*To All Incorporated Banks and Trust Companies, and Others
Concerned, in the Second Federal Reserve District:*

Following is the text of a notice issued by the Treasury Department, released yesterday:

The Department of the Treasury, by this public notice, invites tenders for two series of Treasury bills to the aggregate amount of \$5,500 million, or thereabouts, to be issued May 12, 1977, as follows:

91-day bills (to maturity date) in the amount of \$2,200 million, or thereabouts, representing an additional amount of bills dated February 10, 1977, and to mature August 11, 1977 (CUSIP No. 912793 J56), originally issued in the amount of \$3,699 million, the additional and original bills to be freely interchangeable.

182-day bills, for \$3,300 million, or thereabouts, to be dated May 12, 1977, and to mature November 10, 1977 (CUSIP No. 912793 L20).

The bills will be issued for cash and in exchange for Treasury bills maturing May 12, 1977. This offering will provide for a net pay-down for the Treasury of about \$900 million as the maturing issues are outstanding in the amount of \$6,405 million, of which Government accounts and Federal Reserve Banks, for themselves and as agents of foreign and international monetary authorities, presently hold \$3,473 million. These accounts may exchange bills they hold for the bills now being offered at the average prices of accepted tenders.

The bills will be issued on a discount basis under competitive and noncompetitive bidding, and at maturity their face amount will be payable without interest. They will be issued in bearer form in denominations of \$10,000, \$15,000, \$50,000, \$100,000, \$500,000 and \$1,000,000 (maturity value), and in book-entry form to designated bidders.

Tenders will be received at Federal Reserve Banks and Branches and, from individuals, at the Bureau of the Public Debt, Washington, D.C. 20226, up to 1:30 p.m., Eastern Daylight Saving time, Monday, May 9, 1977. Each tender must be for a minimum of \$10,000. Tenders over \$10,000 must be in multiples of \$5,000. In the case of competitive tenders the price offered must be expressed on the basis of 100, with not more than three decimals, e.g., 99.925. Fractions may not be used.

Banking institutions and dealers which make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon may submit tenders for account

This Bank will receive tenders for both series up to 1:30 p.m., Eastern Daylight Saving time, Monday, May 9, 1977, at the Securities Department of its Head Office and at its Buffalo Branch. Tender forms for the respective series are enclosed. Please use the appropriate forms to submit tenders and return them in the enclosed envelope marked "Tender for Treasury Bills." Tenders not requiring a deposit may be submitted by telegraph, subject to written confirmation; no tenders may be submitted by telephone. *Payment for Treasury bills cannot be made by credit through the Treasury Tax and Loan Account. Settlement must be made in cash or other immediately available funds or in maturing Treasury bills.*
