

FEDERAL RESERVE BANK
OF NEW YORK
Fiscal Agent of the United States

[Circular No. 7740]
[October 23, 1975]

AUCTION OF NOTES AND BONDS
Treasury Notes of Series C-1982
Treasury Bonds of 1995-2000, Additional Amount

To All Banking Institutions, and Others Concerned,
in the Second Federal Reserve District:

As announced in our Circular No. 7739, dated October 22, 1975, the Treasury will sell at auction under competitive and noncompetitive bidding —

\$2.5 billion of Treasury Notes of Series C-1982, dated and bearing interest from November 17, 1975, maturing November 15, 1982; and

An additional \$1 billion of the 8 $\frac{3}{8}$ percent Treasury Bonds of 1995-2000, dated August 15, 1975, with interest from November 17, 1975, maturing August 15, 2000, callable at the option of the United States on any interest payment date on and after August 15, 1995.

The terms of the offerings are set forth in Treasury Department Circulars Nos. 32-75 and 33-75, Public Debt Series, dated October 23, 1975; a copy of each is printed on the following pages.

This Bank will receive tenders — for the notes, up to 1:30 p.m., Eastern Standard time, Wednesday, October 29, 1975; and for the bonds, up to 1:30 p.m., Eastern Standard time, Thursday, October 30, 1975 — at the Securities Department of its Head Office and at its Buffalo Branch; provided, however, that *noncompetitive* tenders will be considered timely received if they are mailed to this Bank or its Branch under a postmark *no later than October 28 for the notes, and October 29 for the bonds*. Please use the enclosed forms to submit tenders, and return them in the enclosed envelope marked "Tender for Treasury Notes or Bonds." Tenders not requiring a deposit may be submitted by telegraph, subject to written confirmation; no tenders may be submitted by telephone.

Settlement for accepted tenders may be made in cash, 7 percent Treasury Notes of Series D-1975, or other immediately available funds, under the conditions and procedures set forth in Section IV of the official offering circulars. If settlement is made with maturing securities, coupons dated November 15, 1975 on the securities surrendered should be *detached* and cashed when due. If payment is made by check, the check must be a certified personal check or an official bank check, payable on its face to the Federal Reserve Bank of New York; *checks endorsed to this Bank will not be accepted*.

The notes will be auctioned on a yield basis, and the bonds on a price basis, as set forth in Section III of the official offering circulars. Tenders for the notes at a yield that will produce a price less than 98.501, and tenders for the bonds at a price less than 94.01, *will not be accepted*. Non-competitive bidders will be required to pay the average price of accepted competitive tenders.

With regard to the 8 $\frac{3}{8}$ percent Treasury Bonds of 1995-2000, the public should be aware that in an auction of this type the return to the investor may not correspond to the 8 $\frac{3}{8}$ percent coupon rate. It could be higher or lower depending on the number of bids submitted and the price investors are willing to pay. These factors affect the average price at which noncompetitive tenders are awarded. When bidding is strong, successful bidders may have to pay slightly more than \$1,000 for each \$1,000 face amount of securities. In such an event, the yield to the investor would be less than the 8 $\frac{3}{8}$ percent coupon rate. But it is also possible — where demand for the new securities is weak — that subscribers may not have to pay the full \$1,000 for each \$1,000 face amount. In this case, the yield would be more than the 8 $\frac{3}{8}$ percent coupon rate. The Treasury Department will announce the average return to investors following receipt of all bids.

Telephone inquiries regarding this offering may be made by calling Telephone No. 212-791-5823, 212-791-6616, or 212-791-5465.

PAUL A. VOLCKER,
President.

UNITED STATES OF AMERICA

TREASURY NOTES OF SERIES C-1982

Dated and bearing interest from November 17, 1975

Due November 15, 1982

DEPARTMENT CIRCULAR
Public Debt Series — No. 32-75

DEPARTMENT OF THE TREASURY,
Office of the Secretary,
Washington, October 23, 1975.

