

FEDERAL RESERVE BANK
OF NEW YORK
Fiscal Agent of the United States

Circular No. 8562
April 26, 1979

TREASURY ANNOUNCES MAY QUARTERLY FINANCING

To All Banking Institutions, and Others Concerned,
in the Second Federal Reserve District:

The following statement was issued yesterday by the Treasury Department:

The Treasury will raise about \$2,500 million of new cash and refund \$1,719 million of securities maturing May 15, 1979, by issuing \$2,250 million of 10-year notes and \$2,000 million of 30-year bonds.

The \$1,719 million of maturing securities are those held by the public, including \$123 million held, as of today, by Federal Reserve Banks as agents for foreign and international monetary authorities. In addition to the public holdings, Government accounts and Federal Reserve Banks, for their own accounts, hold \$550 million of the maturing securities that may be refunded by issuing additional amounts of new securities. Additional amounts of the new securities may also be issued to Federal Reserve Banks, as agents for foreign and international monetary authorities, to the extent that the aggregate amount of tenders for such accounts exceeds the aggregate amount of maturing securities held by them.

Printed on the reverse side is a table summarizing the highlights of the offerings. Copies of the official offering circulars will be furnished upon request directed to our Treasury and Agency Issues Division (Tel. No. 212-791-6619). In addition, enclosed are copies of the forms to be used in submitting tenders.

This Bank will receive tenders at the Securities Department of its Head Office and at its Buffalo Branch up to 1:30 p.m., Eastern Daylight Saving time, on the dates specified on the reverse side of this circular as the deadlines for receipt of tenders. *All competitive tenders*, whether transmitted by mail or by other means, must reach this Bank or its Branch by that time on the specified dates. However, for investors who wish to submit noncompetitive tenders and who find it more convenient to mail their tenders than to present them in person, the official offering circular for each offering provides that *noncompetitive* tenders will be considered timely received if they are mailed to this Bank or its Branch under a postmark no later than the date preceding the date specified for receipt of tenders.

Bidders submitting noncompetitive tenders should realize that it is possible that the average price may be above par, in which case they would have to pay more than the face value for the securities.

Payment may be made by personal check, or an official bank check, payable on its face to the Federal Reserve Bank of New York; *checks endorsed to this Bank will not be accepted*. A personal check submitted with the tender, either as a deposit or for the face amount of the securities, does not have to be certified. However, in cases where only a deposit is submitted with the tender, a personal check submitted for the final payment must be certified.

As provided in the official offering circular, "in every case where full payment is not completed on time, the deposit submitted with the tender, up to 5 percent of the face amount of securities allotted, shall, at the discretion of the Secretary of the Treasury, be forfeited to the United States."

A recorded message (at the Head Office — Tel. No. 212-791-5823; at the Buffalo Branch — Tel. No. 716-849-5046) provides information about this and other Treasury offerings; additional inquiries regarding this offering may be made by calling, at the Head Office, Tel. No. 212-791-6619, or, at the Buffalo Branch, Tel. No. 716-849-5016.

PAUL A. VOLCKER,
President.

UNITED STATES OF AMERICA
TREASURY NOTES OF MAY 15, 1989
SERIES A-1989

DEPARTMENT CIRCULAR
Public Debt Series - No. 9-79

DEPARTMENT OF THE TREASURY,
OFFICE OF THE SECRETARY,
Washington, April 26, 1979.

1. INVITATION FOR TENDERS

1. 1. The Secretary of the Treasury, under the authority of the Second Liberty Bond Act, as amended, invites tenders for approximately \$2,250,000,000 of United States securities, designated Treasury Notes of May 15, 1989, Series A-1989 (CUSIP No. 912827 JQ 6). The securities will be sold at auction with bidding on the basis of yield. Payment will be required at the price equivalent of the bid yield of each accepted tender. The interest rate on the securities and the price equivalent of each accepted bid will be determined in the manner described below. Additional amounts of these securities may be issued to Government accounts and Federal Reserve Banks for their own account in exchange for maturing Treasury securities. Additional amounts of the new securities may also be issued at the average price to Federal Reserve Banks, as agents of foreign and international monetary authorities, to the extent that the aggregate amount of tenders for such accounts exceeds the aggregate amount of maturing securities held by them.

2. DESCRIPTION OF SECURITIES

2. 1. The securities will be dated May 15, 1979, and will bear interest from that date, payable on a semiannual basis on November 15, 1979, and each subsequent 6 months on May 15 and November 15, until the principal becomes payable. They will mature May 15, 1989, and will not be subject to call for redemption prior to maturity.

2. 2. The income derived from the securities is subject to all taxes imposed under the Internal Revenue Code of 1954. The securities are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, any possession of the United States, or any local taxing authority.

2. 3. The securities will be acceptable to secure deposits of public monies. They will not be acceptable in payment of taxes.

2. 4. Bearer securities with interest coupons attached, and securities registered as to principal and interest, will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000, and \$1,000,000. Book-entry securities will be available to eligible bidders in multiples of those amounts. Interchanges of securities of different denominations and of coupon, registered and book-entry securities, and the transfer of registered securities will be permitted.

