To All Banking Institutions, and Others Concerned,  
in the Second Federal Reserve District:

Following is the text of a notice issued by the Treasury Department:

The Department of the Treasury, by this public notice, invites tenders for two series of Treasury bills totaling approximately \$12,400 million, to be issued March 29, 1984. This offering will result in a paydown for the Treasury, of about \$100 million, as the maturing bills are outstanding in the amount of \$12,502 million, including \$980 million currently held by Federal Reserve Banks as agents for foreign and international monetary authorities and \$2,557 million currently held by Federal Reserve Banks for their own account. The two series offered are as follows:

91-day bills (to maturity date) for approximately \$6,200 million, representing an additional amount of bills dated December 29, 1983, and to mature June 28, 1984 (CUSIP No. 912794 FD1), currently outstanding in the amount of \$6,444 million, the additional and original bills to be freely interchangeable.

182-day bills for approximately \$6,200 million, to be dated March 29, 1984, and to mature September 27, 1984 (CUSIP No. 912794 FW9).

Both series of bills will be issued for cash and in exchange for Treasury bills maturing March 29, 1984. Tenders from Federal Reserve Banks for themselves and as agents for foreign and international monetary authorities will be accepted at the weighted average bank discount rates of accepted competitive tenders. Additional amounts of the bills may be issued to Federal Reserve Banks, as agents for foreign and international monetary authorities, to the extent that the aggregate amount of tenders for such accounts exceeds the aggregate amount of maturing bills held by them.

The bills will be issued on a discount basis under competitive and non-competitive bidding, and at maturity their par amount will be payable without interest. Both series of bills will be issued entirely in book-entry form in a minimum amount of \$10,000 and in any higher \$5,000 multiple, on the records either of the Federal Reserve Banks and Branches, or of the Department of the Treasury.

Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20226, prior to 1:30 p.m., Eastern Standard time, Monday, March 26, 1984. Form PD 4632-2 (for 26-week series) or Form PD 4632-3 (for 13-week series) should be used to submit tenders for bills to be maintained on the book-entry records of the Department of the Treasury.

Each tender must state the par amount of bills bid for, which must be a minimum of \$10,000. Tenders over \$10,000 must be in multiples of \$5,000. Competitive tenders must also show the yield desired, expressed on a bank discount rate basis with two decimals, e.g., 7.15%. Fractions may not be used.

Banking institutions and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions in and borrowings on such securities may submit tenders for account of customers, if the names of the customers and the amount for each customer are furnished. Others are only permitted to submit tenders for their own account. Each tender must state the amount of any net long position in the bills being offered if such position is in excess of \$200 million. This information should reflect positions held as of 12:30 p.m., Eastern time, on the day of the auction. Such positions would include bills acquired through "when issued" trading, and futures and forward transactions as well as holdings of outstanding bills with the same maturity date as the new offering, e.g., bills with three months to maturity previously offered as six-month bills. Dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions in and borrowings on such securities,

This Bank will receive tenders for both series prior to 1:30 p.m., Eastern Standard time, Monday, March 26, 1984, at the Securities Department of its Head Office and at its Buffalo Branch. Tender forms for both series are enclosed. Please be sure to use them to submit tenders and return them in the enclosed envelope. Forms for submitting tenders directly to the Treasury are available from the Government Bond Division of this Bank. Tenders not requiring a deposit may be submitted by telegraph, subject to written confirmation; no tenders may be submitted by telephone. *Payment for Treasury bills cannot be made by credit through the Treasury Tax and Loan Account. Settlement must be made in cash or other immediately available funds or in Treasury securities maturing on or before the issue date.*
