The two series offered are as follows:

92-day bills (to maturity date) for approximately \$6,600 million, representing an additional amount of bills dated May 24, 1984, and to mature November 23, 1984 (CUSIP No. 912794 GC2), currently outstanding in the amount of \$6,411 million, the additional and original bills to be freely interchangeable.

Both series of bills will be issued for cash and in exchange for Treasury bills maturing August 23, 1984. The bills will be issued on a discount basis under competitive and non-competitive bidding, and at maturity their par amount will be payable without interest. Both series of bills will be issued entirely in book-entry form in a minimum amount of \$10,000 and in any higher \$5,000 multiple, on the records either of the Federal Reserve Banks and Branches, or of the Department of the Treasury.
