

**FEDERAL RESERVE BANK
OF NEW YORK**

Fiscal Agent of the United States

Circular No. 10,075
August 22, 1986

Offering of \$9,500,000,000 of 364-Day Treasury Bills

Dated September 4, 1986

Due September 3, 1987

*To All Banking Institutions, and Others Concerned,
in the Second Federal Reserve District:*

The following is the text of a notice issued by the Treasury Department:

The Department of the Treasury, by this public notice, invites tenders for approximately \$9,500 million of 364-day Treasury bills to be dated September 4, 1986, and to mature September 3, 1987 (CUSIP No. 912794 NB6). This issue will provide about \$700 million of new cash for the Treasury, as the maturing 52-week bill is outstanding in the amount of \$8,806 million. **Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20239, prior to 1:00 p.m., Eastern Daylight Saving time, Thursday, August 28, 1986.**

The bills will be issued on a discount basis under competitive and noncompetitive bidding, and at maturity their par amount will be payable without interest. This series of bills will be issued entirely in book-entry form in a minimum amount of \$10,000 and in any higher \$5,000 multiple, on the records either of the Federal Reserve Banks and Branches, or of the Department of the Treasury.

The bills will be issued for cash and in exchange for Treasury bills maturing September 4, 1986. In addition to the maturing 52-week bills, there are \$14,079 million of maturing bills which were originally issued as 13-week and 26-weeks bills. The disposition of this latter amount will be announced next week. Federal Reserve Banks currently hold \$2,174 million as agents for foreign and international monetary authorities, and \$5,602 million for their own account. These amounts represent the combined holdings of such accounts for the three issues of maturing bills. Tenders from Federal Reserve Banks for their own account and as agents for foreign and international monetary authorities will be accepted at the weighted average bank discount rate of accepted competitive tenders. Additional amounts of the bills may be issued to Federal Reserve Banks, as agents for foreign and international monetary authorities, to the extent that the aggregate amount of tenders for such accounts exceeds the aggregate amount of maturing bills held by them. For purposes of determining such additional amounts, foreign and international monetary authorities are considered to hold \$240 million of the original 52-week issue. Tenders for bills to be maintained on the book-entry records of the Department of the Treasury should be submitted on Form PD 4632-1.

This Bank will receive tenders at the time indicated in the above notice at the Securities Department of its Head Office and at its Buffalo Branch. A tender form is enclosed. Please be sure to use that form to submit the tender and return it in the enclosed envelope. Forms for submitting tenders directly to the Treasury are available from the Government Bond Division of this Bank. Tenders may not be submitted by telephone. Settlement must be made in cash or other immediately available funds or in maturing Treasury securities. Treasury Tax and Loan Note Option Depositories may make payment for Treasury bills by credit to their Treasury Tax and Loan Note Accounts.

A document containing the standard terms and conditions of Treasury bill offerings may be obtained from the Circulars Division of this Bank. Results of the previous 52-week bill offering are shown on the reverse side of this circular.

E. GERALD CORRIGAN,
President.

(Over)
