To All Incorporated Banks and Trust Companies, and Others

Following is the text of a notice issued by the Treasury Department:

The Department of the Treasury, by this public notice, invites tenders for two series of Treasury bills totaling approximately \$11,200 million, to be issued November 26, 1982. This offering will provide \$750 million of new cash for the Treasury, as the maturing bills are outstanding in the amount of \$10,449 million, including \$1,286 million currently held by Federal Reserve Banks as agents for foreign and international monetary authorities and \$2,307 million currently held by Federal Reserve Banks for their own account. The two series offered are as follows:

90-day bills (to maturity date) for approximately \$5,600 million, representing an additional amount of bills dated February 25, 1982, and to mature February 24, 1983 (CUSIP No. 912794 BZ6), currently outstanding in the amount of \$10,790 million, the additional and original bills to be freely interchangeable.

181-day bills for approximately \$5,600 million, to be dated November 26, 1982, and to mature May 26, 1983 (CUSIP No. 912794 CV4).

Both series of bills will be issued for cash and in exchange for Treasury bills maturing November 26, 1982. Tenders from Federal Reserve Banks for themselves and as agents for foreign and international monetary authorities will be accepted at the weighted average prices of accepted competitive tenders. Additional amounts of the bills may be issued to Federal Reserve Banks, as agents for foreign and international monetary authorities, to the extent that the aggregate amount of tenders for such accounts exceeds the aggregate amount of maturing bills held by them.

The bills will be issued on a discount basis under competitive and non-competitive bidding, and at maturity their par amount will be payable without interest. Both series of bills will be issued entirely in book-entry form in a minimum amount of \$10,000 and in any higher \$5,000 multiple, on the records either of the Federal Reserve Banks and Branches, or of the Department of the Treasury.

Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20226, up to 1:30 p.m., Eastern Standard time, Monday, November 22, 1982. Each tender must be for a minimum of \$10,000. Tenders over \$10,000 must be in multiples of \$5,000. In the case of competitive tenders, the price offered must be expressed on the basis of 100, with three decimals, e.g., 97.920. Fractions may not be used.

Banking institutions and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions in and borrowings on such securities may submit tenders for account of customers, if the names of the customers and the amount for each customer are furnished. Others are only permitted to submit tenders for their own account. This information should reflect positions held as of 12:30 p.m., Eastern time, on the day of the auction. Such positions would include bills acquired through "when issued" trading, and futures and forward transactions as well as holdings of outstanding bills with the same maturity date as the new offering, e.g., bills with three months to maturity previously offered as six-month bills.
