OF NEW YORK**

**FIRST SUPPLEMENT TO LIST OF OTC MARGIN STOCKS
As of October 17, 1983**

*To All Persons Extending Securities Credit
in the Second Federal Reserve District:*

The Board of Governors of the Federal Reserve System has published a Supplement to its list of over-the-counter (OTC) stocks that are subject to its margin regulations, effective October 17, 1983. The following is quoted from the text of the Board's announcement:

The Supplement should be used in conjunction with the June 20, 1983 List of OTC Margin Stocks. Changes that have been made in the List, which now includes 1,740 OTC stocks, are as follows:

- 164 stocks have been included for the first time.
- 30 stocks previously on the List have been removed for substantially failing to meet the requirements for continued listing.
- 44 stocks have been removed for reasons such as listing on a national securities exchange or the companies were acquired by another firm.

The Board monitors the market activity of all OTC stocks to determine which stocks meet the requirements for inclusion and continued inclusion on the List of OTC Margin Stocks, and periodically revises the List.

Margin regulations generally limit the amount of credit a person or firm may obtain to buy, or carry, securities. Stocks on the List of OTC Margin Stocks are subject to the same margin requirements (currently 50 per cent) as stocks listed on national securities exchanges. This means a person or firm buying a stock on credit must make a down payment equal to at least 50 per cent of the purchase price of the stock and may obtain credit for the remaining 50 per cent.

Margin requirements on OTC stocks apply only to credit extended on the date the stock becomes an OTC margin stock and thereafter. Credit extended by banks to purchase or carry OTC stocks before they appear on the List becomes subject on that date to the retention and withdrawal requirements of the Board's margin Regulation U if the credit is collateralized by any margin stock. Such credit previously extended by lenders subject to Regulation G (which governs securities credit by persons other than banks, brokers, or dealers) becomes subject to retention and withdrawal requirements if collateralized by "margin securities."

It is unlawful for any person to cause any representation to be made that inclusion of a security on this List indicates that the Board or the Securities and Exchange Commission has in any way approved such security or any transaction therein. Any references to the Board in connection with the List or any securities thereon in any advertisement or similar communication is unlawful.

The List is published by the Board for the information of lenders and the general public.

Enclosed is a copy of the *First Supplement to the June 20, 1983 List of OTC Margin Stocks*. Any questions regarding the Supplement may be directed to our Regulations Division (Tel. No. 212-791-5914). Additional copies of the enclosures will be furnished upon written request addressed to either the Regulations Division or the Circulars Division of this Bank.

ANTHONY M. SOLOMON,
President.