I. INVITATION FOR TENDERS

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders on a yield basis for \$2,500,000,000, or thereabouts, of notes of the United States, designated Treasury Notes of Series C-1982. The interest rate for the notes will be determined as set forth in Section III, paragraph 3, hereof. Additional amounts of these notes may be issued at the average price of accepted tenders to Government accounts and to Federal Reserve Banks for themselves and as agents of foreign and international monetary authorities. Tenders will be received up to 1:30 p.m., Eastern Standard time, Wednesday, October 29, 1975, under competitive and noncompetitive bidding, as set forth in Section III hereof. The 7 percent Treasury Notes of Series D-1975, maturing November 15, 1975, will be accepted at par in payment, in whole or in part, to the extent tenders are allotted by the Treasury.

II. DESCRIPTION OF NOTES

1. The notes will be dated November 17, 1975, and will bear interest from that date, payable on a semiannual basis on May 15 and November 15 in each year until the principal amount becomes payable. They will mature November 15, 1982, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Book-entry notes will be available to eligible bidders in multiples of those amounts.

Interchanges of notes of different denominations and of coupon and registered notes, and the transfer of registered notes will be permitted.

5. The notes will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing United States notes.

III. TENDERS AND ALLOTMENTS

1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D. C. 20226, up to the closing hour, 1:30 p.m., Eastern Standard time, Wednesday, October 29, 1975. Each tender must state the face amount of notes bid for, which must be \$1,000 or a multiple thereof, and the yield desired, except that in the case of noncompetitive tenders the term "non-competitive" should be used in lieu of a yield. In the case of competitive tenders, the yield must be expressed in terms of an annual yield, with two decimals, e.g., 7.11. Fractions may not be used. Noncompetitive tenders from any one bidder may not exceed \$500,000.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from banking institutions for their own account, Federally-insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, and Government accounts. Tenders from others must be accompanied by payment (in cash or

the notes referred to in Section I which will be accepted at par) of 5 percent of the face amount of notes applied for.

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by the Department of the Treasury of the amount and yield range of accepted bids. Those submitting competitive tenders will be advised of the acceptance or rejection thereof. In considering the acceptance of tenders, those with the lowest yields will be accepted to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, an interest rate will be established at the nearest $\frac{1}{8}$ of one percent necessary to make the average accepted price 100.000 or less. That will be the rate of interest that will be paid on all of the notes. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price corresponding to the yield bid. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, including the right to accept tenders for more or less than the \$2,500,000,000 of notes offered to the public, and his action in any such respect shall be final. Subject to those reservations, noncompetitive tenders for \$500,000 or less without stated yield from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive tenders.

IV. PAYMENT

1. Settlement for accepted tenders in accordance with the bids must be made or completed on or before November 17, 1975, at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt. Payment must be in cash, 7 percent Treasury Notes of Series D-1975 (interest coupons dated November 15, 1975, should be detached), in other funds immediately available to the Treasury by November 17, 1975, or by check drawn to the order of the Federal Reserve Bank to which the tender is submitted, or the United States Treasury if the tender is submitted to it, which must be received at such Bank or at the Treasury no later than: (1) Wednesday, November 12, 1975, if the check is drawn on a bank in the Federal Reserve District of the Bank to which the check is submitted, or the Fifth Federal Reserve District in case of the Treasury, or (2) Monday, November 10, 1975, if the check is drawn on a bank in another district. Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at a Federal Reserve Bank. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying

number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. In every case where full payment is not completed, the payment with the tender up to 5 percent of the amount of notes allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. When payment is made with notes, a cash adjustment will be made to or required of the bidder for any difference between the face amount of notes submitted and the amount payable on the notes allotted.

V. ASSIGNMENT OF REGISTERED NOTES

1. Registered notes tendered as deposits and in payment for notes allotted hereunder are not required to be assigned if the notes are to be registered in the same names and forms as appear in the registrations or assignments of the notes surrendered. Specific instructions for the issuance and delivery of the notes, signed by the owner or his authorized representative, must accompany the notes presented. Otherwise, the notes should be assigned by the registered payees or assignees thereof in accordance with the general regulations governing United States securities, as hereinafter set forth. When the new notes are to be registered in names and forms different from those in the inscriptions or assignments of the notes presented the assignment should be to "The Secretary of the Treasury for Treasury Notes of Series C-1982 in the name of (name and taxpayer identifying number)." If notes in coupon form are desired, the assignment should be to "The Secretary of the Treasury for coupon Treasury Notes of Series C-1982 to be delivered to". Notes tendered in payment should be surrendered to the Federal Reserve Bank or Branch or to the Bureau of the Public Debt, Washington, D. C. 20226. The notes must be delivered at the expense and risk of the holder.

