This offering will not provide new cash for the Treasury, as the maturing bills are outstanding in the amount of \$14,318 million. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20239, prior to 1:00 p.m., Eastern standard time, Monday, November 4, 1985. The two series offered are as follows:

182-day bills for approximately \$7,200 million, to be dated November 7, 1985, and to mature May 8, 1986 (CUSIP No. 912794 KE3).

The bills will be issued on a discount basis under competitive and non-competitive bidding, and at maturity their par amount will be payable without interest. Both series of bills will be issued entirely in book-entry form in a minimum amount of \$10,000 and in any higher \$5,000 multiple, on the records either of the Federal Reserve Banks and Branches, or of the Department of the Treasury.

The bills will be issued for cash and in exchange for Treasury bills maturing November 7, 1985. Tenders from Federal Reserve Banks for their own account and as agents for foreign and international monetary authorities will be accepted at the weighted average bank discount rates of accepted competitive tenders. Additional amounts of the bills may be issued to Federal Reserve Banks, as agents for foreign and international monetary authorities, to the extent that the aggregate amount of tenders for such accounts exceeds the aggregate amount of maturing bills held by them. Federal Reserve Banks currently hold \$1,192 million as agents for foreign and international monetary authorities, and \$2,868 million for their own account. Tenders for bills to be maintained on the book-entry records of the Department of the Treasury should be submitted on Form PD 4632-2 (for 26-week series) or Form PD 4632-3 (for 13-week series).

Each tender must state the par amount of bills bid for, which must be a minimum of \$10,000. Tenders over \$10,000 must be in multiples of \$5,000. Competitive tenders must also show the yield desired, expressed on a bank discount rate basis with two decimals, e.g., 7.15%. Fractions may not be used. A single bidder, as defined in Treasury's single bidder guidelines, shall not submit noncompetitive tenders totaling more than \$1,000,000.

Others are only permitted to submit tenders for their own account. Each tender must state the amount of any net long position in the bills being offered if such position is in excess of \$200 million. This information should reflect positions held as of 12:30 p.m., Eastern time, on the day of the auction. Such positions would include bills acquired through "when issued" trading, and futures and forward transactions as well as holdings of outstanding bills with the same maturity date as the new offering, e.g., bills with three months to maturity previously offered as six-month bills.
