FEDERAL RESERVE BANK OF NEW YORK

March 15, 1972

*To All Banks in the
Second Federal Reserve District:*

This edition of the directory of this Bank follows the design of the directory we issued and sent you in February 1971, which is now superseded. The first part is a telephone directory, listing operational matters on which we receive frequent telephone inquiries, the departments in which they are handled, and telephone extensions to which such inquiries can be directed.

The second part, beginning on page 25, is an organization directory, showing the functional organization of the Bank and its departments and divisions, together with the names of the officers, division chiefs, and certain senior staff members of the Bank. New appointments of officers and changes in their titles are announced currently in supplements to, or revisions of, our Operating Circular No. 1, "Authorized Signatures."

The use of this directory should aid you in directing your communications to the appropriate persons and units in this Bank. We will be pleased to furnish additional copies upon request.

ALFRED HAYES,
President.
