

**FEDERAL RESERVE BANK
OF NEW YORK**
Fiscal Agent of the United States

[Circular No. 7896]
June 16, 1976]

AUCTION OF \$2.5 BILLION OF TREASURY NOTES

*To All Banking Institutions, and Others Concerned,
in the Second Federal Reserve District:*

The following statement was issued June 15 by the Treasury Department:

The Department of the Treasury will auction \$2,500 million of 2-year notes to refund \$1,998 million of notes held by the public maturing June 30, 1976, and to raise \$502 million of new cash. Additional amounts of the notes may be issued to Government accounts and the Federal Reserve Banks for their own account in exchange for \$705 million of maturing notes held by them, and to Federal Reserve Banks as agents of foreign and international monetary authorities for new cash.

The notes now being offered will be Treasury Notes of Series N-1978 dated June 30, 1976, due June 30, 1978 (CUSIP No. 912827 FS 6) with interest payable semiannually on December 31, 1976, June 30, 1977, December 31, 1977, and June 30, 1978.

The coupon rate will be determined after tenders are allotted. The notes will be issued in registered and bearer form in denominations of \$5,000, \$10,000, \$100,000 and \$1,000,000 and they will be available for issue in book-entry form to designated bidders.

Tenders will be received up to 12:30 p.m., Eastern Daylight Saving time, Monday, June 21, 1976, at any Federal Reserve Bank or Branch and at the Bureau of the Public Debt, Washington, D. C. 20226; provided, however, that noncompetitive tenders will be considered timely received if they are mailed to any such agency under a postmark no later than June 20. Tenders must be in the amount of \$5,000 or a multiple thereof, and all tenders must state the yield desired, if a competitive tender, or the term "noncompetitive", if a noncompetitive tender. Fractions may not be used in tenders. The notation "TENDER FOR TREASURY NOTES" should be printed at the bottom of envelopes in which tenders are submitted.

Competitive tenders must be expressed in terms of annual yield in two decimal places, e.g., 7.11, and not in terms of a price. Tenders at the lowest yields, and noncompetitive tenders, will be accepted to the extent required to attain the amount offered. After a determination is made as to which tenders are accepted, a coupon rate will be determined at a 1/8 of one percent increment that translates into an average accepted price close to 100.000 and a lowest accepted price above 99.500. That rate of interest will be paid on all of the notes. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will pay the price corresponding to the yield bid. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. Noncompetitive bidders will be required to pay the average price of all accepted competitive tenders. **BIDDERS SUBMITTING NONCOMPETITIVE TENDERS SHOULD REALIZE THAT IT IS POSSIBLE THAT THE AVERAGE PRICE MAY BE ABOVE PAR, IN WHICH CASE THEY WOULD HAVE TO PAY MORE THAN THE FACE VALUE FOR THE NOTES.**

The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for \$500,000 or less, and all tenders from Government accounts and the Federal Reserve Banks for themselves and as agents of foreign and international monetary authorities, will be accepted in full at the average price of accepted competitive tenders.

(Over)

Commercial banks, which for this purpose are defined as banks accepting demand deposits, and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, may submit tenders for the account of customers, provided the names of the customers are set forth therein. Others will not be permitted to submit tenders except for their own account.

Tenders will be received without deposit from commercial and other banks for their own account, Federally-insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, Federal Reserve Banks, and Government accounts. Tenders from others must be accompanied by payment of 5 percent of the face amount of notes applied for. However, bidders who submit checks in payment on tenders submitted directly to a Federal Reserve Bank or the Treasury may find it necessary to submit full payment with their tenders in order to meet the time limits pertaining to checks as hereinafter set forth. Allotment notices will not be sent to bidders who submit noncompetitive tenders.

Payment for accepted tenders must be completed on or before Wednesday, June 30, 1976. Payment must be in cash, 8-3/4% Treasury Notes of Series I-1976, which will be accepted at par, in other funds immediately available to the Treasury by the payment date or by check drawn to the order of the Federal Reserve Bank to which the tender is submitted, or the United States Treasury if the tender is submitted to it, which must be received at such Bank or at the Treasury no later than: (1) Friday, June 25, 1976, if the check is drawn on a bank in the Federal Reserve District of the Bank to which the check is submitted, or the Fifth Federal Reserve District in case of the Treasury, or (2) Wednesday, June 23, 1976, if the check is drawn on a bank in another district. Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at a Federal Reserve Bank. Where full payment is not completed on time, the allotment will be canceled and the deposit with the tender up to 5 percent of the amount of notes allotted will be subject to forfeiture to the United States.

Note that the closing time for receipt of tenders in this offering is 12:30 p.m., Eastern Daylight Saving time, Monday, June 21, 1976.

The official terms of the offering are set forth in Treasury Department Circular No. 15-76, Public Debt Series, dated June 16, 1976, a copy of which will be furnished upon request.

If payment for the notes is made by check, the check should be a certified personal check or an official bank check, payable on its face to the Federal Reserve Bank of New York; *checks endorsed to this Bank will not be accepted.*

Telephone inquiries regarding this offering may be made by calling Telephone No. 212-791-5823, 212-791-6616, or 212-791-5465.

PAUL A. VOLCKER,
President.

