

**FEDERAL RESERVE BANK
OF NEW YORK**

[Circular No. **10,077**]
August 29, 1986]

NEW TELEPHONE SYSTEM FOR THIS BANK

Effective September 6, 1986

*To All Depository Institutions, and Others Concerned,
in the Second Federal Reserve District:*

Effective September 6, 1986, the Head Office of the Federal Reserve Bank of New York will have a new telephone system. *The Bank's present 791 exchange will change to 720; however, most direct-dialed extensions (the last four digits) will remain unchanged.*

Once the conversion to the new system occurs, recordings will be in place informing those who dial the old 791 exchange of the new 720 exchange. In addition, new Organization/Telephone and Telephone Inquiry Directories, reflecting the new numbers, are being prepared and will be sent to you shortly. The Bank's operators may be reached at 212-720-5000. In an emergency situation, if you cannot reach an appropriate Bank officer, please call Central Watch at 212-720-5106.

The telephone numbers for the other offices of this Bank will not be affected by this change.

E. GERALD CORRIGAN,
President.
