The bills will be issued for cash and in exchange for Treasury bills maturing March 31, 1977, outstanding in the amount of \$5,711 million, of which Government accounts and Federal Reserve Banks, for themselves and as agents of foreign and international monetary authorities, presently hold \$2,855 million. These accounts may exchange bills they hold for the bills now being offered at the average prices of accepted tenders.

The bills will be issued on a discount basis under competitive and noncompetitive bidding, and at maturity their face amount will be payable without interest. They will be issued in bearer form in denominations of \$10,000, \$15,000, \$50,000, \$100,000, \$500,000 and \$1,000,000 (maturity value), and in book-entry form to designated bidders.

Tenders will be received at Federal Reserve Banks and Branches and, from individuals, at the Bureau of the Public Debt, Washington, D.C. 20226, up to 1:30 p.m., Eastern Standard time, Monday, March 28, 1977. Results of the last weekly offering of Treasury bills (91-day bills to be issued March 24, 1977, representing an additional amount of bills dated December 23, 1976, maturing June 23, 1977; and 182-day bills dated March 24, 1977, maturing September 22, 1977) are shown on the reverse side of this circular.

such tenders. Others will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from incorporated banks and trust companies and from responsible and recognized dealers in investment securities. Tenders from others must be accompanied by payment of 2 percent of the face amount of bills applied for, unless the tenders are accompanied by an express guaranty of payment by an incorporated bank or trust company.

Public announcement will be made by the Department of the Treasury of the amount and price range of accepted bids. Those submitting competitive tenders will be advised of the acceptance or rejection thereof. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for each issue for \$500,000 or less without stated price from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive bids for the respective issues. Settlement for accepted tenders in accordance with the bids must be made or completed at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt on March 31, 1977, in cash or other immediately available funds or in a like face amount of Treasury bills maturing March 31, 1977. Cash and exchange tenders will receive equal treatment. Cash adjustments will be made for differences between the par value of maturing bills accepted in exchange and the issue price of the new bills.

Under Sections 454(b) and 1221(5) of the Internal Revenue Code of 1954, the amount of discount at which bills issued hereunder are sold is considered to accrue when the bills are sold, redeemed or otherwise disposed of, and the bills are excluded from consideration as capital assets. Accordingly, the owner of bills (other than life insurance companies) issued hereunder must include in his Federal income tax return, as ordinary gain or loss, the difference between the price paid for the bills, whether on original issue or on subsequent purchase, and the amount actually received either upon sale or redemption at maturity during the taxable year for which the return is made.

Department of the Treasury Circular No. 418 (current revision) and this notice prescribe the terms of the Treasury bills and govern the conditions of their issue. Copies of the circular may be obtained from any Federal Reserve Bank or Branch, or from the Bureau of the Public Debt.

PAUL A. VOLCKER,
President.