UNITED STATES OF AMERICA

TREASURY NOTES OF SERIES N-1978

Dated and bearing interest from June 30, 1976

Due June 30, 1978

DEPARTMENT CIRCULAR
Public Debt Series—No. 15-76

DEPARTMENT OF THE TREASURY,
Office of the Secretary,
Washington, June 16, 1976.

I. INVITATION FOR TENDERS

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders on a yield basis for \$2,500,000,000, or thereabouts, of notes of the United States, designated Treasury Notes of Series N-1978. The interest rate for the notes will be determined as set forth in Section III, paragraph 3, hereof. Additional amounts of these notes may be issued at the average price of accepted tenders to Government accounts and to Federal Reserve Banks for themselves and as agents of foreign and international monetary authorities. Tenders will be received up to 12:30 p.m., Eastern Daylight Saving time, Monday, June 21, 1976, under competitive and noncompetitive bidding, as set forth in Section III hereof. The 8-3/4 percent Treasury Notes of Series I-1976, maturing June 30, 1976, will be accepted at par in payment, in whole or in part, to the extent tenders are allotted by the Treasury.

II. DESCRIPTION OF NOTES

1. The notes will be dated June 30, 1976, and will bear interest from that date, payable semiannually on December 31, 1976, June 30, 1977, December 31, 1977, and June 30, 1978. They will mature June 30, 1978, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of \$5,000, \$10,000, \$100,000 and \$1,000,000. Book-entry notes will be available to eligible bidders in multiples of those amounts. Interchanges of notes of different denominations and of

coupon and registered notes, and the transfer of registered notes will be permitted.

5. The notes will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing United States notes.

III. TENDERS AND ALLOTMENTS

1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D. C. 20226, up to the closing hour, 12:30 p.m., Eastern Daylight Saving time, Monday, June 21, 1976. Each tender must state the face amount of notes bid for, which must be \$5,000 or a multiple thereof, and the yield desired, except that in the case of noncompetitive tenders the term "noncompetitive" should be used in lieu of a yield. In the case of competitive tenders, the yield must be expressed in terms of an annual yield, with two decimals, e.g., 7.11. Fractions may not be used. Noncompetitive tenders from any one bidder may not exceed \$500,000.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from banking institutions for their own account, Federally-insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, and Government accounts. Tenders from others must be accompanied by payment (in cash or 8-3/4% Treasury Notes of Series I-1976, which will be accepted at par) of 5 percent of the face amount of notes applied for.

(Over)

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by the Department of the Treasury of the amount and yield range of accepted bids. Those submitting competitive tenders will be advised of the acceptance or rejection thereof. In considering the acceptance of tenders, those with the lowest yields will be accepted to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, a coupon rate will be determined at a 1/8 of one percent increment that translates into an average accepted price close to 100.000 and a lowest accepted price above 99.500. That rate of interest will be paid on all of the notes. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price corresponding to the yield bid. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, including the right to accept tenders for more or less than the \$2,500,000,000 of notes offered, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for \$500,000 or less without stated yield from any one bidder will be accepted in full at the average price¹ (in three decimals) of accepted competitive tenders.

IV. PAYMENT

1. Settlement for accepted tenders in accordance with the bids must be made or completed on or before Wednesday, June 30, 1976, at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt. Payment must be in cash, 8-3/4% Treasury Notes of Series I-1976 (interest coupons dated June 30, 1976, should be detached), in other funds immediately available to the Treasury by June 30, 1976, or by check drawn to the order of the Federal Reserve Bank to which the tender is submitted, or the United States Treasury if the tender is submitted to it, which must be received at such Bank or at the Treasury no later than: (1) Friday, June 25, 1976, if the check is drawn on a bank in the Federal Reserve District of the Bank to which the check is submitted, or the Fifth Federal Reserve District in case of the Treasury, or (2) Wednesday, June 23, 1976, if the check is drawn on a bank in another district. Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at a Federal Reserve Bank. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number

or an employer identification number) is not furnished. In every case where full payment is not completed, the payment with the tender up to 5 percent of the amount of notes allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. When payment is made with notes, a cash adjustment will be made to or required of the bidder for any difference between the face amount of notes submitted and the amount payable on the notes allotted.

V. ASSIGNMENT OF REGISTERED NOTES

1. Registered notes tendered as deposits and in payment for notes allotted hereunder are not required to be assigned if the notes are to be registered in the same names and forms as appear in the registrations or assignments of the notes surrendered. Specific instructions for the issuance and delivery of the notes, signed by the owner or his authorized representative, must accompany the notes presented. Otherwise, the notes should be assigned by the registered payees or assignees thereof in accordance with the general regulations governing United States securities, as hereinafter set forth. When the new notes are to be registered in names and forms different from those in the inscriptions or assignments of the notes presented the assignment should be to "The Secretary of the Treasury for Treasury Notes of Series N-1978 in the name of (name and taxpayer identifying number)." If notes in coupon form are desired, the assignment should be to "The Secretary of the Treasury for coupon Treasury Notes of Series N-1978 to be delivered to....." Notes tendered in payment should be surrendered to the Federal Reserve Bank or Branch or to the Bureau of the Public Debt, Washington, D. C. 20226. The notes must be delivered at the expense and risk of the holder.

VI. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid tenders allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

WILLIAM E. SIMON,
Secretary of the Treasury.

¹ Average price may be at, or more or less than 100.000.
