bonds in that denomination will be equal to the total redemption values of ten \$10,000 bonds bearing the same issue dates. A Series E bond in a denomination higher than \$25 (face amount) may be redeemed in part but only in the amount of an authorized denomination or multiple thereof.

(b) Federal Reserve Banks Branches and Treasurer of the United States. Owners of Series E bonds may obtain payment upon presentation and surrender of the bonds to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Securities Division, Washington, D.C. 20220, with the requests for payment on the bonds duly executed and certified in accordance with the governing regulations.

(c) Incorporated banks, trust companies and other financial institutions. An individual (natural person) whose name is inscribed on a Series E bond either as owner or coowner in his own right may also present such bond to any incorporated bank or trust company or other financial institution which is qualified as a paying agent under Department Circular No. 750, current revision (Part 321 of this subchapter). If such bond is in order for payment by the paying agent, the owner or coowner, upon establishing his identity to the satisfaction of the agent and upon signing the request for payment and adding his home or business address, may receive immediate payment of the current redemption value.

### § 316.11 Reservation as to issue of bonds.

The Secretary of the Treasury reserves the right to reject any application for Series E bonds, in whole or in part, and to refuse to issue or permit to be issued hereunder any such bonds in any case or any class or classes of cases if he deems such action to be in the public interest, and his action in any such respect shall be final.

#### § 316.12 Preservation of rights.

Nothing contained herein shall limit or restrict rights which owners of Series E bonds heretofore issued have acquired under offers previously in force.

# § 316.13 Fiscal agents.

Federal Reserve Banks and Branches, as fiscal agents of the United States, are authorized to perform such services as may be requested of them by the Secretary of the Treasury in connection with the issue, delivery, redemption, and payment of Series E bonds.

#### § 316.14 Reservations as to terms of offer.

The Secretary of the Treasury may at any time or from time to time supplement or amend the terms of this offering of bonds (this Part 316), or of any amendments or supplements thereto.

AUTHORITY: The provisions of this Part 332 issued under authority of sec. 22 of the Second Liberty Bond Act, as amended, 49 Stat. 21, as amended; 31 U.S.C. 757c.

# § 332.1 Offering of bonds.

The Secretary of the Treasury hereby offers for sale to the people of the United States, U.S. Savings Bonds of Series H, hereinafter generally referred to as "Series H bonds" or "bonds." This offer will continue until terminated by the Secretary of the Treasury.

# § 332.2 Description of bonds.

(a) General. Series H bonds bear a facsimile of the signature of the Secretary of the Treasury and of the Seal of the Department of the Treasury. They

are issued only in registered form and are nontransferable.

(b) Denominations and prices. Series H bonds are issued at face (par) amount and are available in denominations of \$500, \$1,000, and \$5,000.

(c) Inscription and issue. At the time of issue the issuing agent will (1) inscribe on the face of each Series H bond the name, taxpayer identifying number,1 and address of the owner, and the name of the beneficiary, if any, or the name and address of the first-named coowner and the taxpayer identifying number 1 of one coowner, (2) enter in the upper righthand portion of the bond the issue date, and (3) imprint the agent's dating stamp in the lower right-hand portion to show the date the bond is actually inscribed. A Series H bond shall be valid only if an authorized issuing agent receives payment therefor and duly inscribes, dates, stamps, and delivers it in accordance with the purchaser's instructions.

(d) Term. A Series H bond will be dated as of the first day of the month in which payment therefor is received by an agent authorized to issue the bonds. This date is the issue date and the bond will mature and be payable 10 years from the issue date. The bond may not be called for redemption before the maturity date or any authorized extended maturity date, but may be redeemed at par after 6 months from the issue date. However, the Department may require reasonable notice of presentation for redemption before the maturity date or any authorized extended maturity date.

(e) Interest (investment yield). The interest on a Series H bond will be paid semiannually by check drawn to the order of the registered owner or coowners, beginning 6 months from issue date. Interest payments will be on a graduated scale, fixed to produce an investment yield of approximately 5 percent per annum, compounded semiannually, if the bond is held to maturity but the yield will be less if the bond is redeemed prior thereto (see table 1). Interest will cease at maturity, or at the end of the extension period for bonds for which an extension has been granted, or in the case of redemption before maturity, at the end of the interest period next preceding the date of redemption, except that if the date of redemption falls on an interest payment date, interest will cease on that date.

(f) Outstanding bonds with dates June 1, 1969, or thereafter. Series H bonds with issue dates of June 1, 1969. or thereafter, and outstanding on the effective date of the regulations in this part, are deemed to be Series H bonds issued under the terms of this part and the interest provided for in paragraph

(e) of this section is applicable to such bonds. Series H bond stock on sale prior to June 1, 1969, will be used for issue under this part until such time as new stock is printed and supplied to issuing agents. Such bonds have the new interest rate as fully as if expressly set forth in the text of the bonds. It will be unnecessary for owners to exchange bonds issued on old stock for bonds on new stock as the Department of the Treasury will issue interest checks for the bonds in the appropriate amounts as set forth in Table 1. However, when the new stock becomes available, issuance on the new stock may be obtained by presentation for that purpose of bonds issued on the old stock to any Federal Reserve Bank or Branch, or to the Treasurer of the United States, Securities Division, Washington, D.C. 20220.

# § 332.3 Governing regulations.

Series H bonds are subject to the regulations of the Treasury Department, now or hereafter prescribed, governing U.S. Savings Bonds, contained in Department Circular No. 530, current revision (Part 315 of this subchapter).

# § 332.4 Registration.

(a) General. Generally, only residents of the United States, its territories and possessions, the Commonwealth of Puerto Rico, the Canal Zone and citizens of the United States temporarily residing abroad are eligible to be named as owners of Series H bonds. The bonds may be registered in the names of natural persons in their own right as provided in paragraph (b) of this section, and in the names and titles or capacities of fiduciaries and organizations as provided in paragraph (c) of this section. Full information regarding authorized forms of registration and restrictions with respect thereto will be found in the governing regulations.

(b) Natural persons in their own right. The bonds may be registered in the names of natural persons (whether adults or minors) in their own right, in single ownership, coownership, and beneficiary forms.

(c) Others. The bonds may be registered in single ownership form in the names of fiduciaries and private and public organizations, as follows:

(1) Fiduciaries. In the names of and showing the titles or capacities of any persons or organizations, public or private, as fiduciaries (including trustees, legal guardians or similar representatives, and certain custodians) but not where the fiduciary would hold the bonds merely or principally as security for the performance of a duty, obligation, or
