

FEDERAL RESERVE BANK
OF NEW YORK

Circular No. 6562
June 24, 1970

PAR CLEARANCE OF CHECKS DRAWN ON ALL BANKS
IN MISSISSIPPI, EFFECTIVE JULY 1, 1970

*To the Member Banks and Nonmember Clearing Banks
of the Second Federal Reserve District:*

We have been informed by the Federal Reserve Banks of St. Louis and Atlanta that, effective July 1, 1970, checks drawn on all banks in Mississippi may be cleared through the Federal Reserve System. This has been made possible by action of the 1968 Mississippi State Legislature providing for par clearance.

Part of the State of Mississippi is served by the Memphis Branch of the Federal Reserve Bank of St. Louis and part is served by the New Orleans Branch of the Federal Reserve Bank of Atlanta. Until present check supplies are exhausted, checks drawn on the formerly nonpar Mississippi banks will bear routing symbol 9085. Newly printed checks will bear routing symbol 842 (MICR encoded 0842) for those banks assigned to the Memphis Branch, and 653 (MICR encoded 0653) for those banks assigned to the New Orleans Branch.

Printed on the following pages are two lists of Mississippi banks, together with their nonpar routing symbols and ABA numbers, one showing banks located in the Memphis Branch territory and the other showing banks located in the New Orleans Branch territory. Checks bearing the nonpar routing symbol 9085 and the ABA numbers of banks located in the Memphis territory may be commingled with checks bearing routing symbol 842 (MICR encoded 0842) as deferred-credit items in cash letters scheduled to arrive at the Memphis Branch on and after July 1, 1970. Checks bearing the nonpar routing symbol 9085 and the ABA numbers of banks located in the New Orleans territory may be commingled with checks bearing routing symbol 653 (MICR encoded 0653) as deferred-credit items in cash letters scheduled to arrive at the New Orleans Branch on and after July 1, 1970.

Alfred Hayes,
President.