VI. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid tenders allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

STEPHEN S. GARDNER,
Acting Secretary of the Treasury.

Office of the Secretary,
Washington, October 23, 1975.

I. INVITATION FOR TENDERS

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders at a price not less than 94.01 percent of their face value for \$1,000,000,000, or thereabouts, of bonds of the United States, designated 8 $\frac{3}{8}$ percent Treasury Bonds of 1995-2000. Additional amounts of these bonds may be issued at the average price of accepted tenders to Government accounts and Federal Reserve Banks for themselves and as agents of foreign and international monetary authorities. Tenders will be received up to 1:30 p.m., Eastern Standard time, Thursday, October 30, 1975, under competitive and noncompetitive bidding, as set forth in Section III hereof. The 7 percent Treasury Notes of Series D-1975, maturing November 15, 1975, will be accepted at par in payment, in whole or in part, to the extent tenders are allotted by the Treasury.

II. DESCRIPTION OF BONDS

1. The bonds now offered will be identical in all respects with the 8 $\frac{3}{8}$ percent Treasury Bonds of 1995-2000 issued pursuant to Department Circular, Public Debt Series — No. 25-75, dated July 24, 1975, except that interest will accrue from November 17, 1975. With this exception the bonds are described in the following quotation from Department Circular No. 25-75:

"1. The bonds will be dated August 15, 1975, and will bear interest¹ from that date, payable semi-annually on February 15 and August 15 in each year until the principal amount becomes payable. They will mature August 15, 2000, but may be redeemed at the option of the United States on and after August 15, 1995, in whole or in part, at par and accrued interest on any interest day or days, on 4 months' notice of redemption given in such manner as the Secretary of the Treasury shall prescribe. In case of partial redemption, the bonds to be redeemed will be determined by such method as may be prescribed by the Secretary of the Treasury. From the date of redemption designated in any such notice, interest on the bonds called for redemption shall cease.

¹ On July 31, 1975, the Secretary of the Treasury announced that the interest rate on the bonds would be 8 $\frac{3}{8}$ percent per annum.

"2. The income derived from the bonds is subject to all taxes imposed under the Internal Revenue Code of 1954. The bonds are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

"3. The bonds will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

"4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Book-entry bonds will be available to eligible bidders in multiples of these amounts. Interchanges of bonds of different denominations and of coupon and registered bonds, and the transfer of registered bonds will be permitted.

"5. The bonds will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing United States bonds."

C. 20226, up to the closing hour, 1:30 p.m., Eastern Standard time, Thursday, October 30, 1975. Each tender must state the face amount of bonds bid for, which must be \$1,000 or a multiple thereof, and the price offered, except that in the case of noncompetitive tenders the term "non-competitive" should be used in lieu of a price. In the case of competitive tenders, the price must be expressed on the basis of 100, with two decimals, e.g., 100.00. Tenders at a price less than 94.01 will not be accepted. Fractions may not be used. Noncompetitive tenders from any one bidder may not exceed \$500,000.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and dealers who make primary markets in Government securities and report daily to the Federal Reserve

Tenders from others must be accompanied by payment (in cash or the 7 percent Treasury Notes of Series D-1975 which will be accepted at par) of 5 percent of the face amount of bonds applied for.

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by the Department of the Treasury of the amount and price range of accepted bids. Those submitting competitive tenders will be advised of the acceptance or rejection thereof. If bonds in coupon form are desired, the assignment should be to "The Secretary of the Treasury for 8¾ percent coupon Treasury Bonds of 1995-2000 to be delivered to _____." Notes tendered in payment should be surrendered to the Federal Reserve Bank or Branch or to the Bureau of the Public Debt, Washington, D. C. 20226.