2. 5. The Department of the Treasury's general regulations governing United States securities apply to the securities offered in this circular. These general regulations include those currently in effect, as well as those that may be issued at a later date.

3. SALE PROCEDURES

3. 1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D. C. 20226, up to 1:30 p.m., Eastern Daylight Saving time, Tuesday, May 1, 1979. Noncompetitive tenders as defined below will be considered timely if postmarked no later than Monday, April 30, 1979.

3. 2. Each tender must state the face amount of securities bid for. The minimum bid is \$1,000 and larger bids must be in multiples of that amount. Competitive tenders must also show the yield desired, expressed in terms of an annual yield with two decimals, e.g., 7.11%. Common fractions may not be used. Noncompetitive tenders must show the term "noncompetitive" on the tender form in lieu of a specified yield. No bidder may submit more than one noncompetitive tender and the amount may not exceed \$1,000,000.

3. 3. All bidders must certify that they have not made and will not make any agreements for the sale or purchase of any securities of this issue prior to the deadline established in Section 3.1. for receipt of tenders. Those authorized to submit tenders for the account of customers will be required to certify

that such tenders are submitted under the same conditions, agreements, and certifications as tenders submitted directly by bidders for their own account.

3. 4. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and primary dealers, which for this purpose are defined as dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions in and borrowings on such securities, may submit tenders for account of customers if the names of the customers and the amount for each customer are furnished. Others are only permitted to submit tenders for their own account.

3. 5. Tenders will be received without deposit for their own account from commercial banks and other banking institutions; primary dealers, as defined above; Federally-insured savings and loan associations; States, and their political subdivisions or instrumentalities; public pension and retirement and other public funds; international organizations in which the United States holds membership; foreign central banks and foreign states; Federal Reserve Banks; and Government accounts. Tenders from others must be accompanied by a deposit of 5% of the face amount of securities applied for (in the form of cash, maturing Treasury securities or readily collectible checks), or by a guarantee of such deposit by a commercial bank or a primary dealer.

3. 6. Immediately after the closing hour, tenders will be opened, followed by a public announcement of the amount and yield range of accepted bids. Subject to the reservations expressed in Section 4, noncompetitive tenders will be accepted in full, and then competitive tenders will be accepted, starting with those at the lowest yields, through successively higher yields to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, a coupon rate will be established, on the basis of a 1/8 of one percent increment, which results in an equivalent average accepted price close to 100.000 and a lowest accepted price above the original issue discount limit of 97.500. That rate of interest will be

paid on all of the securities. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price equivalent to the yield bid. Those submitting noncompetitive tenders will pay the price equivalent to the weighted average yield of accepted competitive tenders. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. If the amount of noncompetitive tenders received would absorb all or most of the offering, competitive tenders will be accepted in an amount sufficient to provide a fair determination of the yield. Tenders received from Government accounts and Federal Reserve Banks will be accepted at the price equivalent to the weighted average yield of accepted competitive tenders.

3. 7. Competitive bidders will be advised of the acceptance or rejection of their tenders. Those submitting noncompetitive tenders will only be notified if the tender is not accepted in full, or when the price is over par.

4. RESERVATIONS

4. 1. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders in whole or in part, to allot more or less than the amount of securities specified in Section 1, and to make different percentage allotments to various classes of applicants when the Secretary considers it in the public interest. The Secretary's action under this Section is final.

5. PAYMENT AND DELIVERY

5. 1. Settlement for allotted securities must be made or completed on or before Tuesday, May 15, 1979, at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt, wherever the tender was submitted. Payment must be in cash; in other funds immediately available to the Treasury; in Treasury bills, notes or bonds (with all coupons detached) maturing on or before the settlement date but which are not overdue as defined in the general regulations governing United States securities; or by check drawn to the order of the institution to which the

tender was submitted, which must be received at such institution no later than:

- (a) Thursday, May 10, 1979, if the check is drawn on a bank in the Federal Reserve District of the institution to which the check is submitted (the Fifth Federal Reserve District in case of the Bureau of the Public Debt), or
- (b) Wednesday, May 9, 1979, if the check is drawn on a bank in another Federal Reserve District.

Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at the applicable Federal Reserve Bank. Payment will not be considered complete where registered securities are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. When payment is made in securities, a cash adjustment will be made to or required of the bidder for any difference between the face amount of securities presented and the amount payable on the securities allotted.

5. 2. In every case where full payment is not completed on time, the deposit submitted with the tender, up to 5 percent of the face amount of securities allotted, shall, at the discretion of the Secretary of the Treasury, be forfeited to the United States.

5. 3. Registered securities tendered as deposits and in payment for allotted securities are not required to be assigned if the new securities are to be registered in the same names and forms as appear in the registrations or assignments of the securities surrendered. When the new securities are to be registered in names and forms different from those in the inscriptions or assignments of the securities presented, the assignment should be to "The Secretary of the Treasury for (securities offered by this circular) in the name of (name and taxpayer identifying number)." If new securities in coupon form are desired, the assignment should be to "The Secretary of the Treasury for coupon (securities offered by this circular) to be

In case of partial call, the securities to be redeemed will be determined by such method as may be prescribed by the Secretary of the Treasury. Interest on the securities called for redemption shall cease on the date of redemption specified in the notice of call.
